Hitachi Consulting 401(k) Savings Plan
Dallas, Texas

We were engaged to audit the financial statements and supplemental schedule of the Hitachi Consulting 401(k) Savings Plan ("the Plan") as of December 31, 2009 and 2008 and for the year ended December 31, 2009 as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information related to investments summarized in Note 4, which was certified by Fidelity Management Trust Company (the "Trustee"), except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the Trustee as of December 31, 2009 and 2008 and for the year ended December 31, 2009 that the information provided to the plan administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

Hitachi Consulting 401(k) Savings Plan

Notes to Financial Statements

- 1. Plan Description** The following description of the Hitachi Consulting 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General - Hitachi Consulting Corporation (the "Company" or "Employer") established the Plan on November 1, 2000. The Plan is a defined contribution plan providing retirement benefits to qualifying employees of the Company. The Plan is intended to conform to and qualify under Section 401 and 501 of the Internal Revenue Code of 1986 ("IRC"), as amended. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration - The Company is responsible for the administration and operation of the Plan. Fidelity Institutional Retirement Services Company Inc. serves as the Plan's recordkeeper. Fidelity Management Trust Company (the "Trustee") is responsible for the custody and management of the Plan's assets.

Eligibility - An employee may participate in the Plan if such employee is an eligible employee of the Company. Classes of employees excluded from participation in the Plan include: (1) leased employees, or (2) union employees.

Contributions - Participants may contribute up to 50% of their annual compensation, subject to certain limitations, with the contributions and earnings thereon being nontaxable until withdrawn from the Plan. Participants who are age 50 or older can make additional pre-tax contributions known as "Catch-Up Contributions", subject to certain limitations.

The Plan sponsor matches 50% of the first 6% of each participants contribution to the Plan provided the participant is employed by the Employer on the last day of the contribution period. Effective April 1, 2009 the Company is no longer matching participant contributions.

Hitachi Consulting 401(k) Savings Plan

Notes to Financial Statements

Effective July 1, 2007, a Roth 401(k) option was added allowing an after-tax contribution source to the Plan, subject to the current Plan provisions and IRS limitations. Roth contributions and earnings can be withdrawn on a tax-free basis upon retirement, subject to IRS provisions.

Participant Accounts - Each participant account is credited with the participant's and the Company's contributions and an allocation of net plan earnings. Participants may direct the investment of their account balances into various investment options offered by the Plan. Currently, the Plan offers more than 150 mutual funds as investment options for participants.

Vesting - If a participant terminates employment for reasons other than retirement, death, or total and permanent disability, the vested portion of their accounts (other than their salary deferral and rollover contribution accounts, which are always 100% vested) shall be determined in accordance with the following schedule:

Year(s) of Service	Vested Percentage
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 or more years	100%

The vested percentage of a participant's account that transferred from a prior plan to this plan will not be less than their vested percentage determined under the provisions of the prior plan. All Employer contributions vest immediately upon a participant's death, disability, or attainment of the normal retirement age, as defined by the Plan agreement.

Hitachi Consulting 401(k) Savings Plan

Notes to Financial Statements

Payment of Benefits - Upon termination of service, due to death, disability, retirement or separation, a participant receives the vested account balance in a lump-sum distribution. If the value of the vested account is greater than \$1,000, the participant may elect to defer payment to a later date (until they are required by law to receive minimum required distributions).

Forfeitures - Forfeitures by non-vested participants are retained in the Plan and will be first used to pay administrative expenses. Any remaining amounts will be used to reduce future Company contributions. Forfeited amounts at December 31, 2009 were not material to the financial statements.

Participant Loans - Participants may borrow up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The minimum loan amount is \$1,000. The loans are secured by the balance in the participant's account and bear interest at the prime rate quoted on the Federal Reserve website. The Company verifies the current interest rate on the Federal Reserve website and updates the rate on the first day of each month. Interest rates on loans outstanding at December 31, 2009 ranged from 3.25% to 8.25%. The loans are repaid ratably through payroll deductions over a period of five years or less for a general-purpose loan or over a period of fifteen years or less for a primary residence loan.

Administrative Expenses - The Company pays a portion of the administrative expenses on behalf of the Plan. The remainder is paid by the Plan. Administrative expenses include recordkeeping service fees, accounting services, trustee services and audit expenses. The Company paid approximately \$42,061 in administrative expenses for the plan year ended December 31, 2009.

2. Summary of Significant Accounting Policies

Basis of Accounting - The accompanying financial statements have been prepared under the accrual method of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are stated at fair value, based upon quoted market prices, except for participant loans, which are stated at amortized cost, which approximates their fair value. Purchases and sales of investments are recorded on a settlement-date basis, which approximates investments recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Payment of Benefits - Benefits are recorded when paid.

Risks and Uncertainties - The Plan provides for various investment options of specified registered investment companies. The underlying investments held by the registered investment companies include mutual funds. The Plan's investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect participant account balances and the amounts reported in the statement of net assets available for plan benefits.

Recent Accounting Pronouncements - In April 2009, the Financial Accounting Standards Board (FASB) issued guidance under Accounting Standards Codification (ASC) 820 (formerly FSP FAS 157-4, "Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly"). ASC 820 reaffirms that fair

Hitachi Consulting 401(k) Savings Plan

Notes to Financial Statements

value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions. The guidance also reaffirms the need to use judgment in determining if a formerly active market has become inactive and in determining fair values when the market has become inactive. This guidance was adopted by the Plan during 2009 and did not have a material impact on the Plan's financial statements.

