Notes to Financial Statements

March 31, 2010 and 2009

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Benson Industries, LLC (the Company) Profit Sharing and Salary Deferral Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan was adopted on April 1, 1988 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

General - The Plan is a defined contribution plan maintained for the benefit of all eligible employees of the Company. Hourly and salaried employees not covered by a collective bargaining agreement are eligible to participate in the 401(k) portion of the Plan on the next January 1, April 1, July 1 or October 1 after completing three months of service and are eligible to participate in the profit sharing portion of the Plan on the next April 1st entry date after completion of twelve months of service.

Contributions - Participants may contribute up to the lesser of 100% of their eligible compensation or the maximum annual 401(k) deferral. The maximum annual 401(k) deferral for 2010 and 2009 was \$16,500 and \$15,500, respectively. Participants who are age fifty or over could also contribute an additional \$5,500 and \$5,000 in 2010 and 2009, to the 401(k) portion of the Plan, respectively. Participants may also contribute amounts representing distributions from other qualified retirement plans. Contributions to the Plan by the Company are discretionary. For 2010 and 2009, the Company elected to make profit sharing contributions equal to 5% of a participant's eligible compensation.

Liabilities of \$17,442 and \$2,663 are recorded as of March 31, 2010 and 2009, respectively, for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the Internal Revenue Service, which include earnings or losses allocated to the excess contributions.

Vesting - Participants are immediately vested in their elective contributions plus actual earnings thereon. Participants are vested in the Company's profit-sharing contributions plus actual earnings thereon at a rate of 20% after two years of credited service and 20% per year of credited service thereafter. A participant is fully vested after six years of credited service. Participants vest immediately in all contributions plus actual earnings when they reach normal retirement age of 65 or in the event of death or disability, as defined by the Plan.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of employer contributions and actual earnings, and may be charged with an allocation of administrative expenses. Allocations are based on participant compensation or applicable account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF PLAN - Continued

Participants direct the investment of their contributions into various investment options offered by the Plan. Employer profit sharing contributions are directed by the Plan's investment committee. The Plan currently offers fifteen registered investment companies (mutual funds) as investment options for both participant and nonparticipant directed contributions. The mutual fund options are comprised of a cross-section of equity, bond and balanced mutual funds. Participants may change their investment options daily.

Participant Loans - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested 401(k) account balance. The term of the loan repayments range from one to five years for general loans and up to ten years for the purchase of a principal residence. The loans are secured by the balance of the participants' 401(k) account and bear interest at rates determined by the administrator based on the prime-lending rate in effect at the time of the loan. Interest rates on outstanding loans at March 31, 2010 ranged from 5.25% to 10.25%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits - Upon retirement, attainment of age 59½, termination of service, death or permanent disability, a participant or participant's beneficiary with a vested balance over \$1,000 may elect to receive a lump-sum or partial distribution up to the value of the participant's vested account balance, based on certain restrictions as defined by the Plan, or retain their vested interest in the Plan. Participants with a vested account balance less than \$1,000 will receive a lump sum distribution. Benefit payments must commence by April 1 of the calendar year following the calendar year in which the participants attain age 70½. Hardship withdrawals (as defined in the Plan document) are permitted up to the amount of participant contributions.

Forfeited Accounts - Forfeitures of employer profit sharing contributions are allocated to participant accounts in the proportion that each such participant's eligible compensation for that plan year bears to the total eligible compensation of all participants. Forfeited nonvested accounts totaled \$19,310 and \$2,877 as of March 31, 2010 and 2009, respectively.

Administrative Expenses - Certain administrative functions are performed by employees of the Company. No employee of the Company received compensation from the Plan. The Plan pays substantially all of the direct Plan administration expenses. Plan administration expenses consist of investment advisory and recordkeeping fees.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Valuation of Investments and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES - Continued

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded when earned. The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation and depreciation in the fair value of its investments, which consists of the net realized gains (losses) and the unrealized appreciation (depreciation) on those investments.

Participant loans - Participant loans are measured at unpaid principal balance plus accrued, but unpaid interest.

Contributions - Employer and participant contributions are accrued by the Plan in the year in which they are withheld from compensation or become obligations of the Company.

Payment of Benefits - Benefits are recorded when paid.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America and the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA requires the plan administrator to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities, and changes therein during the reporting period, and disclosure of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results could differ from those estimates.

Reclassifications - Certain 2009 amounts have been reclassified to conform to the 2010 financial statement presentation.

NOTE 3 - INVESTMENTS

NOTE 5 - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board Accounting Standards Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

NOTE 5 - FAIR VALUE MEASUREMENTS - Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of March 31, 2010:

	<u>Level 1</u>
Registered investment companies:	
Bond funds	\$ 6,086,195
Value funds	2,659,812
Growth funds	2,357,978
Blend funds	1,573,262
International equity funds	1,570,791
Commodities funds	692,170
Money market funds	<u>147,968</u>
Total assets at fair value	<u>\$ 15,088,176</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of March 31, 2009:

	<u>Level 1</u>
Registered investment companies:	
Bond funds	\$ 3,683,953
Growth funds	1,775,830
Value funds	1,705,898
International equity funds	1,224,081
Blend funds	1,093,498
Commodities funds	226,195
Money market funds	<u>413,261</u>
Total assets at fair value	<u>\$ 10,122,716</u>

The fair value of registered investment companies is based on the quoted net asset values of the shares held by the Plan at year-end. All of the Plan's investments were valued using Level 1 measurements.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Internal Revenue Service has determined and informed the Company by a letter dated July 19, 2001 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code and are therefore exempt from federal income tax. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been recorded in the Plan's financial statements. The Plan was restated effective April 1, 2010, and has requested a determination letter for the restated Plan.

NOTE 9 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the plan is terminated, all participants will become fully vested in employer contributions allocated to their account.

NOTE 11 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of mutual funds. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 12 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 20, 2010, which is the date of the financial statements were available to be issued.
