The Retirement Plan Committee
Sterling Commerce, Inc. Savings and Security Plan

We were engaged to audit the accompanying statements of net assets available for benefits of Sterling Commerce, Inc. Savings and Security Plan as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009, and the supplemental schedule of assets (held at end of year) as of December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by T. Rowe Price, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2009 and 2008, and for the year ended December 31, 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the investment information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Year Ended December 31, 2009

1. Description of the Plan

The following description of Sterling Commerce, Inc. Savings and Security Plan (the Plan) provides general information about the Plan's provisions. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was adopted by Sterling Commerce, Inc. (the Plan Sponsor, Company or Employer) on October 1, 1996. The Plan provides for a deferred compensation arrangement of the type described in Section 401(k) of the Internal Revenue Code (the Code). The purpose of the Plan is primarily to permit employees of the Company to voluntarily save a portion of their pretax compensation, which may be used to provide retirement and disability benefits and, in certain limited circumstances, can be used to meet financial needs during employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Full-time U.S. employees and part-time U.S. employees are immediately eligible to participate in the Plan.

Contributions

As of January 1, 2005, participants in the Plan are permitted to defer up to 75% of their annual pretax compensation, as defined in the Plan, subject to certain limitations established by the Internal Revenue Service. Participants may also elect to make after-tax contributions of 1% to 10% of their annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants direct their elective contributions into various investment options offered by the Plan and can change their investments at their discretion.

The Plan Sponsor matches pretax contributions up to 3% of the employees' annual compensation. Matching contributions are made on a semi-monthly basis. All matching contributions are allocated in the same manner as that of the participant's elective contributions.

1. Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions and allocations of plan earnings, and is charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested upon enrollment in all employer and participant contributions and related earnings.

Payment of Benefits

All distributions will be made in either a lump-sum payment or periodic installments. If termination of employment occurs before retirement, death, or disability, the balance in the participant's account may be paid to the participant in a lump sum upon termination or, at the participant's option, payment may be deferred.

Participant Loans

A participant may borrow from the Plan the lesser of: (1) 50% of his or her account balance or (2) \$50,000. The notes bear interest at fixed rates established at each borrowing by the plan administrator based on prime interest rates. Interest earned on participant loans is allocated to the investment funds based on the participant's current investment allocation percentages. Loan terms may not exceed five years except for loans made to fund the purchase of the participant's principal place of residence. In such cases, the maximum term is ten years.

Administrative Expenses

T. Rowe Price is the trustee as well as provider of recordkeeping services for the Plan.

The Company pays certain expenses including administrative, investment management, recordkeeping, legal, and accounting fees.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion of fair value measurements.

The Stable Value Trust Fund invests in fully benefit-responsive investment contracts. These investment contracts are recorded at fair value (see Note 4); however, since these contracts are fully benefit-responsive, an adjustment is reflected in the statements of net assets available for benefits to present these investments at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

Adjustment from Fair Value to Contract Value

In accordance with Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, Reporting of Fully Benefit-Responsive Contracts Held by Certain Investment Companies Subject to the *AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the FSP), the Statements of Assets Available for Benefits presents investment contracts at fair value as well as an additional line item showing the adjustment of fully benefit responsive contracts from fair value to contract value. The adjustment amount represents the difference between fair value and contract value of the Plan's synthetic guaranteed investment contracts, and common collective trusts which invest in these types of investments.

The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis for the fully benefit responsive investment contracts, and no adjustment from fair value to contract value is required. Therefore, the FSP has no impact on the Statements of Changes in Net Assets Available for Benefits.

2. Summary of Significant Accounting Policies (continued)

In accordance with ASC 820, *Fair Value Measurements and Disclosures* (formerly FASB Statement No. 157), assets and liabilities measured at fair value are categorized into the following fair value hierarchy:

Level 1 – Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access at the measurement date.

Level 2 – Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.

Level 3 – Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable. These inputs reflect management's judgment about the assumptions that a market participant would use in pricing the investment and are based on the best available information, some of which may be internally developed.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan provides for investments in various investment securities, which in general, are exposed to various risks, such as interest rate, credit, and overall securities market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

New Accounting Pronouncements

In April 2009, the Financial Accounting Standards Board (FASB) issued FASB Staff Position 157-4, *Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly* (FSP 157-4). FSP 157-4 amended FASB Statement No. 157 (codified as ASC 820) to provide additional guidance on estimating fair value when the volume and level of activity for an asset or liability have significantly decreased in relation to its normal market activity. FSP 157-4 also provided additional guidance on circumstances that may indicate that a transaction is not orderly and on defining major categories of debt and equity securities to comply with the disclosure requirements of ASC 820. The Plan adopted the guidance in FSP 157-4 for the reporting period ended December 31, 2009. Adoption of FSP 157-4 did not have a material effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

In May 2009, the FASB issued FASB Statement No. 165, *Subsequent Events*, which was codified into ASC 855, *Subsequent Events*, to provide general standards of accounting for and disclosure of events that occur after the balance sheet date, but before financial statements are issued or are available to be issued. ASC 855 was amended in February 2010. The Plan has adopted ASC 855, as amended.

