INDEPENDENT AUDITORS' REPORT

Board of Directors
Horizon Publications, Inc.
401(k) Savings Plan

We were engaged to audit the financial statements-modified cash basis of the Horizon Publications, Inc. 401(k) Savings Plan as of December 31, 2009 and 2008 and for the year ended December 31, 2009, and the supplemental schedule as of December 31, 2009 as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by the Principal Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2009 and 2008 that the information provided to the plan administrator by the custodian is complete and accurate.

As described in Note 2, these financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA).

HORIZON PUBLICATIONS, INC. 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2009 AND 2008

Note 1. Description of Plan

The following description of the Horizon Publications, Inc. 401(k) Savings Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

A. General -

The Plan is a defined contribution plan covering all full time non-union employees of the Company who have six months of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's prototype plan document has been updated by Principal Life Insurance Company to comply with current requirements of the Internal Revenue Code.

B. Contributions -

The Company has the option of making matching and discretionary contributions as determined by the Board of Directors. For the years ending December 31, 2009 and 2008, no employer contributions have been made. Participants may contribute up to one hundred percent of their annual wages subject to annual limitations as prescribed by law.

C. Participant Accounts -

Each participant's account is credited with the participant's contribution and an allocation of (1) the Company's contribution, (2) Plan earnings, and (3) forfeitures of terminated participants' nonvested accounts. Allocations are based on participant earnings, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. The Plan's investment programs are participant directed.

D. Vesting -

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100% vested in employer contributions after three years of credited service.

E. Participant Loans -

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as transfers to (from) the investment fund from (to) the Participant Notes fund. Loan terms range from 1-5 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Interest rates range from 5.25% to 10.25%. Principal and interest is paid ratably not less frequently than quarterly.

F. Payment of Benefits -

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or periodic installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or periodic installments.

Note 2. Summary of Accounting Policies

As stated in the audit report, the Plan's financial statements are prepared on the modified cash basis of accounting. Under this method, certain revenue and related assets are recognized when received rather than when earned, and certain expenses are recognized when paid rather than when the obligation is incurred. Consequently, certain balances shown on the financial statements are different from what the balances would be under the accrual method required by generally accepted accounting principles.

Benefits are recorded when paid.

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Note 3. Investments

Investments are stated at current market value, as determined by Principal Life Insurance Company. Types of investments include guaranteed interest accounts and separate accounts. These accounts are increased by investment earnings and decreased by withdrawals. Guaranteed interest accounts provide a guaranteed interest rate for a certain time period. The rate used is that which is in effect when deposits are made to the account. Separate accounts are valued based on the market value of their underlying assets on a daily basis. The net increase in plan assets for the period ended December 31, 2009 was allocated as follows by Principal Life Insurance Company:

Description	2009 Increase (Decrease)
Money market fund	$ 4,266.97
Bond and mortgage fund	9,451.39

All of the information contained in the statement of changes in net assets available for benefits and the supplemental schedule of investments is based upon information provided by the Principal Life Insurance Company.

Note 6. Fair Value of Financial Instruments

The Plan has financial instruments consisting of investments, none of which are held for trading purposes. The Plan estimates that the fair value of its financial instruments at December 31, 2009 and 2008 does not differ materially from the aggregate carrying values of its financial instruments recorded in the accompanying balance sheet. The estimated fair value amounts have been determined by the Plan using available market information and appropriate valuation methodologies. Considerable judgment is necessarily required in interpreting market data to develop the estimates of fair value, and, accordingly, the estimates are not necessarily indicative of the amounts that the Plan could realize in a current market exchange.

Note 7. Administrative Costs

A portion of the administrative costs of the Plan have been paid by the employer.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits:

December 31, 2009	Fair Value	Quoted Prices in Active Markets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)
Investment Contract with insurance company	$ 349,545.35	$ -	$ -	$ 349,545.35
Separate Account	1,256,869.62	-	1,223,939.36	32,930.26
Participant Loans	27,103.00	-	-	27,103.00
Total	$ 1,633,517.97	$ -	$ 1,223,939.36	$ 409,578.61
December 31, 2008				
Investment Contract with insurance company	$ 335,557.67	$ -	$ -	$ 335,557.67
Separate Account	1,159,095.29	-	1,116,105.44	42,989.85
Participant Loans	25,161.00	-	-	25,161.00
Total	$ 1,519,813.96	$ -	$ 1,116,105.44	$ 403,708.52

SFAS No. 157, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of other than quoted prices within Level 1 that are observable for the asset either directly or indirectly, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs were used when Level 1 inputs were not available, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 2 Fair Value Measurements

The fair value of the pooled separate account is based on net asset values per unit that were all observable and not based on publicly quoted prices.

Level 3 Fair Value Measurements

The guaranteed investment contract with an insurance company, participant loans and the U.S. Property Fund, are not actively traded and significant other observable inputs are not available. Thus, the fair value of the U.S. Property Fund and the guaranteed investment contract are determined by discounting the related cash flows based on current yields of similar instruments with comparable durations. The fair value of participant loans is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance.

The following table provides further details of the Level 3 fair value measurements:

December 31, 2009	Investment Contract	U.S. Property Fund	Participant Loans	Total
