INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Northwest Regional Hospital Tax Sheltered Annuity Plan

We were engaged to audit the accompanying statement of net assets available for benefits of the Northwest Regional Hospital Tax Sheltered Annuity Plan (the Plan) as of December 31, 2009, and the related statement of changes in net assets available for benefits for the year then ended, and the supplemental Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Variable Annuity Life Insurance Company and Lincoln National Life Insurance Company, the asset custodians of the Plan, except for comparing such information with the related information included in the financial statements and the supplemental schedule. We have been informed by the Plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained a certification from the custodians as of December 31, 2009, that the information provided to the Plan administrator by the custodians is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by Variable Annuity Life Insurance Company and Lincoln National Life Insurance Company, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

We have compiled the accompanying statement of net assets available for benefits of Northwest Regional Hospital Tax Sheltered Annuity Plan as of December 31, 2008, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants.

A compilation is limited to presenting in the form of financial statements information that is the representation of management. We have not audited or reviewed the accompanying statement of net assets available for benefits as of December 31, 2008, and, accordingly, do not express an opinion or any other form of assurance on it.

Note 1 - Description of the Plan

The following description of the Northwest Regional Hospital Tax Sheltered Annuity Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more comprehensive description of the Plan's provisions.

General - The Plan is a defined contribution plan that was established effective January 1, 1996, for the benefit of employees of The Regional Hospital for Respiratory and Complex Care (Plan Sponsor). All employees are eligible to participate in the Plan immediately upon employment with Plan entry dates restricted to the beginning of each quarter.

The Plan was most recently amended and restated effective January 1, 2005.

Contributions - Participants may contribute to the Plan through voluntary deferrals of pre-tax earned compensation. Eligible employees may contribute from 1% to 100% of their compensation to the Plan, not to exceed annual limitations prescribed by the Internal Revenue Service (IRS).

Participants are eligible for employer matching and discretionary contributions after reaching the age of 18 and service of at least 1,000 hours per year over the first 24 consecutive months of employment. The Plan Sponsor makes matching contributions equal to 100% of the voluntary deferrals of each employee who is eligible for employer contributions up to 2% of compensation. The Plan Sponsor further contributes a discretionary contribution equal to 5% of compensation for each employee who is eligible for the discretionary contributions.

Participant accounts - Participant contributions to the Plan are voluntary. Participants are allowed to direct the investment of all contributions into various investment options that offer a diversity of investment risk and return. Each participant's account is credited, or debited, with any contributions made to the account, increases or decreases in the market value of investments, any loans and loan repayments, and withdrawals from the account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Allocation provisions - Dividend income, interest income, and net realized and unrealized investment gain or loss of each fund shall be allocated to the accounts of each participant based on the participant's proportionate share of the various investment funds held in his or her investment account.

Vesting - Participants are immediately vested in their salary deferral contributions and all employer contributions plus actual earnings thereon.

Distributions - Upon termination of service, death, disability, or retirement, a participant may elect to receive a distribution of his or her vested account balance or roll their funds into another qualified account. The distribution may be in the form of a lump-sum payment, installment payments, or in the form of an annuity. The Plan also provides for hardship withdrawals in accordance with provisions specified in the Plan document.

Note 1 - Description of the Plan (continued)

Participant loans - The Plan allows participants to borrow from their accounts using their employee deferral balance as collateral for the loans. The maximum amount that a participant may borrow is equal to the lesser of 50% of their entire vested account balance or $50,000. The minimum amount required to be borrowed is $1,000. Loan terms range from one to five years unless it is used to acquire a principal residence, in which case the term is 10 years. The loans bear interest at a rate commensurate with local prevailing rates ranging from 3.00% to 8.25% at December 31, 2009, with maturities through 2013.

Administrative expenses - Several of the investment fund options are subject to investment and administrative fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and thus are not separately disclosed in the accompanying financial statements. Participant loan accounts are assessed a separate fee for the administration of loans and repayments thereof, and such fees are separately disclosed in the financial statements. All other administrative expenses related to the Plan are paid by the Plan Sponsor.

Note 2 - Summary of Accounting Policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Investment valuation - Investments are stated at fair value as certified by the Plan's custodians, Variable Annuity Life Insurance Company (VALIC) and Lincoln National Life Insurance Company (Lincoln). Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date (Note 4).

Income recognition - Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Payment of benefits - Benefits are recorded when paid.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and uncertainties - The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for Plan benefits and the statement of changes in net assets available for Plan benefits.

Note 2 - Summary of Accounting Policies (continued)

Subsequent events - Subsequent events are events or transactions that occur after the balance sheet date but before financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the balance sheet, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the balance sheet but arose after the balance sheet date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 12, 2010, which is the date the financial statements are available to be issued.

