INDEPENDENT AUDITOR'S REPORT

To the Plan Administrators of the
Kane Russell Coleman & Logan PC 401(k) Profit Sharing Plan

We were engaged to audit the financial statements and supplemental schedules of Kane Russell Coleman & Logan PC 401(k) Profit Sharing Plan (the "Plan") as of December 31, 2008 and 2007, and for the year ended December 31, 2008, as listed in the accompanying table of contents. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 4, which was certified or provided by State Street Bank and Trust Company of New Hampshire, the custodian and trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. As disclosed in Note 3, the Plan Administrator has obtained certifications from the trustee regarding the completeness and accuracy of the investment information provided to the Plan Administrator by the trustee as of and for the years ended December 31, 2008, and 2007.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

Note 1 - Description of the Plan

The following description of the Kane Russell Coleman & Logan PC 401(k) Profit Sharing Plan (the "Plan"), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Kane Russell Coleman & Logan PC (the "Company") who have completed three months of service and are age twenty-one or older. The Plan was created July 1, 1993. Effective July 1, 2004, the Plan adopted a master plan under the American Bar Association Members Retirement Plan, sponsored by the ABA Retirement Funds Program ("ABA/RF"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Administration

In accordance with the Plan document, the Plan is administered by the Company. State Street Bank and Trust Company of New Hampshire ("State Street") serves as trustee and custodian of the Plan assets. ABA/RF has engaged ING Institutional Plan Services, LLP ("ING") to provide recordkeeping and administrative services for the Plan.

Contributions

Participant Contributions- After three months of service, participants may elect to contribute a portion of their compensation to the Plan up to the maximum annual limits established by the Internal Revenue Code ("IRC"). Participants may make pre-tax elective and Roth 401(k) contributions.

Matching Contributions- Each plan year, the Company may make matching contributions at its sole discretion. Participants must make elective contributions, have one year of service and may not be a shareholder of the Company, in order to receive matching contributions. A participant's matching contribution is measured as a percentage of their elective contributions.

Employer Discretionary Contributions- Each plan year, the Company may make discretionary contributions. These contributions are allocated to participants that have been credited with at least 1,000 hours of service during the plan year and are employed on the last day of the plan year. In 2008, the Company did not make any discretionary contributions.

Note 1 - Description of the Plan, continued

Contributions, continued

Rollover Contributions- Participants may also make rollover contributions from any eligible employer plan or a traditional IRA.

Investment Options

Participants are responsible for deciding how all contributions to their account are invested. Investments may be directed to purchasing units of funds offered by the American Bar Association Members/State Street Collective Trust ("Collective Trust") or to self-managed brokerage accounts. Assets in self-managed brokerage accounts may be invested in publicly traded debt and equity securities and mutual funds. Most other types of investments are not allowed for self-managed brokerage accounts.

Participant Accounts

Each participant's account is credited with their elective contribution, employer matching contribution and allocation of (a) employer discretionary contributions, and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. Loan terms generally cannot exceed 5 years. Loan transactions are treated as a transfer from the investment fund to the participant loan fund. The loans are secured by the balance in the participant's account and bear interest at 1% above the prime rate as published in the *Wall Street Journal* (updated quarterly), as determined by the Trustee at the time of the loan. Principal and interest are paid through payroll deductions under a level amortization schedule. Interest rates on loans outstanding ranged from 5.00% - 9.25% at December 31, 2008 and 2007 and the interest rates charged during 2008 ranged from 6.00% - 8.25%. No more than two loans may be granted in any single year and the participant may have no more than five outstanding loans at any particular time.

Note 1 - Description of the Plan, continued

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. A participant is 100 percent vested in employer contributions after six years of credited service. Participants become 100 percent vested, regardless of years of service, when they attain age 55, die or become permanently disabled.

Payment of Benefits

A participant may withdraw any amount from their rollover account at any time.

A participant may withdraw any or all of their vested account balance if they are age 59 ½ and older. If the participant began participation prior to July 1, 2004, they may withdraw any or all of their accounts (if 100% vested) if they are at least age 45.

Hardship withdrawals and special military service withdrawals are also allowed.

Upon termination of service, a participant may elect to receive a lump sum, an annuity, or a combination thereof in an amount equal to the value of his or her account at the time of termination. If no election is made and the vested account balance is $1,000 or less, the benefits will be automatically distributed to the participant in a single payment. If the vested account balance is between $1,000 to $5,000, the benefits will be automatically rolled over into an IRA, established for the participant by the trustee. At December 31, 2008, no participants with vested balances had elected to withdraw, but had not yet been paid.

