The Administrative Committee
Smurfit-Stone Container Corporation Retirement Plans

We were engaged to audit the accompanying statement of net assets available for benefits of Smurfit-Stone Container Corporation Savings Plan as of December 31, 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009, and the supplemental schedule of assets (held at end of year) as of December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3 as of and for the year ended December 31, 2009, which was certified by T. Rowe Price, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules as of and for the year ended December 31, 2009, taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the investment information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

We have audited the statement of net assets available for benefits as of December 31, 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2008, and in our report dated June 29, 2009, we expressed an opinion that these financial statements present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2008, and the change in its net assets available for benefits for the year then ended, in conformity with accounting principles generally accepted in the United States.

Smurfit-Stone Container Corporation Savings Plan

Notes to Financial Statements

December 31, 2009

1. Description of the Plan

The following description of the Smurfit-Stone Container Corporation Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Smurfit-Stone Container Enterprises, Inc. (the Company) and its adopting subsidiaries and affiliates except for (1) those employees covered by a collective bargaining agreement that provides for separate retirement benefits, (2) nonresident aliens, and (3) substantially all hourly employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On December 18, 2008, the Administrative Committee of the Smurfit-Stone Container Corporation Retirement Plans (the Committee) engaged a third party to evaluate whether the Smurfit-Stone Container Corporation Stock Fund (the SSCC Stock Fund), one of the investment options in the Plan, should be liquidated. In connection with the engagement, the Committee determined that it was appropriate to have the third party exercise the Committee's fiduciary responsibilities with respect to the continued offering of the SSCC Stock Fund and with respect to the continued holding of Smurfit-Stone Container Corporation Common Stock (SSCC Common Stock) in the SSCC Stock Fund. Effective as of December 31, 2008, the Plan was amended to appoint the third party as named fiduciary and investment manager, giving the third party the authority to determine the disposition of the SSCC Common Stock held by the SSCC Stock Fund. As of February 23, 2010, the third party has sold 100% of the SSCC Common Stock held by the SSCC Stock Fund as of December 31, 2009. The proceeds from the sale of SSCC Common Stock were reinvested in the T. Rowe Price Stable Value Fund.

On January 26, 2009, Smurfit-Stone Container Corporation (SSCC) and its U.S. and Canadian subsidiaries filed a voluntary petition for relief under Chapter 11 of the United States Bankruptcy Code in the United States Bankruptcy Court in Wilmington, Delaware. On the same day, the Company's Canadian subsidiaries also filed to reorganize under the Companies' Creditors Arrangement Act (CCAA) in the Ontario Superior Court of Justice in Canada. Effective as of the opening of business on February 4, 2009, the Company's common stock was delisted from the NASDAQ Global Select Market, and the trading was suspended. The Company's common stock was quoted on the Pink Sheets Electronic Quotation Service under the ticker symbol "SSCCQ.PK." SSCC emerged from its Chapter 11 and CCAA bankruptcy proceedings on June 30, 2010. Upon emergence, SSCC merged with and into its wholly owned subsidiary, Smurfit-Stone Container Enterprises, Inc. (SSCE). SSCE changed its name to Smurfit-Stone Container Corporation.

Smurfit-Stone Container Corporation Savings Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Contributions

Each year, participants may make elective contributions on a pretax basis or, effective April 1, 2008, on an after-tax Roth basis, from 1% to 40% of eligible compensation as defined by the Plan. Participants may also contribute up to 20% on an after-tax basis. The combined limit of all contributions is 60% of compensation. The Company makes matching contributions up to the lesser of 100% of the first 6% of elective contributions deferred by a participant or legal contribution limit. The investment of Company's matching contributions is participant-directed. All contributions are subject to applicable limitations. The Plan has an auto-enrollment feature, which provides for positive enrollment of new employees who do not opt out of this feature within their first 45 days of eligibility. The default contribution percentage is 3% on a pretax basis, and the default investment is the T. Rowe Price Retirement Fund.

