### INDEPENDENT AUDITOR'S REPORT

To the Trustees Helac Corporation 401(k) Retirement Plan

We were engaged to audit the financial statements and supplemental schedule of Helac Corporation 401(k) Retirement Plan as of June 30, 2010 and 2009, and for the year ended June 30, 2010, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 7, which was certified by Charles Schwab Trust Company, the trustee and custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of June 30, 2010 and 2009, and for the year ended June 30, 2010, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from information certified by Charles Schwab Trust Company, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

### HELAC CORPORATION 401(k) RETIREMENT PLAN NOTES TO FINANCIAL STATEMENTS

### Note 1 - Description of Plan

The following description of the Helac Corporation (the Company) 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of Plan provisions.

**General** - The Plan is a defined contribution plan covering all employees of the Company, and is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Company is the Plan's sponsor and serves as Plan administrator.

**Eligibility** - Employees of the Company are eligible to participate in the Plan upon reaching age 18 and after completing six months of service.

Contributions - Participants may contribute a percentage of pretax annual compensation, as defined in the Plan and as limited by federal law. Participants may also contribute amounts representing distributions from other qualified plans. The Company makes a matching contribution of 40% of a participant's deferral, up to the first 5% of total compensation. Participants direct the investment of their contributions and matching contributions into various investment options offered by the Plan. Participants may change their investment options at any time throughout the year by direct phone access or the Internet. The Plan allows for additional discretionary employer contributions upon approval by the board. No discretionary contributions were made for the years ended June 30, 2010 and 2009.

Contributions are subject to regulatory limitations.

**Participant accounts** - Participant accounts are credited with participant contributions and allocations of the Company's matching and discretionary employer contributions, if any, and the Plan's earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting** - Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's matching and discretionary portions of their accounts, plus earnings thereon, is based on years of continuous service. A participant is 100 percent vested after three years of credited service or upon death or disability.

**Forfeitures** - Forfeitures are the nonvested portion of a participant's account that are lost upon termination of employment. Forfeitures are retained in the Plan and will first be used to pay Plan administrative expenses, with any remaining amount used to reduce future employer contributions. As of June 30, 2010 and 2009, forfeited nonvested accounts totaled \$2,433 and \$11,636, respectively. For the year ended June 30, 2010, Plan administrative expenses were reduced by \$5,916 from forfeited nonvested accounts.

## HELAC CORPORATION 401(k) RETIREMENT PLAN NOTES TO FINANCIAL STATEMENTS

### Note 1 - Description of Plan (continued)

**Participant loans** - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are secured by the balance of the participant's account and bear fixed, reasonable rates of interest, as determined by the Plan administrator. The maximum loan term is five years unless the loan term qualifies as a home loan. Principal and interest are paid ratably through payroll deductions. As of June 30, 2010, the rates of interest on outstanding loans ranged from 5.25% to 12.25%, with various maturities through July 2025.

Payment of benefits - Upon termination of service, a participant may elect to receive either a lump-sum distribution equal to the value of the vested interest in his or her account or annual installments over a certain period, as defined in the Plan. A terminated participant with a vested balance of less than \$1,000 will receive the value of the vested interest in his or her account in a lump-sum cash distribution as soon as administratively possible after the termination date. A terminated participant's account balance is automatically rolled over into an individual retirement account if the account balance is greater than \$1,000 but less than \$5,000, unless otherwise elected.

### Note 2 - Summary of Significant Accounting Policies

**Basis of accounting** - The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

**FASB** codification - On July 1, 2009, the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) became the single authoritative source for nongovernmental U.S. generally accepted accounting principles (GAAP). The ASC supersedes all previous authoritative GAAP applicable to the Plan and is effective for interim and annual periods ended after September 15, 2009.

**Investment valuation** - Investments are stated at fair value as certified by the Plan's trustee and custodian, Charles Schwab Trust Company.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date (Note 4).

### HELAC CORPORATION 401(k) RETIREMENT PLAN NOTES TO FINANCIAL STATEMENTS

### Note 2 - Summary of Significant Accounting Policies (continued)

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. Authoritative guidance requires the statements of net assets available for benefits present the fair value of the investments, as well as the adjustment from fair value to contract value for fully benefit-responsive investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis.

**Income recognition** - Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Payment of benefits - Benefits are recorded when paid.

**Expenses** - Forfeitures are used to pay administrative expenses of the Plan. Certain other administrative expenses and transactions fees are paid by the Plan.

**Subsequent events** - Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before financial statements are available to be issued.

The Plan has evaluated subsequent events through January 5, 2011, which is the date the financial statements were available to be issued.

Registered investment companies	\$ 696,087
Collective investment trust	 12,651
Net appreciation in fair value of investments	\$ 708,738

### Note 4 - Fair Value Measurements

In accordance with authoritative guidance, the Plan classifies its investments based upon an established fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy are described below:

#### Basis of fair value measurement

- **Level 1** Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.
- Level 2 Quoted prices in markets that are not considered to be active or financial instruments without quoted market prices, but for which all significant inputs are observable, either directly or indirectly.

### HELAC CORPORATION 401(k) RETIREMENT PLAN NOTES TO FINANCIAL STATEMENTS

### Note 4 - Fair Value Measurements (continued)

**Level 3** Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2010 and 2009.

Shares of registered investment company funds are valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and is classified within level 1 of the valuation hierarchy.

The collective trust holds an investment in the Morley Stable Value Fund that invests mainly in securities of investment in conventional, synthetic, and separate account investment contracts issued by life insurance companies, banks, and other financial institutions. Synthetic investment contracts consist of both investment and contractual components. The investment component is "wrapped" by contracts that provide for benefit withdrawals and investment exchanges at the full contract value of the synthetic investment contract (principal plus accrued interest), which are fully benefit-responsive. Crediting rates on synthetic contracts are net of fees to the issue of the wrap contract and custody fees on underlying assets. Earnings on the underlying assets are factored into the next computation of the crediting rate reset.

Units held in common/collective trusts are valued using the NAV of the fund. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The net asset value of a collective investment fund is calculated based on a compilation of primarily observable market information. The number of units of the fund that are outstanding on the calculation date is derived from observable purchase and redemption activity in the fund. Accordingly, the unit value for a collective investment fund is classified within level 2 of the valuation hierarchy.

The Morley Stable Value Fund is presented at fair value on the statements of net assets available for benefits. The adjustment from fair value to contract value is based on the contract value as reported by The Charles Schwab Trust Company (which represents contributions made under the contracts, plus earnings, less withdrawals and administrative expenses).

Participant loans are not actively traded and significant other observable inputs are not available. Participant loans are stated at amortized cost, which approximates fair value, and are classified within level 3 of the valuation hierarchy. Loans are secured by each respective participant's account balance.

### Note 5 - Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated December 21, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

#### Note 6 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

### Note 7 - Information Certified by the Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments reflected on the accompanying statement of net assets available for benefits as of June 30, 2010 and 2009.
- Net appreciation in fair value of registered investment companies and interest reflected on the accompanying statement of changes in net assets available for benefits for the year ended June 30, 2010.
- Investments reflected on the supplemental schedule of assets (held at end of year).

### Note 8 - Party-In-Interest Transactions

Certain Plan investments include shares of registered investment company funds managed by Charles Schwab Trust Company, which is the trustee as defined by the Plan; therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were \$21,642 for the year ended June 30, 2010.

### Note 9 - Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.
