Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

1. Valuation Methods and Assumptions

Cost Method

Funding Traditional: Unit Credit.

Asset Target Method

Actuarial value of assets is determined by using a 24-month Smoothing Method. The Smoothing Amount may not be less than 90% nor more than 110% of the market value of assets.

Dates of Calculations

Funding: The Valuation Date is January 1, 2009.

Employees Included in the Calculations

All active employees who have met the Plan's eligibility requirements as of the valuation date are included in the calculations. Former employees or their survivors who are receiving or entitled to receive an immediate or deferred benefit under the provisions of the Plan are also included.

Source of Data

Data is as of the valuation date and is supplied to us by the Employer.

Employees are assumed to work full-time in all future years.

We rely on the Employer to inform us of any former participants who have been rehired and lost prior service because of the length of their break in service. These employees may have participation requirements different from other new employees.

Financial information was supplied to us by the Trustee, Wells Fargo.

Although we believe these to be accurate and complete, the data and financial information have not been audited by us.

1. Valuation Methods and Assumptions (cont.)

Expenses

None.

Form of Benefit Payment

100% of participants are assumed to elect the Normal Form.

For the purpose of valuing death benefits, 85% of the employees are assumed to be married. Wives are assumed to be 3 years younger than their husbands.

Changes in Valuation Assumptions

The following changes in actuarial assumptions or methods have been made since the prior valuation:

- (1) Funding Target interest rates were changed as shown below.

	01/01/2009	01/01/2008
Funding Target Liability	October 31, 2008 full Yield Curve	5.31, 5.88, 6.40%

2. Summary of Principal Plan Provisions

The following summary describes principal plan provisions assumed in calculating the cost of your pension plan.

General Information

Original Effective Date:	December 11, 1986
Effective Date of Last Amendment:	August 31, 1998
Plan Year:	January 1 to December 31
Employer Fiscal Year	January 1 to December 31
Employer ID Number:	76-0596553
Plan Administrator's ID Number:	76-0596553
Plan Number:	002
Plan Administrator:	Pension Committee

Eligibility

An hourly employee represented by the union becomes a participant immediately upon date of hire. Participants in predecessor plan are participants in this plan. Benefit accruals, participation and eligibility under this plan were frozen as of August 31, 1998.

Participation Service

Participation service is credited from the date employment commences to the earlier of the day the participant terminates, retires, or dies, or the first anniversary of the first day of a period of absence (or the day after the last day of an authorized absence).

2. Summary of Principal Plan Provisions (cont.)

Benefit Accrual Service

Benefit accrual service is credited from the date employment commences to the earlier of the day the participant terminates, retires, or dies, or the first anniversary of the first day of a period of absence (or the day after the last day of an authorized absence).

Benefit accrual service will be credited for service after a participant reaches his normal retirement date. Benefit accrual service for participants terminating before April 8, 1996 may not exceed 30 years. For participants terminating on or after April 8, 1996, the maximum benefit accrual service is 35 years. No benefit accrual service will be credited for service after August 31, 1998.

Normal Retirement Date

The last day of the month during which a participant reaches age 65.

Early Retirement Date

Any date after the Participant reaches age 55 and completes 10 years of participation service.

Accrued Benefit

A monthly benefit for participants terminating on or after April 8, 1991, equal to \$15.75 times years of benefit accrual service; for participants terminating on or after April 8, 1992, equal to \$16.00 times years of benefit accrual service; for participants terminating on or after April 8, 1993, equal to \$16.25 times years of benefit accrual service; for participants terminating on or after April 8, 1994, equal to \$16.75 times years of benefit accrual service; for participants terminating on or after April 8, 1995, equal to \$17.25 times years of benefit accrual service; for participants terminating on or after April 8, 1997, equal to \$17.75 times years of benefit accrual service.

Normal Retirement Benefit

A monthly benefit payable for life equal to the accrued benefit.

Early Retirement Benefit

A monthly benefit payable for life equal to the accrued benefit reduced on an actuarially equivalent basis for each month that commencement of payments precedes the Participant's Normal Retirement Date.

2. Summary of Principal Plan Provisions (cont.)

Disability Retirement Date

Any date after the participant completes 10 years of participation service and becomes totally and permanently disabled.

Disability Benefits

A monthly benefit payable temporarily to age 65 equal to the accrued benefit.

The disability benefit is offset by 100% of any worker's compensation benefits except fixed statutory payments for loss of any bodily member, benefits received prior to the disability benefit, or benefits received after age 65.

At age 65 the benefit is recalculated using the benefit accrual rates then in effect and service to date of disability.

Death Benefits

Spouses of participants who die on or after August 23, 1984, with completion of 5 years of participation service, have been married to the participant for at least one year prior to death, and have not waived this option are eligible.

In case of a participant who dies after age 55, an amount which would have been payable to the participant's spouse had the participant retired on the day before his death with a 50% Surviving Spouse's form in effect.

In the case of a participant who dies before age 55, an amount which would have been payable to the spouse had the participant terminated on the earlier of his actual termination date or his date of death, survived to age 55, retired at 55 and died the following day with a 50% Surviving Spouse's form in effect.

The benefit commences the first day of the month coincident with or next following the date of which the participant dies, or if later, the date on which the participant would have attained age 55. Benefits are payable for the life of the spouse.

Vested Benefit

A participant is vested after 5 years of participation service.

2. Summary of Principal Plan Provisions (cont.)

Benefits on Termination of Employment

A monthly benefit payable for life beginning at normal retirement date equal to the accrued benefit. If a participant has 10 years of participation service at exit, an actuarially reduced benefit may commence as early as age 55.

Funding

Employer funded. No employee contributions.

Actuarial Equivalent

1971 Group Annuity Mortality Table weighted 90% male and 10% female with 5% per annum interest rate.

Amendment or Termination of Plan

The Employer reserves the right to amend or terminate the Plan at any time. Generally, the Pension Benefit Guaranty Corporation reserves the right to terminate the Plan if the Employer fails to meet the minimum funding standards, or is unable to pay benefits when due.

If the Plan is terminated, the plan assets will be distributed among the plan participants based upon a priority allocation procedure and the Employer shall be liable for any unfunded vested benefits to the extent required by law.

The above description is a summary only; for additional details, reference should be made to the formal plan document.

Interest Rate Assumption

The interest rate method has been changed from segment rates to yield curve, as permitted by the Pension Protection Act.

Asset Method

The Asset Valuation method has been changed from a Market Value of Assets to the smoothed Actuarial Asset Value, as permitted by the Pension Protection Act.

Software Program

Effective with the 2009 plan year Aon Consulting changed actuarial software from an internal software program to ProVal, an externally maintained software system. In accordance with Announcement 2010-3, this change qualifies for automatic approval since:

- (1) The changes in funding target and target normal cost were each within 2%.
- (2) The underlying methods were unchanged from those used on the prior year's Schedule SB without regard to methods already receiving automatic approval.
- (3) The calculations determined with this software are no less accurate than those produced under the prior valuation system.
- (4) The change was not made in conjunction with a change in enrolled actuary and actuarial firm.

The new valuation software is generally used by the enrolled actuary for the single-employer plans to which the enrolled actuary provides actuarial services.