Effective December 16, 2008, contributions to the SSCC Stock Fund were no longer permitted. Investment elections previously designated for the SSCC Stock Fund were redirected to the T. Rowe Price Stable Value Fund.

Effective January 1, 2009, the Company contributes a non-elective Company contribution in an amount equal to 1% of each eligible employee's eligible compensation. In addition, the matching formula was changed from 70% of the first 6% of an employee's deferral to 100% of the first 6% of an employee's deferral up to legal limits.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contribution, and plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

Forfeitures of non-vested amounts are used to offset employer contributions. At December 31, 2009, the Plan held approximately \$685,182 in forfeitures, which will be used to offset future employer contributions, compared to \$269,093 at December 31, 2008. During 2009, \$13,253 of forfeitures was used to reduce employer contributions, compared to \$378,755 during 2008.

1. Description of the Plan (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution and non-elective contribution portion of accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of service, vesting in 20% increments after each year of service.

Investment Options

Upon enrollment in the Plan, the participant may direct contributions into various trustee mutual funds, common trust funds, or SSCC Common Stock. Effective December 16, 2008, contributions were no longer permitted into the SSCC Stock Fund. All contributions are participant-directed. Certain employees have a portion of their investments held in the Exxon Mobil Corporation Common Stock Fund. Contributions are no longer permitted into this fund.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance, excluding the Company's matching contributions. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Loan terms range from one year to five years or up to fifteen years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest equal to the prime lending rate. Principal and interest are paid ratably through monthly payroll deductions.

Distributions

The balance in a participant's account is distributable upon termination of the participant's employment for any reason, including death, retirement, permanent disability, resignation, or dismissal. The distribution will be made in the form of either a lump-sum payment or installment payments. Participant balances in the Exxon Mobil Corporation Common Stock Fund are distributable in shares of common stock or cash, at the participant's election. All other distributions are in cash. Inactive participants who have attained the age of 70 1/2 receive distributions in accordance with the Internal Revenue Service (IRS) minimum required distribution rules.

1. Description of the Plan (continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are reported on the accrual basis of accounting.

Administrative Expenses

Legal expenses are generally paid by the Company, and other administrative expenses may be paid by the Plan.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Withdrawals

Withdrawals are recorded when paid.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for the discussion and disclosures related to fair value measurements.

Smurfit-Stone Container Corporation Savings Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common collective trust (T. Rowe Price Stable Value Fund). The statements of net assets available for benefits present the fair value of the investment in the common collective trust as well as the adjustment from fair value to contract value for fully benefit-responsive investment contracts. The fair value of the Plan's interest in the T. Rowe Price Stable Value Fund is based on information reported by the issuer of the common collective trust at year-end. The contract value of the T. Rowe Price Stable Value Fund represents contributions plus earnings, less participant withdrawals and administrative expenses.

Participant loans are valued at cost, which approximates market.

Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method.

New Accounting Pronouncements

In April 2009, the Financial Accounting Standards Board (FASB) issued FASB Staff Position 157-4, *Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly* (FSP 157-4). FSP 157-4 amended FASB Statement No. 157 (codified as ASC 820) to provide additional guidance on estimating fair value when the volume and level of activity for an asset or liability have significantly decreased in relation to its normal market activity. FSP 157-4 also provided additional guidance on circumstances that may indicate that a transaction is not orderly and on defining major categories of debt and equity securities to comply with the disclosure requirements of ASC 820. The Plan adopted the guidance in FSP 157-4 for the reporting period ended December 31, 2009. Adoption of FSP 157-4 did not have a material effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

