REPORT OF INDEPENDENT AUDITORS

To the Plan Administrator of the
Woodruff & Sons, Inc. 401(k) Profit Sharing Retirement Plan
Bradenton, Florida

We were engaged to audit the financial statements and supplemental schedule of the Woodruff & Sons, Inc. 401(k) Profit Sharing Retirement Plan as of March 31, 2010 and 2009 and for the year ended March 31, 2010, as listed in the accompanying contents page. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by American United Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the custodian as of March 31, 2010 and 2009 and for the year ended March 31, 2010 that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the Woodruff & Sons, Inc. 401(k) Profit Sharing Retirement Plan ("the Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all non-union full-time employees of Woodruff & Sons, Inc. ("the Company") who have one year of service and are age twenty-one or older. The original Plan was adopted effective April 1, 1993, and the effective date of the amended Plan is April 1, 2009. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Participants may contribute up to 85% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may contribute a matching contribution to each participant at a discretionary percentage at the option of the Board of Directors. Additional profit sharing contributions may be made at the option of the Company's Board of Directors. Contributions are subject to certain limitations. For the year ended March 31, 2010, there were no employer matching contributions or profit sharing contributions made to the Plan.

Participant Accounts: Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution, the Plan's earnings and forfeitures of employer profit sharing contributions and employer matching contributions, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Retirement, Death, and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death, or disability.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. "Graded" vesting in the remainder of their account plus earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Payment of Benefits: On termination of service, a participant may elect to receive either a lump-sum distribution, in an amount equal to the value of the participant's vested interest in his or her account, or a joint and survivor annuity.

Forfeitures: Forfeited balances of terminated participants' nonvested accounts are reallocated to eligible participants.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Accounting Method: The accounting principles and procedures followed by the Plan conform to accounting principles generally accepted in the United States of America. The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

> Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
>
> Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
>
> Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Pooled separate accounts: The fair values of shares of units of participation in pooled separate accounts are based on the net asset values of the funds reported by the fund managers of the pooled separate accounts and as supported by the unit prices of actual purchases and sales transactions occurring as of or close to the financial statement date (level 2 inputs). Each pooled separate account, with the exception of the OneAmerica Money Market, OneAmerica Investment Grade Bond, Franklin Strategic Income, and the Fidelity VIP High Income, are invested in common stocks and other equity related securities with the general investment objectives identified in the name of the pooled separate account. The OneAmerica Money Market fund is invested in high-quality, short term money market instruments. The OneAmerica Investment Grade Bond, Franklin Strategic Income, and the Fidelity VIP High Income are invested in corporate bonds, U.S government debt securities, convertible bonds, mortgage and asset backed securities, preferred stock, and foreign debt securities. The pooled separate accounts provide for daily redemptions by the Plan with no advance notice requirements, and have redemption prices that are determined by the fund's net asset value per share or per unit, as applicable.

Investment contracts: Fair value of the investment contract has been estimated based upon its liquidation value as of the Plan's financial statement date, were the contract to be terminated by the Plan, based upon the liquidation value formula specified in the contract's provisions, as the contract is not transferable. (level 2 inputs).

(Continued)

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below for the March 31, 2010 and 2009 plan years:

	Fair Value Measurements at March 31, 2010 Using		
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments:			
Pooled Separate Accounts			
Small-cap	$ -	$ 73,375	$ -
Mid-cap	-	837,581	-
Large-cap	-	1,522,683	-
Money market	-	222,641	-
Bond	-	500,212	-
International	-	13,853	-
Investment contract	-	4,866,920	-

	Fair Value Measurements at March 31, 2009 Using		
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments	$ -	$7,170,549	$ -

Fully Benefit-Responsive Investment Contracts: While Plan investments are presented at fair value in the statement of net assets available for benefits, any material difference between the fair value of the Plan's direct interest in the fully benefit-responsive investment contract and its contract value is to be presented as an adjustment line in the statement of net assets available for benefits, because contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits. Contract value represents contributions made to a contract, plus earnings, less participant withdrawals and administrative expenses. Participants in fully benefit-responsive contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan holds a direct interest in a fully benefit-responsive contract.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)

Management has determined that the estimated fair value of the Plan's direct investments in fully benefit-responsive contracts as of March 31, 2010 and 2009 approximates contract value, and any difference between fair value and contract value is immaterial. Accordingly, the statements of net assets available for benefits reflect no adjustment for the difference between net assets with all investments at fair value and net assets available for benefits.

