Report of Independent Certified Public Accountants

U.S. Foodservice, Inc. Retirement Administration Committee
PYA/Monarch, Inc. Hourly Operations Employees' Pension Plan

We were engaged to audit the financial statements and supplemental schedule of PYA/Monarch, Inc. Hourly Operations Employees' Pension Plan (the "Plan") as of June 30, 2010 and 2009, and for the years then ended, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes D and E, which was certified by The Northern Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of June 30, 2010 and 2009, and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF THE PLAN

The following brief description of the PYA/Monarch, Inc. Hourly Operations Employees' Pension Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined benefit pension plan covering eligible hourly employees of U.S. Foodservice, Inc. (the "Employer"), who were formerly employed by PYA/Monarch, Inc., as defined in the Plan. In order to provide assets sufficient to meet the benefits to be paid to the Plan participants, the Employer makes contributions in amounts sufficient to meet the Employee Retirement Income Security Act of 1974 ("ERISA") minimum funding requirements.

The Plan was frozen as of December 31, 2001, and benefits were fully vested for active participants on that date.

Trustee Agreement

The Plan operates under a trustee agreement with The Northern Trust Company (the "Trustee").

Pension Benefits

- **Retirement Dates**

Normal - First day of the month coinciding with or next following the attainment of age 65.

Early - First day of any month following attainment of age 55 and completion of 10 or more years of service.

- **Normal Retirement Benefit**

Commencing the first day of the month coinciding with or next following the attainment of age 65.

NOTE A - DESCRIPTION OF THE PLAN - Continued

Pension Benefits - continued

For credited service earned after January 1, 1975, the monthly annuity is determined as the sum of the following:

- a. 1% of average monthly earnings multiplied by credited service as of June 30, 1994 (average earnings include calendar year earnings while a participant of the plan for the period 1989 through 1993).
- b. 0.5% of monthly earnings for the calendar year ended December 31, 1994.
- c. 1% of monthly earnings for each calendar year beginning January 1, 1995 or later.

For active participants as of January 1, 1998, accrued benefits are increased by 10%, with normal 1% of earnings accruals thereafter. However, the monthly annuity amount is subject to a minimum benefit amount determined as \$20 for each year of credited service.

For service prior to January 1, 1975, participants in one of the predecessor plans have a past service benefit equal to the benefit provided under the predecessor plan adjusted as follows:

- a. The benefit under the predecessor plan is multiplied by the ratio of the number of years of service as of January 1, 1975, to the total number of years of service to retirement age.
- b. The benefit is adjusted from a 5-year certain and life annuity to a single life annuity.
- c. The benefit is then increased by 20%.

The benefits under the predecessor plans were equal to flat amounts depending on salary brackets. Union members at the Jacksonville location will be granted \$20 times credited service. Those who had completed at least 10 years of employment at July 1, 1979, and who were eligible to participate on that date, will have their pension amount reduced by the amount of the Teamster's benefit accrued prior to July 1, 1979.

NOTE A - DESCRIPTION OF THE PLAN - Continued

Pension Benefits - continued

- **Early Retirement Benefit**

The benefits under the predecessor plans were equal to flat amounts depending on salary brackets. Union members at the Jacksonville location will be granted \$20 times credited service. Those who had completed at least 10 years of employment at July 1, 1979, and who were eligible to participate on that date, will have their pension amount reduced by the amount of the Teamster's benefit accrued prior to July 1, 1979.

- a. Deferred to Commence at Age 65 - As determined for normal retirement but based upon credited service as of the earlier retirement date.
- b. Early Commencement - The accrued benefit reduced on an actuarially equivalent basis.

- **Disability Retirement Benefit**

- a. Disability Retirement Date - The first day of the month coinciding with or next following the date a participant meets the eligibility requirements.
- b. Amount Payable at Disability Retirement Date - Accrued benefits as of the date employment terminates because of disability.

- **Deferred Vesting Benefit**

Accrued benefit payable beginning at the normal retirement date. If a participant has 10 or more years of service, he/she may elect early commencement of his/her pension on the first day of any month after attainment of age 55. His/her accrued benefit will then be reduced on an actuarially equivalent basis.