2. Summary of Significant Accounting Policies (continued)

In September 2009, the FASB issued Accounting Standards Update 2009-12, *Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* (ASU 2009-12). ASU 2009-12 amended ASC 820 to allow entities to use net asset value (NAV) per share (or its equivalent), as a practical expedient, to measure fair value when the investment does not have a readily determinable fair value and the NAV is calculated in a manner consistent with investment company accounting. The Plan adopted the guidance in ASU 2009-12 for the reporting period ended December 31, 2009, and has utilized the practical expedient to measure the fair value of investments within the scope of this guidance based on the investment's NAV. In addition, as a result of adopting ASU 2009-12, the Plan has provided additional disclosures regarding the nature and risks of investments within the scope of this guidance. Refer to Note 4 for these disclosures. Adoption of ASU 2009-12 did not have a material effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

In January 2010, the FASB issued Accounting Standards Update 2010-06, *Improving Disclosures about Fair Value Measurements*, (ASU 2010-06). ASU 2010-06 amended ASC 820 to clarify certain existing fair value disclosures and require a number of additional disclosures. The guidance in ASU 2010-06 clarified that disclosures should be presented separately for each "class" of assets and liabilities measured at fair value and provided guidance on how to determine the appropriate classes of assets and liabilities to be presented. ASU 2010-06 also clarified the requirement for entities to disclose information about both the valuation techniques and inputs used in estimating Level 2 and Level 3 fair value measurements. In addition, ASU 2010-06 introduced new requirements to disclose the amounts (on a gross basis) and reasons for any significant transfers between Levels 1, 2 and 3 of the fair value hierarchy and present information regarding the purchases, sales, issuances and settlements of Level 3 assets and liabilities on a gross basis. With the exception of the requirement to present changes in Level 3 measurements on a gross basis, which is delayed until 2011, the guidance in ASU 2010-06 becomes effective for reporting periods beginning after December 15, 2009. ASU 2010-06 is not expected to have a material effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

Subsequent Events

Effective June 15, 2009, the Plan adopted the provisions of Accounting Standards Codification (ASC) 855, *Subsequent Events* (ASC 855). ASC 855 requires entities to evaluate subsequent events through the date the financial statements were issued or available to be issued. Management has evaluated subsequent events through October 12, 2010, the date the financial statements were available to be issued.

3. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedules including investments held and the adjustment from fair value to contract value for fully benefit-responsive investment contracts at December 31, 2009, and net appreciation/depreciation in fair value of investments, interest and dividends for the year ended December 31, 2009, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by T. Rowe Price, the trustee of the Plan.

The fair values of individual investments that represent 5% or more of the Plan's net assets are as follows:

	December 31	
	2009	2008
Exxon Mobil Corporation Common Stock Fund (528,946 and 629,578 shares of common stock)	\$ 36,068,858	\$ 50,259,235
T. Rowe Price Equity Income Fund (3,161,102 and 3,522,106 shares of mutual fund)	66,351,534	60,157,575
T. Rowe Price Personal Strategy Balanced Fund (2,611,168 and 2,807,118 shares of mutual fund)	44,729,302	37,082,027
T. Rowe Price Stable Value Fund (113,246,487 and 115,322,452 units of common trust funds)	116,773,399	114,251,452
T. Rowe Price Blue Chip Growth Fund (1,324,792 and 1,388,768 shares of mutual fund)	43,413,448	31,955,547
Fidelity Contrafund (618,776 and 636,284 shares of mutual fund)	36,062,303	28,798,207

During 2009 and 2008, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

	Year Ended December 31	
	2009	2008
Mutual funds	\$ 78,320,406	\$(166,091,171)
Common stock	(7,843,800)	(70,042,899)
Common trust fund	2,424,400	(5,891,097)
	<u>\$ 72,901,006</u>	<u>\$(242,025,167)</u>

4. Fair Value Measurements

ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820 also establishes a fair value hierarchy, which requires an entity to maximize the use of observable inputs when measuring fair value.

The standard describes three levels of inputs that may be used to measure fair value:

- Level 1 – Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.
- Level 2 – Inputs are quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly.
- Level 3 – Valuations are observed from unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following tables set forth by level within the fair value hierarchy the Plan's investment assets and investment liabilities at fair value. As required by ASC 820, assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

The Plan's investments in mutual funds and common stock are stated at fair value based on quoted market prices at year-end. The fair value of the Plan's interest in the T. Rowe Price Stable Value Fund is based on information reported by the issuer of the common/collective trust at year-end. The contract value of the T. Rowe Price Stable Value Fund represents contributions plus earnings, less participant withdrawals and administrative expenses.