Forfeited Accounts

At December 31, 2008, the Plan maintained a balance of approximately $50,000 in unallocated forfeited non-vested accounts. These accounts may be used to reduce future employer contributions.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company who receive no compensation from the Plan.

Note 2 - Summary of Accounting Policies

The summary of significant accounting policies of the Plan is presented to assist in understanding the financial statements.

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Accounting Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Benefit Responsive Investment Contracts

Fully benefit responsive investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan invests in investment contracts through the Stable Asset Return Fund ("SARF") of the Collective Trust. The Statement of Net Assets Available for Benefits presents the fair value of the investment in the SARF as well as the adjustment of the investment in the SARF from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis. Please refer to the Collective Trust's December 31, 2008 Form 10-K for additional financial statement disclosures related to the SARF.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Note 3 - Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedule was prepared by or derived from information provided by State Street and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from State Street that information provided to the Plan Administrator by State Street related to the following information is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information in Note 4 and the supplemental schedule related to the following items:

- Investment assets, transactions and income
- Schedule of assets held for investment purposes
- Loans to participants
- Self-managed brokerage accounts

Note 4 - Investments and Fair Value Measurements

Financial Accounting Standards Board Statement No. 157, *Fair Value Measurements* ("FASB Statement No. 157"), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB Statement No. 157 are described below.

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has the ability to access.

Note 4 - Investments and Fair Value Measurements, continued

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Collective Trust: Valued based on information reported by State Street using the audited financial statements of the collective trust at year-end.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Money Market Accounts and Mutual funds: Valued at the net asset value ("NAV") of shares held by the plan at year end.

Note 4 - Investments and Fair Value Measurements, continued

Participant Loans: Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All investments in the Statement of Net Assets Available for Benefits are reported at fair value. The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2008.

During 2008, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated/(depreciated) in value by $(2,341,248) as follows:

Collective Trust-Managed Funds	$ (1,691,309)
Collective Trust-Index Funds	(255,429)
Collective Trust-Retirement Date Funds	(288,926)
Common Stocks and Mutual Funds	(119,019)
Participant Loans	13,435
	$ (2,341,248)

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

Note 6 - Federal Income Tax Status

As discussed in Note 1, the Plan adopted a master plan under the American Bar Association Members Retirement Plan, sponsored by ABA/RF. The master plan has received an opinion letter from the Internal Revenue Service dated January 25, 2002, that it is acceptable for use under section 401 of the IRC by employers for the benefit of their employees, and that the related Collective Trust under the master plan is exempt from income tax under Section 501(a) of the IRC. This opinion letter has been relied upon by the Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

On December 30, 2008, the Financial Accounting Standards Board ("FASB") issued FASB Staff Position ("FSP") No. FIN 48-3, "*Effective Date of FASB Interpretation No. 48 for Certain Nonpublic Entities*" which permits the Plan to defer the implementation of FASB Interpretation No. 48, "*Accounting for Uncertainty in Income Taxes*" ("FIN 48") until its fiscal year beginning January 1, 2009.

FIN 48 clarifies that management is expected to evaluate an income tax position taken, or expected to be taken, for likelihood of realization, before recording any amounts for such position in the financial statements. FIN 48 also requires expanded disclosure with respect to income tax positions taken that are not certain to be realized. The Plan has elected to defer the implementation of FIN 48.

The Plan evaluates income tax positions based on a predetermined threshold of whether the positions taken will be sustained on examination. Uncertain tax positions are reduced by a liability for a contingent loss that is recorded either when the threshold is no longer met or when it becomes probable that a payment will be made to the taxing authority.

Note 7 - Risks and Uncertainties

The Plan invests in various investment funds, mutual funds and marketable securities. Investment funds and securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment funds, it is at least reasonably possible that changes in the values of investment funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 - Reconciliation of Plan Financial Statements to the Form 5500

The Annual Return/Report of Employee Benefit Plan (Form 5500) is prepared on the modified cash basis. Accordingly, certain balances included on the 5500 differ from those included in these financial statements. The following is a reconciliation to Form 5500:

	December 31, 2008	December 31, 2007
Net assets available for benefits, Form 5500	$ 6,640,567	$ 8,029,865