- **Pre-Retirement Death Benefits**

- a. Amount and Commencement Date if Active at Time of Death - Effective January 1, 1998, one-half of the deceased participant's accrued benefit at the time of death. The spouse's single life annuity commences effective the first day of the month coinciding with or next following the day on which the participant dies.

NOTE A - DESCRIPTION OF THE PLAN - Continued

Pension Benefits - continued

- **Pre-Retirement Death Benefits - continued**

- b. Amount and Commencement Date if Death Occurs After Termination of Employment
- One-half of the pension the participant would have received had he/she terminated employment on the day before he/she died and commenced receipt of a 50% contingent annuity on the earliest date he/she would have been eligible to do so based on his/her years of credited service at the time of his/her death. The spouse's single life annuity commences on such earliest commencement date.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the Plan's significant accounting policies applied in the preparation of the accompanying financial statements follows.

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The fair value of the Plan's interest in the U.S. Foodservice, Inc. Master Defined Benefit Pension Trust ("Master Trust") is based upon the beginning of year value of the Plan's interest in the Master Trust plus actual contributions and allocated investment income less actual distributions and administrative expenses (See Note E).

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All expenses of the Plan are paid by the Plan.

Subsequent Events

The Plan has evaluated subsequent events through November 15, 2010 the date the financial statements were available to be issued.

NOTE C - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated Plan benefits are those estimated future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service which participants have rendered. Accumulated Plan benefits include benefits expected to be paid to (a) retired or terminated participants or their beneficiaries, (b) beneficiaries of deceased participants, and (c) present participants or their beneficiaries. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included, to the extent they are deemed attributable to service rendered to the valuation date.

The actuarial present value of accumulated Plan benefits is determined by an actuary from MERCER Human Resource Consulting and is that amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and expected date of payment.

**NOTE C - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS -
Continued**

The significant assumptions used in the valuations as of July 1, 2009 and 2008 are:

a. Healthy and Disabled Mortality: Effective July 1, 2009:

2009 PPA static annuitant and nonannuitant mortality

Effective July 1, 2008:

2008 PPA static annuitant and nonannuitant mortality

b. Retirement Age Assumptions: Participants are assumed to retire in accordance with the following table:

<u>Age</u>	<u>Percent Expected to Retire</u>
55-59	8%
60-62	15%
63-64	10%
65	100%

c. Assumed Rate of Return: 8.00% compounded annually.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

NOTE D - INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following information included in the accompanying financial statements is complete and accurate:

- Investments, as shown in the statements of net assets available for benefits as of June 30, 2010 and 2009.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

NOTE E - INTEREST IN U.S. FOODSERVICE MASTER TRUST

The Plan is a member of the Master Trust, which was established for the investment of assets of the Plan and several other U.S. Foodservice, Inc. sponsored retirement plans. Each participating retirement plan has a specified divided interest in the Master Trust. The assets of the Master Trust are held by the Trustee. At June 30, 2010 and 2009, the Plan's interest in the net assets and investment income of the Master Trust was a specified allocation by investment type. Administrative expenses relating to the Master Trust are directly charged or allocated to the individual plans.

The Master Trust follows current guidance which defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 -** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Master Trust has the ability to access.
- Level 2 -** Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 -** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE E - INTEREST IN U.S. FOODSERVICE, INC. MASTER TRUST - Continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at April 30, 2010 and 2009.

Cash and cash equivalents: Valued at original price plus accrued interest.

Collective trust funds (common stock): Valued at the closing price reported on the active market on which the individual securities are traded.

Collective trust funds (cash equivalents): Valued at original cost plus accrued interest.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Master Trust at year-end.

Convertible equities: Valued at the closing price reported on the active market on which the individual securities are traded.

Corporate and government bonds: Valued at the estimated price a dealer will pay for the bonds, which is often the principal amount invested.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Master Trust believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

For the year ended June 30, 2010, the Master Trust adopted the new disclosures requiring the disaggregation of assets by class as required by Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, which did not have a significant impact on the Master Trust's financial statements.

