INDEPENDENT ACCOUNTANTS' REPORT

January 11, 2011

To the Administrator and Participants of the
SKF Retirement Savings Plan

We were engaged to audit the financial statements of the SKF Retirement Savings Plan as of March 31, 2010 and 2009, and for the year ended March 31, 2010, and the supplemental schedules as of and for the year ended March 31, 2010 as listed in the accompanying table of contents. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended March 31, 2010 and 2009, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

SKF RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN:

The following brief description of the SKF Retirement Savings Plan (the Plan) is provided for general information purposes only. Reference should be made to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan adopted effective April 1, 1995, and is sponsored by SKF Polyseal, Inc. (the Employer). All eligible participants in the Plan are employees of the Employer. The Plan is administered by a trustee who has been appointed by the Board of Directors of the Employer. Employees who have been employed one year and have attained the age of 18 are eligible to participate in the Plan. The intent of the Plan is that the employee is not taxed on the income, employer contributions, or employee contributions under the provisions of Section 401(k) of the Internal Revenue Code, until such time as distributions are received from the Plan. The majority of the Plan's assets are held in trust and invested primarily in mutual funds (see Note 3).

Plan Merger

Effective December 31, 2009, the Plan was merged into the SKF USA Inc. Pre-Tax Accumulation of Capital for Employees Plan (SKF USA) and the majority of assets of the Plan were transferred to the SKF USA Plan before the close of business on that date. The remaining assets were transferred to the SKF USA Plan subsequent to March 31, 2010.

Contributions

All eligible employees may elect to enroll in the Plan. Upon enrollment, a participant may elect to enter into a written salary deferral agreement with the Employer that will be applicable to all succeeding payroll periods occurring in each plan year unless revoked by the employee. The terms of the salary deferral agreement provide that the participant agrees to accept a deferral in compensation from the Employer, by deduction of a uniform specified amount or percentage of compensation (with the same percentage for both regular pay and bonuses, if any), during each payroll period limited to \$16,500 during the Plan year, plus an additional \$5,500 catch-up contribution allowance for any participants that are at least 50 years old as of March 31, 2010. During the plan year ended March 31, 2010, the employer matched 50 percent of the first 4 percent of employees' deferred amounts (up to 2 percent of employees' compensation).

Participant Options for Investments

For employee contributions and Employer contributions, each participant may designate how his or her account balance is allocated into one or more of the investment accounts selected by the Plan's trustees. Employer contributions made to match employee contributions are to be made in cash.

Vesting and Benefits

Employee contributions and rollover contributions are fully vested when contributed. Employer contributions become vested in the event the participant dies or becomes disabled. Otherwise employer contributions vest in accordance with the following schedule:

<u>Completed Years of Service</u>	<u>Percentage Vested</u>
2	20%
3	40%
4	60%
5	80%
6	100%

Benefit Payments

The Plan provides for the distribution of benefits at normal retirement (65), death, termination of service, disability, or financial hardship (as defined by the Internal Revenue Code). Distributions will be paid in a lump sum. Vested employer contributions are generally payable to terminated employees as soon as administratively feasible following the close of the valuation period during which a distribution is requested.

Loans to Participants

Participants may borrow from \$1,000 up to a maximum of \$50,000 or 50 percent of their vested account balance, whichever is less. The loans are secured by the participant's account balance and have interest rates commensurate with local prevailing rates. Principal and interest are paid through payroll deductions. All loans were transferred to the SKF USA Plan effective December 31, 2009.

Forfeiture

The nonvested portion of the Employer contributions, and earnings thereon, forfeited by participants are to first be used to pay administrative expenses and then to reduce future Employer matching or discretionary contributions to the Plan. Forfeitures totaled \$18,290 for the year ending March 31, 2010, with \$2,795 being used to reduce employer contributions and \$16,923 being used to pay administrative expenses.

Income Tax Status

The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA) and certain provisions of the Internal Revenue Code (IRC). The Plan is intended to qualify under IRC Section 401(a), and the Internal Revenue Service has issued a favorable determination letter dated March 26, 2003, ruling that the prototype document adopted by the Plan was designed in accordance with applicable IRC requirements as of the date of its letter. Since receiving the determination letter, the Plan has been amended. The Plan Administrator believes that the Plan remains designed and operated in accordance with IRC requirements.

Risks and Uncertainties

The Plan provides for various investment options in any combination of mutual funds. These securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

Administrative Expenses

Certain expenses necessary to operate and administer the Plan are paid with Plan assets if not paid by the Employer. For the year ending March 31, 2010, \$29,601 in expenses were paid out of the Plan's assets. Amounts paid out of the Plan's assets were deducted from plan forfeitures and quarterly from individual participants' accounts based on their pro-rata share of the Plan's assets as calculated at the end of each month of the quarter.

Termination

The Company may terminate the Plan at any time subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended. In the event of termination, participants will become fully vested in their accounts.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES:

Basis of Accounting

The Plan prepares its financial statements on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents fair value of the investment contracts as well as the adjustment of fully benefit-responsive investment contracts from fair value to contract value.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Participants' Accounts

Each participant's account includes the participant's contribution, any employer's matching contribution, and an allocation of the net investment gain or loss of each fund as defined in the Plan agreement.

Participant Loans

The Plan's trustee may make loans to participants. These loans must be adequately secured and bear interest at the current market rate. Interest payments on loans are applied to the account of the participant with the loan.

Benefit Payments

Benefits paid to Plan participants are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events

Management has made an evaluation of subsequent events through January 11, 2011, the date on which the financial statements were available to be issued. The final transfer of the remaining plan assets totaling \$264,191, plus earnings occurred in October 2010. Management has not identified any other subsequent events requiring disclosure.

NOTE 3 - INVESTMENTS:

Participant and employer contributions are held in investment funds managed by Principal Life Insurance Company. These funds include an equity and debt security mutual fund and a pooled separate account. Interest earnings on the fixed rate fund and money market fund and changes in current values of the remaining funds have been reflected in the accompanying statement of changes in net assets available for benefits.

Investments, at fair value, consist of the following:

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN CUSTODIAN:

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained a certification from the custodian of the Plan, Principal Life Insurance Company, as of March 31, 2010 and 2009 and for the year ended March 31, 2010 that all information provided by the custodian is complete and accurate. Information included in the accompanying financial statements as to investments in the trust fund administered by the custodian, investment income (loss), and all investment information in the supplemental schedule is presented in reliance solely upon the certification.

NOTE 5 - RELATED PARTY TRANSACTIONS:

Certain plan investments are shares of funds managed by Principal Life Insurance Company, the custodian of the Plan's assets, and therefore, these transactions qualify as party-in-interest. Any purchases and sales of these funds are open market transactions at fair market value. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 6 - FAIR VALUE MEASUREMENTS:

Financial instruments measured at fair value on a recurring basis

The Plan holds various debt and equity investments, which are measured at fair value on an annual basis. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in the principal or most advantageous market in an orderly transaction between market participants on the measurement date. Generally Accepted Accounting Principles also establish a three-level hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability on the measurement date. The three levels are defined as follows:

Level 1 – inputs to the valuation methodology are quoted prices (unadjusted) for an identical asset or liability in an active market.

Level 2 – inputs to the valuation methodology include quoted prices for a similar asset or liability in an active market or model-derived valuations in which all significant inputs are observable for substantially the full term of the asset or liability.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement of the asset or liability.

The following summarizes financial assets and liabilities measured at fair value on a recurring basis by using the valuation hierarchy:
