Building Materials Corporation of America

We were engaged to audit the accompanying statements of net assets available for benefits of the Retirement Plan for Hourly Paid Employees of Building Materials Corporation as of December 31, 2009 and 2008 and the related statements of changes in net assets available for benefits for the years then ended, and the supplemental schedules of assets (held at end of year) as of December 31, 2009 and reportable transactions for the year then ended. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by State Street Bank and Trust, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2009 and 2008, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Retirement Plan for Hourly Paid Employees of Building Materials Corporation of America

Notes to Financial Statements

December 31, 2009

1. Description of the Plan

The following description of the Retirement Plan for Hourly Paid Employees of Building Materials Corporation of America (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more detailed and complete information of the Plan’s provisions.

General

The Plan is sponsored by Building Materials Corporation of America (doing business as GAF Materials Corporation or GAFMC) and its subsidiaries (the “Company”) and is a noncontributory defined benefit plan covering the eligible hourly employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

Each eligible employee of a participating group of the Company generally becomes eligible to participate in the Plan upon completion of one hour of service, as defined, on or after January 1, 1990.

Vesting

Vesting is based on years of service. A participant is vested after five years of service in which the participant works for more than 1,000 hours a year. If a participant terminates employment with less than five years of service, the participant receives no vested benefits.

Pension Benefits

Generally, normal retirement age is 65. A participant who attains normal retirement shall be 100% vested in the retirement benefit. The retirement benefit represents the applicable benefit rate, as defined, multiplied by the participant’s years of credited service, as defined. Generally, early retirement age is 55 and retirement due to disability is at age 50. Benefits are paid to the retirees in the form of a monthly annuity payment or a lump-sum distribution.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Plan Termination

While it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event of termination of the Plan, the net assets of the Plan shall be used and applied first for the benefit of retired employees and employees who have reached their normal retirement date and second for the benefit of all other employees based on their accrued retirement benefits at the date of termination of the Plan in amounts proportionate to the actuarially determined present value of their retirement benefits at the date of termination of the Plan. Any balance remaining after satisfaction of all liabilities of the Plan shall be returned to the Company. If the plan is terminated, certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (“PBGC”). Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivors’ pensions.

The PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan’s termination. However, there is a statutory ceiling, which is adjusted periodically, relating to the maximum amount of an individual’s monthly benefit that the PBGC guarantees. Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan’s net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Company and the level of benefits guaranteed by the PBGC.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting. Purchases and sales transactions are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Benefits are recorded when paid.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The cash equivalent investment is reflected at a value as determined based on market transactions for comparable securities and various relationships between securities which are generally recognized by institutional traders, or at fair value as determined in good faith by State Street Bank and Trust Company (the "Trustee"). The mutual funds are publicly listed funds of Fidelity Investments. The fair value is based upon each fund's net asset value ("NAV") as determined by Fidelity Investments. The NAV is based on the value of the underlying assets owned by the fund, minus liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in a market that is active. The fair value of the common/collective trust assets is determined by the trustee based on data received directly from the common/collective trust or the common/collective trust's administrator. These investments include both equity and fixed income securities and may incorporate the use of options, futures, and other financial instruments. All investment transactions are recorded by the trustee on a trade-date basis. Realized gains and losses on the sale of investments are determined for accounting purposes on a moving average cost basis. Net appreciation and depreciation of investments include both realized and unrealized gains and losses on investments.

Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated May 6, 2003, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax exempt.

Funding Policy

The Company makes contributions to the Plan sufficient to meet the actuarially determined funding requirements of ERISA and the Pension Protection Act of 2006. The Plan has met such requirements in both 2009 and 2008.

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

Administrative Expenses

As provided by the Plan, expenses of the Plan are paid by either the Plan or the Company. In 2009 and 2008, expenses were paid by both the Plan and the Company.

Fair Value Measurements

The accounting guidance on fair value measurements and disclosures establishes a valuation hierarchy that prioritizes the inputs used to measure fair value based on three defined levels or criteria. The hierarchy requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is

Retirement Plan for Hourly Paid Employees of
Building Materials Corporation of America

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

significant to the fair value measurement. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the reporting entity's market assumptions. The three levels of inputs that may be used to measure fair value are as follows:

- **Level 1** – Quoted prices for identical instruments in active markets;
- **Level 2** – Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations whose significant inputs are observable; and
- **Level 3** – Instruments whose significant inputs are unobservable and for which estimates of fair value are determined using related market data.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no changes in the valuation methodologies used for assets measured at fair value at December 31, 2009 as described above (see Investment Valuation and Income Recognition).