Fair Value on a Recurring Basis

Investments measured at fair value on a recurring basis are categorized in the tables below based upon the level of input to the valuations.

	December 31, 2009			
	Level 1	Level 2	Level 3	Total
Common stocks	\$ 36,848,376	\$ —	\$ —	\$ 36,848,376
Mutual funds:				
Domestic equity	235,671,829	—	—	235,671,829

- ^(a) This category includes a common/collective trust fund that is designed to deliver safety and stability by preserving principal and accumulating earnings. This fund is primarily invested in guaranteed investment contracts and synthetic investment contracts. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the fund. The fair value of this fund has been estimated based on the fair value of the underlying investment contracts in the fund as reported by the issuer of the fund. The fair value differs from the contract value. As previously discussed in Note 2, contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Net realized and unrealized appreciation (depreciation) in fair value of investments per the Form 5500	<u>\$ 77,498,918</u>

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts. During 2008, the Company closed facilities in conjunction with the Company's strategic initiative plan. As a result, the Plan had a partial plan termination, which resulted in immediate full vesting for employees terminated involuntarily.

7. Plan Tax Status

The Plan has received a determination letter from the IRS dated November 24, 2008, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code), and therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Subsequent to this determination letter by the IRS, the Plan was amended. Due to the impact of the partial plan termination on the Plan, the Plan's sponsor has taken the necessary steps to provide full vesting to affected employees and bring the Plan's operations into compliance with the Code.

The Administrative Committee
Smurfit-Stone Container Corporation Retirement Plans

We were engaged to audit the accompanying statement of net assets available for benefits of Smurfit-Stone Container Corporation Savings Plan as of December 31, 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009, and the supplemental schedule of assets (held at end of year) as of December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3 as of and for the year ended December 31, 2009, which was certified by T. Rowe Price, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules as of and for the year ended December 31, 2009, taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the investment information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

We have audited the statement of net assets available for benefits as of December 31, 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2008, and in our report dated June 29, 2009, we expressed an opinion that these financial statements present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2008, and the change in its net assets available for benefits for the year then ended, in conformity with accounting principles generally accepted in the United States.

1. Description of the Plan

The following description of the Smurfit-Stone Container Corporation Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Smurfit-Stone Container Enterprises, Inc. (the Company) and its adopting subsidiaries and affiliates except for (1) those employees covered by a collective bargaining agreement that provides for separate retirement benefits, (2) nonresident aliens, and (3) substantially all hourly employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On December 18, 2008, the Administrative Committee of the Smurfit-Stone Container Corporation Retirement Plans (the Committee) engaged a third party to evaluate whether the Smurfit-Stone Container Corporation Stock Fund (the SSCC Stock Fund), one of the investment options in the Plan, should be liquidated. In connection with the engagement, the Committee determined that it was appropriate to have the third party exercise the Committee's fiduciary responsibilities with respect to the continued offering of the SSCC Stock Fund and with respect to the continued holding of Smurfit-Stone Container Corporation Common Stock (SSCC Common Stock) in the SSCC Stock Fund. Effective as of December 31, 2008, the Plan was amended to appoint the third party as named fiduciary and investment manager, giving the third party the authority to determine the disposition of the SSCC Common Stock held by the SSCC Stock Fund. As of February 23, 2010, the third party has sold 100% of the SSCC Common Stock held by the SSCC Stock Fund as of December 31, 2009. The proceeds from the sale of SSCC Common Stock were reinvested in the T. Rowe Price Stable Value Fund.

