Note 1 - Description of Plan

The following brief description of the Solara Healthcare, LLP 401(K) (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan adopted April 1, 2004, which includes employees of Solara Healthcare LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). John Hancock Life Insurance Company will serve as custodian of Plan assets.

Eligibility

Employees are eligible to participate in the elective deferral portion of the Plan immediately upon employment. In order to be eligible for employer discretionary matching contributions and discretionary non-elective profit sharing contributions, the employee must have completed one year of service. A year of service for purposes of eligibility is a consecutive 12-month period during which the employee has 1,000 or more hours of service.

Entry Date

Employees may enter the elective deferral portion of the Plan on the day the entry requirements are satisfied. Employees may enter the employer discretionary matching and discretionary non-elective profit sharing portion of the Plan on the first day of each month coinciding with the date on which the employee satisfies the applicable eligibility requirements.

Effective January 1, 2007, all participants who have not deferred at least 3% will be automatically enrolled in the Plan at or increased to 3% upon becoming eligible. The funds will be held in target funds that are pre-selected by the Plan. Employees can elect out of automatic enrollment by electing a lesser percentage (including zero) under his or her salary reduction agreement.

Contributions

Participants in the Plan may elect to contribute an amount of their compensation under the 401(k) deferral arrangements up to the IRS maximum amount of $16,500 in 2009. Additionally, participants who have attained age 50 before the end of the taxable year are eligible to make catch-up contributions up to $5,500.

The Plan allows for employer discretionary matching contributions. For the year ended December 31, 2009, this contribution was 50% of the first 4% of the participant’s salary deferral, for a maximum match of 2%. In addition, the Plan allows for employer discretionary non-elective profit sharing contributions. To receive an allocation of discretionary matching contributions (if any), discretionary non-elective profit-sharing contributions (if any), or participant forfeitures (if any), a participant must complete at least 1,000 hours of service during the Plan year and must be employed by the employer on the last day of the Plan year. The company’s discretionary matching contribution for the year ended December 31, 2009 was $319,028. During the year, the employer elected not to make a discretionary non-elective profit sharing contribution.

The Plan will also accept qualifying rollover contributions.

Participants' Accounts

Each participant's account is credited with the participant's contributions, the Company's discretionary matching contribution (if any), the allocation of the Company's discretionary non-elective profit-sharing contribution (if any), and the plan earnings; and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant's earnings or account balances, as defined by the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct participant deferrals and employer contributions in any of the funds covered by the Plan. The investment options as of December 31, 2009 are presented in a supplemental schedule. Participants may change their investment options at anytime directly via telephone or online access with the custodian.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Additionally, the Plan provides for full and immediate vesting in employer discretionary matching and discretionary non-elective profit sharing contributions, plus actual earnings thereon.

Participant Loans

Participants may borrow from their fund accounts, a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates at the time funds are borrowed, as determined by the Plan administrator. Interest rates currently range from 4.25% to 9.25%. Principal and interest are paid ratably through payroll deductions over a period not to exceed five years, unless the proceeds of the loan were used to acquire the participant's residence, in which case the loan will be 15 years.

Payment of Benefits

Upon termination of service for reasons other than death, disability, or retirement, a participant or designated beneficiary (if applicable) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installments for required minimum distributions as defined in the Plan Agreement. A terminated participant with a balance of less than $1,000 may be automatically paid out by the Plan upon termination. Any terminated participants with a balance between $1,000 and $5,000 can still be automatically paid out if their balance is rolled into a qualified Individual Retirement Account. If the account balance exceeds $5,000, excluding amounts attributable to rollovers, the participant may elect to receive the benefit. The distribution will then be made to the participant within a reasonable time after termination of employment or becoming disabled and consent to the distribution. Certain early distributions made upon termination of employment may be subject to a penalty.

Upon retirement at normal retirement age of 65, the participant is entitled to receive his or her entire account balance. In addition, if a participant attains age 55 while still employed by the Company, he or she may elect to withdraw all or a portion of his or her vested balance. A participant who retires due to a disability will also be entitled to 100% of their account balance.

Death Benefits

The designated beneficiary is entitled to 100% of the participant's balance if the participant was employed at the time of death. If the participant was not employed at the time of death, the designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

Hardship Withdrawals

Hardship withdrawals are permitted up to the amount of the participant's salary deferrals. A hardship withdrawal may be made to satisfy certain immediate and heavy financial needs borne by the participant. A hardship distribution may only be made for payment of the following:

a) to pay medical expenses of participant, spouse or dependents;
b) costs directly related to the purchase of the participant's principal residence (excluding mortgage payments);
c) tuition, related educational fees, and room and board expenses for the next twelve months of post-secondary education for the participant, spouse, or dependents;
d) amounts necessary to prevent the foreclosure on the mortgage or the eviction of the participant from his or her principal residence;
e) payments for burial or funeral expenses for your deceased parent, spouse, children or other dependents; or
f) expenses for the repair of damage to your principal residence that would qualify for the casualty deduction under the Internal Revenue Code.

Upon receipt of a hardship withdrawal, the participant will be suspended from contributing to the Plan for a period of at least 6 months.

Other

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 2 - Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note

4 for discussion of fair value measurements.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

Payments of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Fees

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. The Employer, as sponsor of the Plan, has absorbed part of the administrative expenses incurred by the Plan.

