NOTE A - DESCRIPTION OF THE PLAN

The following description of the Specialty Promotions, Inc. Profit Sharing Plan (the "Plan") provides only general information. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution profit sharing and 401(k) plan covering eligible employees of Specialty Promotions, Inc. and subsidiary companies named as a participating employer (collectively the "Company"). Employees are eligible to contribute to the Plan upon completion of sixty consecutive days of service. Employees are eligible to participate in employer safe-harbor matching contributions upon completion of one year of service. Employees are eligible to participate in discretionary profit sharing contributions upon completion of one year of service and completion of 500 hours of service during the plan year or are employed on the last day of the plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions

The Plan is funded by voluntary contributions of participants and safe-harbor matching and discretionary profit sharing contributions of the Company. Participants may contribute to the Plan, through regular payroll deductions, an amount subject to limitations imposed by the Internal Revenue Code. Participants may also roll over amounts representing distributions from other qualified employee benefit plans. The Company made or accrued safe-harbor matching contributions of $186,470 to the Plan for the year ending June 30, 2010. The Company accrued discretionary profit sharing contributions of $50,000 to the Plan for the year ended June 30, 2010.

3. Investment Options

Participants must direct their salary deferral contributions and the Company's contributions into a variety of investment funds made available and determined by the Plan Administrator. Participants may change their investment options at any time.

NOTE A - DESCRIPTION OF PLAN (Continued)

4. Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's safe-harbor matching and discretionary profit sharing contributions, and an allocation of plan earnings. The Company's safe-harbor matching contribution is allocated as of the last day of the plan year and is based on a percentage of the participant's contribution. The Company's discretionary profit sharing contribution is allocated as of the last day of the plan year and is based on a ratio of each eligible participant's compensation to total compensation for all eligible participants. Plan earnings are allocated to participants' accounts in direct proportion to their respective account balances, based on the performance of participants' investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

5. Vesting

Participants are immediately fully vested in participant, rollover, and safe-harbor matching contributions plus the actual earnings thereon. The portion of the participants' accounts attributable to the Company's discretionary profit sharing contributions becomes 20% vested after two years of service and continues to vest at the rate of 20% for each successive year until 100% vested after six years of service. In the event of death, disability, or attainment of the Plan's retirement age of 65, participants become fully vested.

6. Payment of Benefits

On termination of service, a participant may elect to receive a single, lump-sum payment equal to the value of his or her vested account balance or a direct rollover distribution. In-service withdrawals are permitted upon attainment of age 59 1/2. Hardship withdrawals are also permitted by the Plan.

7. Administrative Expenses

Administrative expenses of the Plan are paid by the Company and the Plan. Administrative expenses paid by the Company totaled approximately $34,300 for the year ended June 30, 2010.

NOTE A - DESCRIPTION OF PLAN (Continued)

8. Forfeitures

At June 30, 2010 and 2009, unallocated plan assets resulting from forfeited nonvested accounts totaled $34,449 and $67,643, respectively. These accounts will be used to reduce future Company discretionary profit sharing contributions. During 2010, forfeitures of $70,329 were used to reduce Company discretionary profit sharing contributions related to the plan year ended June 30, 2009. Subsequent to year-end, forfeitures of $34,449 were used to reduce Company discretionary profit sharing contributions related to the Plan year ended June 30, 2010. The employer contributions receivable balances at June 30, 2010 and 2009 are stated net of forfeitures.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

As described in Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 962-325 (formerly known as FASB Staff Position AAG INV-1 and Statement of Position 94-4-1), *Plan Accounting - Defined Contribution Pension Plans, Investments - Other,* investment contracts held by a defined contribution plan are required to be reported at fair value.

However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by the ASC, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on the contract value basis.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements

FASB ASC 820 (formerly known as FASB Statement No. 157), *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include the following:

* Quoted prices for similar assets or liabilities in active markets;
* Quoted prices for identical or similar assets or liabilities in inactive markets;
* Inputs other than quoted prices that are observable for the asset or liability;
* Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements

The following is a description of the valuation methodologies used for the Plan's investments measured at fair value. There have been no changes in the methodologies used at June 30, 2010 and 2009.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year-end.

