NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of the Plan

The Directors of the Association of National Government Contractors, Inc. (the "Association"), as Sponsor, established the National Benefit 401-PW Plan (the "Plan") effective July 1, 1996. The Association promulgates the Plan for the benefit of employees and eligible employers. T.C. Construction Company, Inc. (the "Company") executed an Adoption Agreement on July 1, 1997. However effective January 1, 2003, the Plan was amended and restated in its entirety by executing the Polaris Plus Adoption Agreement No. 002 and adopting the Beneco Polaris Master Plan and Trust (the "Master Plan"). The name of the Plan was changed to T.C. Construction Company, Inc. Retirement Savings Plan. In addition, the sponsor of the Master Plan is Beneco, Inc. Beneco, Inc. promulgates the Plan for the benefit of employees of eligible employers.

Eligibility: Employees working under prevailing wage jobs are eligible to participate in the Plan upon their date of hire. All other employees are eligible to participate in the Plan immediately after one year of service.

Contributions: The annual amount that a participant may elect as 401(k) contributions is limited to 15 percent of the participant's compensation for the year. Contributions are subject to regulatory limitations.

For work performed under prevailing wage contracts, the amount contributed to the Plan by the employer on behalf of the employee is based on the wage rate and job classification of the employee and will not exceed 25 percent of the employee's compensation.

The Company may also make discretionary matching and profit sharing contributions to the Plan. In order to be eligible for the profit sharing contribution, the employee must be employed on the last day of the year for which a contribution is made, and have worked a minimum of 1,000 hours during the year.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately and fully vested in their deferral and prevailing wage contributions, plus actual earnings thereon. For the employer matching and profit sharing contributions, participants are vested at 20 percent increments per year, with 100 percent vesting after five years.

Loans to Participants: Participants may borrow from their accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loans are secured by the balance of the participant's account and bear fixed, reasonable rates of interest, as determined by the plan administrator. The maximum loan term is five years unless the loan term qualifies as a home loan. Principal and interest are paid ratably through payroll deductions. As of December 31, 2009, the rates of interest on outstanding loans ranged from 4.25 to 10.50 percent, with various maturities through December 2014.

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of the Plan (Continued)

Payment of Benefits: Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum or annuity payments equal to the value of their vested balance.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting: The Trust prepares its financial statements using the modified cash basis of accounting. The financial statements reflect only cash receipts and disbursements. Therefore, receivables and payables and accrued income and expenses, which would be recognized under accounting principles generally accepted in the United States of America and which may be material in amount, are not recognized in the accompanying financial statements.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions that may affect the reported amounts of net assets available for benefits (modified cash basis) and changes therein. Accordingly, actual results could differ from those estimates.

FASB Codification: On July 1, 2009, the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") became the single authoritative source for nongovernmental U.S. generally accepted accounting principles ("GAAP"). The ASC supersedes all previous authoritative GAAP applicable to the Plan and is effective for interim and annual periods ended after September 15, 2009.

Interest-bearing Cash: Interest-bearing cash is reported at estimated fair market value, which approximates cost.

Investment Valuation: Investments are stated at fair value as certified by the custodian. Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Income Recognition: Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Administrative expenses and certain transaction fees are paid out of the assets of the Plan.

NOTES TO FINANCIAL STATEMENTS

Note 2 – Summary of Significant Accounting Policies (Continued)

Subsequent Events - Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before financial statements are issued.

The Plan has evaluated subsequent events through the date of the auditor's report, which is the date the financial statements were issued.

Note 3 – Investments

Investments: Investments representing 5 percent or more of net assets available for benefits consist of the following as of December 31:

		2009
Wells Fargo Stable Value Fund	$	5,578,560
Pimco Total Return A		880,533
Fidelity Spartan 500 Index Fund Class		706,463

Common/collective trust	$	147,787
Registered invesment companies		1,394,017
Net appreciation in fair value of investments	$	1,541,804

Note 4 – Fair Value Measurement

In accordance with authoritative guidance on fair value measurements, the Plan classified its investments as of December 31, 2009, based upon an established fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 Quoted prices in markets that are not considered to be active or financial instruments without quoted market prices, but for which all significant inputs are observable, either directly or indirectly; and

Level 3 Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

The Plan has investments in the Wells Fargo Stable Value Fund which is a bank collective fund. The Wells Fargo Stable Value Fund is a conservative investment option that seeks to provide safety of principal and a stable credited rate of interest, while generating competitive returns over time compared to other conservative investments.

Units held in common/collective trusts are valued using the net asset value ("NAV") of the fund. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The net asset value of a collective investment fund is calculated based on a compilation of primarily observable market information. The number of units of the fund that are outstanding on the calculation date is derived from observable purchase and redemption activity in the fund. Accordingly, the unit value for a collective investment fund is classified within Level 2 of the valuation hierarchy.

Participant loans are not actively traded and significant other observable inputs are not available. Participant loans are stated at amortized cost which approximates fair value and are classified within Level 3 of the valuation hierarchy. Loans are secured by each respective participant's account balance.

Note 5 – Tax Status

The Plan document is a prototype defined contribution plan that received a favorable opinion letter from the Internal Revenue Service, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTES TO FINANCIAL STATEMENTS

Note 6 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities that changes in the near-term could materially affect a participant's account balance and the amounts reported in the financial statements.

Note 7 – Information Certified by the Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mid Atlantic Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets available for benefits (modified cash basis) as of December 31, 2009 and 2008;
- Net appreciation in fair value of investments and dividends and interest reflected on the accompanying statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2009; and
- Investments reflected on the Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year).

Note 8 – Party-in-Interest Transactions

Beneco Systems, LLC is the recordkeeper of the Plan, and, therefore, transactions with this entity qualify as exempt party-in-interest transactions. Fees paid by the Plan to Beneco Systems, LLC for recordkeeping services were $140,525 for the year ended December 31, 2009.

Note 9 – Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.
