Report of Independent Auditors

The Plan Administrative Committee
Heidtman Steel Products, Inc.
Pension Plan and Trust

We were engaged to audit the accompanying statements of net assets available for benefits of the Heidtman Steel Products, Inc. Pension Plan and Trust (the Plan) as of March 31, 2010 and 2009, and the related statements of changes in net assets available for benefits for the years ended March 31, 2010 and 2009 and the supplemental Schedule H, line 4i-Schedule of Assets (Held at End of Year), and Schedule H, line 4j-Schedule of Reportable Transactions as of or for the year ended March 31, 2010. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 4, which was certified by Wilmington Trust Company, Transamerica Financial Life Insurance Company, Inc., State Street Bank and Trust Company, National City Bank, PNC Bank, KeyBank National Association, Fifth Third Bank, and The Northern Trust Company, the custodians of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that Wilmington Trust Company held the Plan's investment assets and executed investment transactions from April 1, 2009 to March 31, 2010, and the other custodians held the Plan's investment assets and executed investment transactions as of March 31, 2009 and for the period April 1, 2008 through various dates until December 31, 2009. The Plan administrator has obtained certifications from the custodians as of and for the Years Ended March 31, 2010 and 2009, that the information provided to the Plan administrator by the custodians is complete and accurate.

Because of the significance of the information in the Plan's financial statements and supplemental schedules that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The supplemental Schedule H, line 4i—Schedule of Assets (Held at End of Year) that accompanies the Plan's financial statements does not disclose the historical cost of certain nonparticipant directed plan assets held by the custodians. Disclosure of this information is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

HEIDTMAN STEEL PRODUCTS, INC. PENSION PLAN AND TRUST

Notes to Financial Statements Years Ended March 31, 2010 and 2009

Note 1 – Description of Plan

The following description of the Heidtman Steel Products, Inc. Pension Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document for complete information about the Plan.

General

The Plan, as amended and restated effective April 1, 2009, is a defined contribution plan covering substantially all employees of Heidtman Steel Products, Inc. (the Company and Plan Sponsor) who have completed one year of service and have worked at least 1,000 hours. Employees of Mizar Motors, Inc., a wholly owned subsidiary of Centaur, Inc. (Centaur), the Company's parent company, are also included as participants in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The custodian of the Plan's investments is Wilmington Trust Company beginning April 2009, and previously included Transamerica Financial Life Insurance Company, Inc., State Street Bank and Trust Company, National City Bank, PNC Advisors, KeyBank National Association, Fifth Third Bank, and The Northern Trust Company (collectively, the Custodians).

Contributions

The Company allocates to each eligible participant 2% of the participant's eligible compensation, as defined in the Plan document. The annual contribution is made to the custodians, as determined by the Plan's Administration Committee, in full in the year following such allocation.

Participant contributions are not permitted per the Plan.

Participant Accounts

Each participant's account is credited with allocations of the Company's contribution and Plan's investment earnings (losses). Allocations of Plan earnings (losses) are based on balance forward method, as defined in Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the vested value of a participant's account.

HEIDTMAN STEEL PRODUCTS, INC. PENSION PLAN AND TRUST

Notes to Financial Statements Years Ended March 31, 2010 and 2009

Note 1 – Description of Plan (continued)

Payment of Benefits and Vesting

Upon normal or late retirement, total and permanent disability before retirement, or death, participants (or their beneficiaries) are entitled to receive the full value of their accounts, payable in a lump sum or periodic distributions. Upon termination of employment for any reason other than normal or late retirement, total and permanent disability, or death, a participant is entitled to the vested interest in his or her account, as defined in the Plan document. Vesting of employer contributions is based upon years of continuous service. A participant's account vests ratably, becoming fully vested after six years of credited service.

Forfeitures

Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions. If the participant is reemployed before incurring five consecutive one-year breaks in service, the Plan must reinstate the participant's nonvested accumulated benefits in his or her account balance under certain circumstances as defined in the Plan document. Nonvested accumulated benefits of terminated employees available to reduce future contributions amounted to \$363,551 and \$655,866 at March 31, 2010 and 2009, respectively. Nonvested accumulated benefits of terminated employees amounting to \$385,705 and \$728,513 were used to reduce the Company's 2010 and 2009 contributions, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of the ERISA. Upon termination of the Plan, participants will become fully vested in the total value of their accounts regardless of length of service.

Administrative Expenses

Fees are paid by the Plan for legal, accounting, custodian, and other services, as rendered by parties-in-interest.

Note 2 – Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States. Contributions from the Company are accrued in the period in which they become obligations of the Company. Benefit payments to participants are recorded when paid.

HEIDTMAN STEEL PRODUCTS, INC. PENSION PLAN AND TRUST

Notes to Financial Statements Years Ended March 31, 2010 and 2009

Note 2 – Significant Accounting Policies (continued)

Basis of Accounting (continued)

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits presents the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits is prepared on a contract value basis. This applies even when the investment contracts are not held directly by the plan but are underlying assets in a common/collective trust (CCT) investment held by the plan.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. There have been no changes in the valuation methods used.

