NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2009 AND 2008

1. DESCRIPTION OF PLAN

The following description of the Equipment Depot, Ltd. Employees' Salary Reduction Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all fulltime employees of Equipment Depot, Ltd. (the "Company") who are age 19 or older and have completed three months of service, except members of a collective bargaining unit and non-resident aliens who are specifically excluded from participating in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employee Contributions

Pursuant to Section 401(k) of the Internal Revenue Code (the "IRC"), participants may contribute up to the lesser of the maximum allowable amount of pretax annual compensation, as defined in the Plan, or \$16,500 for 2009 and \$15,500 for 2008. All participants' accounts are fully vested at all times.

Employer Contributions

The Company makes a discretionary matching contribution based on employee deferrals. During 2009, the Company matched 30% of employee deferrals up to 6% of compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on the participants' annual earnings or account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of their contributions and the Company's matching contributions into various investment options offered by the Plan. The Plan currently offers 16 mutual funds, a money market fund, and an investment contract with an insurance company as investment options for participants. Contributions are subject to certain limitations.

(continued)

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Employer contributions are 20% vested to the participant after two full years of service, 20% for each additional year of service and fully vested after six years. Full vesting also occurs upon death, total disability or retirement at or after age 65.

Participant Loans

Participants may borrow from their accounts a minimum of \$600 up to a maximum of \$50,000, not to exceed 50% of their vested account balances. A participant may only have one loan outstanding at any time. Loan terms range from one to 5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the participant's account under the Plan and bear interest from 4% to 10%. Principal and interest are generally paid by payroll deduction.

Payment of Benefits

Upon termination of service, a participant may elect to receive either (1) a lump sum amount equal to the value of his or her account; or (2) periodic installments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities, and changes therein, and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at quoted market prices, if available. Investment income is recorded as earned on the accrual basis of accounting.

Plan Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receive compensation from the Plan. The Plan's administrative expenses are paid by the Plan as provided by the Plan document for 2009 and 2008.

(continued)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. INVESTMENTS

During 2009 and 2008, the Plan's investments (including investments bought, sold, and held during the year) appreciated by \$2,053,222 and depreciated by \$3,042,468, respectively.

4. FAIR VALUE MEASUREMENTS

FASB ASC 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

(continued)

4. FAIR VALUE MEASUREMENTS (Continued)

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual funds –

Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Guaranteed investment contract –

Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

Cash –

Valued at the face value.

Participant loans –

Valued at amortized cost, which approximates fair value.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008.

	Assets at Fair Value as of December 31, 2009			
	Level 1	Level 2	Level 3	Total

5. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by MG Trust Company, LLC, the trustee of the Plan. In addition, various accounting, administrative, and investment services are provided to the Plan by Premier Pension Solutions, LLC, the third party administrator, and Jim Morrison Financial Services, Inc., the investment advisor. These transactions qualify as exempt party-in-interest transactions. Fees paid to the third party administrator and investment advisor amounted to \$19,916 and \$30,856, respectively, for the year ended December 31, 2009.

6. ASSET INFORMATION CERTIFIED BY TRUSTEE

As of and for the years ended December 31, 2009, the investment and related activity from which the statement of net assets available for plan benefits, the statement of changes in net assets available for plan benefits, and the supplemental schedule were derived, has been certified by MG Trust Company, LLC, the trustee of the Plan, as being complete and accurate as required by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

7. TAX STATUS

The Plan is using a non-standardized prototype defined contribution plan document. In a letter dated December 5, 2002, the Internal Revenue Service (IRS) indicated the form of the Plan is acceptable under Section 401 of the Internal Revenue Code (the Code). The IRS' opinion on the acceptability of the form of the Plan is not a ruling or determination as to whether the Plan qualifies under Code Section 401(a). Although the Plan has been amended since receiving the opinion, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. PLAN TERMINATION

Although it has not expressed any interest to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants will become 100% vested in their accounts.

9. SIGNIFICANT EVENT

On February 16, 2009, the Company had a significant number of lay-offs. Although this did not qualify as a partial termination, the Plan was amended so that all affected participants became 100% vested as of this date.
