HOME ORGANIZERS 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2009

NOTE 1 – Description of the Plan

The following description of the Home Organizers 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Home Closets, Inc., Closet World, Inc., CBD Las Vegas, LLC, Closet Dimensions, Inc., and Closets by Design, Inc. (collectively, the Company). Employees who have attained the age of twenty-one and have completed six months of employment are eligible to participate in the Plan. The Plan is subject to the provisions of ERISA.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts, and an unallocated contract as investment options for participants. The Plan provides for discretionary employer matching contributions up to four percent of annual compensation. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contributions (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – Description of the Plan (Continued)

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Company matching contributions vest 20 percent after one year of service and increase 20 percent for each additional year of service, with 100 percent vesting after five years of service.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 9.25 percent, which are commensurate with local prevailing rates. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over an assumed life expectancy, as provided by the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

The Plan also provides for in-service withdrawals in case of severe financial hardship as defined by the Plan.

Forfeited Accounts

At December 31, 2009 and 2008, forfeited non-vested accounts totaled $0 and $767, respectively. These accounts will be used to pay administrative expenses and reduce future employer contributions.

NOTE 2 – Summary of Accounting Policies

Basis of Presentation of Financial Statements

In June 2009, the Financial Accounting Standards Board (FASB) established the Accounting Standards Codification (Codification) as the source of authoritative accounting principles recognized by the FASB to be applied by nongovernmental entities in the preparation of financial statements in accordance with generally accepted accounting principles (GAAP). Existing GAAP is not intended to be changed as a result of the Codification and, accordingly, the change did not impact the Plan's financial statements. The Codification does change the way the guidance is organized and presented.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 - Summary of Accounting Policies (Continued)

Operating Expenses

All expenses of maintaining the Plan are paid by the Company.

Subsequent Events

The Plan has evaluated subsequent events through October 15, 2010, the date the financial statements were available to be issued.

NOTE 3 - Investments

The Plan's investments are certified by John Hancock Life Insurance Company (U.S.A.). Investments that represent five percent or more of the Plan's net assets are separately identified.

During 2009, the Plan's investments in pooled separate accounts (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $137,109.

NOTE 4 - Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2
Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 – Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Pooled separate accounts: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Unallocated contract: Valued at fair value, as determined by John Hancock, with transfers and withdrawals subject to a market value adjustment and redemption fees. Interest rates are established on the first day of the month and apply to all contributions in that month. At the end of the year, a composite interest rate is established which applies for the remainder of the guarantee term of that account.

Participant loans: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – Fair Value Measurements (Continued)

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

NOTE 5 – Party-in-Interest Transactions

Certain Plan investments are shares of pooled separate accounts and an unallocated contract managed by John Hancock Life Insurance Company (U.S.A.). John Hancock Life Insurance Company (U.S.A.) is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to John Hancock Life Insurance Company (U.S.A.) for administrative services amounted to $5,728 for the year ended December 31, 2009.

NOTE 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time or to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 7 - Tax Status

The Plan uses a prototype plan document sponsored by John Hancock Life Insurance Company (U.S.A.). John Hancock Life Insurance Company (U.S.A.) received an opinion letter from the Internal Revenue Service (IRS) dated September 4, 2001, which states that the prototype document satisfies the applicable sections of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

NOTE 8 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2009 to Form 5500:

Net assets available for benefits per the financial statements	$ 657,268
Adjustment of unallocated contract from contract value to fair value	988
Net assets available for benefits per Form 5500	$ 658,256

NOTE 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
