Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Benefits Committee
Sensus USA Inc. Union Retirement Plan

We have completed a Department of Labor ("DOL") limited-scope audit of the financial statements of Sensus USA Inc. Union Retirement Plan (formerly Sensus Metering Systems Inc. Union Retirement Plan) for the year ended December 31, 2009 and have issued our report thereon dated September 20, 2010. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and schedules taken as a whole.

Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, was well as certain information related to the planned scope and timing of our audit. We have communicated such information to you in our meeting about planning matters. Professional standards also require that we communicate to you the following information related to our audit.

Our Responsibility under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter dated March 3, 2010, our responsibility, as described by professional standards and except as discussed in the first paragraph, is to express an opinion about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of your responsibilities.

As part of our audit and except that we did not, as part of the scope limitation disclosed in the first paragraph, include a consideration of internal control relating to the information summarized in Note 5 to those financial statements, we considered Sensus USA Inc. Union Retirement Plan's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an option on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we advised management about the appropriateness of accounting policies and their application. The significant accounting policies used by Sensus USA Inc. Union Retirement Plan are described in Note 2 to the financial statements. The Plan did not adopt any new accounting policies during 2009. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. The disclosures in the financial statements are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. There were no corrected or uncorrected misstatements.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 20, 2010.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Methods Prescribed by Law	
Liability Measure	Funding target is the present value of the benefits accrued on the valuation date. Target Normal Cost is based on benefits expected to accrue during the current plan year.

Methods Selected by Plan Sponsor	
Asset Measure	The asset valuation method is prescribed by law for plans that elect to use a value other than market value. For each of the preceding two years, an expected value of assets at the end of the year is compared to the end of year market value. The resulting gain or loss is recognized evenly over three plan years. The expected value includes contributions, distributions, any deducted administrative expenses, and expected earnings (based on the lesser of the assumed interest rate or the Maximum Allowable Rate). The deferred gains and losses are added to the current market value and then restricted to no more than 110% and no less than 90% of that market value. When actual returns exceed the assumed return, the actuarial value of assets will lag below market value. The lag and the smoothing effect are limited since the value must be within 10% of market value.
Yield Curve Rates	Full yield curve. Use the rates from the 3rd month preceding the valuation date.
PBGC Premium Basis	Premiums are calculated using the funding target rates used for the plan year. Once elected, must continue on this basis for 5 years before a change can be made.
Methods Elected by Actuary	
Retirees	Assets and liabilities for current and future retirees are included.
HCE Benefit Payment Restrictions	A ratio of the market value of assets and funding target is used to determine if restrictions apply. Assets and Funding Target are as of the valuation date and are reduced by: • any retiree benefit index or floor • amounts for HCEs who were previously restricted • an amount for the retiring HCE

Assumptions and Methods Elected by Actuary Long-Term Contribution Level and SFAS No.35	
With the exceptions below, all assumptions and methods are the same as those used in determining your plan's regular Funding Target and Target Normal Cost.	
Interest Rate Used to Value Liabilities	7.75%
Benefit Liability	Long-Term Contribution Level reflects: • Service projected to the age benefits are assumed to be paid. • Benefit limits projected at 3.00% per year.
Long-Term Contribution Level	Allocates the difference between the Benefit Liability and the Actuarial Value of Assets as a level dollar amount per year.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Line 2a - Explanation of Assets
SENSUS USA INC. UNION RETIREMENT PLAN
EIN 510338883 Plan No. 002

The market value of assets on line 2a does not equal assets shown on Schedule H, Schedule I or Form 5500-SF. Schedule H, Schedule I and Form 5500-SF use the full value of contributions received after plan year end. Line 2a includes the value of $291,493 contributions received after the plan year end with a discounted value of $287,998.

The weighted average retirement age is weighted by the number of active participants whose assumed retirement age occurs at each age.

Schedule SB, Line 25 – Change in Method
SENSUS USA INC. UNION RETIREMENT PLAN
EIN 510338883 Plan No. 002

A change in funding method has occurred since last year due to:

- a change in the valuation interest rate to use yield curve
- use of 3 month lookback for the valuation interest rate
- a change in the asset valuation method to use smoothed value

These changes are available under Code section 430 and do not need IRS approval.

This report reflects the maximum benefit limits under Internal Revenue Code (IRC) Section 415 and maximum compensation limits under IRC Section 401 in effect on the first day of each plan year.

The following is a summary of plan provisions and does not alter the intent or meanings of the provisions contained in the contract or plan document. This report reflects the provisions of the plan signed 02/09/2004 including amendments through number 7 as well as the 2007 Interim Amendment signed 12/11/2007.

