Profit Sharing Plan and Trust

Notes to the Financial Statements

1. Description of the Plan

The following description of the San Jose Sharks 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Eligibility and Coverage
The Plan is a defined contribution 401(k) profit sharing plan covering all of the employees of San Jose Sharks, LLC, San Jose Arena Management, LLC, Silicon Valley Sports & Entertainment, LLC, and Sharks Minor Holdings, LLC (collectively, the "Plan Sponsor"). Employees of the plan sponsor are eligible to participate in the Plan if they are at least 21 years old and have completed 450 hours of service within three months of employment. However, if an employee does not complete the stated hours of service during the specified time period, the employee is subject to a year of service requirement. Participants may begin deferring a portion of their compensation into the Plan on January 1, April 1, July 1, or October 1 following eligibility. Those union employees whose employment is governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining are excluded for purposes of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions to the Plan
Participants may contribute up to 100% of their eligible annual salary to the Plan subject to certain anti-discrimination limitations and to an annual restriction of $16,500 ($22,000 for those participants over age 49). New employees who meet the eligibility requirements and current employees who are not deferring are subject to automatic enrollment unless the employee elects otherwise. The Plan sponsor made safe harbor contribution of 100% of participants' deferrals up to 1% of compensation plus 50% of the participants' elective deferrals that exceeded 1% of the participants' compensation but did not exceed 6% of compensation. Safe harbor contributions were suspended on July 1, 2009.

Participant Accounts
All of the Plan's assets are invested, as directed by the participant, as pooled funds. A participant's account balance in the Plan is derived through an allocation of these funds. Each participant's account is credited with the participant's contribution, plan sponsor matching contributions, and an allocation of investment earnings and losses pursuant to the participant's selection of investments and timing of purchase.

Vesting and Forfeitures
A participant has a 100% non-forfeitable interest at all times in their contributions and related earnings and losses. Participants vest in plan sponsor matching contributions over two years, 0% for the first year of service and 100% for the second year. Participants are vested 100% in the event of obtaining normal retirement age (age 65), death or disability. Forfeitures will be used to pay expenses and then to reduce any employer contribution. At December 31, 2009, forfeitures available to offset future expenses and plan sponsor contributions aggregated $4,306.

Payments of Benefits
The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, or termination of employment. Participants who qualify for retirement benefits and withdrawals will receive their benefits in the form of a lump sum of cash. The benefit to which a participant is entitled is the benefit that can be provided solely from the participant's vested account balance. Participants who separate from service and have vested account balances of $5,000 or less are subject to an administrative distribution as follows: for account balances between $1,000 and $5,000, the plan administrator will distribute the account balance to an individual retirement account; for account balances less than $1,000, the plan administrator will distribute the account balance as a lump sum in cash.

Retired participants must begin receiving distributions from the Plan no later than April 1 of the year following the year in which the participant attains age 70½.

Participant Loans
The Plan permits participants to receive a loan based upon their vested account balance. Borrowings are limited to the lesser of $50,000 or 50% of the participant's vested account balance. The minimum loan amount is $1,000. A participant may have up to 2 loans at a time. Loans generally must be repaid within five years, longer for qualified residential loans. Loans are segregated investments and to the extent a participant borrows, his or her account will not share in the earnings and gains in value attributable to other investments. Accordingly, the interest a participant pays on their loan will be directly credited to their account. In the event a participant defaults on their loan, the plan administrator will offset the outstanding loan against the participant's account balance.

Plan Amendments
- The Plan was amended and restated effective January 01, 2009 to allow for automatic enrollment of new employees who have not met the eligibility requirements and current employees who are not deferring, to reinstate safe harbor matching contributions equal to 100% of participants' deferrals up to 1% of compensation plus 50% of the participants' elective deferrals that exceed 1% of the participants' compensation but do not exceed 6% of compensation, to create a vesting schedule for safe harbor contributions equal to 0% for the first year of service and 100% for the second year, and to bring the Plan into compliance with the EGTRAA legislative and regulatory changes.
- Effective July 1, 2009, the plan was amended to suspend safe harbor matching contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with ERISA. Contributions from participants are recorded when withheld from the participant. Plan sponsor contributions are recorded when approved by the plan sponsor. Benefit payments and expenses are recorded when paid.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value as determined by the plan custodian (see Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Risk and Uncertainties
The Plan provides for various investment options in mutual funds and money market funds. These investments are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with these securities and the level of uncertainty related to changes in the value, it is at least

reasonably possible that changes in the various risk factors will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

Subsequent Events
The Plan has evaluated subsequent events through October 22, 2010, the date the financial statements were available to be issued.

3. Certification of Assets

MG Trust Company LLC ("MG Trust") serves as the custodian of the Plan's assets. In that capacity, MG Trust holds the Plan's investment assets and executes investment transactions. The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Accordingly, as permitted under such election, the plan administrator has obtained certifications from MG Trust as of December 31, 2009 and 2008, and for the year ended December 31, 2009, that all investment information in the accompanying financial statements and supplemental schedules is complete and accurate. All information as to investment assets at December 31, 2009 and 2008, and changes in investment assets for the year ended December 31, 2009 are presented solely based upon those certifications.

4. Fair Value Measurements - unaudited

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820 *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements.) The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets and or liabilities in active markets that the plan has the ability to access.

Level 2
Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Common stocks, corporate bonds and U.S. government securities: Valued at the closing prices reported on the active market on which the individual securities are traded.
Mutual funds: Valued at the net assets value (NAV) of shares held by the plan at year-end.
Participant Loans: Valued at the amortized balance, which approximates fair value.
Guaranteed investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit –worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Summary of changes in the fair value of the plan's level 3 assets for the year ended:

Beginning balance	$ 139,518
Total gains/losses (realized and unrealized) included in changes in net assets available for benefits	-

6. Tax Status

The plan sponsor has adopted a prototype standardized plan document. The plan sponsor and administrator believe that the Plan is qualified pursuant to the various requirements of the Internal Revenue Code and have indicated that they will take whatever action is required, if any, to maintain the Plan as a qualified plan. Accordingly, they believe that the Plan is a qualified plan and its related trust is exempt from current income taxes.

7. Plan Termination

Although it has not expressed any intent to do so, the plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, all partially vested amount balance would become 100% vested.

8. Related Party Transactions

Since the inception of the Plan, the plan sponsor has absorbed some of the administrative expenses of operating the Plan.

MG Trust Company, LLC serves as the asset custodian of the plan. All transactions with MG Trust qualify as party-in-interest transactions.
