NOTE A - DESCRIPTION OF THE PLAN

The following description of the Cardinal Law Group, Ltd. Retirement Plan and Trust (the Plan) provides only general information. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

1. General

   The Plan is a defined contribution profit sharing and 401(k) plan covering eligible employees of the Cardinal Law Group, Ltd., Cardinal Intellectual Property, Inc., and Cardinal Holdings, LLC (hereinafter collectively referred to as the Company). Employees are eligible to participate upon completion of one year of service and attaining age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions

   The Plan is funded by voluntary contributions of participants and discretionary safe harbor or profit sharing contributions of the Company. Participants may contribute to the Plan, through regular payroll deductions, an amount subject to limitations imposed by the Internal Revenue Code. Participants may also roll over amounts representing distributions from other qualified employee benefit plans. The Company accrued profit sharing contributions of $129,758 for the year ended December 31, 2009. There were no discretionary safe harbor contributions to the Plan for the year ended December 31, 2009.

3. Investment Options

   Participants must direct their salary deferral contributions and the Company's contributions into a variety of investment funds made available and determined by the Plan Administrator. Participants may change their investment options at any time.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

4. Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's discretionary safe harbor and profit sharing contributions, and an allocation of plan earnings. The Company's discretionary safe harbor contribution is allocated based on a basic safe harbor matching formula. The Company's discretionary profit sharing contribution is allocated as of the last day of the plan year and is based on a ratio of each eligible participant's compensation to total compensation for all eligible participants. Plan earnings are allocated to participants' accounts in direct proportion to their respective account balances, based on the performance of participants' investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

5. Vesting

Participants are immediately fully vested in salary deferrals, discretionary safe harbor, and rollover contributions plus the actual earnings thereon. The portion of the participants' accounts attributable to the Company's discretionary profit sharing contributions becomes 20% vested after two years of service and continues to vest at the rate of 20% for each successive year until 100% vested after six years of service. In the event of death, disability, or retirement at designated ages, participants become fully vested.

6. Payment of Benefits

On termination of service, a participant may elect to receive a single, lump-sum payment equal to the value of his or her vested account balance, installments over a specified period of time, or a direct rollover distribution. Hardship withdrawals are also permitted by the Plan.

7. Participant Loans

Participants are permitted to take loans from the Plan up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The loans are collateralized by the borrowers' respective vested account balances and bear interest at 7.75%. Principal and interest are paid through payroll deductions over a period not to exceed five years, unless for the purchase of a primary residence. Related interest income totaled $684 for the year ended December 31, 2009.

NOTE A - DESCRIPTION OF PLAN (Continued)

8. Administrative Expenses

Administrative expenses of the Plan are paid by the Company and the Plan. Administrative expenses paid by the Company totaled approximately $6,000 for the year ended December 31, 2009.

9. Forfeitures

At December 31, 2009 and 2008 (Compiled), unallocated plan assets resulting from forfeited nonvested accounts totaled $2,474 and $0 (Compiled), respectively. Forfeitures will be used to reduce future discretionary Company contributions or to pay the administrative expenses of the Plan. Forfeitures used to reduce discretionary Company contributions during 2009 totaled $2,474.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. Fair Value Measurements

FASB ASC 820 (formerly known as FASB Statement No. 157), *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

Level 2 Inputs to the valuation methodology include the following:

* Quoted prices for similar assets or liabilities in active markets;
* Quoted prices for identical or similar assets or liabilities in inactive markets;
* Inputs other than quoted prices that are observable for the asset or liability;
* Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's investments measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Common collective trust funds: Valued at fair value based on market value of underlying investments.

Participant-directed brokerage account assets: The investments held in this account are valued at the closing price reported on the active market on which the individual securities are traded.

Participant loans: Valued at amortized cost, which approximates fair value.

Other financial instruments: The carrying amounts of other financial instruments, including participant, employer, and other receivables approximate fair value due to the short maturity of these instruments.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2009 and 2008. Plan investments at December 31, 2009 are further disaggregated, as required by FASB ASC 820.

3. Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Unrealized gains or losses from appreciation or depreciation of investments are recognized as increases or decreases in net assets available for benefits.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

4. Use of Estimates

In preparing the Plan's financial statements, management is required to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

5. Payment of Benefits

Benefits are recorded when paid.

6. New Accounting Pronouncements

a. Generally Accepted Accounting Principles

In June 2009, the FASB issued ASC 105, *Generally Accepted Accounting Principles,* which establishes the FASB ASC as the sole source of authoritative generally accepted accounting principles ("GAAP"). Pursuant to the provisions of FASB ASC 105, the Plan has updated references to GAAP in its financial statements issued for the year ended December 31, 2009. The adoption of FASB ASC 105 did not impact the Plan's financial position or results of operations.

b. Accounting for Uncertainty in Income Taxes

The FASB issued ASC 740 (formerly known as FASB Interpretation No. 48), *Income Taxes.* The Plan adopted this new guidance for the year ended December 31, 2009. Plan management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

NOTE C - INVESTMENTS

All investment information (except for information related to participant loans), including investments held at December 31, 2009, net appreciation in the fair value of investments, and interest and dividends for the year ended December 31, 2009, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by State Street Bank and Trust Company, the custodian. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the investment information certified by the custodian.

The following table presents the fair value of the investments in the Plan. Individual investments representing more than 5% of the Plan's net assets as of December 31, 2009 and/or 2008 (Compiled), are separately identified.

NOTE D – INCOME TAX STATUS

The Plan has adopted a volume submitter profit sharing plan sponsored by Sunguard Corbel, LLC. The volume submitter plan has received an opinion letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the determination letter. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become fully vested in their respective account balances.

NOTE F - MARKET RISK

The value of the Plan's investments is subject to market risk associated with potential fluctuations in the values of the underlying securities. Fluctuations in the market value of the Plan's investments could be material to the financial statements.

NOTE G - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 6, 2010, the date that these financial statements were available to be issued.