Early Retirement Benefit	
Age	Attained age 55.
Service	Ten years of vesting service.
Form	Same as normal retirement benefit.
Amount	**Uniontown, Pennsylvania employees** Accrued benefit on early retirement date reduced by 0.5% per month for each of the first 24 months and 0.3333% for each additional month that early retirement date precedes the attainment of age 62. No reduction applies on or after age 62. **Texarkana, Arkansas employees** Accrued benefit on early retirement date reduced by 0.5% per month for each of the first 60 months and 0.3333% for each additional month that early retirement date precedes normal retirement date. **Sensus Precision Die Casting employees** Accrued benefit on early retirement date reduced by 0.5555% per month for each of the first 60 months and 0.2777% for each additional month that early retirement date precedes normal retirement date.

Late Retirement Benefit	
Age	No maximum age.
Form	Same as normal retirement benefit.
Amount	Accrued benefit on late retirement date.

Termination Benefit	
Vesting Percentage	100% vested after five years of vesting service.
Form	Same as normal retirement benefit with income deferred until normal retirement date.
Amount	Accrued benefit on date of termination multiplied by the vesting percentage.

Immediate Disability Benefit	
Eligibility	Total and permanent disability prior to age 65, after completion of 10 years of vesting service. There is no vesting requirement for employees of Sensus Precision Die Casting, Inc. Employees of Sensus Precision Die Casting, Inc. are only eligible if they are not eligible for long term disability through the employer.
Form	Immediate monthly payments.
Amount	The accrued benefit as of the date of disablement less any employer provided disability benefits.

Expected Disability Benefit	
Eligibility	Sensus Precision Die Casting employees who are covered by long term disability through the employer only. Total and permanent disability prior to normal retirement date.
Form	Expected benefit deferred to participant's normal retirement age.
Amount	The benefit formula for the disabled participant will continue to accrue as if the participant were an active participant until normal retirement age.

Survivor Annuity Death Benefit	
Eligibility	Qualified married participant fully or partially vested in an accrued benefit for all employees. Employees of Texarkana, Arkansas and Uniontown, Pennsylvania are eligible for a survivor benefit for beneficiaries if not married (see next section).
Form	Monthly annuity payable to spouse, deferred to participant's earliest retirement date if later than the date of death.
Amount	If death occurs, the amount paid to the surviving spouse is equal to the amount that would have been paid had the participant terminated employment on the date of death and survived to his/her earliest retirement age, retired with a qualified 50% joint and survivor annuity in effect, then died the next day.

Beneficiary Death Benefit	
Eligibility	Employees of Texarkana, Arkansas and Uniontown, Pennsylvania are eligible for a survivor benefit for beneficiaries if not married and if death occurs after the participant has attained early retirement date.
Form	Monthly annuity payable to beneficiary.
Amount	If death occurs, the amount paid to the beneficiary is equal to the amount that would have been paid had the participant terminated employment on the date of death, retired with a 50% joint and survivor annuity in effect, then died the next day.

Definitions	
Accrual Service	A Uniontown, Pennsylvania participant earns a year of service for each plan year in which the employee completes at least 1000 hours, and a partial year for 84 hours of service completed during the year. A Sensus Precision Die Casting or Texarkana, Arkansas participant earns years of service and fractional parts from employment commencement date to a period of severance on the basis that 365 days equals one year.
Optional Forms of Benefit Payments	The optional forms of benefit payments are: • Monthly annuity payable for life, or 5 or 10 years certain and life. • Monthly annuity payable as a survivorship life annuity with survivorship percentages of 50, 75, or 100. The optional form conversion basis is 7.5% interest and the mortality table in Revenue Ruling 95-6.

Independent Auditors' Report

Benefits Committee
Sensus USA Inc. Union Retirement Plan
Raleigh, North Carolina

We were engaged to audit the accompanying statements of net assets available for benefits of the Sensus USA Inc. Union Retirement Plan (formerly Sensus Metering Systems Inc. Union Retirement Plan) (the "Plan") as of December 31, 2009 and 2008, the related statements of changes in net assets available for benefits for the years ended December 31, 2009 and 2008, and the schedules as of and for the year ended December 31, 2009, as listed in the accompanying table of contents. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5 which was certified by Principal Life Insurance Company and Delaware Charter Guarantee & Trust Company, d/b/a Principal Trust Company, the custodians of the Plan, except for comparing such information with the related information in the financial statements and schedules. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the custodians as of and for the years ended December 31, 2009 and 2008, that the information provided to the plan administrator by the custodians is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. The form and content of the information included in these financial statements and schedules, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

