Independent Auditors' Report

The Plan Administrator
Dura-Line Retirement Savings Plan:

We were engaged to audit the accompanying statements of net assets available for benefits of Dura-Line Retirement Savings Plan as of February 12, 2009 and December 31, 2008, and the related statements of changes in net assets available for benefits for the period January 1, 2009 to February 12, 2009 and the year ended December 31, 2008. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 3 and the amounts in note 4, which was certified by Principal Life Insurance Company (the Trustee), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the Trustee as of February 12, 2009 and December 31, 2008 and for the period January 1, 2009 to February 12, 2009 and for the year ended December 31, 2008 that the information provided to the plan administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Plan transferred all of its assets to the A-D Technologies 401(k) Retirement Savings Plan on February 6, 2009 and was terminated on February 12, 2009.

DURA-LINE RETIREMENT SAVINGS PLAN

Notes to Financial Statements

February 12, 2009 and December 31, 2008

(1) Description of the Plan

The following description of Dura-Line Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan was a defined contribution (401(k) salary deferred) retirement plan established to provide savings benefits to eligible employees. Under the Plan, all employees of Dura-Line Corporation (the Company or Plan Sponsor or employer) who have met eligibility requirements can participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

During 2007, the Company was merged with Arnco Corporation to form a new entity, A-D Technologies. Effective October 1, 2008, an adoption agreement for a new plan, A-D Technologies 401(k) Retirement Savings Plan, was signed and participants of the Plan began contributing to and participating in the new plan. Like the Plan, the new plan is also an adoption of a prototype 401(k) plan offered by Principal Financial Group. Operations and policies that differ from those of the Plan include services requirements, loan availability, vesting, and employer contributions. As a result, there were no employee or employer contributions to the Plan subsequent to October 6, 2008. Effective January 1, 2009, the Plan was merged into the A-D Technologies 401(k) Retirement Savings Plan. On February 6, 2009, all assets of the Plan were transferred to the A-D Technologies 401(k) Retirement Savings Plan and the Plan was terminated on February 12, 2009.

(b) Plan Administration

The Plan was administered by the Plan Committee (the Committee), which was appointed by the board of directors of the Company. The Committee is generally responsible for the selection of Plan investment options, except where such responsibility has been properly delegated. The Plan's trustee, Principal Life Insurance Company (the Trustee), is responsible for the custody and management of the Plan's assets.

(c) Participation

No new participants were permitted after October 1, 2008. Prior to that date, an eligible employee could elect to participate in the Plan on the first day of each month, coinciding with or following attainment of at least six months of service during an eligibility computation period.

(d) Contributions

Until October 6, 2008, participating employees were permitted to contribute from 1% to 100% of eligible compensation on a pretax basis. As a result of the formation of the A-D Technologies 401(k) Retirement Savings Plan, there were no employee or employer contributions to the Plan subsequent to October 6, 2008. Elective pretax contributions could not exceed \$15,500 for the plan year ended December 31, 2008 in the aggregate, inclusive of deferrals contributed to the A-D Technologies 401(k) Retirement Savings Plan. During the plan year ended December 31, 2008, employees over the age of 50 were permitted to contribute an additional \$5,000. The employer match is discretionary as

DURA-LINE RETIREMENT SAVINGS PLAN

Notes to Financial Statements

February 12, 2009 and December 31, 2008

determined and approved by the board of directors of the Company. From January 1, 2008 to September 30, 2008, the Company matched 50% of the first 6% of pay employees contributed through salary deferral.

(e) Vesting

The participants' contributions are fully vested. The employer's contributions are fully vested upon the occurrence of certain events or after one year of continuous service. On February 11, 2009, all assets of the Plan were transferred to the A-D Technologies 401(k) Retirement Savings Plan and the Plan was terminated. Nonvested balances transferred to the A-D Technologies 401(k) Retirement Savings Plan will vest in accordance with the vesting provisions of the A-D Technologies 401(k) Retirement Savings Plan.

