Notes to Financial Statements

May 24, 2010 and December 31, 2009

NOTE A-DESCRIPTION OF PLAN

The following description of the Lombardi Software, Inc. Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan, which was adopted on July 28, 2000, is a contributory, defined contribution plan covering all eligible employees of Lombardi Software, Inc. (“Plan Sponsor”) except employees covered by a collective bargaining agreement for which retirement benefits have been the subject of good faith negotiations. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each year, participants may contribute the lesser of 25% of their eligible compensation or the maximum amount allowed by law (\$16,500 for 2010) of pretax annual compensation, as defined in the Plan. This Plan also allows for catch-up contributions for participants over 50 years of age. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers seventy one mutual funds and one money market fund as investment options for participants. The Plan Sponsor may make discretionary contributions in an amount determined by the Board of Directors. For 2010 the Plan Sponsor elected not to contribute to the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Plan Sponsor’s contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant’s account and bear interest at which are commensurate with prevailing rates as determined by the Plan administrator. All Plan loans must be repaid in five years, except those that are used for the purchase of a principal residence in which case the loan can be extended for a longer term with the approval of the Plan administrator. In most cases, repayment of the loan will be made through after-tax payroll deductions.

Notes to Financial Statements

(Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after four years of credited service as summarized as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than one year	0%
One year	25%
Two years	50%
Three years	75%
Four years	100%

Payment of Benefits

Benefits become available to participants on the earliest of four events: (1) termination of employment, (2) death of the participant (benefits are payable to the participants spouse or beneficiary), (3) upon the participant's retirement, or (4) disability. Benefits are payable as lump sums, rollover distributions, or installment distributions.

Terminating employees with vested account balances below \$1,000 will automatically be paid out.

On termination of service due to death prior to retirement, the full value of the participant's account becomes 100% vested, and the balance is paid to the participant's spouse or beneficiary.

On termination of service due to retirement after age 65, the full value of the participant's account becomes 100% vested, and the balance is paid to the participant. However, should a participant reach age 65 and not elect to terminate employment, the participant is required to begin taking minimum distributions no later than April 1 of the calendar year following the calendar year the participant turns 70½ or terminates employment, whichever is later.

If the participant becomes disabled and is eligible for Social Security disability benefits, or is determined disabled by a physician selected by the Plan Administrator, the full value of the participant's account becomes 100% vested.

Forfeited Accounts

Forfeitures result from termination of employment before full vesting has occurred. Forfeited balances are available for payment of plan expenses, reduction of future employer contributions or distribution to remaining participants. There were no significant balances for forfeited non-vested accounts at May 24, 2010 and December 31, 2009.

Notes to Financial Statements
May 24, 2010 and December 31, 2009
(Continued)

Distributions During Employment

As a general rule, participant's contributions will remain in the Plan as long as the participant remains employed by the Plan Sponsor. The Plan does provide exceptions to this rule for hardship withdrawals of the participant's contributions under certain circumstances (subject to the satisfaction of the Plan Administrator) that include the following:

- Medical expenses,
- Purchase of a principal residence,
- Post secondary education for participant or their dependents,
- To prevent eviction from or foreclosure on the participants principal residence,
- To make payments for burial or funeral expenses,
- To pay expenses for the repair of damage to principal residence that would qualify for the casualty deduction under Section 165 of the Internal Revenue Code.

Plan Expenses

The expenses of operating and maintaining the Plan have been paid by the Plan Sponsor and through utilization of forfeited accounts, when available. In the event the Plan Sponsor does not continue to pay the Plan expenses, the Plan expenses will be paid by the Plan and charged on a pro-rata basis to the value of the participants account balances.

NOTE B-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Investments are presented at fair value in accordance with GAAP as prescribed for defined contribution plans.

Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Income Recognition

The Plan presents in the statement of changes in net assets available for benefits the net appreciation or depreciation in the fair value of its investments, which consists of realized gains or losses and the unrealized appreciation or depreciation on those investments. Purchases and sales of securities are recorded on a settlement date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment Valuation

Investments are reflected in the accompanying statements of net assets available for benefits at their estimated fair values. Fair value at May 24, 2010 and December 31, 2009, as determined by the Trustee, is based primarily on the quoted market prices of the underlying securities. Money market investments are valued at cost plus accrued earnings, which approximates fair value, as determined by the Trustee. The estimated fair value of participant loans is determined by discounting future expected cash flows using rates currently being offered by the Plan Administrator for similar loans. Because of the inherent uncertainty of these valuations, the estimated values may differ from the actual fair values that may or may not be ultimately realized.

LOMBARDI SOFTWARE, INC. RETIREMENT PLAN

Notes to Financial Statements
May 24, 2010 and December 31, 2009
(Continued)

For investments that are remeasured at fair value on a recurring basis, the Company discloses the hierarchy of the valuation as follows:

Level 1 inputs are when the values are determined using quoted prices in active markets for identical assets that the reporting entity has the ability to access at the measurement date.

Level 2 inputs are inputs other than quoted prices included within Level 1, such as quoted prices for similar assets in active or inactive markets, inputs other than quoted prices that are observable for the asset, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 inputs are when the values are determined using pricing models, discounted cash flow methodologies or similar techniques and at least one significant model assumption or input is unobservable. Level 3 financial instruments also include those for which the determination of fair value requires significant management judgment or estimation.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses, including legal and accounting, are paid by the Plan Sponsor and, accordingly, are not reflected in the accompanying financial statements of the Plan. Certain transaction processing fees are charged to the participants and, therefore, are reflected in the accompanying statement of changes in net assets available for benefits as administrative expenses.

Subsequent Events

The Plan Sponsor evaluates events that occur subsequent to the balance sheet date of periodic reports, but before financial statements are issued for periods ending on such balance sheet dates, for possible adjustment to such financial statements or other disclosure. This evaluation generally occurs through the date at which the Company's financial statements are issued. For the financial statements as of and for the period ending May 24, 2010, this date was October 8, 2010.

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Pension Associates, Inc. ("Plan Trustee"), has certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments, as shown in the Statements of Net Assets Available for Benefits, as of May 24, 2010 and December 31, 2009.

NOTE E-RELATED PARTY TRANSACTIONS

The Plan Sponsor paid certain Plan expenses totaling approximately \$2,400 for the period ended May 24, 2010 for administrative fees and other charges from the Plan Trustee.

The Plan Trustee receives fees from administration and investment management. The investments of the Plan are maintained in the general accounts and separate accounts of the Plan Trustee.

NOTE F-TAX STATUS

The Plan obtained its latest determination letter in 2001, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter; however the Plan Administrator is not aware of any course of action or series of events that might adversely affect the Plan's qualified tax exempt status. Therefore, no provision for income taxes has been included in the plan's financial statements.

NOTE G - FIDELITY BOND

The Plan was covered by a \$1,000,000 fidelity bond which expired on May 8, 2010. Title I, Section 412, requires that every fiduciary and every person who handles funds or other property of a plan be bonded, and that the amount of the bond must be at least to equal the lesser of 10% of the funds handled or \$500,000. This requirement was not met during the period between May 8, 2010 and the transfer of the net assets of the Plan on May 24, 2010.

NOTE H-PLAN MERGER

Pursuant to the acquisition of the Plan Sponsor by IBM on January 26, 2010, the Plan trustees agreed to merge the assets of the Plan with the IBM 401k Plan during 2010. The Plan was frozen after the pay period ending January 29, 2010. Effective May 24, 2010, the net assets of the Plan were transferred to the IBM 401k Plan.