Note 3 - Investments

The Plan's investments that represented 5% or more of the Plan's net assets available for benefits as of December 31, 2009 and 2008 are as follows:

	2009	2008
JH Lifestyle Balanced	$ 662,846	$ 269,518
JH Lifestyle Conservative	660,802	360,508
JH Lifestyle Growth	505,713	236,622
John Hancock Stable Value Fund	325,249	219,169
JH Lifestyle Aggressive	325,055	151,510
JH Lifestyle Moderate	227,926	*

* Investment balance less than 5% of the Plan's net assets for the applicable year.

During the year ended December 31, 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Stable Value Fund	$ 1,662
Pooled Separate Accounts	863,906
Net appreciation in the fair value of investments	$ 865,568

The classification of investment earnings reported above and in the statement of changes in net assets may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Note 4 - Fair Value Measurements

FASB Accounting Standards Codification Topic ASC 820, "Fair Value Measurements and Disclosures", establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Pooled Separate Accounts: Value based on reference to quoted market prices of the underlying assets within that account.

Stable value fund: Stated at fair value and then adjusted to contract value. Fair value is the net asset value of its underlying investments and contract value is principal plus accrued interest.

Participant loans: Valued at the outstanding loan balance, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

	2009

Note 5 - Information Certified by the Plan Custodian

The Plan administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified by John Hancock Life Insurance Company, the custodian, for the years ended December 31, 2009 and 2008.

The Plan custodian has certified its statement of accounts as of December 31, 2009 and 2008 and for the year ended December 31, 2009. The statement of accounts includes beginning and ending balances of investments held, contributions received and detail of all transactions during the period, including investment earnings.

Note 6 - Tax Status

The Plan is a Prototype Standardized Profit Sharing Plan with a Cash or Deferral Arrangement (CODA) sponsored by Travis Wolff, the Plan's third-party administrator. Travis Wolff received an opinion letter from the Internal Revenue Service dated August 30, 2001, which states that the Plan constitutes a qualified trust under Section 401(a) of the Internal Revenue Code (IRC) and is, therefore, exempt from federal income taxes. The Plan has been amended since receiving the opinion letter, however, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. During the Plan year, the Plan had certain operational issues occur. In order to prevent the Plan from incurring a qualification defect, the Plan Sponsor will take the necessary corrective action in accordance with the acceptable correction methods of the Employee Plans Compliance Resolution System (EPCRS). The Plan Sponsor is in the process of taking the necessary corrective steps. The Plan Sponsor believes that the Plan has maintained its tax-exempt status. Therefore, no provision for income tax has been included in the Plan's financial statements.

The Plan Sponsor has reached a settlement with the Department of Labor in response to the rejection of Form 5500 for the year ended December 31, 2007. The Plan Sponsor, Solara Healthcare LLP and it's partners paid $6,000 during the year ending December 31, 2010 in settlement of the assessed penalty.

Note 7 - Stable Value Fund

The stable value fund (the "Fund") is a collective trust fund sponsored by John Hancock Life Insurance Company. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the Fund's constant net asset value (NAV) of $1 per unit. Distribution to the Fund's unit holders are declared daily from the net investment income and automatically reinvested in the Fund on a monthly basis, when paid. It is the policy of the Fund to use its best efforts to maintain a stable net asset value of $1 per unit, although there is no guarantee that the Fund will be able to maintain this value.

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals and administrative expenses. The Fund imposes certain restrictions on the Plan, and the Fund itself may be subject to circumstances that impact its ability to transact at contract value. However, plan management believes that the occurrence of events that would cause the Fund to transact at less than contract value is not probable.

Note 8 - Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of pooled separate accounts or stable value funds managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the custodian as defined by the Plan and, therefore, transactions in these units qualify as exempt party-in-interest transactions. Fees paid by the Plan for the administrative services amounted to $18,297 for the year ended December 31, 2009.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10 - Nonexempt Party-in-Interest Transaction

Participant deferrals of $1,277 were withheld from participant's pay amounts during 2009 but were not remitted to the Plan's trust within the timeframe required by the Department of Labor under the Plan asset rules. Additionally, during 2008 and 2007, participant deferrals of $25,622 and $8,192, respectively, were withheld but not remitted during the specified timeframe. In 2010, the Company reimbursed the Plan for lost earnings of $1,408 on late contributions for 2007 and 2008. In 2010, the company intends to reimburse the Plan for lost earnings related to the year ended December 31, 2009.

Note 11 - Excess Contributions Payable

Contributions from participants are net of payments made to certain participants to return excess contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. The amount of excess contributions was $55,130 and $14,114 for the years ended December 31, 2009 and 2008. These amounts are reflected as excess contributions payable in the statements of net assets available for benefits.

Note 13 - Subsequent Events

The Plan sponsor has evaluated subsequent events through October 20, 2010, the date which the financial statements were available to be issued.

On August 4, 2010, the Company approved the sale of all of the membership interests of Solara Healthcare, LLP to Cornerstone Healthcare Group Holding Inc. As a result of this transaction the Plan will be transferred to the new interest holders of Solara Healthcare, LLP who have expressed intent for the Plan to continue. Also at this time, a new Plan Trustee was appointed by the board. In addition, certain entities previously controlled by Solara Healthcare, LLP will no longer be considered participating employers under the Solara Healthcare LLP 401(k) Plan. The new Trustee intends to amend the Plan in 2010 to reflect these changes.
