INDEPENDENT AUDITORS REPORT

N&P Engineers & Land Surveyors, PLLC
Melville, New York

We were engaged to audit the financial statements and supplemental schedules of N&P Engineers & Land Surveyors, PLLC and subsidiaries 401(k) profit sharing plan as of December 31, 2009. These financial statements and schedules are the responsibility of the Plan's managements.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized, which was certified by USI Consulting Group, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2009, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the trustee or custodian, have been audited by us in accordance with generally accepted auditing standards and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

INDEPENDENT ACCOUNTANTS' REPORT

To the Participants and Trustees of
N & P Engineers & Land Surveyors, PLLC
Nelson & Pope 401(K) Plan
Huntington Station, NY

We have audited the accompanying statements of net assets available for benefits Nelson & Pope 401(k) Plan as of December 31, 2009 and 2008 and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Nelson & Pope 401(k) Plan as of December 31, 2009 and 2008 and the changes in its net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental financial data and schedule of assets held for investment are presented for the purpose of additional analysis and are not a required part of the basic financial statements. Such information and supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NELSON & POPE 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2009 AND 2008

1. Summary of Significant Accounting Policies

a. Investments are stated at fair value which generally represents last reported sales price on the last business day of the year. Short-term, highly liquid investments are treated as investments rather than cash equivalents and are included in investments.

b. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. Description of Plan

The following description of the Nelson & Pope 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. General. The Plan is a defined contribution plan covering all eligible employees of the Company who are eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Contributions. Each year, participants may contribute pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Each payroll period, the Employer, in its discretion, may make a Regular Matching Contribution to participants accounts equal to a percentage, determined by the Sponsor, of participants Tax-deferred Contributions for the payroll period.

c. Participant Accounts. Participants have their own account under the Plan to hold all contributions made to the Plan and any contributions the Employer makes. Each account holds any investment earnings on those contributions and keeps track of the participants share of the assets held in the Plan.

d. Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service.

e. Payment of Benefits. On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

2. Description of Plan (continued)

a. Participant Loans. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4% to 10%, which are commensurate with local prevailing rates. Principal and interest is paid ratably through bi-weekly payroll deductions.

3. Priorities Upon Termination

It is the intent of the Trustees to continue the Plan in full force and effect. However, in the unlikely event of termination, the assets then remaining, after providing for the expenses of the Plan and for the payment of any accumulated shares theretofore approved, shall be distributed among the participants. Each participant shall receive that part of the total remaining assets in the same ratio as his accumulated share bears to the aggregate amount of the accumulated shares of all participants.

4. Tax Status

The Internal Revenue Service has advised that the Fund qualifies under Section 401(a) of the Internal Revenue Code and is, therefore, exempt from federal income taxes under the provisions of Section 501(a). Once qualified, the Fund is required to operate in conformity with the Internal Revenue Code to maintain its qualification. The Fund is not aware of any action or event that has occurred that might affect its status.

5. Investments

Investment assets are held by Fidelity Investments Institutional.

The following summary presents amortized values for certificates of deposit and deposit notes and fair values for the remaining investment categories. No single investment represented 5% or more of the Fund's assets as of December 31,

	2009	2008
Mutual Funds	$ 5,440,852	$ 3,842,108

The Fund's investments (including investments bought and sold, as well as held during the year) appreciated in value by $1,012,698 in 2009 and depreciated in value by $(1,789,937) in 2008.

6. Fair Value Measurements

The Fund's investments are recorded at fair value in the accompanying statement of assets, liabilities and fund balances.

Generally accepted accounting principles define fair value, establish a framework for measuring fair value, and establish a fair value hierarchy that prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach are used to measure fair value.
The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Fund has the ability to access.

- Level 2 inputs are inputs (other than quoted prices included within level 1) that are observable for the assets or liability, either directly or indirectly.

- Level 3 are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. (The unobservable inputs should be developed based on the best information available in the circumstances and may include the Fund's own data.)

The following tables present the Fund's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as of December 31, 2009 and 2008.

	Fair Value Measurements at Reporting Date Using:			
	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2009				
Mutual Funds	$5,440,852	$5,440,852	$ –	$ –
Participant Loans	147,812	–	–	147,812
Total	$5,588,664	$5,440,852	$ –	$ 147,812

6. **Fair Value Measurements** (continued)

	Fair Value Measurements at Reporting Date Using:			
	Fair Value	Quoted Prices In Active Markets for Identical (Level 1)	Significant Other Observable (Level 2)	Significant Unobservable (Level 3)
December 31, 2008				
General account	$3,842,108	$3,842,108	$ –	$ –
Separate account	182,315	–	–	182,315
Total	$4,024,423	$3,842,108	$ –	$ 182,315

7. **Risks and Uncertainties**

The Fund invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.