In June 2009, the FASB issued ASC 105 (formerly SFAS No. 168, "The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles). This guidance establishes the FASB Accounting Standards Codification (the Codification) as the source of authoritative U.S. generally accepted accounting principles (GAAP) for nongovernmental entities. The Codification supersedes all existing non-SEC accounting and reporting standards. Rules and interpretive releases of the SEC under authority of federal security laws remain authoritative GAAP for SEC registrants. This guidance and the Codification are effective for financial statements issued for annual periods ending after September 15, 2009. As the Codification did not change existing GAAP, the adoption did not have an impact on the Plan's financial statements.

In May 2009, FASB issued ASC 855 (formerly SFAS No. 165, "Subsequent Events"). ASC 855 establishes principles and standards related to the accounting for and disclosure of events that occur between the balance sheet date and issuance of financial statements. ASC 855 requires us to recognize the effects, if material, of subsequent events in the financial statements if the subsequent event provides additional evidence about conditions that existed as of the balance sheet date. The issuer must also disclose the date through which subsequent events have been evaluated and the nature of any nonrecognized subsequent events. Subsequent events that provide information about conditions that did not exist at the balance sheet date shall not be recognized in the financial statements under ASC 855. The adoption did not have an impact on the Plan's financial statements.

Hitachi Consulting 401(k) Savings Plan

Notes to Financial Statements

In September 2009, the FASB issued ASC Update 2009-12, *Fair Value Measurements and Disclosures (Topic 820) – Investment in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)*. This update provides guidance on estimating the fair value of a company's investments in investment companies when the investment does not have a readily determinable fair value. It permits the use of the investment's net asset value as a practical expedient to determine fair value. This guidance also required additional disclosure of the attributes of these investments such as: (i) the nature of any restrictions on the reporting entity's ability to redeem its investment; (ii) unfunded commitments; and (iii) investment strategies of the investees. This guidance is effective for periods ending after December 15, 2009. The adoption did not have a material impact on the Plan's financial condition or results of operations and all applicable disclosures are included in these financial statements.

In January 2010, the FASB issued ASC Update 2010-06, *Fair Value Measurements and Disclosures (Topic 820) – Improving Disclosures about Fair Value Measurements*. This guidance requires: (i) separate disclosure of significant transfers between Level 1 and Level 2 and reasons for the transfers; (ii) disclosure, on a gross basis, of purchases, sales, issuances, and net settlements within Level 3; (iii) disclosures by class of assets and liabilities; and (iv) a description of the valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements. This guidance is effective for reporting periods beginning after December 15, 2009, except for the Level 3 disclosure requirements, which will be effective for fiscal years beginning after December 15, 2010 and interim periods within those fiscal years. The adoption of this guidance is not expected to have a material effect on the financial statements.

4. Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

- Investments as reflected in the Statements of Net Assets Available for Plan Benefits as of December 31, 2009 and 2008;
- Net investment income, as reflected in the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2009 as follows:

<i>Year ended December 31,</i>	2009
Dividend income from investments	\$ 1,204,070
Net realized loss in fair value of investments	1,144,204
Net unrealized gain in fair value of investments	14,431,596

- Investment values disclosed in Note 5;
- Investment information disclosed in Note 3; and
- Investments, as reflected in the Schedule of Assets Held for Investment Purposes at End of Year as of December 31, 2009.

The Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Fair Value Measurements

As of the beginning of the fiscal year ended December 31, 2008, the Plan adopted in provision of ASC 820 (Formerly SFAS No. 157, "Fair Value Measurements"). ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements)

Hitachi Consulting 401(k) Savings Plan

Notes to Financial Statements

and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Basis of Fair Value Measurement

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following table sets forth by level within the fair value hierarchy the Plan investment assets at fair value, as of December 31, 2009 and 2008. As required by ASC 820, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The plan liabilities at December 31, 2009 and 2008 were \$0.

6. Related Party Transactions

Certain plan investments are shares of mutual funds managed by the Trustee, as defined by the Plan. These investments qualify as party-in-interest transactions.

7. Income Tax Status

The Internal Revenue Service determined and informed the Company, in a letter dated March 26, 2003, that the Plan is qualified and the trust established under the Plan was tax-exempt under the appropriate sections of the Internal Revenue Code ("IRC"). Certain amendments have been made to the Plan since the letter was received, however the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, the participants shall become fully vested and the assets of the Plan, less expenses and liquidation costs, shall be distributed to the Plan participants.

Notes to Financial Statements

9. Plan Mergers/ Transfers

There was a plan to plan transfer of assets for a group of employees who were acquired by Hitachi Consulting Corporation from Hitachi America Limited. The group was acquired on April 1, 2009 and the assets from JP Morgan Chase of the 401(k) accounts were transferred on June 1, 2009. Additionally, two employees transferred from Hitachi Consulting Corporation ("HCC") to Hitachi Data Systems ("HDS") - one on March 31, 2009 and the other on April 30, 2009. Both Plans were administered by Fidelity, so this was effectively an internal transfer of asset balances within Fidelity on October 16, 2009.

10. Subsequent Events

We have evaluated subsequent events through October 11, 2010 which is the date the financial statements were available to be issued.
