INDEPENDENT AUDITORS' REPORT

To the Board of Directors
The Velocity Express, Inc. 401(k) Retirement Plan

We were engaged to audit the statements of net assets available for benefits of the Velocity Express, Inc. 401(k) Retirement Plan (the Plan) as of February 28, 2010 and December 31, 2009 (liquidation basis) and the related statement of changes in net assets available for benefits for the period January 1, 2010 through February 28, 2010 (liquidation basis). These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Great-West Life & Annuity Insurance Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of February 28, 2010 and December 31, 2009 and for the periods then ended that the information provided to the Plan administrator by the trustee is complete and accurate.

As described in Note 4 to the financial statements, the Board approved a plan of liquidation on November 16, 2009, and the Plan commenced liquidation February 1, 2010. As a result, the Plan's financial statements have been prepared in accordance with the liquidation basis of accounting. As of February 28, 2010, all Plan assets were either distributed or transferred into a new plan, and the Plan was terminated.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

VELOCITY EXPRESS, INC. 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE PERIOD JANUARY 1, 2010 THROUGH FEBRUARY 28, 2010
AND THE YEAR ENDED DECEMBER 31, 2009

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Velocity Express, Inc. 401(k) Retirement Plan (Plan) is provided for general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all full-time employees of Velocity Express, Inc. (Company) (except union employees, nonresident alien employees, leased employees and employees working outside the United States) who have at least 60 days of service and are age 20 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Funds were obtained from contributions to the Plan and earnings on invested funds.

Contributions - Participants may contribute a portion of their eligible annual compensation as defined by the Plan within the salary deferral limitations imposed by Section 401(k) of the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Employer matching contributions are equal to a discretionary percentage of each participant's contribution, as determined by the Company's Board of Directors. The Company made no matching contributions during 2010. The Company may also make discretionary profit sharing contributions. During 2010, the Company made a discretionary profit sharing contribution to the Plan of approximately \$23,000.

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earning or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions and actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service. Upon notice of Plan termination (see Note 4), all participants were fully vested in their accounts.

Participant Loans - Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by the highest outstanding loan balance in the prior 12-month period. The loan terms range from two to five years, provided, however, that if such loan is to be used to acquire or construct any dwelling unit which is to be used as a principal residence, the loan may be repayable over a period not to exceed 15 years. A participant may not have more than two loans outstanding at one time. Participant loans are secured by the participant's vested account balance, and bear interest at 1% over the prime lending rate published in the *Wall Street Journal* on the first day of the month before the loan is originated. Principal and interest are paid ratably through payroll deductions.

Investment Options - Participants direct the investment of their contributions to various investment options offered by the Plan. As of December 31, 2009, the Plan offered investments in 20 pooled separate accounts and one guaranteed investment contract.

FOR THE PERIOD JANUARY 1, 2010 THROUGH FEBRUARY 28, 2010
AND THE YEAR ENDED DECEMBER 31, 2009

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits - Upon termination of service, death, disability or retirement, participants or beneficiaries are entitled to a distribution equal to the total value of the vested interest in their accounts. Participant distributions due to death, disability or retirement are 100% vested in the Plan. All participants with account balances of less than \$1,000 receive mandatory lump-sum distributions upon termination. Terminated participants with account balances more than \$1,000, but less than \$5,000, will be deposited into the specified IRA account with the trustee, unless otherwise instructed by the participant. In-service withdrawals are permitted in the event of severe and immediate financial hardship or attainment of age 59-1/2. Withdrawals based on financial hardship result in a suspension of employee contributions for six months.

Forfeited Accounts - Forfeitures are used to reduce future employer contributions or to pay Plan expenses. During 2010, the Company used approximately \$17,000 in forfeitures to pay certain Plan expenses and the balance of forfeitures was used to offset the Company's 2010 discretionary profit sharing contribution. The balance in the forfeiture accounts at December 31, 2009 was approximately \$39,000. There were no forfeitures remaining as of February 28, 2010.

