Payment of Benefits: A participant may receive the value of the vested interest in his or her account upon termination of employment, retirement, death, in-service withdrawal, or disability as either a lump-sum amount or in equal installments.

Loan Provisions: Participants may borrow up to 50% of their vested account balance or up to a maximum of $50,000, whichever is less. Loan terms range from one year to five years, unless the loan proceeds are used to purchase a primary residence. Loans are secured by the balance in the participant's account.

Forfeited Accounts: Forfeitures are applied to reduce employer contributions or used toward administrative expenses of the Plan. In 2009, forfeitures of matching contributions were allocated to each participant's individual account in the ratio which each participant's compensation for the Plan year bears to the total compensation of all participants for such plan year. The total forfeited nonvested accounts at December 31, 2009 were $15,101.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Plan Expenses: Certain administrative fees are paid by the Company, including plan amendments, trustee services, and preparation of the Form 5500. All other fees are paid for by the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

> Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
>
> Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
>
> Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds and Money Market Fund: The fair values of the Mutual funds and money market investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

Participant loans: Participant loans are reported at amortized cost, as the fair value of the loans is not practicable to estimate due to restrictions placed on the transferability of the loans.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Risks and Uncertainties: The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 – RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and earnings thereon.

NOTE 6 – INCOME TAX STATUS

The Plan adopted a non-standardized form of a prototype plan sponsored by JPMorgan Chase Bank. The Plan sponsor has an opinion letter dated March 31, 2008 from the Internal Revenue Service as to the prototype plan's qualified status stating that the form of the Plan at that time was acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The prototype plan opinion letter has been relied upon by this plan. The Plan has been amended subsequent to the date of the opinion letter, however, the Company believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC and therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of the financial statement dates. No provision for income taxes has been included in the Plan's financial statements.

NOTE 7 – SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through October 12, 2010, which is the date the financial statement were available to be issued.