(f) Participant Accounts

Each participant's account was credited with the participant's contributions and allocations of the employer's contributions and the Plan's earnings (losses). The account was then charged with an allocation of administrative expenses, to the extent administrative expenses are paid for by the Plan. Allocations are based on participant earnings (losses) or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Forfeited balances of terminated participants' nonvested accounts are used to reduce employer contributions. During the year ended December 31, 2008, employer contributions were reduced by \$1,497 from forfeited nonvested accounts. As a result of the formation of the A-D Technologies 401(k) Retirement Savings Plan, there were no employee or employer contributions to the Plan subsequent to October 6, 2008, and as such, no forfeited nonvested accounts were utilized during the period January 1, 2009 to February 12, 2009.

(g) Payment of Benefits

Benefits become payable upon the participant's death, disability, retirement, termination of service, or attainment of age 59½. On termination of service, a participant may elect to receive either an annuity or lump sum amount if his accrued benefit exceeds \$5,000. Accrued benefits that are greater than \$1,000 but do not exceed \$5,000 are distributed to the participant as a lump sum or rolled over into an Individual Retirement Account.

(h) Investment Options

Participants designate individual investment elections among the available alternatives. Such designation may be expressed as a percentage or a specified dollar amount.

Employer matching contributions are invested in the same proportion as the participants' contributions and are allocated to each participant's account.

(i) Participant Loans

Prior to February 12, 2009, participants were permitted to borrow from their participant accounts a minimum of \$1,000 up to a maximum equal to the lesser of (1) \$50,000 reduced by the excess of the participant's highest outstanding loan balance during the 12 months preceding the date on which the loan was made over the outstanding loan balance on the date the new loan was made or (2) 50% of

the participant's vested account balance. Loans are secured by the vested balance in the participant's account and bear interest at rates that range from 7.00% to 10.25%, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through monthly payroll deductions. Loans are available for a maximum of five years, unless issued for purchase of a primary residence, in which case, the loan is for a maximum period determined by the plan administrator.

(2) Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

(b) Investments

Investments are reported at fair value. Pooled separate accounts are reported by the Trustee at estimated fair value based on the estimated fair value of the underlying investments. The Plan's interest in the insurance company general account is the amount on deposit plus interest earned and represents the amount plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity, which approximates fair value.

The Plan adopted Financial Accounting Standards Board (FASB) Auditing Standards Update (ASU) No. 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans*, effective January 1, 2009, and presents loans to participants as notes receivable at their unpaid principal balance plus accrued but unpaid interest. ASU No. 2010-25 requires retrospective application and as such, outstanding loans held as of December 31, 2008 have been restated and reclassified to conform to the presentation and reporting requirements of ASU No. 2010-25. Prior to the adoption of ASU No. 2010-25 the Plan recorded loans as investments and reported loans at fair value.

The net depreciation in fair value of investments consists of the realized gains and losses and the unrealized appreciation and depreciation on these investments. The cost basis of investment securities used in the determination of net depreciation in fair value of investments is determined through the use of the average cost method. Dividend and interest income is recorded when received.

(c) Administrative Expenses

Expenses of the Plan are paid using the Plan's assets unless paid by the Company. The Company may be reimbursed by the Plan for any plan expenses that the Company pays.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

(d) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires estimates and assumptions to be made that affect certain reported amounts of assets and liabilities, and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(e) *Reclassifications*

Certain reclassifications have been made to the 2008 financial statements to conform to 2009 presentation.

(3) **Information Certified by the Trustee**

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from the Trustee that all of the information provided by the Trustee to the Plan is complete and accurate. Information included in the accompanying financial statements as to investments and investment income and loss, is presented in reliance solely upon those certifications.

On February 6, 2009, all assets of the Plan were transferred to the A-D Technologies 401(k) Retirement Savings Plan and the Plan was terminated on February 12, 2009. Accordingly, there were no assets held by the Plan as of February 12, 2009.

The following table presents the fair value of individual investments that exceed 5% of the Plan's net assets available for benefits at December 31, 2008:

Principal Money Market	\$	128,334
Russell Balanced Strategy		60,912
Principal Government & HQ Bond		47,864
Principal Bond & Mortgage		46,591
Participant loans		38,566
Principal Large Cap S&P 500 Index		34,622
Principal Mid Cap S&P 400 Index		29,430
American Century Large Cap Growth		27,829

The net depreciation in fair value of investments for the period January 1, 2009 to February 12, 2009 and the year ended December 31, 2008 is comprised entirely of net depreciation from pooled separate accounts.