NOTE F - FUNDING POLICY

The Employer is the sole contributor to the Plan. The Employer's funding policy is to contribute the minimum amount required to be funded for each Plan year pursuant to the provisions of ERISA based on actuarial calculations. The Employer's contributions for 2010 and 2009 have met the minimum funding requirements of ERISA.

Although it has not expressed any intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions set forth in ERISA.

**NOTE G - PLAN TERMINATION AND PENSION BENEFIT GUARANTY
CORPORATION**

The Employer reserves the right to amend or terminate the Plan subject to the provisions of ERISA. The Pension Benefit Guaranty Corporation ("PBGC") reserves the right to terminate the Plan if the Employer fails to meet the minimum funding standards or is unable to pay benefits when due.

If the Plan is terminated, the Plan assets will be distributed among the Plan participants based upon a priority allocation procedure and the Employer shall be liable for any unfunded vested benefits to the extent required by law. If there are any assets remaining after all the Plan's liabilities to participants have been satisfied, such remaining assets shall revert to the Employer.

If the Plan terminates, a portion of the benefits under the Plan is insured by the PBGC, a U.S. Government agency. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor benefits. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits and may also depend on the level of benefits guaranteed by the PBGC.

NOTE H - TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Employer by a letter dated October 7, 2003, that the Plan and related trust, as amended, are designed in accordance with the applicable Sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE I - TRANSACTIONS WITH PARTIES-IN-INTEREST

Plan investments are managed by the Plan's Trustee and, as such, these transactions qualify as party-in-interest transactions. Fees paid during the year for legal, accounting, actuarial and other professional services rendered by parties-in-interest were based on customary and reasonable rates for such services.

NOTE J - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated Plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

NOTE K - NONEXEMPT TRANSACTIONS

In late 2007, the Employer determined that certain recordkeeping practices among various accounts of plans within the Master Trust caused prohibited transactions under ERISA. Those practices include the payment process of applicable PBGC premiums for certain plans, as well as the recordkeeping process of the cash portion of the accounts of the plans participating in the Master Trust. Following a complete review of these practices, the Employer determined that there was no adverse impact on the total assets (including earnings) held by the Master Trust as well as the payment of benefits to any participant. During the Plan year ended June 30, 2009, the Employer, to the extent administratively possible, completed full corrective action by making appropriate recordkeeping adjustments, including adjustments for applicable interest. Therefore, the Plan was placed in the position it should have been had the recordkeeping practices not occurred. In addition, all required forms have been filed and any applicable excise tax owed has been paid.

Schedule SB, Part V – Statement of actuarial assumptions/methods

(continued)

Actuarial methods

Asset methods

We used financial data submitted by the trustee as of July 1, 2009 without further audit. Customarily, this information would not be verified by a plan's actuary. We have reviewed the information for internal consistency and we have no reason to doubt its substantial accuracy.

The asset valuation method is an annual average of the adjusted market value over the last two years preceding the valuation date with semi-annual determination dates. The adjusted market value is the market value at each determination date adjusted to the valuation date based on actual cash flows and expected interest at the lesser of the expected rate of return and the third segment rate. This amount is adjusted to be no greater than 110 percent and no less than 90 percent of the fair market value, as defined in IRC Section 430.

A characteristic of this asset valuation method is that, over time, it is slightly more likely to produce an actuarial value of assets that is less than the market value of assets than an actuarial value that is greater than market.

Participant methods

We used the participant data supplied by the plan sponsor. We have reviewed the data and have no reason to doubt its substantial accuracy. Participants or former participants are included or excluded from the valuation as described below:

- **Participants included:** The plan sponsor provides us with data on all employees as of the valuation date, but only those employees who have completed the plan's eligibility requirements are included in the valuation of liabilities.
- **Participants excluded:** No actuarial liability is included for nonvested participants who terminated prior to the valuation date. For this purpose, participants with a break in service on the valuation date are treated as terminated participants.
- **Insurance contracts:** The plan does not have any insurance contracts.
- **Transferred participants:** The liabilities for employees who have transferred into another plan of the plan sponsor have been included with the liabilities for terminated vested participants.

Minimum funding method

The funding target for minimum funding calculations is computed using the traditional unit credit method of funding. The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

- An individual's **accrued liability** is the present value of future benefits based on credited service and average pay as of the beginning of the plan year, and an individual's **normal cost** is the present value of the benefit expected to accrue in the plan year. If multiple decrements are used, the accrued liability and the normal cost for an individual are the sum of the component accrued liabilities and normal costs associated with the various anticipated separation dates.
- The plan's **target normal cost** is the sum of the individual normal costs, and the plan's **funding target liability** is the sum of the accrued liabilities for all participants under the plan.

Maximum deductible contribution method

Calculations of maximum deductible contributions include the excess of the accrued liability computed using the projected unit credit method over the minimum funding target. The objective of the projected unit credit method is to fund each participant's benefits under the plan as they accrue, taking into consideration expected future benefit increases. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

- An individual's **projected accrued liability** is the present value of benefits based on credited service as of the beginning of the plan year and projected benefit that would be used in the calculation of the benefit on each expected separation date. If multiple decrements are used, the accrued liability for an individual is the sum of the component accrued liabilities associated with the various anticipated separation dates.
- The plan's **projected accrued liability** is the sum of the projected accrued liabilities for all participants under the plan. The excess of the plan's projected accrued liability over the plan's funding target is included in the "cushion amount."

Schedule SB, Line 24 – Change in actuarial methods

The mortality was changed from 2008 to 2009 in accordance with PPA and sponsor elections.

Discount rates were updated from 2008 full yield curve without lookback to the 2009 full yield curve with 3-month lookback.

Schedule SB, Line 25 – Change in actuarial methods

Beginning with the 2009 valuation, expected expenses are added to the normal cost and the asset method was changed from fair market value to an average of the adjusted market value over the last two years preceding the valuation date with semi-annual determination dates.

Schedule SB, Part V – Summary of plan provisions

Benefits included or excluded

Unless noted below, all benefits provided by the plan are included in this valuation.

- **Plan amendments:** Amendments adopted after the valuation date or effective after the current plan year are excluded from the valuation.
- **Shutdown benefits:** We are not aware of any corporate actions that would create shutdown benefits; therefore, they are excluded.
- **IRC Section 415(b):** The limitations of Internal Revenue Code Section 415(b) have been incorporated into our calculations.
- **Benefit restrictions:** Benefit restrictions (if applicable) are ignored in this valuation.

Schedule SB, Part V – Summary of plan provisions (continued)

Following is a summary of the major plan provisions used to determine the plan's financial position. It should not be used in determining plan benefits.

Effective date and plan year	<p>The Pearce-Young-Angel Company Pension Trust Plan "B" originally became effective June 10, 1964. The original effective date of the PYA-Goodnight Brothers, Inc. Pension Trust Plan "B" was July 1, 1968. Effective January 1, 1975 these two Plans were amended, restated and continue as one Plan.</p> <p>The 12-month period commencing each July 1st.</p>
Plan year	July 1 through June 30
Most recent amendment	Amended and restated on July 1, 2009.
Eligibility	There are no future new participants and no future accruals. The plan was frozen as of December 31, 2001.
Participant contributions	Neither required nor permitted.
Service considered	<p>Vesting Service</p> <p>A year of service for purposes of determining eligibility to participate in the Plan and benefit eligibility is a 12-month period commencing on the employee's date of hire.</p> <p>Credited Service</p> <p>Number of years and completed calendar months of service from the employee's date of participation. For union employees at the Jacksonville location who met the eligibility requirements on July 1, 1979, service prior to July 1, 1979 is granted from date of hire. Employees of the Capitol Atlanta location have credited service granted after July 1, 1989 only. Schloss & Kahn employees have credited service granted after January 1, 1991 only. No service is credited after December 31, 2001.</p>

Schedule SB, Part V – Summary of plan provisions (continued)

Normal retirement benefit	<p>Commencement Date First day of the month coinciding with or next following attainment of age 65.</p> <p>Amount of Monthly Single Life Annuity For service earned after January 1, 1975, the monthly annuity is determined as the sum of the following:</p> <ol style="list-style-type: none">1. 1% of average monthly earnings multiplied by credited service as of June 30, 1994 (average earnings include calendar year earnings while a participant of the plan for the period 1989 through 1993); and2. ½% of monthly earnings for the calendar year ending December 31, 1994; and3. 1% of monthly earnings for each calendar year beginning January 1, 1995 or later. <p>For active participants as of January 1, 1998, accrued benefits are increased by 10%, with normal 1% of earnings accruals thereafter.</p>
Normal retirement benefit - (continued)	<p>However, the monthly annuity amount is subject to a minimum benefit amount determined as \$20.00 for each year of credited service.</p> <p>For service prior to January 1, 1975, participants in one of the predecessor Plans have a past service benefit equal to the benefit provided under the predecessor Plan adjusted as follows:</p> <ol style="list-style-type: none">1. The benefit under predecessor plans is multiplied by the ratio of the number of years of service as of January 1, 1975 to the total number of years of service to retirement age. (Benefits shown in table at conclusion of this section.)2. The benefit is adjusted from a 5 Year Certain and Life Annuity to a Single Life Annuity.3. The benefit is then increased by 20%. <p>The benefits under the predecessor Plans were equal to flat amounts depending on salary brackets, and are shown in the table at the end of this Section.</p> <p>Union members at the Jacksonville location will be granted \$20.00 times credited service. Those who had completed at least 10 years of employment at July 1, 1979 and who were eligible to participate on that date, will have their pension amount reduced by the amount of the Teamster's benefit accrued prior to July 1, 1979.</p>

Schedule SB, Part V – Summary of plan provisions (continued)

Late retirement benefit	Eligibility Retirement after normal retirement date. Amount Accrued benefit as of the date employment terminates.
Early retirement benefit	Eligibility Attainment of age 55 and completion of 10 or more years of service. Amount <ol style="list-style-type: none">1. Deferred to commence at age 65: as determined for normal retirement but based upon credited service as of the early retirement date.2. Early commencement: the accrued benefit reduced on an actuarially equivalent basis.
Deferred vested benefit	Eligibility Five years of service or attainment of age 65. No service requirement if an active participant on December 31, 2001. Amount Accrued benefit payable beginning at the normal retirement date. If a participant has ten or more years of service, they may elect early commencement of their pension on the first of any month after attainment of age 55. Their accrued benefit will then be reduced on an actuarially equivalent basis.
Disability benefit	Eligibility Ten years of service and eligible for Social Security disability benefits. Disability Retirement Date The first day of the month coinciding with or next following the date a participant meets the eligibility requirements. Amount Payable at Disability Retirement Date Accrued benefit as of the date employment terminates because of disability.

Schedule SB, Part V – Summary of plan provisions (continued)

Death benefit

Eligibility

Completion of five years of service, benefits not in pay status, and married to the same spouse for one year.

Amount and Commencement Date if Active at Time of Death

Effective January 1, 1998, one-half of the deceased participant's accrued benefit at the time of death. The spouse's Single Life Annuity commences effective the first day of the month coinciding with or next following the day on which the participant dies.

Amount and Commencement Date if Death Occurs after Termination of Employment and Prior to Retirement

One-half of the pension the participant would have received had they terminated employment on the day before they died and commenced receipt of a 50% Contingent Annuity on the earliest date they would have been eligible to do so based on their years of credited service at the time of their death. The spouse's Single Life Annuity commences on such earliest commencement date.

Optional forms of retirement benefits

Benefits payable in a form other than a Single Life Annuity are actuarially equivalent to the Single Life Annuity benefit. The normal form of annuity applies unless an optional form is elected.

1. Normal forms:
 - a. Participants not married on the annuity commencement date: Single Life Annuity
 - b. Participants married on the annuity commencement date: 50% Contingent Annuity
 2. Optional forms:
