| <b>Part I</b> | <b>Service Provider Information (see instructions)</b> |
|---------------|--------------------------------------------------------|

You must complete this Part, in accordance with the instructions, to report the information required for **each person** who received, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of monetary value) in connection with services rendered to the plan or the person's position with the plan during the plan year. If a person received **only** eligible indirect compensation for which the plan received the required disclosures, you are required to answer line 1 but are not required to include that person when completing the remainder of this Part.

**1 Information on Persons Receiving Only Eligible Indirect Compensation**

**a** Check "Yes" or "No" to indicate whether you are excluding a person from the remainder of this Part because they received only eligible indirect compensation for which the plan received the required disclosures (see instructions for definitions and conditions)..... ☒ Yes ☐ No

**b** If you answered line 1a "Yes," enter the name and EIN or address of each person providing the required disclosures for the service providers who received only eligible indirect compensation. Complete as many entries as needed (see instructions).

## Report of Independent Auditors

The Board of Directors,  
St. Luke's Episcopal Health System

We were engaged to audit the accompanying statements of net assets available for benefits of St. Luke's Episcopal Health System 403(b) Plan as of December 31, 2009 and 2008, the related statement of changes in net assets available for benefits for the year ended December 31, 2009, and the supplemental schedule of assets (held at end of year) as of December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by AIG Federal Savings Bank, the trustee of the Plan, and The Variable Annuity Life Insurance Company, the custodian of certain assets of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee and custodian hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the trustee and custodian as of December 31, 2009 and 2008, and for the year ended December 31, 2009, that the information provided to the plan administrator by the trustee and custodian is complete and accurate.

Additionally, the Plan has not maintained sufficient accounting records and supporting documents relating to annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements and supplemental schedule may have been affected by these conditions.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole.

# St. Luke's Episcopal Health System 403(b) Plan

## Notes to Financial Statements

December 31, 2009

### **1. Description of Plan**

The following description of the St. Luke's Episcopal Health System 403(b) Plan (the Plan) provides general information about the Plan's provisions. St. Luke's Episcopal Health System (the System) is the plan sponsor. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the Plan Sponsor.

#### **General**

The Plan is a defined contribution plan covering certain employees of the System and adopting employers. A Committee appointed by the Plan Sponsor administers the Plan. AIG Federal Savings Bank is the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

#### **Eligibility**

Employees of an Employer that has adopted the Plan are eligible to participate in the Plan beginning on the first date the employee completes one hour of employment. "Employee" generally means all common-law employees of each adopting employer. However, employees classified by the committee as residents, Fellows, or ICU House Physicians are not eligible to participate in the Plan for purposes of matching contributions.

#### **Contributions**

Participants automatically have three percent (3%) of their pretax annual compensation contributed to the Plan as a salary deferral contribution, unless the participant elects not to contribute or to contribute an alternate amount, subject to Internal Revenue Service (IRS) limitations. Participants may also contribute rollover amounts representing distributions from other qualified plans.

Each payroll period, participants receive an employer match of an amount equal to fifty percent (50%) of the participant's pretax contribution made during the plan year, not to exceed six percent (6%) of such participant's compensation for the plan year.

Participants may direct the investment of their account balances into one or more of the investment options offered by the Plan.

## Notes to Financial Statements (continued)

### 1. Description of Plan (continued)

#### Participant Accounts

Each participant's account is credited with the participant's contributions and the System's matching contributions and allocations of plan earnings, and is charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the System's matching contributions is based on years of continuous service. A participant is 100% vested after three years of service.

#### Forfeitures

Upon termination of employment, participants forfeit their nonvested balances. If a participant is rehired within a five-year period, the forfeited contributions are reinstated. Forfeited balances of terminated participants' nonvested accounts are used to reduce future System contributions. Unallocated forfeitures balances as of December 31, 2009 and 2008 were approximately \$4,976 and \$6,737, respectively, and forfeitures used to reduce System contributions for 2009 were approximately \$4,976.

#### Participant Loans

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1-5 years or up to 15 years for the purchase of a primary residence. The \$50,000 limit is reduced by the participant's highest outstanding loan balance during the preceding 12-month period. A participant may not have more than two loans outstanding at any point in time. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate of interest which will be established by the Committee. Principal and interest is paid ratably through monthly payroll deductions. If a participant terminates employment with the System, they may continue to make loan payments through a pre-authorized check agreement. If the loan is not repaid, it will automatically be treated as a distribution to the participant after three months.

