To the Trustees of
Blair Group, Inc. 401(k) Plan
1511 N. Westshore Blvd., Suite 300
Tampa, FL 33607

We have conducted a Department of Labor ("DOL") limited-scope audit of the financial statements and supplemental schedule of Blair Group, Inc. 401(k) Plan (the "Plan") as of and for the year ended December 31, 2009 and have issued our report thereon dated October 13, 2010. As permitted by 29 CR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 2 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and schedule taken as a whole. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated August 24, 2010. Professional standards also require that we communicate to you the following information related to our audit.

SIGNIFICANT AUDIT FINDINGS

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Blair Group, Inc. 401(k) Plan are described in Note 2 to the financial statements. During 2009, the Plan adopted the provisions related to certain disclosures regarding subsequent events and accounting and disclosures with respect to uncertain tax positions as defined in accounting principles generally accepted in the United States of America. The adoption of these new accounting standards did not have any significant impact on the Plan's financial statements. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

Management's assessment for each of the Plan's investment input levels under Financial Accounting Standards Board Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*. ASC 820 requires that the Plan assess and disclose in the financial statements the level of input for each Plan investment. We evaluated the key factors and assumptions used to make your assessments for each Plan investment in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

The disclosure of the measurement of fair value for each investment held by the Plan as of December 31, 2009. The Plan followed the guidance of ASC 820 which requires that the Plan to disclose how they determined the fair value of its investments by three levels of inputs. The three levels of inputs are: 1) quoted prices in the active market, 2) significant observable inputs, and 3) significant unobservable inputs.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 13, 2010.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Trustees and management of Blair Group, Inc. 401(k) Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Report of Independent Certified Public Accountants

To the Trustees of
Blair Group, Inc. 401(k) Plan
Chesapeake, Virginia

We were engaged to audit the accompanying statement of net assets available for benefits of Blair Group, Inc. 401(k) Plan (the "Plan") as of December 31, 2009 and the related statement of changes in net assets available for benefits for the year then ended, and the supplemental Schedule H, Part IV, Line 4i, Schedule of Assets (Held at End of Year) as of December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2009, and for the year then ended, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

BLAIR GROUP, INC. 401(k) PLAN

Notes to Financial Statements December 31, 2009

Note 1 – Description of the Plan

Blair Group, Inc. 401(k) Plan (the “Plan”) was established on January 1, 2009. The following brief description of the Plan is provided for general information purposes only. Reference should be made to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan that covers the employees of Blair Group, Inc. (the “Company” or “Employer”) who have completed one year of service and have attained age 21. The Plan also permits employees from certain related corporations to participate in the Plan. Those corporations are as follows:

Bear Creek	Cypress Lakes
Blaco Construction	Hyde Park
Blair Group, Inc.	Lake Griffin
Blair Telemarketing	Strawberry Ridge

The Plan has adopted the Automatic Data Processing (“ADP”) Prototype 401(k) and Profit Sharing Plan as the basic Plan document. Administrative fees and all other expenses of the Plan are paid directly by the Company or by the Plan as provided in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Administration – The Company is the Plan sponsor and Plan administrator. Assets of the Plan are held by State Street Bank and Trust Company. Employees of the Company perform certain administrative functions. These employees do not receive compensation from the Plan.

Contributions – Contributions to provide benefits under the Plan are made by Plan participants and the Company. Participants may contribute the maximum allowed under Section 402(g) of the Internal Revenue Code (“IRC”). The maximum contribution limitation for 2009 was \$16,500. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company may contribute a discretionary percentage of the amount of the participants’ deferrals, which the Company will determine each year. For 2009, the Company contributed a match equal to 50% of the first 6% deferred by the participants. The Company may also make a discretionary profit sharing contribution each year, determined by the Company. There was no profit sharing contribution made for 2009. Participants are subject to certain eligibility requirements to receive the Company’s discretionary matching contributions and profit sharing contributions.

Participant Accounts – Each participant’s account is credited with the participant’s and Company’s discretionary matching contributions and an allocation of (a) the Company’s discretionary profit sharing contributions and (b) investment earnings (including net appreciation and depreciation in fair value of investments), and charged with an allocation of administrative expenses not paid by the Company. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Participant Loans – Participants are eligible to borrow up to 50% of their vested balance or \$50,000, whichever is less, but not less than \$500 from the Plan, for any purpose. Loan terms range from one to five years unless the loan is to be used for the purchase of a principal residence for which the time period is not to exceed thirty years. The loans are secured by the balance in the participant’s account and bear interest at prime rate plus two percentage points. The interest rate range for outstanding participant loans was 5.25% - 9.25% at December 31, 2009. Principal and interest are paid ratably through payroll deductions.

BLAIR GROUP, INC. 401(k) PLAN

Notes to Financial Statements December 31, 2009

Note 1 – Description of the Plan (continued)

Vesting – Each participant is 100% vested at all times in his or her salary reduction contributions plus actual earnings thereon. Amounts contributed by the Company for the benefit of each participant plus actual earnings thereon become 100% vested after six years of credited service. Each participant's vesting schedule is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years, but less than 3 years	20%
3 years, but less than 4 years	40%
4 years, but less than 5 years	60%
5 years, but less than 6 years	80%
6 years or more	100%

Payment of Benefits – Upon termination of service due to death, disability, or retirement a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, periodic installments over a period not to exceed the participant's life expectancy or an annuity. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures – At December 31, 2009, forfeited non-vested accounts totaled \$4,926. These accounts are used to reduce future Employer matching contributions. During 2009, Employer contributions were reduced by \$2,190 from forfeited non-vested accounts.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared using the accrual basis of accounting.

In June 2009, the Financial Accounting Standards Board ("FASB") established the FASB Accounting Standards Codification ("ASC") as the single source of authoritative GAAP. The FASB ASC superseded all then existing non-SEC accounting and reporting standards. The issuance of this statement did not change GAAP, but has changed the applicable citations and naming conventions used when referencing GAAP within these financial statements.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Benefits Paid to Participants – Benefits are recorded when paid.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Note 2 – Summary of Significant Accounting Policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date and interest income is recognized when earned. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable – Contributions received from participants during 2009 are net of payments of \$2,613 made in 2010 to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. That amount is also included in the Plan's statement of net assets available for benefits as excess contributions payable at December 31, 2009.

Administrative Expenses – Plan administrative expenses and professional fees are typically paid by the Plan and are reflected in the Plan's financial statements.

Subsequent Events – The Plan has evaluated subsequent events through October 13, 2010 in connection with the preparation of these financial statements, which is the date the financial statements were available to be issued.

Note 3 – Information Certified by the Plan's Trustee (Unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by State Street Bank and Trust Company, the trustee, as of and for the year ended December 31, 2009, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule of assets held at end of year.

Mutual funds	\$ 695,236
Participant loans	31,995
	<u>\$ 727,231</u>

The trustee also certified to the completeness and accuracy of income related to the aforementioned investments of the following:

Net appreciation in fair value of investments	145,394
Dividends and interest	19,723
	<u>165,117</u>

Note 3 – Information Certified by the Plan’s Trustee (Unaudited) (continued)

The following table presents the fair value of the Plan’s investments that represent 5 percent or more of the Plan’s net assets as of December 31, 2009.

Oppenheimer Strategic Income - N	\$	128,114
GS Government Income Fund - A		66,314
Goldman Sachs Income Strat		60,317
GS Mid Cap Value Fund - A		49,120
Oppenheimer Quest International Val		46,923
Goldman Sachs Ret Strat 2020		44,648
Invesco International Growth - R		44,531
Goldman Sachs Ret Strat 2050		40,604

Note 4 – Fair Value Measurements

The Plan determines the fair market value of its financial instruments based on the fair value hierarchy established in accounting standards which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Accounting standards define fair value as the exchange price that would be received for an asset or liability in the most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

Accounting standards describe 3 levels of inputs that may be used to measure fair value:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument’s level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds – These investments are public investment vehicles valued using the Net Asset Value (“NAV”) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Participant Loans – Loans to Plan participants are valued at cost plus accrued interest, which approximates fair value and are classified within Level 3 of the valuation hierarchy.

Note 4 – Fair Value Measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value
Mutual funds*	\$ 695,236	\$ -	\$ -	\$ 695,236
Participant loans*	-	-	31,995	31,995
Total	\$ 695,236	\$ -	\$ 31,995	\$ 727,231

* Not audited, see Note 3.

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2009.

	Level 3 Assets
Balance, beginning of year	\$ -
Interest income	1,774
Purchases, sales, issuances, and settlements (net)	30,221
Balance, end of year	\$ 31,995

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contribution to the Plan at any time and terminate the Plan subject to the provision set forth in ERISA. In the event of termination of the Plan, participants will become 100% vested in their accounts.

Note 6 – Federal Income Tax Status

The Plan is a Non-Standardized Prototype Plan ("Prototype Plan") sponsored by Automatic Data Processing ("ADP") and adopted by the Company. ADP received an opinion letter from the Internal Revenue Service (the "IRS"), dated March 31, 2008, which states the Prototype Plan satisfies the applicable provisions of the Internal Revenue Code. The Plan has not requested its own determination letter from the IRS. The Company and the Plan administrator believe the Plan is designed and operated in compliance with the applicable requirements of the Internal Revenue Code, the Plan and related trust continue to be tax-exempt, and the Plan has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7 – Party-in-Interest Transactions

Fees paid by the Employer during 2009 to the Plan trustee were based on customary and reasonable rates for the trustee's services. Participant loans are transactions entered into between the Plan and participants of the Plan. While these transactions qualify as party-in-interest activity, they are expressly exempted from the prohibited transaction rules (ERISA, Title I, Section 408(b)).

Note 8 – Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available per the financial statements to Form 5500 as of December 31, 2009:

Total net assets available per Form 5500	\$ 727,231
Add: Current year employee and employer receivables	2,091
Less: Excess contributions payable at December 31, 2009	<u>(2,613)</u>
Total net assets available per the financial statements	<u><u>\$ 726,709</u></u>

The following is a reconciliation of employee and employer contributions per the financial statements to Form 5500 for the year ended December 31, 2009:

Total employee and employer contributions per Form 5500	\$ 85,110
Add: Current year employee and employer receivables	2,091
Less: Excess contributions payable at December 31, 2009	<u>(2,613)</u>
Total employee and employer contributions per the financial statements	<u><u>\$ 84,588</u></u>
