COMPAIR USA, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2009 And 2008

1. Description Of The Plan

The following brief description of the CompAir USA, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of CompAir USA, Inc. (the Employer or the Company) who have completed 30 days of employment and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

In April 2009, the CompAir, USA, Inc. corporate entity was merged into Gardner Denver, Inc. Effective December 31, 2009, the Plan was merged with the Gardner Denver, Inc. Retirement Savings Plan (the RSP), with the RSP as the surviving plan. At this time all participant accounts and Plan assets were transferred out of the Plan and into the RSP.

Contributions

Under the terms of the Plan, employees, following attainment of age 18 and completion of 30 days of service, may elect to make contributions to the Plan beginning with the first payroll period after attaining eligibility. Each year a participant may authorize payroll deductions ranging from 1% to 50% of compensation as a before-tax contribution, subject to statutory limits. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Employer contributes 50% of the first 4% of compensation that a participant contributes to the Plan. An additional employer contribution is made equal to 2% of each participant's compensation regardless of their before-tax contribution. Members of the International Association of Machinists and Aerospace Workers, AFL-CIO (IAM), or Local No. 2167 are not eligible to receive any Employer contributions.

Participants may allocate their contributions to any of 12 investment options provided by the Plan and the Trustee. Participants may transfer account balances among the different funds on a daily basis. Employer contributions to the Plan are participant directed.

Forfeitures

Forfeited, nonvested accounts totaled \$247 at December 31, 2008. These amounts were used to reduce Employer contributions. There were no nonvested forfeited accounts at December 31, 2009.

Vesting

Employee amounts credited to a participant's account, and earnings thereon, are 100% vested at all times. Employer amounts credited to a participant's account become fully vested immediately.

Unallocated Plan Assets

During 2008, the Plan received \$5,033 from Ameriprise Financial's mutual fund restitution process. This amount was included in unallocated Plan assets at December 31, 2008 and was to be used to pay future plan expenses. During 2009, \$1,067 of these funds was used to pay Plan expenses.

Benefits

In accordance with the Plan, a participant may receive the vested value of their account upon retirement, total disability, termination or attaining the age of 59-1/2. Upon death of a participant, the designated beneficiary shall be entitled to the full value of the participant's account. Distributions are made in lump sum or installments not to exceed the life expectancy of the participant.

Before a participant attains age 59-1/2, the participant may elect to withdraw any or all of his or her before-tax contributions only in the event of financial hardship, as defined in the Plan. The Plan Administrator must approve all hardship withdrawals. After attaining age 59-1/2, a participant may withdraw any or all of his or her before-tax contribution account.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and an allocation of the Plan's earnings. The allocation of earnings is determined by the earnings of the participant's investment selection based on each participant's account balance, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Participant Loans

The Plan allows participants to borrow money from their accounts. A loan may range in value from \$1,000 to a maximum of the lesser of:

- 50% of the participant's total account balance, or
- \$50,000

Loans granted by the Plan bear interest at a rate determined by the Plan Administrator and are secured by an assignment of the participant's right to his or her account in the Plan. Repayment of the principal and payment of interest is effected through payroll withholding with the term of the loan not to exceed five years.

Administrative Expenses

Administrative expenses are paid by the Company at its discretion.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting, with the exception of benefits, which are recorded when paid.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Notes To Financial Statements (*Continued*)

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through its stable value funds. The statement of net assets available for benefits presents the fair value of the investment in the funds, as well as the adjustment of the investment in the funds from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Risks And Uncertainties

The Plan invests in various investment securities, which, in general, are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Valuation And Income Recognition

The Plan's investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Interest income on investments and loans is recorded as earned on the accrual basis. Purchases and sales of securities are reflected on a trade-date basis. Dividends are recorded on the ex-dividend date.

Net appreciation (depreciation) in fair value of investments in the accompanying statement of changes in net assets available for benefits includes realized gains (losses) and unrealized appreciation (depreciation).

Payment Of Benefits

Benefits are recorded when paid.

Subsequent Events

Management has evaluated subsequent events through October 8, 2010, the date which the financial statements were available for issue.

Investment Contract

In 2009 and 2008, the Plan invested in benefit-responsive common collective trust funds with the Trustee, who maintains the contributions in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The funds are reflected in the financial statements at fair value with an adjustment to the contract value.

As described in Note 2, because the funds are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment. Contract value, as reported to the Plan by the Trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination), (2) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

	2009	2008
Average Yields		
Based on actual earnings	2.95%	4.63%
Based on interest rate credited to participants	3.83%	4.16%

4. Fair Value Measurements

The Plan follows accounting standards relating to fair value measurements, which establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies

Valued at the net asset value (NAV) of shares held by the Plan at year end.

Common/Collective Trust

An adjustment has been made to value at the contract value as this is the most significant value to the Plan. The common/collective trust is reported in the table below at fair value.

Participant Loans

Valued at amortized cost, which approximates fair value.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2008:

	Assets At Fair Value As Of December 31, 2008			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 1,295,635	\$ —	\$ —	\$ 1,295,635
Common collective trust	—	1,618,922	—	1,618,922
Participant loans	—	—	89,941	89,941
Total assets at fair value	\$ 1,295,635	\$ 1,618,922	\$ 89,941	\$ 3,004,498

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2009 and 2008:

	Participant Loans	
	2009	2008
Balance, beginning of year	\$ 89,941	\$ 72,130
Purchases, sales, issuances and settlements (net)	(89,941)	17,811
Balance, end of year	\$ —	\$ 89,941

5. Income Tax Status

The Plan received a favorable determination letter from the Internal Revenue Service, dated October 9, 2003, indicating that the Plan was in compliance with the requirements of Section 401(a) of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and has been operated in compliance with the applicable requirements of the IRC.

Plan Year Ending: December 31, 2009

To Whom It May Concern:

This letter is to address the late filing of our 2009 Form 5500. Please understand the late filing was not intentional.

The return was completed by October 15, 2010 and multiple attempts were made to file the return timely. Our filing transmitter for this plan, Great-West, has indicated they were having issues with their software and/or server on October 15 which resulted in the e-filing of the Plan not being completed.

In previous years, we have always filed the Form 5500 for this plan by the filing deadline. In addition, the 2009 Forms 5500 for five other plans we sponsor were timely filed through another TPA.

In light of these circumstances, we respectfully request the DOL and IRS waive late filing penalties for this plan year.

Thank you for your consideration in this matter. Please contact me if you have any questions or need further information.

Sincerely,

A handwritten signature in black ink, appearing to read "Carl Becker".