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table provides the fair value hierarchy of the Plan's investments as of December 31, 2009:

New Accounting Pronouncements

In April 2009, the Financial Accounting Standards Board (“FASB”) issued accounting guidance on determining fair value when the volume and level of activity for the asset or liability have significantly decreased and identifying transactions that are not orderly. The guidance also provided information on estimating fair value when the volume and level of activity for an asset or liability have significantly decreased in relation to its normal market activity. Additionally, the guidance provided information on circumstances that may indicate that a transaction is not orderly and on defining major categories of debt and equity securities. The Plan adopted the guidance for the reporting period ended December 31, 2009 and the adoption did not have a material effect on the Plan’s net assets available for benefits nor its changes in net assets available for benefits.

In May 2009, the FASB issued guidance on subsequent events to establish general standards of accounting for and disclosures of events that occur after the balance sheet date but prior to the issuance of financial statements. The new accounting guidance also requires entities to disclose the date through which subsequent events were evaluated as well as the rationale for why that date was selected. The new accounting guidance is effective for interim and annual periods ending after June 15, 2009, and accordingly, the Plan adopted the new guidance during its plan year ended December 31, 2009 (see Note 6).

In January 2010, the FASB issued guidance on improving disclosures about fair value measurements that requires additional disclosures in regard to fair value measurements. This guidance requires entities to disclose separately the amount of significant transfers in and out of Level 1 and Level 2 fair value measurements, while describing the reasons for the transfers. In addition, for Level 3 fair value measurements, information about purchases, sales, issuances and settlements are now required to be disclosed and on a gross rather than net basis. This guidance is effective for interim and annual reporting periods beginning after December 15, 2009, except for the disclosures regarding Level 3 fair value measurements which are effective for fiscal years beginning after December 15, 2010. The Plan will adopt the accounting guidance on fair value measurements during its plan year ending December 31, 2010, with the exception of the Level 3 fair value measurement disclosures, which will be adopted during its plan year ending December 31, 2011. The Plan does not expect these adoptions to have a material effect on its disclosures.

4. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments calculated based upon the provisions of the Plan. Benefits payable under all circumstances are included to the extent that they are deemed attributable to employee services rendered to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits to be provided from allocated annuity contracts excluded from Plan assets are excluded from accumulated plan benefits presented in the accompanying financial statements.

The actuarial present value of accumulated plan benefits is determined by Buck Consultants, an ACS Company, by applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the date as of which the benefit information is computed and the expected date of payment.

The actuarial present value of accumulated plan benefits for the Company as of December 31, 2008 and the changes therein for the year then ended are as follows:

	December 31, 2008
Actuarial present value of accumulated plan benefits:	
Vested benefits:	
Participants currently receiving payments	\$ 14,472,426
Other participants	26,606,614
Total vested benefits	41,079,040
Nonvested benefits	864,217
Total accumulated plan benefits	<u>\$ 41,943,257</u>

Retirement Plan for Hourly Paid Employees of
Building Materials Corporation of America

Notes to Financial Statements (continued)

4. Actuarial Present Value of Accumulated Plan Benefits (continued)

	Year Ended December 31, 2008
Changes in the actuarial present value of accumulated plan benefits:	
Actuarial present value of accumulated plan benefits at beginning of year	\$ 39,803,089
Increase (decrease) during the period attributable to:	
Benefits paid to participants	(1,627,880)
Change in average discount period	2,437,593
Additional benefits accumulated, including gains	1,330,455
Actuarial present value of accumulated plan benefits at end of year	<u>\$ 41,943,257</u>

The significant actuarial assumptions used in the valuation as of January 1, 2009 were (a) the life expectancy of participants was determined through the use of the RP-2000 Mortality Table for males and females, (b) retirement age assumptions (the assumed average retirement age is 62), and (c) a liability discount rate of 6.25%. The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The value at December 31, 2008 is based on an actuarial valuation as of January 1, 2009. Had the valuation been performed on December 31, 2008, there would be no material differences.

5. Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. All investment information disclosed in the accompanying financial statements and supplemental schedules including investments held at December 31, 2009 and 2008, and net appreciation (depreciation) in fair value of investments, interest, and dividends for the years ended December 31, 2009 and 2008, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by State Street Bank and Trust, the trustee of the Plan.

Weighted Average Retirement Age:

63

The weighted average retirement age is computed as the sum, over all ages, of the expected retirement rate multiplied by the probability of remaining in service to each age multiplied by the age divided by the sum of the expected retirement rate multiplied by the probability of remaining in service to each age.