Payment of Benefits: Benefits are recorded when paid.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates. It is at least reasonably possible that a significant change may occur in the near term for the estimated fair value of the Plan's investment in the investment contract.

Risks and Uncertainties: The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Administrative Fees and Expenses: Certain direct administrative fees and expenses are paid by the Company.

NOTE 3 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a fully benefit-responsive investment contract with American United Life Insurance Company ("AULIC"). AULIC maintains the contributions in a general account. AULIC's general account is credited with earnings based upon the contractual crediting interest rate and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made under the contracts, plus earnings, less participant withdraws and administrative expenses. There are no reserves against contract values for credit risk of the contract issuer or otherwise.

The Plan's investment contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances may include payments needed in excess of a stated buffer fund, Plan withdrawals that exceed 20% of the beginning Deposit Account balance over a rolling twelve month period, Company mergers, sales of assets, mass layoffs, the implementation of any early retirement incentive programs, spin-offs, bankruptcy, complete or partial Plan terminations, or corporate restructuring as specified by the individual contract.

The contract limits the circumstances under which the issuer may terminate the contract. Examples of circumstances which would allow the Issuer to terminate the contract include plan termination, failure to agree to plan amendments necessary to comply with laws/regulations, failure of the contract holder to provide information required by the contract, contract holder creating a competing plan investment option, or upon receipt of 30 business days' prior written notice as specified by the individual contracts. If one of these events were to occur, the issuer could terminate the contract at amounts less than contract value. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

NOTE 3 - INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

The crediting interest rates of the contract are based on agreed-upon formulas with the issuer, as defined in the contract agreement, but can not be less than 4% as specified by the contract. Such interest rates are reviewed on an annual basis for resetting. The key factors that influence future interest crediting rates could include the following: the level of market interest rates; the amount and timing of participant contributions, transfers and withdrawals into/out of the contracts; and the duration of the underlying investments backing the contracts. The resulting gains and losses in the fair value of the investment contracts relative to the contract value, if any, are reflected in the Plan's 2010 and 2009 statements of net assets available for benefits, as *Adjustment from fair value to contract value for fully benefit-responsive investment contracts* ("adjustment"). No adjustment is reflected in the Plan's 2010 and 2009 statements of net assets available for benefits, as the fair values of the investment contracts have been estimated to approximate their contract values.

	2010	2009
Average yield:		
Based on annualized earnings (1)	4.03%	4.04%
Based on interest rate credited to participants (2)	4.03%	4.04%

(1) Computed by dividing the annualized one-day actual earnings of the contract on the last day of the Plan year by the fair value of the contract investments on the same date.

(2) Computed by dividing the annualized one-day earnings credited to participants on the last day of the Plan year by the fair value of the contract investments on the same date.

NOTE 4 - INVESTMENTS - UNAUDITED INFORMATION

AULIC, the custodian of the Plan, holds investment assets and executes transactions therein, and substantially all information pertaining to investments included in the financial statements has been certified by them. This information has not been audited by independent accountants.

As of March 31, 2010 and 2009, the Plan's investments in the AULIC Separate Account are $3,170,345 and $2,371,806, respectively and in the AULIC General Account are $4,866,920 and $4,798,743, respectively, which represent 5% or more of the Plan's net assets available for benefits. Additionally, reported in the table below are the sub-accounts of AULIC Separate Account that individually represent 5% or more of the Plan's net assets available for benefits.

	2010	2009
One America Asset Director Fund	741,496	522,138
One America Money Market Fund	222,641*	530,810

*Amounts are less that 5% of the Plan's net assets, but are listed for comparative purposes.

The Plan's investments in pooled separate accounts (including investments bought, sold, and held during the year) appreciated in value by $795,039 for the year ended March 31, 2010. In addition, the Plan earned interest income of $189,595 for the year ended March 31, 2010.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of the Plan's termination, participants will become 100% vested in their employer contributions and earnings thereon.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others.

The Plan's assets with AULIC are considered to be party-in-interest investments, which amounted to $8,037,265 and $7,170,549 at March 31, 2010 and 2009, respectively. Some administrative expenses of the Plan are paid directly by the Company.

NOTE 7 - TAX STATUS

The Internal Revenue Service has determined and informed Woodruff & Sons, Inc. by a letter dated November 2, 2004, that the Plan is qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the Internal Revenue Code ("the Code"). The Plan has been amended since receiving the determination letter. However, the Plan's administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

NOTE 8 – SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through January 12, 2011, which is the date the financial statements were available to be issued.

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.