## Notes to Financial Statements (continued)

### **1. Description of Plan (continued)**

#### **Payment of Benefits**

Upon separation from service with the System due to death, disability, retirement, or termination, a participant may elect to receive either a lump-sum amount or may elect installment payments equal to the vested value of their account.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the IRS and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

#### **Administrative Expenses**

Certain administrative expenses of the Plan are paid by the System, as provided by the Plan's provisions.

#### **Plan Termination**

Although it has not expressed any intent to do so, the System has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts.

### **2. Summary of Significant Accounting Policies**

#### **Basis of Accounting**

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States. Benefit payments to participants are recorded when paid.

##### Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements, accompanying notes, and supplemental schedule. Actual results could differ from those estimates.

##### Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

The Plan entered into a group unallocated fixed annuity contract with The Variable Annuity Life Insurance Company (VALIC). The investment contract is recorded at fair value (see Note 4); however, since this contract is fully benefit-responsive, an adjustment is reflected in the statements of net assets available for benefits to present these investments at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value of the fully benefit-responsive investment contracts represents contributions plus earnings, less participant withdrawals and administrative expenses.

In accordance with Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures* (formerly Financial Accounting Standards Board (FASB) Statement of Financial Accounting Standards (SFAS) No. 157), assets and liabilities measured at fair value are categorized into the following fair value hierarchy:

Level 1 – Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access at the measurement date.

Level 2 – Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.

## St. Luke's Episcopal Health System 403(b) Plan

### Notes to Financial Statements (continued)

#### 2. Summary of Significant Accounting Policies (continued)

Level 3 – Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable. These inputs reflect management's judgment about the assumptions that a market participant would use in pricing the investment and are based on the best available information, some of which may be internally developed.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought, sold, and held during the year.

#### New Accounting Pronouncements

In April 2009, the FASB issued FASB Staff Position (FSP) 157-4, *Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly* (FSP 157-4). FSP 157-4 amended FASB Statement No. 157 (codified as ASC 820, *Fair Value Measurements and Disclosures*) to provide additional guidance on estimating fair value when the volume and level of activity for an asset or liability have significantly decreased in relation to its normal market activity. FSP 157-4 also provided additional guidance on circumstances that may indicate that a transaction is not orderly and on defining major categories of debt and equity securities to comply with the disclosure requirements of ASC 820. The Plan adopted the guidance in FSP 157-4 for the reporting period ended December 31, 2009. Adoption of FSP 157-4 did not have a material effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

In May 2009, the FASB issued SFAS No. 165, *Subsequent Events*, which was codified into ASC 855, *Subsequent Events*, to provide general standards of accounting for and disclosure of events that occur after the financial statement date, but before financial statements are issued or are available to be issued. ASC 855 was amended in February 2010. The Plan has adopted ASC 855, as amended.

In January 2010, the FASB issued Accounting Standards Update 2010-06, *Improving Disclosures about Fair Value Measurements*. ASU 2010-06 amended ASC 820 to clarify certain existing fair value disclosures and to require a number of additional disclosures. The guidance in ASU 2010-06 clarified that disclosures should be presented separately for each "class" of assets and liabilities measured at fair value and provided guidance on how to determine the appropriate

## St. Luke's Episcopal Health System 403(b) Plan

### Notes to Financial Statements (continued)

#### **2. Summary of Significant Accounting Policies (continued)**

classes of assets and liabilities to be presented. ASU 2010-06 also clarified the requirement for entities to disclose information about both the valuation techniques and inputs used in estimating Level 2 and Level 3 fair value measurements. In addition, ASU 2010-06 introduced new requirements to disclose the amounts (on a gross basis) and reasons for any significant transfers between Levels 1, 2, and 3 of the fair value hierarchy, and to present information regarding the purchases, sales, issuances and settlements of Level 3 assets and liabilities on a gross basis. With the exception of the requirement to present changes in Level 3 measurements on a gross basis, which is delayed until 2011, the guidance in ASU 2010-06 is effective for reporting periods beginning after December 15, 2009. Plan management is currently evaluating the effect that the provisions of ASU 2010-06 will have on the Plan's financial statements.