Administrative Expenses - Expenses related to plan administration will be paid from Plan assets (either from the use of plan forfeitures or by allocations of costs to participant accounts), except to the extent the expenses are paid (or reimbursed) by the Company. All significant Plan expenses of maintaining the Plan are paid by the Company. Participants electing to withdraw their 401(k) contributions or take out loans are charged a fee, which is deducted from that participant's account.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies applied by the trustee in preparation of the accompanying financial statements follows:

Basis of Accounting - As a result of the termination of the Plan (see Note 4), the Plan has adopted the liquidation basis of accounting in presenting the 2010 and 2009 financial statements. Under the liquidation basis of accounting, assets and liabilities are stated at their estimated net realizable values.

Use of Estimates - The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of the assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value, which approximates liquidation value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Payment of Benefits - Benefits are recorded when paid.

FOR THE PERIOD JANUARY 1, 2010 THROUGH FEBRUARY 28, 2010
AND THE YEAR ENDED DECEMBER 31, 2009

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events - The Plan has adopted a new accounting standard for subsequent events. This guidance defines subsequent events as events or transactions that occur after the balance sheet date, but before the financial statements are issued or are available to be issued. Management has evaluated subsequent events through December 9, 2010, the date on which the financial statements were available to be issued.

NOTE 3 - INVESTMENT CONTRACTS WITH INSURANCE COMPANY

The Plan has an investment contract with Great-West Life & Annuity Insurance Company (Great-West). Great-West maintains the contributions in a pooled account. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Great-West. The contract is considered nonbenefit-responsive and is included in the financial statements at contract value, which approximates fair value, which represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. The average yield of the Great-West contract approximated 3% for 2010 and 2009.

NOTE 4 - PLAN TERMINATION

Velocity Express, Inc., the Plan's sponsor, passed a Board resolution on November 16, 2009 to terminate the Plan. The sponsor had the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon notice of Plan termination, all participants were fully vested in their accounts. As of February 28, 2010, all Plan assets were either distributed or transferred into a new plan, and the Plan was terminated.

NOTE 5 - TAX STATUS

The Plan has been designed under the provisions of a Great-West 401(k) prototype plan. The Internal Revenue Service has determined and informed Great-West, by a letter dated March 31, 2008, that the prototype plan utilized by the Plan is designed in accordance with applicable sections of the IRC. The Plan is operating in reliance on the prototype plan determination letter, and the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Davis NY Venture A	-	845,305
Maxim Loomis Sayles Small-Cap Value A	-	697,130

NOTE 7 - FAIR VALUE MEASUREMENTS

The accounting standard for Fair Value Measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under generally accepted accounting standards are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts: Valued at quoted market price of the underlying investments at year-end.

FOR THE PERIOD JANUARY 1, 2010 THROUGH FEBRUARY 28, 2010
AND THE YEAR ENDED DECEMBER 31, 2009

NOTE 7 - FAIR VALUE MEASUREMENTS (Continued)

Guaranteed investment contract/Guaranteed portfolio fund: Valued at fair value using a discounted cash flow valuation methodology where the interest rate for the investment contract is reset at least as frequently as annually (See Note 2).

Participant loans: Valued at amortized cost, which approximates fair value.

The methods previously described may produce a fair value calculation that might not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value, which approximates liquidation value as of December 31, 2009:

	<u>Assets at Liquidation Value as of December 31, 2009</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Level 3 Gains and Losses - The following table sets forth a summary of changes in the liquidation value of the Plan's Level 3 assets for the period January 1, 2010 through February 28, 2010:

	Level 3 Assets Period January 1, 2010 through February 28, 2010	
	Guaranteed Investment Contract	Participant Loans

Realized gains relating to instruments still held at the reporting date	-	-
Balance, end of period	-	-

NOTE 8 - CERTIFICATION

The Plan administrator has received certification from Great-West, the trustee of the Plan's assets, as to the completeness and accuracy of the investments, except for loans to participants and related interest income. Such information includes the composition and current value of the investments reported in the statement of net assets available for plan benefits and the related investment income reported in the statement of changes in net assets available for plan benefits.

NOTE 9 - TRANSACTION WITH PARTY-IN-INTEREST

Certain plan investments include shares of mutual funds managed by Great-West. Great-West Retirement Services, Inc., a wholly owned subsidiary of Great-West, is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest. In addition, participant loans are considered party-in-interest transactions, since these participants have a vested interest in Plan assets. Fees paid by the Plan to related parties for the investment management services and for Plan expenses amounted to approximately \$17,000 for the period January 1, 2010 through February 28, 2010.
