Deferred Compensation Plan
Notes to Financial Statements
December 31, 2009

Note 1 – Plan Description

The following description of Lake County Press, Inc. Deferred Compensation Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General –

The Plan is a defined contribution plan covering all full–time employees of Lake County Press, Inc. (the Company) who have completed 500 hours of service within six months and are age 20 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions –

The Plan provides for employee salary 401(k) contributions up to a maximum of 100 percent of their annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provided for employer-matching contributions of 25 percent of the participant's deferred compensation that does not exceed 5 percent of the employee's compensation. On April 6, 2009, the Company adopted an amendment and notified employees that the employer-matching contributions would be suspended. On March 1, 2010, the employer executed a complete restatement of the plan. Effective January 1, 2010 the match was reinstated as a discretionary match, not as a fixed match. See note 5.

Participant Accounts –

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on a participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting –

Participant contribution and the employer-match contribution and related earnings are fully vested at all times and are not subject to forfeiture for any reason.

Participant Loans –

Participants may borrow from their accounts a minimum of $1,000 up to a maximum of 50 percent of their account balance, not to exceed $50,000. Loans are collateralized by the participant's account balance and bear interest at a market rate and are payable through participant payroll withholdings under a reasonable repayment schedule of not more than 20 years for loans related to the purchase of a principal residence and five years for other loans.

Benefit Payments –

Distributions are payable upon attainment of age 59 ½, retirement, death, disability or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account.

Hardship Withdrawals –

Participants may request that all or a portion of their account be distributed in the case of severe financial hardship, as defined in the plan document. The Company must approve any such hardship withdrawals.

Termination –

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and the Employee Retirement Security Act of 1974 (ERISA).

Party – In - Interest Transactions –

Certain plan assets are in investment funds managed by Fidelity Investments. Fidelity Investments is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Note 2 – Summary of Significant Accounting Policies

Investment Valuation –

The Plan's investments in mutual funds are stated at fair value based on quoted market values for exchange trades securities. Participant loans are valued at their outstanding balances, which approximates fair value.

Benefit Payments –

Benefits are recorded when paid.

Expenses –

The Company pays substantially all administrative and consulting expenses. Any asset-related fees are paid by the Plan.

Use of Estimates –

The preparation of financial statements in conformity with accounting principals generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties -

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits

Note 3 – Investments

Significant investments at December 31, 2009 are as follows:

	2009	2008
Fidelity Investments		
American Balanced Funds	$ 1,675,364	$ 1,720,261
American Investment Company of America	2,217,458	2,047,762
American Funds Mutual Fund	772,005	979,848
Munder Index 500	892,080	683,961
Fidelity U.S. Government Reserves	2,148,266	3,144,302
American Funds Europacific Growth	1,655,491	1,226,383
American Funds Bond Fund of America	640,491	832,018
Calamos Growth Fund	1,204,271	807,208
American Funds Growth Fund	1,232,067	974,334

The Plan categorizes its financial instruments recorded at fair value into a three-level fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets that the Plan has the ability to assess (Level 1). Investments whose values are based on quoted prices in markets that are not active or model inputs that are observable either directly or indirectly for substantially their full term are designated as Level 2. Investments whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement process are designated as Level 3. If the inputs used to measure the financial statements fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument. All the Plan's mutual fund investments have been designated Level 1.

Note 4 – Tax Status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) that the prototype plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter. Effective April 6, 2009, the Company adopted an amendment regarding the suspension of the employer-matching contribution. Because filing this amendment with the Internal Revenue Service is optional, the Company chose not to file.

Note 5 – Subsequent Events

On March 1, 2010, the Company executed a complete restatement of the plan. Effective January 1, 2010, the employer-matching contribution was reinstated as a discretionary match, not a fixed match. The restated plan is in the form of a volume submitter plan. The volume submitter has also received an opinion letter from the IRS that the form of the plan is acceptable under section 401 (a) of the Internal Revenue Code for the use by employers for the benefit of their employees. The employer has chosen to rely on this opinion letter and not seek an optional individual determination letter with respect to the plan.

Subsequent events have been evaluated by management through October 19, 2010, which approximates the date the financial statements were available to be issued.