Common/collective trust: Valued at fair value based on market value of underlying investments at year-end.

Other financial instruments: The carrying amounts of other financial instruments, including participant and employer receivables, approximate fair value due to the short maturity of these instruments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investment in the common/collective trust was reported as a Level 3 investment in the June 30, 2009 financial statements. Upon further consideration of the inputs to the valuation methodology for this investment, the Plan determined that a Level 2 classification for this investment is more appropriate. Accordingly, investments in the common/collective trust at June 30, 2010 and 2009 are reported as Level 2 investments in the tables below.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

3. Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Unrealized gains or losses from appreciation or depreciation of investments are recognized as increases or decreases in net assets available for benefits.

4. Use of Estimates

In preparing the Plan's financial statements, management is required to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

5. Payment of Benefits

Benefits are recorded when paid.

6. New Accounting Pronouncements

a. Generally Accepted Accounting Principles

In June 2009, the FASB issued ASC 105, *Generally Accepted Accounting Principles,* which establishes the FASB ASC as the sole source of authoritative generally accepted accounting principles ("GAAP"). Pursuant to the provisions of FASB ASC 105, the Plan has updated references to GAAP in its financial statements issued for the year ended June 30, 2010. The adoption of FASB ASC 105 did not impact the Plan's financial position or results of operations.

6. New Accounting Pronouncements (Continued)

b. Accounting for Uncertainty in Income Taxes

The FASB issued ASC 740 (formerly known as FASB Interpretation No. 48), *Income Taxes*. The Plan adopted this new guidance for the year ended June 30, 2010. Plan management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

NOTE C - INVESTMENTS

All investment information, including investments held at June 30, 2010 and 2009, net appreciation in the fair value of investments, and interest and dividends for the year ended June 30, 2010, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by MG Trust Company, LLC, the custodian. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the investment information certified by the custodian.

The following table presents the fair value of the investments in the Plan. Individual investments representing more than 5% of the Plan's net assets as of June 30, 2010 and 2009, are separately identified.

NOTE D – INCOME TAX STATUS

Effective January 21, 2003, the Plan adopted a nonstandardized form of a prototype plan sponsored by Correll Co. The prototype plan was amended and restated effective March 31, 2008, which was adopted by the Plan November 20, 2009. The prototype plans have received opinion letters from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letters have been relied upon by this Plan. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become fully vested in their respective account balances.

NOTE F - MARKET RISK

The value of the Plan's investments is subject to market risk associated with potential fluctuations in the values of the underlying securities. Fluctuations in the market value of the Plan's investments could be material to the financial statements.

NOTE G - RELATED-PARTY TRANSACTIONS

Plan investments are managed by Correll Company. Correll Company is the recordkeeper, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid to the related party totaled $8,957 for the year ended June 30, 2010.

NOTE H - RECONCILIATION OF AUDITED FINANCIAL STATEMENTS TO FORM 5500

The following are reconciliations of net assets available for benefits, participant contributions, employer contributions, and total investment income from these financial statements to the Form 5500. The reconciliation items are a result of the fact that the 2010 and 2009 Form 5500s were prepared on the cash basis rather than the accrual basis and were prepared using investment fair value rather than contract value, as required by accounting principles generally accepted in the United States of America.

All changes due to this amendment are effective as of July 1, 2007. Interested parties should refer to the plan document for a more complete description of the amendment.

NOTE J - SUBSEQUENT EVENTS

In July 2010, the Plan was amended to name SP Acquisition IL, LLC d/b/a Specialty Print Communications as a participating employer in the Plan. No other material modifications were made to the Plan.

Plan management has evaluated subsequent events through December 22, 2010, the date that these financial statements were available to be issued.