(2) For illustrative purposes, male rates were chosen. The weighted average retirement age does not change if female rates are used.

Asset valuation method

The Valuation Assets are determined using a method that spreads asset gains/(losses) over two years. The gain/(loss) for the year is determined as the actual return during the year less the expected return based on an assumed earnings rate chosen by the actuary but required by PPA to be not greater than the applicable third segment rate. The resulting value is constrained to be within a corridor of 90% to 110% of market value. Accrued contributions, if any, are included in the Valuation Assets.

The expected return on plan assets is 8.00% per annum, limited by PPA to the applicable Third Segment Rate as follows:

2008 measurement period:	6.38%
2007 measurement period:	6.09%

Schedule SB, Part V - Summary of Plan Provisions

Effective Date

January 1, 1993; the plan was last amended November 15, 2006.

Membership Eligibility

All hourly-paid employees employed by the Company, except leased employees and employees who are active participants of other qualified retirement plans sponsored by the Company. At several locations, new employees may not participate.

Vesting Service

In general, a year of Vesting Service is earned for each Plan Year in which a participant completes 1,000 hours of service.

Credited Service

In general, one month of service is credited for each 133 hours worked during the Plan Year, not to exceed 12 months of Credited Service in any Plan Year.

Final Average Compensation (LLS only)

The average monthly compensation during the highest five consecutive years of the latest ten years as of the earliest of December 31, 1998 or termination or retirement.

Normal Retirement

Eligibility

Age 65 (LLH has the additional requirement of five years of participation).

Benefit

A monthly benefit equal to (a) + (b) – (c), but not less than (d),
where:

- a) is the dollar multiplier as of the Prior Service Date given in the Current Plan Provisions, times the participant's Credited Service as of the Prior Service Date
- b) is the sum of the individual dollar multipliers shown in the Current Plan Provisions by Location applicable to the participant's period of Credited Service
- c) is the annuity purchase benefit issued by John Hancock Mutual Life Insurance Company
- d) is the alternate dollar multiplier benefit, as described in the Plan Provision Notes. In addition, benefit amounts were frozen for Leslie Locke participants effective December 31, 1998.

Deferred Retirement

Eligibility

5 years of Vesting Service.

Benefit

Calculated in the same manner as described in Normal Retirement above.

Schedule SB, Part V - Summary of Plan Provisions

Early Retirement

Eligibility

See the Current Plan Provisions by Location for early retirement eligibility provisions.

Benefit

Same as for Normal Retirement but reduced for early commencement. See the Current Plan Provisions by Location for early retirement reductions.

Disability Retirement

Eligibility

See the Current Plan Provisions by Location for disability eligibility provisions.

Benefit

An immediate benefit equal to the normal retirement benefit, reduced as shown in the Current Plan Provisions by Location.

Vested Termination

Eligibility

5 years of Vesting Service.

Benefit

A benefit amount deferred to age 65, equal to the vested accrued benefit and reduced as in early retirement if paid prior to age 65.

Pre-Retirement Surviving Spouse Coverage

Eligibility

5 years of Vesting Service, or age 65.

Benefit

Upon the death of an active or terminated vested participant who was eligible for early retirement, 100% (50% for LLH and LLS) of the benefit he would have received had he retired with a Qualified Joint and Survivor Annuity the day preceding his death.

Upon the death of an active or terminated participant with vested rights who was not yet eligible for early retirement, 100% (50% for LLH and LLS) of the benefit he would have received had he terminated the day preceding his death, lived to early retirement age, and retired with a Qualified Joint and Survivor Annuity.

Normal Form of Benefit

Life annuity for unmarried participants; actuarially reduced Qualified Joint and Survivor Annuity for married participants (unless the participant and spouse elect otherwise).

Schedule SB, Part V - Summary of Plan Provisions

Optional Forms of Benefits

A participant may elect an optional form of benefit if the value of the vested benefit is between \$1,000 and \$5,000.

- a) Life annuity
- b) Life annuity with period certain of 5, 10, 15, or 20 years
- c) Social Security equalization
- d) 50% or 100% joint and survivor
- e) Optional lump sum if value between \$1,000 and \$5,000

In addition, other optional forms are available for former Leslie Locke employees.

Maximum Benefit

The maximum benefit used to determine Plan benefits is limited as required by IRC Section 415(b). The limit for 2009 is \$190,000.

