INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
Medical Systems Management, Inc.
Employee Stock Ownership Plan and Trust
Wakefield, Massachusetts

We have audited the accompanying statements of net assets available for benefits of **Medical Systems Management, Inc. Employee Stock Ownership Plan and Trust** (the Plan) as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of **Medical Systems Management, Inc. Employee Stock Ownership Plan and Trust** as of December 31, 2009 and 2008, and the changes in its net assets available for benefits for the year ended December 31, 2009, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2009 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental information is the responsibility of the Plan's management. The supplemental information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MEDICAL SYSTEMS MANAGEMENT, INC.
EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST

Notes to Financial Statements
For the Year Ended December 31, 2009

1. Plan Description

The following description of Medical Systems Management, Inc. Employee Stock Ownership Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

Medical Systems Management, Inc. established the Medical Systems Management, Inc. Employee Stock Ownership Plan and Trust (the Plan) effective January 1, 1995. As of December 2005 Medical Systems Management, Inc. merged into Picis, Inc., its parent company (the Company).

The Plan has been amended to qualify as a profit sharing plan and trust and to comply with Sections 401(a) and 501(a) and the regulations thereunder of the Internal Revenue Code (the Code) of 1986, as amended. The Plan is also subject to the applicable provisions of the Employee Retirement Income Security Act (ERISA) of 1974, as amended. The Plan administrator is the Company and the trustee of the Plan and related trust is GreatBanc Trust Company (the Trustee).

Plan Amendment

In May 2007 the Board of the Company amended the Plan effective January 1, 2005 to fully vest all participants in their account balances and freeze participation in the Plan.

Eligibility

Prior to January 1, 2005 employees of the Company who had attained age 21 were generally eligible to participate in the Plan after one year of service provided they had worked at least 1,000 hours during such Plan year. Participation began on the first day of the Plan year in which a participant completed the eligibility requirements. Participants who did not have at least 1,000 hours of service during such plan year or were not employed on the last working day of a plan year were generally not eligible for an allocation of Company contributions, if any, for such year.

Participant Accounts / Contributions

The Plan purchased shares of Company common stock using proceeds from Company cash contributions. Cash contributions were allocated to each participant based on his or her salary credits (one credit per \$1,000 in compensation up to a maximum 100 salary credits) plus service credits (ten credits for each year of service up to a maximum of ten years of service) in proportion to total salary and service credits. All investments are non-participant directed.

1. Plan Description (Continued)

Participant Accounts / Contributions (Continued)

The Trustee shall vote all Company stock held by it in such manner as the Trustee shall be directed by the plan administrator or, in the absence of direction, at its discretion.

Vesting

A participant was 100% vested in his or her account upon the completion of five years of continuous service. A Plan amendment in May 2007 gave participants a 100% vested interest in their participant accounts effective January 1, 2005.

Payment of Benefits

No distributions from the Plan will be made until a participant retires, dies (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representative(s)) or otherwise terminates employment with the Company. A participant who terminates employment will, after five one-year breaks in service, receive distributions in cash or, if a participant elects, in the form of Company common shares plus cash for any fractional share. Generally, distributions will be paid out in five substantially equal annual installments.

Forfeited Accounts

Forfeited accounts are non-vested Company contributions forfeited by employees who terminated their employment or withdrew from the Plan. Forfeitures are retained by the Plan and are reallocated to the remaining participant accounts. There were no forfeitures at December 31, 2009.

2. Summary of Significant Accounting Policies

Accounting Standards Codification

Effective July 1, 2009 the Financial Accounting Standards Board's (FASB) Accounting Standards Codification (ASC) became the single official source of authoritative, nongovernmental U.S. generally accepted accounting principles (GAAP). The historical GAAP hierarchy was eliminated and the ASC became the only level of authoritative GAAP. The Plan's accounting policies were not affected by the conversion to ASC. However, references to specific accounting standards in the notes have been changed to refer to the appropriate ASC topics in certain instances or otherwise omitted.

Basis of Accounting

The accompanying financial statements of the Plan are prepared using the accrual basis of accounting in accordance with GAAP.

2. Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

The Plan's investment in the Company's common stock is stated at fair value, which is \$1.95 and \$0.24 at December 31, 2009 and 2008, respectively. Fair value is determined by annual independent appraisals (Note 8). Cash equivalents are stated at cost which approximates fair value.

The change in the fair value of investments and realized gains (losses) are reflected in the accompanying statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments. The realized gain (loss) on investments is the difference between the proceeds received and the fair value of the investment sold at the beginning of the Plan year.

Dividend income is accrued on the ex-dividend date. Interest income is recorded on the accrual basis.

3. Plan Termination

The Company reserves the right to terminate the Plan at any time, subject to the Plan provisions and ERISA. Upon termination of the Plan, the interest of each participant in the trust fund will be distributed to each participant or his or her beneficiary at the time prescribed by the Plan terms and ERISA.

4. Tax Status

The plan received its latest determination letter on November 15, 2005, in which the Internal Revenue Service (IRS) determined that the Plan and related trust, as then designed, was in compliance with the applicable sections of the Code. The plan administrator and the plan tax counsel believe that the Plan and related trust are currently designed and being operated in compliance with applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

5. Voluntary Correction Program Filing

On June 21, 2007 the Company filed a request for a compliance statement pursuant to the Voluntary Correction Program (VCP) with respect to certain documentation and operational issues with regard to the Plan. On June 29, 2009 the Company received a compliance letter from the IRS. Subsequent to the receipt of the compliance letter the Plan allocated the forfeiture account to, and made other adjustments for, participants in accordance with the terms of the compliance letter. The Company is required to contribute to the Plan an additional 82,599 shares (with an appraised value of \$161,069 at December 31, 2009) which is included as a receivable in the statement of net assets available for benefits.

6. Investments

Investments that represent 5% or more of the Plan's net assets are as follows:

	2009	2008
Picis, Inc. common stock	\$ 3,740,533	\$ 460,373
GreatBanc Trust Co. Money Market Fund	558,235	592,052

7. Administration of Plan Assets

The Plan's assets, which consist principally of the Company's common shares and a money market fund, are held by the GreatBanc Trust Company, the trustee of the Plan.

The Company pays for administrative expenses associated with investment management and professional services for the Plan. Distribution fees are charged to participants. The Company provides certain accounting and administrative services for the Plan, including paying for the annual audit, at no charge to the Plan.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants, as of the measurement date. Authoritative guidance establishes a hierarchy of valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (also referred to as observable inputs). The following summarizes the fair value hierarchy:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The determination of where assets and liabilities fall within this fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the years ended December 31, 2009 and 2008.

Common Stock: Fair value is determined by annual independent appraisal.

Money Market Fund: Stated at cost which approximates fair value.

For the Year Ended December 31, 2009

9. Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

Assets at Fair Value as of December 31, 2009			
	Level 1	Level 2	Level 3
Common stock	\$ -	\$ -	\$ 3,740,533
Money market fund	558,235	-	-
Total assets at fair value	<u>\$ 558,235</u>	<u>\$ -</u>	<u>\$ 3,740,533</u>

Assets at Fair Value as of December 31, 2008			
	Level 1	Level 2	Level 3
Common stock	\$ -	\$ -	\$ 460,373
Money market fund	592,052	-	-
Total assets at fair value	<u>\$ 592,052</u>	<u>\$ -</u>	<u>\$ 460,373</u>

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2009:

	Common stock
Balance, beginning of year	\$ 460,373
Unrealized gains relating to instruments still held at year end	3,280,160
Balance, end of year	<u>\$ 3,740,533</u>

10. Exempt Party-in-Interest Transactions

The Plan's investments include the common stock of the Company. Also, certain Plan investments are shares of funds managed by GreatBank Trust Company, a trustee of the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions.

11. Subsequent Events

On February 1, 2010 the Company applied for an updated determination letter from the IRS concerning the qualification of the Plan. The application is still pending.

Effective August 20, 2010 the Company was acquired by Ingenix. Subsequent to the acquisition the Plan continued to hold the Company's shares pending a decision on the termination of the Plan.

Subsequent events were evaluated through November 11, 2010, which is the date the financial statements were available to be issued.