In September 2010, the FASB approved for issuance the FASB ASU on *Reporting Loans to Participants by Defined Contribution Pension Plans*, which is effective for plan years ending after December 15, 2010, with earlier adoption allowed. The new standard will now require that participant loans be classified as notes receivable from participants for generally accepted accounting principles (GAAP) purposes and measured at unpaid principal balance plus accrued but unpaid interest. Prior to this standard, these participant loans were classified as Plan investments, and were subject to the fair value measurement and disclosure requirements of FASB ASC 820. The System has elected to early- adopt this standard and has made the appropriate reclassifications to the statements of net assets available for benefits as of December 31, 2008, to reflect participant loans as loan receivables from participants. In addition, adopting this new standard eliminates the need to calculate fair values and present disclosures for these loans in accordance with FASB ASC 820.

#### **Subsequent Events**

Management evaluated subsequent events for the Plan through November 12, 2010, the date the accompanying financial statements were available to be issued.

(a) Investment is less than 5%

All investment information disclosed in the accompanying financial statements, notes, and supplemental schedule including investments held and the adjustment from fair value to contract value for fully benefit-responsive investment contracts at December 31, 2009 and 2008, and net appreciation in fair value of mutual funds, and interest and dividends for the year ended December 31, 2009, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by AIG Federal Savings Bank, the trustee of the Plan, and VALIC, the custodian of the VALIC Fixed-Interest Fund.

#### 4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

## St. Luke's Episcopal Health System 403(b) Plan

### Notes to Financial Statements (continued)

#### 4. Fair Value Measurements (continued)

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable, either directly or indirectly, for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data, by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation methodologies used for major categories of assets measured at fair value by the Plan:

*Mutual funds:* Valued at the net asset values of shares held by the Plan at year-end, based on quoted market prices.

*Guaranteed interest contract:* See Note 5.

#### 5. Investment Contract with Insurance System

The Plan invests in a fully benefit-responsive investment account, the VALIC Fixed-Interest Fund, through the group unallocated fixed annuity contract with VALIC. The account is supported by the VALIC general account and has no maturity date. The account is recorded at fair value, then adjusted to contract value. Contract value, as reported to the Plan by VALIC, represents contributions made under the contract plus earnings, less participant withdrawals. If all participants were eligible for a distribution of their full accounts from the Plan on the reporting date, the amount payable on demand on the reporting date would be the contract value. The fair value was determined by VALIC using the cash flow due to the Plan under the surrender provisions of the contract, considering current crediting rates and benefit-eligible events, and discounting according to risk-adjusted market rates. There are no reserves against contract value for the credit risk of VALIC.

The crediting interest rate for the VALIC Fixed-Interest Fund will be set in advance of the period to which it relates and will be at least 3% per year. The crediting interest rate is declared periodically, but not less than annually, and may apply to the entire contract value, or separately to amounts accumulated in separate time periods. Crediting rates are set in response to several

factors: (1) the totality of investments previously made by participants, (2) their anticipated payout timing requirements, (3) the current investment climate; (4) contractual minimum interest rate guarantees, (5) competitive requirements, and (6) required return on invested capital supporting the product. The average yield earned by the Plan was approximately 3.79% and 3.47% at December 31, 2009 and 2008, respectively. This is the same average yield credited to participants.

The group unallocated fixed annuity contract does not specify any events that would limit the ability of the Plan to transact at contract value with the issuer or any events that would allow the issuer to terminate the contract and settle for an amount different from contract value. The contract provides payment options of the contract value for surrendering the contract; however, the Plan Sponsor does not intend to surrender the contract.

#### **6. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

#### **7. Related-Party Transactions**

Certain investments of the Plan are managed by AIG Federal Savings Bank, the trustee of the Plan, and VALIC, the custodian of certain assets of the Plan, and therefore, these transactions qualify as party-in-interest transactions. All of these transactions are exempt from the prohibited transactions rules.

#### **8. Tax Status**

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (the Code). The terms of the Plan have been prepared to conform to the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71. The plan administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b). The plan administrator believes that the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the Code and, therefore, believes the Plan is qualified and the related custodial accounts are tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.
