ZACKS INVESTMENT RESEARCH, INC. 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
February 28, 2010 and 2009

NOTE 1 - Description of the Plan

The following description of the Zacks Investment Research, Inc. 401(k) Savings Plan (the "Plan") provides only general information. Users of these financial statements should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Zacks Investment Research, Inc. (the "Company") and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). All employees who have completed at least one month of service with the Company, as defined in the Plan, and are age 21 or older are eligible to participate. Upon enrollment in the Plan, a participant may direct employer and employee contributions to any combination of various investment options.

Contributions

Participants may contribute up to 100% of pretax annual compensation (salary reduction contributions), as defined in the document, not to exceed the maximum annual amount as permitted by the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Catch-up contributions are also allowed for participants who have attained the age of 50 before the end of the Plan year.

The Company, at its sole discretion, may make a contribution on a year-by-year basis to accounts of participants employed as of the end of the plan year. No contributions were made for the year ended February 28, 2010.

Participants in the Plan may contribute a portion of their salary to the Plan as a Roth 401(k) contribution. These contributions will be subject to current federal income taxation. However, qualified distributions from a Roth 401(k) account, including investment earnings and growth on that account, will not be subject to federal income tax.

Participant Accounts

Each participant's account is credited with the participant's salary reduction contributions, Roth 401(k) contributions, rollover contributions and an allocation of the Company's contributions and plan earnings (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - Description of the Plan (cont.)

Vesting

Participants are immediately 100% vested in their salary reduction, Roth 401(k) contributions and rollover contributions plus earnings thereon.

Participants who leave the Plan because of death, early or normal retirement, or disability retirement, as defined in the document, are considered 100% vested. Company discretionary contributions and earnings thereon vest in accordance with provisions of the document as follows:

Vesting Years of Service	Percentage Vested
0-1	0%
2	20%
3	50%
4	75%
5	100%

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the plan document. The Plan provides for normal retirement at age 65, but not before the fifth anniversary of their entry date. In-service distributions are only allowed after attaining the age of 59-1/2. Participants experiencing financial hardship may withdraw a portion of their account balance as defined in the plan agreement.

Termination of Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their company accounts.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. These loans are secured by the balance in the participant's account. The loans bear interest at rates that range from 4.25% - 9.25%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through regular monthly payroll deductions.

Administrative Expenses

The Plan pays almost all of the administrative expenses.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared on the accrual basis of accounting. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value using quoted market prices on the last day of the plan year. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Participant loans are valued at their amortized cost, which approximates fair value.

Net appreciation of investments included in the accompanying statement of changes in net assets available for benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in fair value of investments. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represents the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Pronouncements - Participant Loans

During September 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2010-25, "Reporting Loans to Participants by Defined Contribution Pension Plans" (ASU 2010-25). The amendments in ASU 2010-25 require that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Additionally, ASU 2010-25 exempts participant loans from the fair value measurement rules. The Plan is currently assessing the effect that ASU 2010-25 will have on its net assets available for benefits or changes in net assets available for benefits.

NOTE 3 - Information Prepared and Certified by Trustee (Unaudited)

All investment information disclosed in the accompanying financial statements and supplemental information, including investments held at February 28, 2010 and 2009, and net appreciation/depreciation in fair value of investments, interest, dividends, and investment expenses for the year ended February 28, 2010, were obtained or derived from information supplied to the Pan administrator and certified as complete and accurate by John Hancock Life Insurance Company (USA), the Tustee of the Plan.

*Investments that represent 5% or more of the Plan's net assets available for benefits.

During the year ended February 28, 2010, the Plan's interest income was $3,047 and investments (including gains and losses on investments bought, sold, and held during the year) appreciated in value by $1,036,608.

Investments, in general, are subject to various risks, including credit, interest, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term, and such changes could materially affect the participants' account balances and amounts reported in the statements of net assets available for benefits.

NOTE 4 - Parties-In-Interest

Certain Plan investments are shares of pooled separate accounts managed by the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services were $35,798 for the year ended February 28, 2010.

NOTE 5 - Fair Value of Financial Instruments

As defined in the accounting standards, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Assets and liabilities measured, reported and/or disclosed at fair value will be classified and disclosed in one of the following three categories:

Level 1 - Quoted market prices in active markets for identical assets or liabilities.

Level 2 - Observable market based inputs or unobservable inputs that are corroborated by market data.

Level 3 - Unobservable inputs that are not corroborated by market data.

The Company is responsible for the determination of fair value. Accordingly, they perform periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the Company has not historically adjusted the prices obtained from the pricing services.

The table below presents the balances of assets and liabilities measured at fair value on a recurring basis by level within the hierarchy.

	February 28, 2010

NOTE 6 - Amount Owed to Participants Withdrawing From the Plan

There were no amounts owed to participants who have withdrawn from the Plan as of February 28, 2010 and 2009, respectively.

NOTE 7 - Related Party

Certain broker services provided to the Plan were compensated with commisions which qualify as related party transactions. Commisions paid by the Plan for these services were $8,337 for the year ended February 28, 2010, and are recorded as administrative expenses on the statement of change in net assets available for benefits.

NOTE 8 - Tax Status

The ERISA Inc. volume submitter profit sharing plan document, which was adopted by the Plan, obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan administrator believes that the Plan, as amended, is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt at the financial statement date.

NOTE 9 - Subsequent Events

The Plan has evaluated subsequent events through December 13, 2010, which is the date that the financial statements were approved and available to be issued, for events requiring disclosure in the Plan's financial statements.