Note 3 - Investments

Investments held by the Plan as of December 31, 2009 and 2008, that represent 5% or more of total Plan assets are summarized below:

	2009	2008 (Unaudited)
VALIC Fixed Account	$ 1,635,856	$ 1,351,907
VALIC Dreyfus S&P 500 Index	$ 648,830	$ 322,905
VALIC Dreyfus Intl Stock Index	$ 442,564	$ -
VALIC Dreyfus Bond Mkt Idx Inv	$ -	$ 231,371

Note 4 - Fair Value Measurements

The Plan classified its investments as of December 31, 2009 and 2008, based upon an established fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are as described below:

Basis of fair value measurement

Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 Quoted prices in markets that are not considered to be active or financial instruments without quoted market prices, but for which all significant inputs are observable, either directly or indirectly;

Level 3 Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

Note 4 - Fair Value Measurements (continued)

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual funds - Shares of mutual funds are valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and is classified within level 1 of the valuation hierarchy.

Pooled separate accounts - The Plan has investments in the VALIC and Lincoln, as noted below, which are pooled separate accounts that invest mainly in securities of large-capitalization companies, non-U.S. equity securities, small companies, etc. The Plan Sponsor selects investments that provide a variety of investment strategies such as long-term capital appreciation, capital appreciation, long-term capital appreciation without undue risk to principal, capital appreciation by investing primarily in securities of emerging or other growth-oriented companies, etc.

Units held in pooled separate accounts are valued using the NAV of the fund. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The net asset value of a pooled separate account is calculated based on a compilation of primarily observable market information. The number of units of the fund that are outstanding on the calculation date is derived from observable purchase and redemption activity in the fund. Accordingly, the unit value for a collective investment fund is classified within level 2 of the valuation hierarchy.

Note 4 - Fair Value Measurements (continued)

Guaranteed interest accounts - The Plan offers participants guaranteed interest accounts through VALIC and Lincoln which provide a guaranteed interest rate for a stated period. In accordance with generally accepted accounting principles, the investment in guaranteed interest accounts is stated at fair market value, which is determined based on contract value less an adjustment for the difference between current market interest rates and the actual interest rates on the accounts. Guaranteed interest accounts promise contract value for a benefit event (termination, death, disability, and retirement); however, there is a possible market value adjustment when funds are withdrawn prior to their maturity. The fair values for traditional guaranteed interest accounts are calculated using the present value of the contract's future cash flow values discounted by risk adjusted market rates. Accordingly, the guaranteed interest accounts are classified within level 2 of the valuation hierarchy.

Participant loans - Participant loans are not actively traded and significant other observable inputs are not available. Participant loans are stated at amortized cost, which approximates fair value, and are classified within level 3 of the valuation hierarchy. Loans are secured by each respective participant's account balance.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31 (levels 1, 2, and 3 are defined above):

	Investment Assets at Fair Value as of December 31, 2009

	Participant Loans
Balance, beginning of year	$ 52,183
Purchases, settlements, and dispositions	11,914
Balance, end of year	$ 64,097

Note 5 - Guaranteed Interest Accounts

Certain assets held with Lincoln are subject to contracts that contain provisions for surrender charges in the event of withdrawal before contract expiry. All contracts have an expiration of ten years from contract inception. For withdrawals that occur between contract inception and five years after contract inception, the surrender charge is calculated at 8% of the withdrawal of assets subject to the contract. For withdrawals that occur between six and ten years after contract inception, the surrender charge is calculated at 4% of the withdrawal of assets subject to the contract. For contracts in existence as of December 31, 2009, the expiration dates range from 2010 to 2011.

Note 5 - Guaranteed Interest Accounts (continued)

The Plan's guaranteed interest accounts with VALIC are fully benefit-responsive and are presented at fair value on the statements of net assets available for benefits. The adjustment from fair value to contract value is based on the contract value as reported by VALIC (which represents contributions made under the contracts plus earnings, less withdrawals and administrative expenses). The contracts are fully-benefit responsive. For example, participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk or the contract issuer or otherwise. Crediting rates on the investment contracts are based on a formula agreed upon with the issuer, but may not be less than 3.00%. Interest rates are reviewed on a monthly basis for resetting.

Note 6 - Information Certified by the Custodians

The Plan's management has elected the method of compliance permitted by Section 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Under this provision of ERISA, certain information certified by qualified asset custodians need not be subjected to independent audits. The Plan's management has obtained certifications from certain custodians, VALIC and Lincoln, that the following information provided by the custodians and included in the Plan's financial statements and supplemental schedule is complete and accurate:

Investment Assets at Fair Value as of December 31, 2009

$ 5,432,434	$ 232,169	$ 5,664,603

Investment and other income earned, including investment transactions, for the year ended December 31, 2009:

VALIC (Certified)	Lincoln (Certified)	Total
$ 406,370	$ 50,174	$ 456,544

One of the Plan's asset custodians, American Century (American), provided asset trust reporting for the periods noted, but was unable or unwilling to provide a certification that would allow the Plan administrator to direct the Plan's independent auditors to perform limited scope audits with respect to such information.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 8 - Tax Status

The Plan administrator believes the Plan meets the qualification requirements under Section 403(b) and is tax exempt under provisions of the Internal Revenue Code (the Code). The Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Note 9 - Party-in-Interest Transactions

VALIC, Lincoln, and American served as the custodians and record-keepers for the Plan. As a result, transactions involving these service providers qualify as party-in-interest transactions. Fees paid by the Plan for the year ended December 31, 2009, consisted of $6,085 paid to VALIC, $145 paid to Lincoln, and $40 paid to American.
