To the 401(k) Advisory Committee
DSC New Century Plan
Des Plaines, Illinois

We were engaged to audit the accompanying statements of net assets available for benefits of DSC New Century Plan (the Plan) as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009, and the supplemental schedule of assets (held at end of year). These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified or provided by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. As discussed in Note 3, the Plan Administrator has obtained certifications from the trustee regarding the completeness and accuracy of the investment information provided to the Plan Administrator by the trustee as of and for the year ended December 31, 2009, and as of December 31, 2008.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

DSC New Century Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the DSC New Century Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering certain employees, as defined in the Plan document, of Dry Storage Corporation, DSC Logistics, Inc., Remlo Logistics, Inc. and DSC Integrated Logistics Inc. (the Companies). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute a percent of their annual compensation into the Plan up to 50 percent of his or her compensation not to exceed the limits set by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Match for union and nonunion employees is calculated as 50 percent of the first 6 percent of eligible wages. Union employees also receive a \$10 per week discretionary match in which the employee works one or more days per week. At the discretion of the Companies' Board of Directors, the Companies may make a profit sharing contribution. Contributions are subject to certain limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Participant accounts: Each participant's account is credited with the participant's contribution, the Companies' matching contributions, if any, an allocation of the Companies' discretionary contributions, if any, and investment earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of benefits: On termination of service for any reason, a participant may elect to receive a single amount equal to the value of the participant's vested interest in the account. Distributions from the Plan are subject to federal income tax rules and regulations.

Vesting: Participants are immediately vested in their contributions plus earnings thereon. Vesting in the Companies' contribution portions of their accounts, if any, plus actual earnings thereon is based on a graduated schedule with full vesting after five years, as described in the Plan document. In the event of death, disability or retirement at designated ages, as defined, participants become fully vested.

Investment options: Upon enrollment in the Plan, participants are allowed to invest in a variety of investment choices as more fully described in the Plan's literature. Participants are allowed to change their investment options daily.

Participant notes receivable: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms range from one to five years or up to 15 years for the purchase of a primary residence. The loans are collateralized by the balance in the participant's account and bear a reasonable rate of interest based on the prevailing interest rates charged by persons in the business of lending money for similar loans. Interest rates on current loans range from 4.25 percent to 10.00 percent. Principal and interest are paid through payroll deductions.

DSC New Century Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Forfeited accounts: At December 31, 2009 and 2008, forfeited non-vested accounts totaled \$8,883 and \$6,167, respectively. These accounts will be used to pay administrative expenses of the Plan and any remaining forfeitures will be used to reduce the Companies' future contributions. During 2009 forfeitures of \$56,542 were used to reduce Company contributions.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Accounting estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of benefits: Benefits are recorded when paid.

New accounting pronouncements: In September 2009, the Financial Accounting Standards Board (FASB) issued an amendment, *Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)* (ASU 2009-12), which provides guidance on how entities should estimate fair value of certain alternative investments. The fair value of investments within the scope of this guidance can now be determined using net asset value (NAV) per share as a practical expedient, when the fair value is not readily determinable, unless it is probable the investment will be sold at something other than NAV. It also requires disclosure of certain attributes by major category of alternative investments, regardless of whether the practical expedient was used. This amendment was effective for periods ending after December 15, 2009, with early adoption permitted. The adoption of the provisions did not have a material impact on the financial statements.

The FASB issued new guidance on accounting for uncertainty in income taxes. The Plan adopted this new guidance for the year ended December 31, 2009. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years prior to 2006.

DSC New Century Plan

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

Pending accounting pronouncement: The FASB issued ASU 2010-6, *Fair Value Measurements and Disclosures (Topic 820) – Improving Disclosures about Fair Value Measurements*, which requires new disclosures and reasons for transfers of financial assets and liabilities between Levels 1 and 2. This amendment also clarifies that fair value measurement disclosures are required for each class of financial assets and liabilities, and those disclosures should include a discussion of inputs and valuation techniques. It further clarifies that the reconciliation of Level 3 measurements should separately present purchases, sales, issuances, and settlements instead of netting these charges. With respect to matters other than Level 3 measurements, the amendment is effective for periods beginning after December 15, 2009. The guidance related to Level 3 measurements is effective for periods beginning after December 15, 2010. Management is currently evaluating the impact of the guidance related to disclosures in the financial statements.

In September 2010, the FASB issued an amendment, *Plan Accounting – Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans* (ASU 2010-25), which provides guidance on how loans to participants should be classified and measured by defined contribution pension plans. This amendment requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. This amendment is effective for periods ending after December 15, 2010, with early adoption permitted. This amendment requires retrospective application to all periods presented. This amendment has not yet been adopted. We are currently evaluating the impact of this amendment.

Subsequent events: The Company has evaluated subsequent events for potential recognition and/or disclosure through December 13, 2010, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Fidelity Management Trust Company (Fidelity)

The following is a summary of the investment information as of December 31, 2009 and 2008, and for the year ended December 31, 2009, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following investments:

	2009	2008
Shares of registered investment companies	\$ 31,279,631	\$ 24,207,540
Participant notes receivable	1,500,492	1,574,303
Net appreciation in fair value of investments	6,035,596	
Interest and dividends	638,704	

DSC New Century Plan

Notes to Financial Statements

Note 4. Fair Value Measurements

ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Shares of registered investment companies: Valued at the NAV of shares held by the Plan at year-end.

Participant notes receivable: Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

DSC New Century Plan

Notes to Financial Statements

Note 5. Investments

The following table presents the fair value of investments as of December 31, 2009 and 2008. Investments representing 5 percent or more of the Plan's net assets are separately identified.

	2009	2008
Shares of registered investment companies:		
Fidelity Puritan Fund	\$ 2,357,097	\$ 1,826,226
Fidelity Equity Income Fund	3,536,430	2,671,365
Fidelity Intermediate Bond Fund	2,949,725	2,633,691
Fidelity Diversified International Fund	2,870,439	2,189,429
Fidelity Dividend Growth Fund	4,483,143	3,180,876
Fidelity Retirement Money Market Fund	4,126,903	4,540,231
Participant notes receivable	*	1,574,303

* These assets were less than 5% of total assets at year-end.

During 2009, the Plan's investments in shares of registered investment companies, including gains and losses on investments bought and sold, as well as held during the year, appreciated in value by \$6,035,596.

Note 6. Related-Party Transactions

Certain Plan investments are shares of registered investment companies managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Additionally, Fidelity provides plan administration services to the Plan. Fees for these services were \$19,480 for the year ended December 31, 2009.

Certain other administrative expenses are paid by the Companies on behalf of the Plan. Additionally, employees of the Companies provide various services to the Plan. The employees are not compensated by the Plan for these services.

Note 7. Plan Termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 8. Income Tax Status

The Internal Revenue Service has determined and informed the Companies by a letter dated July 16, 2002, that the Plan is qualified and the trust established under the Plan is tax exempt under the appropriate sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. The Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC.

Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