Weighted Average Retirement Age:

63

The weighted average retirement age is computed as the sum, over all ages, of the expected retirement rate multiplied by the probability of remaining in service to each age multiplied by the age divided by the sum of the expected retirement rate multiplied by the probability of remaining in service to each age.

(2) For illustrative purposes, male rates were chosen. The weighted average retirement age does not change if female rates are used.

Asset valuation method

The Valuation Assets are determined using a method that spreads asset gains/(losses) over two years. The gain/(loss) for the year is determined as the actual return during the year less the expected return based on an assumed earnings rate chosen by the actuary but required by PPA to be not greater than the applicable third segment rate. The resulting value is constrained to be within a corridor of 90% to 110% of market value. Accrued contributions, if any, are included in the Valuation Assets.

The expected return on plan assets is 8.00% per annum, limited by PPA to the applicable Third Segment Rate as follows:

2008 measurement period:	6.38%
2007 measurement period:	6.09%

Schedule SB, Part V - Summary of Plan Provisions

Effective Date

January 1, 1993; the plan was last amended November 15, 2006.

Membership Eligibility

All hourly-paid employees employed by the Company, except leased employees and employees who are active participants of other qualified retirement plans sponsored by the Company. At several locations, new employees may not participate.

Vesting Service

In general, a year of Vesting Service is earned for each Plan Year in which a participant completes 1,000 hours of service.

Credited Service

In general, one month of service is credited for each 133 hours worked during the Plan Year, not to exceed 12 months of Credited Service in any Plan Year.

Final Average Compensation (LLS only)

The average monthly compensation during the highest five consecutive years of the latest ten years as of the earliest of December 31, 1998 or termination or retirement.

Normal Retirement

Eligibility

Age 65 (LLH has the additional requirement of five years of participation).

Benefit

A monthly benefit equal to (a) + (b) – (c), but not less than (d),
where:

- a) is the dollar multiplier as of the Prior Service Date given in the Current Plan Provisions, times the participant's Credited Service as of the Prior Service Date
- b) is the sum of the individual dollar multipliers shown in the Current Plan Provisions by Location applicable to the participant's period of Credited Service
- c) is the annuity purchase benefit issued by John Hancock Mutual Life Insurance Company
- d) is the alternate dollar multiplier benefit, as described in the Plan Provision Notes. In addition, benefit amounts were frozen for Leslie Locke participants effective December 31, 1998.

Deferred Retirement

Eligibility

5 years of Vesting Service.

Benefit

Calculated in the same manner as described in Normal Retirement above.

Schedule SB, Part V - Summary of Plan Provisions

Early Retirement

Eligibility

See the Current Plan Provisions by Location for early retirement eligibility provisions.

Benefit

Same as for Normal Retirement but reduced for early commencement. See the Current Plan Provisions by Location for early retirement reductions.

Disability Retirement

Eligibility

See the Current Plan Provisions by Location for disability eligibility provisions.

Benefit

An immediate benefit equal to the normal retirement benefit, reduced as shown in the Current Plan Provisions by Location.

Vested Termination

Eligibility

5 years of Vesting Service.

Benefit

A benefit amount deferred to age 65, equal to the vested accrued benefit and reduced as in early retirement if paid prior to age 65.

Pre-Retirement Surviving Spouse Coverage

Eligibility

5 years of Vesting Service, or age 65.

Benefit

Upon the death of an active or terminated vested participant who was eligible for early retirement, 100% (50% for LLH and LLS) of the benefit he would have received had he retired with a Qualified Joint and Survivor Annuity the day preceding his death.

Upon the death of an active or terminated participant with vested rights who was not yet eligible for early retirement, 100% (50% for LLH and LLS) of the benefit he would have received had he terminated the day preceding his death, lived to early retirement age, and retired with a Qualified Joint and Survivor Annuity.

Normal Form of Benefit

Life annuity for unmarried participants; actuarially reduced Qualified Joint and Survivor Annuity for married participants (unless the participant and spouse elect otherwise).

Schedule SB, Part V - Summary of Plan Provisions

Optional Forms of Benefits

A participant may elect an optional form of benefit if the value of the vested benefit is between \$1,000 and \$5,000.

- a) Life annuity
- b) Life annuity with period certain of 5, 10, 15, or 20 years
- c) Social Security equalization
- d) 50% or 100% joint and survivor
- e) Optional lump sum if value between \$1,000 and \$5,000

In addition, other optional forms are available for former Leslie Locke employees.

Maximum Benefit

The maximum benefit used to determine Plan benefits is limited as required by IRC Section 415(b). The limit for 2009 is \$190,000.