Mutual funds represent investments with various investment managers. The fair values of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at the net asset value.

The value of the units held in pooled separate accounts are based on quoted market prices of the underlying investments and are based on the net asset value of the shares held by the Plan at year end.

Cash and short-term investments include cash and short-term interest-bearing investments with initial maturities of three months or less. Such amounts are recorded at cost plus accrued interest.

Money market mutual funds are valued using the amortized cost method as permitted by Rule 2a-7 under the Investment Company Act of 1940, which approximates their fair value.

U.S. government securities are valued at the closing price reported in the active market in which the individual securities are traded.

Certain corporate bonds are valued at the closing price reported in the active market in which the bond is traded. Other corporate bonds are valued based on yields currently available on comparable securities of issuers with similar credit ratings.

Note 2 – Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Certain common stocks are valued at the closing price reported in the active market in which the individual securities are traded. Investments in certain restricted common stocks are valued at the quoted market price of the issuer's unrestricted common stock less an appropriate discount. If a quoted market price for unrestricted common stock of the issuer is not available, restricted common stocks are valued at a multiple of current earnings less an appropriate discount. The multiple chosen is consistent with multiples of similar companies based on current market prices. The Centaur, Inc. Class C common stock is valued at fair value as determined annually by an independent valuation.

Common/collective trust funds represent investments with various investment managers. Units held in CCTs, including stable value funds, are fair valued at the unit value as reported by the investment managers. CCTs are not available in an exchange and active market; however, the fair value is determined based on the underlying investments as traded in an exchange and active market. The Plan holds shares of the Schwab Stable Value Fund Institutional III Class as of March 31, 2010, and held shares of the Fifth Third Stable Value Fund for Employee Benefit Plans and The Campbell Fund Trust as of March 31, 2009.

Life insurance policies, for which the Plan is the sole beneficiary, are stated at the cash values thereof which approximate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

Purchases and sales of the investments within the Plan are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that could affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

HEIDTMAN STEEL PRODUCTS, INC. PENSION PLAN AND TRUST

Notes to Financial Statements Years Ended March 31, 2010 and 2009

Note 3 – Income Tax Status

The Internal Revenue Service ruled on March 31, 2008 that the Prototype Non-Standardized Money Purchase Pension Plan (the prototype plan of Wender & Company upon which the Plan is based) qualifies under Section 401(a) of the Internal Revenue Code (IRC) and the related trust is, therefore, not subject to tax under present income tax law. The Plan has since been amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Sponsor has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the IRC.

Note 4 – Investments

Most of the investment information disclosed in the accompanying financial statements and supplemental schedules, including investments held at March 31, 2010 and 2009, net appreciation (depreciation) in fair value of investments, interest and dividends for the years then ended, were obtained or derived from information supplied to the Plan Sponsor and certified as complete and accurate by the Custodians, except for the other investments (Note 5). Other investments include investments held by Charles Schwab & Co., Inc., and J.P. Morgan Securities, Inc., as well as investments in The Campbell Fund Trust, Centaur Class C common stock and the cash surrender value of life insurance. The Custodians have full discretionary authority for purchases and sales of investments within certain guidelines established by the Plan Sponsor.

During 2010 and 2009, certain of the Plan's investments (including investments purchased, sold, as well as held during the year) appreciated (depreciated) in fair value, as determined by quoted market prices, as follows:

	Years Ended March 31,	
	2010	2009
Mutual funds	\$ 8,661,182	\$ (5,064,430)
Pooled separate accounts	3,397,643	(885,751)

Note 6 – Related-Party Transactions

On March 31, 1987, the shareholders of Centaur, Inc. (Centaur), the parent company of Heidtman Steel Products, Inc., established a class of common stock, Class C, to be held solely by the pension and/or profit sharing trusts of Centaur or its subsidiaries. Centaur must redeem shares of the Class C common stock upon request of the Plan Sponsor. While the Company intends to redeem such shares at a purchase price equal to the most recent audited book value, the Plan Sponsor may request an independent appraisal to determine the redemption price. An independent appraisal was obtained at both March 31, 2010 and 2009. At March 31, 2010 and 2009, the Plan held 1,821 shares of Class C common stock valued at \$2,950,020 and \$2,367,300, respectively.

At March 31, 2010 and 2009, the Plan holds investments in common stock of Steel Dynamics, Inc., an affiliate of Centaur, valued at \$10,409,115 and \$5,249,245, respectively.

Note 7 - Fair Value Measurement

The various inputs that may be used to determine the value of the Plan's investments are summarized in three broad levels within the fair value hierarchy. The three levels are described below:

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level within the fair value hierarchy the Plan's investments at fair value, as of March 31, 2010 and 2009. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 – Subsequent Events

Subsequent to March 31, 2010, the Plan was amended and restated. These changes will not have a significant impact on the operations of the Plan. Management has evaluated subsequent events through January 14, 2011, the date the financial statements were issued, and determined that no other events have occurred that require additional disclosure.