December 31, 2009 and 2008

NOTE 1: DESCRIPTION OF THE PLAN

The following description of the Sensus USA Inc. Union Retirement Plan (formerly known as the Sensus Metering Systems Inc. Union Retirement Plan) (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan was formed on January 1, 2004. The Plan is a defined benefit pension plan that provides certain retirement, death, and disability benefits on a noncontributory basis to eligible employees, retirees, and beneficiaries of employees of Sensus USA Inc. (the "Company"). Eligible plan participants include hourly paid union employees of the Uniontown, Pennsylvania Plant, the Texarkana, Arkansas Plant, and Sensus Precision Die Casting, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Payment of Benefits

Employees of the Texarkana and Uniontown locations with five or more years of service are entitled to monthly pension benefits beginning at normal retirement age (65) equal to the participant's accrued benefit on such date; however, employees of the Uniontown location are eligible for full monthly pension benefits beginning at age 62. Employees of Sensus Precision Die Casting, Inc. with five or more years of service are entitled to monthly pension benefits beginning at normal retirement age (62) equal to the participant's accrued benefit on such date. The Plan allows for early retirement for participants who have attained the age of 55 and have completed ten years of vesting service. Participants may receive the normal monthly retirement benefit under certain retirement alternatives, which is determined as the number of years of continuous service multiplied by a participant's monthly accrued benefit as determined by location as shown below:

Uniontown, PA Plant	Texarkana, AR Plant	Sensus Precision Die Casting, Inc.

Uniontown, PA Plant

Employees of the Uniontown, Pennsylvania Plant are entitled to monthly pension benefits equal to the participants' accrued benefit on the retirement date, reduced by 0.50% for each of the first 24 months and 0.33% for each additional month that the early retirement date precedes the month the participant attains age 62.

Texarkana, AR Plant

Employees of the Texarkana, Arkansas Plant are entitled to monthly pension benefits equal to the participants' accrued benefit on the retirement date, reduced by 0.50% for each of the first 60 months and 0.33% for each additional month that the early retirement date precedes the normal retirement date.

Sensus Pension Die Casting, Inc.

Employees of Sensus Precision Die Casting, Inc. are entitled to monthly pension benefits equal to the participants' accrued benefit on the retirement date, reduced by 0.56% for each of the first 60 months and 0.28% for each additional month that the early retirement date precedes the normal retirement date.

Participants may elect to receive their pension benefits in various forms as provided in the Plan document. If participants leave the Company before rendering five years of service, they forfeit the right to receive their accumulated plan benefits.

NOTE 1: DESCRIPTION OF THE PLAN (concluded)

Death and Disability Benefits

If a participant who has a vested retirement pension dies before his or her pension commencement date, a death benefit will be paid to his or her surviving spouse in accordance with the Plan's provisions.

If a participant becomes totally or permanently disabled before his or her retirement date, either a disability benefit will be payable to him or her, or he or she will continue to accrue benefits in accordance with the Plan's provisions.

Administrative Expenses

Certain administrative expenses are paid by the Company.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America ("GAAP").

Basis of Presentation

The Plan has evaluated subsequent events through September 20, 2010, the date the financial statements were available to be issued.

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits as of January 1, 2009 and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, which are attributable under the Plan's provisions to the service that employees have rendered. The actuarial present value of accumulated plan benefits is determined by Principal Financial Group's Retirement Actuarial Consulting Group, an independent consulting actuary, and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts of interest) and the probability of payment (by means of decrements such as for death, withdrawal or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used as of January 1, 2009 are summarized as follows:

Discount rate on obligations - 7.75% as of January 1, 2009

Rate of return - ranges from 7.50% to 8.74% depending on years of service

Mortality table - 2009 Mortality Table

Retirement age - Age 65 for the Texarkana and Uniontown employees and age 62 for the Sensus Precision Die Casting, Inc. employees.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (concluded)

As of January 1, 2009, the accumulated plan benefits were as follows:

Actuarial present value of accumulated plan benefits:	
Vested benefits:	
Retired participants in pay status	$ 381,872
Active participants	3,786,695
Other participants	297,929
Nonvested benefits	322,962
Total actuarial present value of accumulated plan benefits	$ 4,789,458

Changes in accumulated plan benefits for the year ending January 1, 2009 are summarized as follows:

Actuarial present value of accumulated plan benefits at beginning of year	$ 3,824,397
Changes during the year attributable to:	
Increase due to benefits accumulated and plan experience	764,998
Actual benefits paid	(92,734)
Increase for interest due to decrease in the discount period	292,797
Net increase	965,061
Actuarial present value of accumulated plan benefits as of end of year	$ 4,789,458

The changes represent normal operation of the pension plan. They consist primarily of the increase due to ongoing benefit accruals, namely those items of plan experience that are not associated with asset performance.

