INDEPENDENT AUDITORS' REPORT

We were engaged to audit the statements of net assets available for benefits of Advantage Mailing, Inc. 401K Profit Sharing Plan (the "Plan") as of December 31, 2009 and 2008 and the related statement of changes in net assets available for benefits for the year ended December 31, 2009 and the supplemental schedule of assets held for investment purposes at end of year and schedule of delinquent participant contributions. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note K, which was certified by State Street Bank and Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodians as of and for the years ended December 31, 2009 and 2008, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodians, have been audited by us in accordance with U. S. generally accepted auditing standards and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ADVANTAGE MAILING, INC. 401K PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2009

A. Description of Plan

The following description of the Advantage Mailing, Inc. ("Company") 401K Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan is a defined contribution plan covering all employees of the Company who have one year of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Accounts. Each participant's account is credited with the participant's elective contribution, and allocations of any Plan earnings, and is reduced by Plan fees. Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Employee Elective Contributions. Each year, participants may contribute 1% to 90% of their annual compensation, as defined in the Plan. Contributions are subject to certain limitations under ERISA. Effective October 2008, the Plan includes automatic enrollment for each eligible participant at 3% of their annual compensation.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's nonelective discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 20% vested after two years of credited service, 40% vested after three years, 60% vested after four years, 80% vested after five years, and 100% vested after six years.

Investment Options. Upon enrollment in the Plan, a participant may direct contributions in various investment options, which are offered by the investment contract with State Street Bank and Trust Company ("State Street Bank"), at the direction of the participant. Investment options may be changed daily by the participant.

Participant Loans. Participants are allowed to borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans were made only once during a plan year, and only one loan may be outstanding. Loans must be fully repaid within five years, or 6 to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 2%. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits. Participants may withdraw their vested interest in their account upon termination of employment, death, disability, retirement, attainment of age 59½ while employed, or for financial hardship. A participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or if the vested account balance is more than $5,000, the participant may choose among various optional forms of monthly annuity payments or defer receiving payments until age 70½ or retirement. The lump-sum distribution may be taken in cash, or may be directly rolled over into another qualified plan or IRA.

A. Description of Plan - continued

Operating Expenses. All expenses of maintaining the Plan are paid by the Company.

Forfeitures. The portion of any unvested employer contributions remaining upon termination of employment will be used to reduce future employer contributions. There were no forfeiture amounts at December 31, 2009 and 2008.

B. Summary of Significant Accounting Policies

Basis of Accounting. The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition. With the exception of the Plan's investment in a Stable Value Fund, the Plan's investments are stated at fair value. The fair value of each of the separate accounts is determined by the quoted market prices which represent the net asset value of shares held by the Plan at year-end. Purchase and sales of securities are recorded on the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held By Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the FSP), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. Benefit-responsive investment contracts are reported on the Statement of Net Assets Available for Benefits and Statement of Changes in Net Assets Available for Benefits at contract value, which approximates the fair value of the investment contracts.

Benefits Payable. Benefits are recorded when paid.

Date of Management's Review. Subsequent events were evaluated through October 1, 2010, which is the date the financial statements were available to be issued.

C. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in any employer contributions allocated to their accounts.

D. Tax Status

The Company adopted a prototype standardized defined contribution plan which is designed in accordance with Section 501(c)(9) of the Internal Revenue Code (IRC), and the Plan, therefore, is exempt from Federal income taxes.

The Internal Revenue Service has determined and informed the Company by letter dated March 31, 2008, that the Plan and related Trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

E. Investments

The following presents investments that represent 5 percent or more of the Plan's net assets.

	2009	2008
SSGA Stable Value Fund	$371,580	$262,459
T.Rowe Price Retirement 2030-R	240,417	163,153
T.Rowe Price Retirement 2020-R	241,956	128,298
T.Rowe Price Retirement 2010-R	N/A	34,285
Oppenheimer Core Bond Fund - A	69,070	N/A

During 2009 and 2008, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) changed in value by $171,919 and ($66,381), respectively.

F. Excess Contributions

Contributions received from participants for 2009 are net of payments of $27,074 made in January 2010 to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. The amount is also included in the Plan's statement of net assets available for benefits as excess contributions payable at December 31, 2009.

G. Common Collective Trust Investment

The State Street Stable Value Fund, an investment option offered by the Plan, is a common collective trust that is fully invested in investment contracts deemed to be fully benefit-responsive. Fully benefit-responsive contracts are valued at fair value and adjusted to contract value. Contract value is the relevant measure to the Plan because it is the amount that is available for Plan benefits.

In the Statements of Net Assets Available for Benefits, the Plan is required to reflect this investment at fair value, with a corresponding adjustment to contract value. The fair value of this fund as of December 31, 2009 was $380,041. The contract value of the fund as of December 31, 2009, which is a component of net assets available for benefits, totaled $371,580. The average yield and crediting interest rate for the State Street Stable Value Fund for the year ended December 31, 2009 was 3.04% and 3.25%, respectively.

H. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

I. Participant's Contribution Receivable and Benefits Payable

Included in the participant's contribution receivable at December 31, 2009 and 2008 is $3,408 related to the non-remittance of participant contributions in 2006. These contributions were paid in September 2010, together with calculated earnings on the aforementioned contributions. Benefits payable in the amount of $1,001 are for participants who are no longer with the Company, but are entitled to their respective portion of the contribution receivable.

J. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2009 and 2008 to Form 5500:

	2009	2008

Less: Amounts allocated to withdrawing participants at December 31, 2009	-0-	(1,001)
Contributions/benefits per Form 5500	$295,665	$ 11,440

K. Information Prepared and Certified by Plan Custodian (Unaudited)

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the Plan's custodian, State Street Bank.

K. Information Prepared and Certified by Plan Custodian (Unaudited) - continued

	2009	2008
Investments	$1,148,728	$ 642,395
Net appreciation/(depreciation) in fair value of investments	$ 171,919	($ 66,381)
Administrative expenses	$ 1,150	$ 199

The information included in the supplemental schedule of assets held for investment purposes at end of year.

L. Fair Value Measurements

Financial Accounting Standards Board Statement (FASB) Accounting Standards Codification 820, "*Fair Value Measurements and Disclosures*" (ASC 820), establishes a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Basis of Fair Value Measurement:

Level 1 Unadjusted quoted prices in active markets for identical unrestricted assets or liabilities that the Plan has the ability to access.

Level 2 Quoted prices for similar assets in active markets, quoted prices for identical assets in markets that are not active, and inputs derived principally from observable market data.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2009 and 2008.

L. Fair Value Measurements - continued

Mutual Funds: Valued at the net asset value ("NAV") of shares held by the plan at year-end.

Common Collective Trust ("CCT"): The CCT includes the State Street Stable Value Fund that invests principally in fully benefit-responsive investment contracts issued by an insurance company. The fair value of the Fund is based on the net asset value derived from the fair value of the underlying guaranteed investment contracts that are the sole asset of the Fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

Assets at Fair Value as of December 31, 2009

	Level 1	Level 2	Level 3	Total