On January 26, 2009, Smurfit-Stone Container Corporation (SSCC) and its U.S. and Canadian subsidiaries filed a voluntary petition for relief under Chapter 11 of the United States Bankruptcy Code in the United States Bankruptcy Court in Wilmington, Delaware. On the same day, the Company's Canadian subsidiaries also filed to reorganize under the Companies' Creditors Arrangement Act (CCAA) in the Ontario Superior Court of Justice in Canada. Effective as of the opening of business on February 4, 2009, the Company's common stock was delisted from the NASDAQ Global Select Market, and the trading was suspended. The Company's common stock was quoted on the Pink Sheets Electronic Quotation Service under the ticker symbol "SSCCQ.PK." SSCC emerged from its Chapter 11 and CCAA bankruptcy proceedings on June 30, 2010. Upon emergence, SSCC merged with and into its wholly owned subsidiary, Smurfit-Stone Container Enterprises, Inc. (SSCE). SSCE changed its name to Smurfit-Stone Container Corporation.

1. Description of the Plan (continued)

Contributions

Each year, participants may make elective contributions on a pretax basis or, effective April 1, 2008, on an after-tax Roth basis, from 1% to 40% of eligible compensation as defined by the Plan. Participants may also contribute up to 20% on an after-tax basis. The combined limit of all contributions is 60% of compensation. The Company makes matching contributions up to the lesser of 100% of the first 6% of elective contributions deferred by a participant or legal contribution limit. The investment of Company's matching contributions is participant-directed. All contributions are subject to applicable limitations. The Plan has an auto-enrollment feature, which provides for positive enrollment of new employees who do not opt out of this feature within their first 45 days of eligibility. The default contribution percentage is 3% on a pretax basis, and the default investment is the T. Rowe Price Retirement Fund.

Effective December 16, 2008, contributions to the SSCC Stock Fund were no longer permitted. Investment elections previously designated for the SSCC Stock Fund were redirected to the T. Rowe Price Stable Value Fund.

Effective January 1, 2009, the Company contributes a non-elective Company contribution in an amount equal to 1% of each eligible employee's eligible compensation. In addition, the matching formula was changed from 70% of the first 6% of an employee's deferral to 100% of the first 6% of an employee's deferral up to legal limits.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contribution, and plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

Forfeitures of non-vested amounts are used to offset employer contributions. At December 31, 2009, the Plan held approximately \$685,182 in forfeitures, which will be used to offset future employer contributions, compared to \$269,093 at December 31, 2008. During 2009, \$13,253 of forfeitures was used to reduce employer contributions, compared to \$378,755 during 2008.

1. Description of the Plan (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution and non-elective contribution portion of accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of service, vesting in 20% increments after each year of service.

Investment Options

Upon enrollment in the Plan, the participant may direct contributions into various trustee mutual funds, common trust funds, or SSCC Common Stock. Effective December 16, 2008, contributions were no longer permitted into the SSCC Stock Fund. All contributions are participant-directed. Certain employees have a portion of their investments held in the Exxon Mobil Corporation Common Stock Fund. Contributions are no longer permitted into this fund.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance, excluding the Company's matching contributions. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Loan terms range from one year to five years or up to fifteen years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest equal to the prime lending rate. Principal and interest are paid ratably through monthly payroll deductions.

Distributions

The balance in a participant's account is distributable upon termination of the participant's employment for any reason, including death, retirement, permanent disability, resignation, or dismissal. The distribution will be made in the form of either a lump-sum payment or installment payments. Participant balances in the Exxon Mobil Corporation Common Stock Fund are distributable in shares of common stock or cash, at the participant's election. All other distributions are in cash. Inactive participants who have attained the age of 70 1/2 receive distributions in accordance with the Internal Revenue Service (IRS) minimum required distribution rules.

1. Description of the Plan (continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are reported on the accrual basis of accounting.

Administrative Expenses

Legal expenses are generally paid by the Company, and other administrative expenses may be paid by the Plan.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Withdrawals

Withdrawals are recorded when paid.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for the discussion and disclosures related to fair value measurements.