In September 2009, the FASB issued Accounting Standards Update 2009-12, *Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* (ASU 2009-12). ASU 2009-12 amended ASC 820 to allow entities to use net asset value (NAV) per share (or its equivalent), as a practical expedient, to measure fair value when the investment does not have a readily determinable fair value and the net asset value is calculated in a manner consistent with investment company accounting. The Plan adopted the guidance in ASU 2009-12 for the reporting period ended December 31, 2009 and has utilized the practical expedient to measure the fair value of investments within the scope of this guidance based on the investment's NAV. In addition, as a result of adopting ASU 2009-12, the Plan has provided additional disclosures regarding the nature and risks of investments within the scope of this guidance. Refer to Note 4 for these disclosures. Adoption of ASU 2009-12 did not have a material effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

2. Summary of Significant Accounting Policies (continued)

In January 2010, the FASB issued Accounting Standards Update 2010-06, *Improving Disclosures about Fair Value Measurements*, (ASU 2010-06). ASU 2010-06 amended ASC 820 to clarify certain existing fair value disclosures and require a number of additional disclosures. The guidance in ASU 2010-06 clarified that disclosures should be presented separately for each “class” of assets and liabilities measured at fair value and provided guidance on how to determine the appropriate classes of assets and liabilities to be presented. ASU 2010-06 also clarified the requirement for entities to disclose information about both the valuation techniques and inputs used in estimating Level 2 and Level 3 fair value measurements. In addition, ASU 2010-06 introduced new requirements to disclose the amounts (on a gross basis) and reasons for any significant transfers between Levels 1, 2 and 3 of the fair value hierarchy and present information regarding the purchases, sales, issuances and settlements of Level 3 assets and liabilities on a gross basis. With the exception of the requirement to present changes in Level 3 measurements on a gross basis, which is delayed until 2011, the guidance in ASU 2010-06 becomes effective for reporting periods beginning after December 15, 2009. Plan management is currently evaluating the effect that the provisions of ASU 2010-06 will have on the Plan’s financial statements.

3. Investments

All investment information disclosed in the financial statements and supplemental schedule including investments held and the adjustment from fair value to contract value for fully benefit-responsive investment contracts at December 31, 2009 and 2008, and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2009, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by T. Rowe Price, the trustee of the Plan.

4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- quoted prices for similar assets and liabilities in active markets
- quoted prices for identical or similar assets or liabilities in markets that are not active
- observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based the lowest level input that is significant to the fair value measure in its entirety.

Following is a description of the valuation methodologies used for major categories of assets measured at fair value by the Plan.

Sterling Commerce, Inc. Savings and Security Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value.

Mutual Funds: Valued at quoted market prices, which represent the net asset value of the shares of the mutual fund held by the Plan at year end.

Common Collective Trusts (Stable Value Fund): Valued at the fair value of the underlying investments as determined by the issuer by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

Participant Notes Receivable: Valued at remaining principle balances, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2009:

Assets at Fair Value as of December 31, 2009				
	Level 1	Level 2	Level 3	Total
Common collective funds	\$ —	\$ 16,591,200	\$ —	\$ 16,591,200

5. Income Tax Status

The underlying non-standardized prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008 stating that the form of the plan is qualified under Section 401 of the Internal Revenue Code (the Code) and therefore the related trust is tax-exempt. In accordance with Revenue Procedures 2009-6 and 2005-16, the plan sponsor has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan sponsor believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax-exempt.

6. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, in compliance with the provisions of ERISA. In the event the Plan is terminated, the accounts of all participants will be distributed within the guidelines of distribution provided in the plan agreement.

7. Plan Mergers

On May 31, 2006, Nistevo, Inc was acquired by Sterling Commerce, Inc. Effective June 30, 2008, the Nistevo 401(k) Plan was merged into the Plan. Former employees of Nistevo, Inc began participating in the Plan effective July 1, 2008. The net assets transferred into the Plan are reflected on the statement of changes in net assets available for benefits as a transfer in from other qualified plans.

Notes to Financial Statements (continued)

7. Plan Mergers (continued)

On December 22, 2006, Comerger Technologies, Inc. was acquired by Sterling Commerce, Inc. Effective December 31, 2008, the Comerger Technologies, Inc. 401(k) Profit Sharing Plan and Trust was merged into the Plan. Former employees of Comerger Technologies, Inc. began participating in the Plan effective January 1, 2009. The net assets transferred into the Plan are reflected on the statement of changes in net assets available for benefits as a transfer in from other qualified plans.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31	
	2009	2008
Net assets available for benefits per the financial statements	\$ 149,713,861	\$ 107,606,093
Adjustment from contract value to fair value for fully benefit-responsive investment contracts	498,229	(139,211)
Certain deemed distributions of participant loans	(85,066)	(15,000)
Net assets available for benefits per the Form 5500	<u>\$ 150,127,024</u>	<u>\$ 107,451,882</u>

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2009:

Net increase in net assets available for benefits per the financial statements	\$42,107,768
Plus: Adjustment from fair value to contract value for fully benefit-responsive investment contracts at December 31, 2009	498,229
Plus: Adjustment from fair value to contract value for fully benefit-responsive investment contracts at December 31, 2008	139,211
Less: Certain deemed distributions of participant notes receivable	(85,066)
Less: Transfers of assets into the Plan	(12,030)
Net income per the Form 5500	<u>\$42,648,112</u>

Sterling Commerce, Inc. Savings and Security Plan

Notes to Financial Statements (continued)

9. Subsequent Events

Effective August 27, 2010, the plan sponsor was acquired by International Business Machines Corp. (IBM). Effective September 30, 2010, employee and employer contributions to the Plan ceased as part of the employee transfer of employment from the plan sponsor to IBM. Net assets available for benefits are expected to be transferred into an IBM defined contribution plan during 2011.

Management evaluated subsequent events for the Plan through October 13, 2010, the date the financial statements were available to be issued.