Payment of Benefits

Benefit payments to participants are recorded when paid.

NOTE 3: FUNDING POLICY

The Company's policy is to fund at least the actuarially computed minimum funding requirements of ERISA each year. The Plan met the ERISA minimum funding requirements for 2009 and 2008.

NOTE 4: PLAN TERMINATION

Although the Company has not expressed intent to terminate the Plan, it reserves that right as provided in the Plan's agreement. In the event the Plan is terminated, plan assets will be distributed among the participants and beneficiaries based upon a priority allocation procedure pursuant to Title IV of ERISA, and the Company shall be liable for any unfunded vested benefits to the extent required by law. If there are any assets remaining after all of the Plan's liabilities to participants and beneficiaries have been satisfied, such remaining assets shall be returned to the Company.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC") if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit projections is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. For plan terminations occurring during 2009 that ceiling is $4,500 per month. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.

NOTE 5: INFORMATION PREPARED AND CERTIFIED TO BY CUSTODIANS

All investment information disclosed in the accompanying financial statements and supplemental schedules, including investments held as of December 31, 2009 and 2008, and net appreciation and depreciation in fair value of investments for 2009 and 2008 were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the custodians.

NOTE 5: INFORMATION PREPARED AND CERTIFIED TO BY CUSTODIANS (concluded)

	2009	
Investments at fair value:		
Pooled separate accounts	$ 3,244,330	3,010,022
Mutual funds	1,269,192	-
Total investments	$ 4,513,522	3,010,022
Total investment income (loss)	$ 790,356	(1,101,452)

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information included in the financial statements and supplemental schedules.

NOTE 6: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures* ("FASB ASC 820"), provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 framework are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 6: FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of an input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used as of December 31, 2009 and 2008.

Mutual funds - Valued at the net asset value ("NAV") of shares held by the Plan at year end.

Pooled separate accounts - Valued at net asset value ("NAV") based on the market value of the underlying investments, such as equities, preferred stock, bonds, real estate, and mutual funds. The majority of the underlying securities have observable level 1 quoted pricing inputs. While the underlying asset values are quoted prices, the NAV of a pooled separate account is not publicly quoted.

Pooled separate accounts that invest mainly in commercial real estate and include mortgage loans, which are backed by the associated properties, have unobservable 3 pricing inputs. Given the current economic environment, the custodians have determined it is not possible to sell enough properties to honor all withdrawal requests. When the custodians do distribute funds to investors, distributions will be made on a pro-rata basis to all investors subject to the limitation regardless of when the distribution requests were submitted.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2009 and 2008:

	2009			
	Investments at Fair Value			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts:				
Large U.S. equity	$ -	967,771	-	967,771

	Level 1	**Level 2**	**Level 3**	**Total**
Pooled separate accounts	$ -	2,834,057	175,965	3,010,022

Level 3 Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's level 3 investments for the year ended December 31, 2009:

	Pooled Separate Account
Balance, beginning of year	$ 175,965
Unrealized losses relating to instruments still held as of the reporting date	(55,580)
Balance, end of year	$ 120,385

NOTE 7: INVESTMENTS

The following presents the fair value of individual investments that represent 5% or more of the Plan's net assets as of December 31 of the respective years:

	2009	
Principal Bond and Mortgage Separate Account, 985 and 1,168 shares	$ 829,367	808,547
Principal Core Plus Bond I Separate Account, 54,028 shares	611,006	*

Principal Large-Cap Growth Separate Account, 10,357 shares	*	174,458
Principal Partners Large-Cap Growth I Separate Account, 29,106 shares	*	177,925

* Amounts not greater than 5% of the Plan's net assets.

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by:

	2009	
Pooled separate accounts	$ 729,478	(1,101,452)
Mutual funds	60,878	-
Net appreciation (deprecation) in fair value of investments	$ 790,356	(1,101,452)

NOTE 8: RELATED-PARTY TRANSACTIONS

The Plan invests in certain funds managed by the Custodians. Therefore, transactions related to these funds qualify as party-in-interest transactions that are allowable under ERISA.

The Plan does not consider any Company contributions to the Plan to be party-in-interest transactions. The Company provides certain accounting, administrative, and investment management services to the Plan for which no fees are charged.

NOTE 9: INCOME TAX STATUS

The Plan obtained its latest determination letter on December 15, 2005, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the "IRC"). The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.
