These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted out audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. NOTE 1 – DESCRIPTION OF PLAN

The following description of the plan for Ark-La-Tex Financial Services, LLC. (Company) 401 (k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution prototype covering all employees that choose to participate. It is subject to the provisions of the Employees Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute a percent of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefits or contribution plans. Participants direct the investment of their contribution into various accounts offered by an annuity group insurance contract. The accounts consist of investments in common stock, bonds, mortgages, government securities and other fixed income types. The total employer matching contributions, if any, will be determined and authorized by the Company's Board of Directors for each plan year.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in the contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Participant Loans

Any Plan participant who has completed two years of participation in the Plan may apply for a loan from the Plan. A participant must secure each loan as provided in the Advisory Loan Committee Policy. Fifty percent or less of the participant's vested account balance may be considered as security at any one time for purposes of determining if all loans outstanding to the participant are adequately secured.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over their life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Purchases and sales of securities are recorded on a trade-date basis. Earnings on investments are from interest, dividends, and net appreciation in fair value of investments. Income from earnings on investments is recognized at the end of the plan year.

Basis of Accounting

The basis of accounting used on the financial statements is modified cash basis. Receivables and contributions are accrued, whereas; investments, liabilities, deductions, and investments income are reported on a cash basis. Total "cash basis" contributions are $ 166,634 for 2009.

NOTE 3 – INVESTMENTS

The supplemental schedule of this report presents the plan's investments at December 31, 2009.

The Plan's investments are held in an investment annuity contract with Security Benefits Group, account # 5 – 00871, totaling $ 639,921 at December 31, 2009.

NOTE 4 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.