Smurfit-Stone Container Corporation Savings Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common collective trust (T. Rowe Price Stable Value Fund). The statements of net assets available for benefits present the fair value of the investment in the common collective trust as well as the adjustment from fair value to contract value for fully benefit-responsive investment contracts. The fair value of the Plan's interest in the T. Rowe Price Stable Value Fund is based on information reported by the issuer of the common collective trust at year-end. The contract value of the T. Rowe Price Stable Value Fund represents contributions plus earnings, less participant withdrawals and administrative expenses.

Participant loans are valued at cost, which approximates market.

Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method.

New Accounting Pronouncements

In April 2009, the Financial Accounting Standards Board (FASB) issued FASB Staff Position 157-4, *Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly* (FSP 157-4). FSP 157-4 amended FASB Statement No. 157 (codified as ASC 820) to provide additional guidance on estimating fair value when the volume and level of activity for an asset or liability have significantly decreased in relation to its normal market activity. FSP 157-4 also provided additional guidance on circumstances that may indicate that a transaction is not orderly and on defining major categories of debt and equity securities to comply with the disclosure requirements of ASC 820. The Plan adopted the guidance in FSP 157-4 for the reporting period ended December 31, 2009. Adoption of FSP 157-4 did not have a material effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

2. Summary of Significant Accounting Policies (continued)

In September 2009, the FASB issued Accounting Standards Update 2009-12, *Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* (ASU 2009-12). ASU 2009-12 amended ASC 820 to allow entities to use net asset value (NAV) per share (or its equivalent), as a practical expedient, to measure fair value when the investment does not have a readily determinable fair value and the NAV is calculated in a manner consistent with investment company accounting. The Plan adopted the guidance in ASU 2009-12 for the reporting period ended December 31, 2009, and has utilized the practical expedient to measure the fair value of investments within the scope of this guidance based on the investment's NAV. In addition, as a result of adopting ASU 2009-12, the Plan has provided additional disclosures regarding the nature and risks of investments within the scope of this guidance. Refer to Note 4 for these disclosures. Adoption of ASU 2009-12 did not have a material effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

In January 2010, the FASB issued Accounting Standards Update 2010-06, *Improving Disclosures about Fair Value Measurements*, (ASU 2010-06). ASU 2010-06 amended ASC 820 to clarify certain existing fair value disclosures and require a number of additional disclosures. The guidance in ASU 2010-06 clarified that disclosures should be presented separately for each "class" of assets and liabilities measured at fair value and provided guidance on how to determine the appropriate classes of assets and liabilities to be presented. ASU 2010-06 also clarified the requirement for entities to disclose information about both the valuation techniques and inputs used in estimating Level 2 and Level 3 fair value measurements. In addition, ASU 2010-06 introduced new requirements to disclose the amounts (on a gross basis) and reasons for any significant transfers between Levels 1, 2 and 3 of the fair value hierarchy and present information regarding the purchases, sales, issuances and settlements of Level 3 assets and liabilities on a gross basis. With the exception of the requirement to present changes in Level 3 measurements on a gross basis, which is delayed until 2011, the guidance in ASU 2010-06 becomes effective for reporting periods beginning after December 15, 2009. ASU 2010-06 is not expected to have a material effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

Subsequent Events

Effective June 15, 2009, the Plan adopted the provisions of Accounting Standards Codification (ASC) 855, *Subsequent Events* (ASC 855). ASC 855 requires entities to evaluate subsequent events through the date the financial statements were issued or available to be issued. Management has evaluated subsequent events through October 12, 2010, the date the financial statements were available to be issued.

3. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedules including investments held and the adjustment from fair value to contract value for fully benefit-responsive investment contracts at December 31, 2009, and net appreciation/depreciation in fair value of investments, interest and dividends for the year ended December 31, 2009, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by T. Rowe Price, the trustee of the Plan.