(4) **Fair Value Measurement**

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, defines fair value as the price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820 also establishes a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices in active markets for identical assets or liabilities

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or inputs that are observable or

corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the asset or liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation. This category generally includes certain private debt and equity instruments and alternative investments.

An asset or liability's classification within the fair value hierarchy is based on the lowest level of significant input to its valuation.

Fair value estimates are made at a specific point in time, based on available market information and judgments about the financial asset, including estimates of timing, amount of expected future cash flows and the credit standing of the issuer. In some cases, the fair value estimates cannot be substantiated by comparison to independent markets. In addition, the disclosed fair value may not be realized in the immediate settlement of the financial asset. In addition, the disclosed fair values do not reflect any premium or discount that could result from offering for sale at one time an entire holding of a particular financial asset. Expenses that would be incurred in an actual sale or settlement are not reflected in amounts disclosed.

On February 6, 2009, all assets of the Plan were transferred to the A-D Technologies 401(k) Retirement Savings Plan and the Plan was terminated on February 12, 2009. Accordingly, there were no assets held by the Plan as of February 12, 2009.

The following table presents the Plan's fair value hierarchy for those assets measured at fair value as of December 31, 2008. At December 31, 2008, Level 3 assets comprised approximately 3.3% of the Plan's total investment portfolio fair value:

	<u>Fair value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments:				
Pooled separate accounts	\$ 504,405	—	504,405	—

The following table presents a reconciliation of Level 3 assets measured at fair value for the period January 1, 2008 to February 12, 2009:

		<u>Level 3 assets</u>
Beginning balance as of January 1, 2008	\$	12,716
Income		621

Ending balance as of February 12, 2009	\$	<u><u>—</u></u>

(5) Income Tax Status

The Plan was a prototype plan, which obtained its opinion letter on July 22, 2003, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter; however, the plan administrator believes that the Plan is currently designed and was operated in compliance with the applicable requirements of the IRC.

(6) Plan Termination

Effective January 1, 2009, the Plan was merged into the A-D Technologies 401(k) Retirement Savings Plan. On February 6, 2009, all assets of the Plan were transferred to the A-D Technologies 401(k) Retirement Savings Plan and the Plan was terminated on February 12, 2009.

(7) Excess Contributions

The Plan may refund excess contributions to certain participants in order to satisfy required non-discrimination tests. These refund amounts, plus allocated earnings, are presented as on offset to employee contributions on the statements of changes in net assets available for benefits, and to the extent not refunded by year end, as excess employee contributions payable in the statements of net assets available for benefits. Excess contributions for the plan year ended December 31, 2008 were \$66,775. There were no excess contributions for the period January 1, 2009 to February 12, 2009.

(8) Party-in-Interest Transactions

ERISA defines a party in interest to include fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons just listed. During the period January 1, 2009 to February 12, 2009 and the year ended December 31, 2008 the Plan paid the Trustee \$0 and \$302, respectively. The pooled separate accounts and insurance company general account fund are managed by the Trustee. The Trustee also serves as the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan Sponsor also provides to the Plan certain accounting and administrative services for which no fees are charged.

(9) Prohibited Transactions

During the plan year ended December 31, 2008, the Plan Sponsor inadvertently failed to deposit \$2,163 of participant loan remittances. The DOL considers late deposits to be prohibited transactions. Subsequent to the plan year ended December 31, 2008, the Plan Sponsor deposited the loan remittances to the trust along with corrective contributions to compensate impacted participants for lost earnings. No late fees or penalties were assessed to the impacted participants as a result of the late loan remittances.

(10) Reconciliation of Financial Statements to Form 5500

The following schedule reconciles amounts per the accompanying financial statements to Form 5500 as of February 12, 2009 and December 31, 2008 and for the period January 1, 2009 to February 12, 2009 and the plan year ended December 31, 2008:

	February 12, 2009	December 31, 2008

(11) Plan Amendments

Effective January 1, 2008, the Plan was amended and executed a new adoption agreement. Changes to plan policies or operations included decreasing the service requirement for entry from one year to six months.

(12) Subsequent Events

Subsequent events have been evaluated through October 14, 2010, which is the date the financial statements were issued.