The fair values of individual investments that represent 5% or more of the Plan's net assets are as follows:

	December 31	
	2009	2008
Exxon Mobil Corporation Common Stock Fund (528,946 and 629,578 shares of common stock)	\$ 36,068,858	\$ 50,259,235
T. Rowe Price Equity Income Fund (3,161,102 and 3,522,106 shares of mutual fund)	66,351,534	60,157,575
T. Rowe Price Personal Strategy Balanced Fund (2,611,168 and 2,807,118 shares of mutual fund)	44,729,302	37,082,027
T. Rowe Price Stable Value Fund (113,246,487 and 115,322,452 units of common trust funds)	116,773,399	114,251,452
T. Rowe Price Blue Chip Growth Fund (1,324,792 and 1,388,768 shares of mutual fund)	43,413,448	31,955,547
Fidelity Contrafund (618,776 and 636,284 shares of mutual fund)	36,062,303	28,798,207

During 2009 and 2008, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

	Year Ended December 31	
	2009	2008
Mutual funds	\$ 78,320,406	\$(166,091,171)
Common stock	(7,843,800)	(70,042,899)
Common trust fund	2,424,400	(5,891,097)
	<u>\$ 72,901,006</u>	<u>\$(242,025,167)</u>

4. Fair Value Measurements

ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820 also establishes a fair value hierarchy, which requires an entity to maximize the use of observable inputs when measuring fair value.

The standard describes three levels of inputs that may be used to measure fair value:

- Level 1 – Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.
- Level 2 – Inputs are quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly.
- Level 3 – Valuations are observed from unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following tables set forth by level within the fair value hierarchy the Plan's investment assets and investment liabilities at fair value. As required by ASC 820, assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

The Plan's investments in mutual funds and common stock are stated at fair value based on quoted market prices at year-end. The fair value of the Plan's interest in the T. Rowe Price Stable Value Fund is based on information reported by the issuer of the common/collective trust at year-end. The contract value of the T. Rowe Price Stable Value Fund represents contributions plus earnings, less participant withdrawals and administrative expenses.

Fair Value on a Recurring Basis

Investments measured at fair value on a recurring basis are categorized in the tables below based upon the level of input to the valuations.

	December 31, 2009			
	Level 1	Level 2	Level 3	Total
Common stocks	\$ 36,848,376	\$ —	\$ —	\$ 36,848,376
Mutual funds:				
Domestic equity	235,671,829	—	—	235,671,829
International equity	24,645,336	—	—	24,645,336

- ^(a) This category includes a common/collective trust fund that is designed to deliver safety and stability by preserving principal and accumulating earnings. This fund is primarily invested in guaranteed investment contracts and synthetic investment contracts. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the fund. The fair value of this fund has been estimated based on the fair value of the underlying investment contracts in the fund as reported by the issuer of the fund. The fair value differs from the contract value. As previously discussed in Note 2, contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

5. Reconciliation of Financial Statements to Form 5500 (continued)

Amounts allocated to withdrawing participants are recorded on the Form 5500 for benefit claims that have been processed and approved for payment prior to December 31, 2009, but not yet paid as of that date.

The following is a reconciliation of net realized and unrealized appreciation (depreciation) in fair value of investments per the financial statements to the Form 5500:

	Year Ended December 31 2009
Net realized and unrealized appreciation (depreciation) in fair value of investments per the financial statements	\$ 72,901,006
Change in the adjustment from contract value to fair value for fully benefit-responsive contracts	4,597,912
Net realized and unrealized appreciation (depreciation) in fair value of investments per the Form 5500	<u>\$ 77,498,918</u>

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts. During 2008, the Company closed facilities in conjunction with the Company's strategic initiative plan. As a result, the Plan had a partial plan termination, which resulted in immediate full vesting for employees terminated involuntarily.

7. Plan Tax Status

The Plan has received a determination letter from the IRS dated November 24, 2008, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code), and therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Subsequent to this determination letter by the IRS, the Plan was amended. Due to the impact of the partial plan termination on the Plan, the Plan's sponsor has taken the necessary steps to provide full vesting to affected employees and bring the Plan's operations into compliance with the Code.
