Independent Auditors' Report

The Trustee and Participants
King Architectural Metals 401(k) Plan

We were engaged to audit the financial statements and the supplemental schedule of King Architectural Metals 401(k) Plan (the "Plan") as of December 31, 2009 and 2008, and for the year ended December 31, 2009, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Principal Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2009 and 2008, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of King Architectural Metals 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General
The Plan is a defined contribution plan sponsored by King Supply Company, L.L.C. ("King" or "the Company") for the benefit of the employees. The Plan, which had an original effective date of January 1, 2004, was restated effective January 1, 2007, when the Principal Financial Group Prototype for Savings Plan Document ("the Prototype Document") was adopted. Contributions to the Plan began in January 2007. Principal Life Insurance Company serves as the primary custodian of the Plan. Employees of the following companies ("the Employers") are presently covered under the Plan:

- King Supply Company L.L.C. (d/b/a King Architectural Metals)
- King Architectural Metals of California, L.L.C. (d/b/a King Architectural Metals)

The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA), as amended.

(b) Eligibility
Provided no other provision is made by the Plan, employees of King Architectural Metals, who are not represented by a collective bargaining unit, are eligible to participate in the Plan. Employees must complete one year of entry service (1,000 hours or more in a one-year period) prior to being eligible to enter the Plan. Employees join the plan as an active participant on the first day of the month on or following their completion of the service requirement.

(c) Contributions
Employees may elect to defer a percentage of their eligible compensation, which is their total pay excluding any expense repayments or other allowances, fringe benefits, moving expenses, deferred compensation and welfare benefits. Employees may change their deferral rate on a monthly basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions subject to IRS limitations. Participants may also contribute amounts representing distributions from other qualified plans.

The Company may make a discretionary matching contribution to the Plan up to a percentage of participants' compensation as determined by the Company. The Company may also make a discretionary contribution each plan year, which will be divided among participants eligible to receive the contribution on December 31. A participant's share of the discretionary contribution will be calculated as follows: total discretionary contribution multiplied by participant's annual compensation divided by total annual compensation of all participants receiving a share. In order to be eligible for the matching contribution or discretionary contribution, an individual must be an active participant on December 31st and have completed 1,000 or more hours of service in the plan year. No employer contributions were made in 2009 and 2008.

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2009 and 2008

1. Description of Plan (continued)

(d) Participant Accounts
Each participant's account is credited with the participant's contributions and the participant's allocation of any Company contributions. Earnings and losses are credited to each participant account based on the performance of the underlying investments. Contributions and earnings are allocated among investment options, which include guaranteed interest accounts and pooled separate accounts, as selected by the participant.

(e) Vesting and Forfeitures
Participants are always fully vested in their deferral contributions and any earnings thereon. Participants vest in Company contributions over six years at a rate of 20% each year beginning in the second year of service. Forfeited balances of terminated participants' nonvested accounts are first used to pay plan expenses. Any amounts remaining after paying plan expenses may be used to offset the next employer contributions made. There were no forfeitures during the year ended December 31, 2009 and no unallocated forfeitures available for future use as of December 31, 2009 and 2008.

(f) Payment of Benefits
Benefits are payable to the participant on occurrence of any of the following events:

- Normal or early retirement
- Termination of employment
- Disability
- Death

Benefits are paid as a lump-sum distribution or may be transferred to another qualified plan.

(g) Participant Loans
Participants may borrow the lesser of $50,000 or 50% of their vested account balance; the minimum loan amount is $1,000. A participant may be granted up to two loans during any one-year period and may not have more than two loans outstanding at any time. The maximum repayment period is five years, unless the loan is used to buy a principal residence. Loans are collateralized by the participant's vested account balance and bear interest at a fixed rate determined at the time of the loan. Interest rates are based on rates available for similar loans from commercial lending institutions. Interest rates on loans outstanding as of December 31, 2009 ranged from 1.75% to 9.25%.

(h) Administrative Expenses
All general investment expenses are charged directly to the participants' accounts based on the size of their account balances. Specific administrative expenses such as loan initiation, brokerage account fees, and member requested expenses are charged directly to the particular participant's account. Certain other Plan administrative expenses are absorbed by the Plan sponsor.

(i) Form 5500 filing requirement
The Company filed the form 5500 without the required attached audited financial statements for the year ended December 31, 2009, which may result in the Plan incurring interest and penalties.

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2009 and 2008

2. Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

2. Summary of Significant Accounting Policies (continued)

(b) New Accounting Pronouncements

Adoption of Accounting Standards Codification ("ASC")

In June 2009, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards No. 168, *The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles — a replacement of FASB Statement No. 162* (The Codification). The Codification reorganized existing U.S. accounting and reporting standards issued by the FASB and other related private sector standard setters into a single source of authoritative accounting principles arranged by topic. The Codification supersedes all existing U.S. accounting standards; all other accounting literature not included in the Codification (other than Securities and Exchange Commission guidance for publicly-traded companies) is considered non-authoritative. The Codification was effective on a prospective basis for interim and annual reporting periods ending after September 15, 2009. The adoption of the Codification changed the Company's references to U.S. GAAP accounting standards but did not impact the Company's results of operations, financial position or liquidity.

(c) Investment Valuation and Income Recognition

Investments in pooled separate accounts are stated at their net asset value ("NAV"), which is based on the market value of the underlying investments. The guaranteed investment contracts are presented at fair value, which represents the amount the plan sponsor would receive if they terminated the contact at the reporting date, which is book value less an early withdrawal charge (See Note 5 for further information). Participant loans are valued at amortized cost, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis.

(d) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(e) Risks and Uncertainties

The Plan offers a number of investment options to participants that are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(f) Payment of Benefits

Benefit payments to participants are recorded when paid.

2. Summary of Significant Accounting Policies (continued)

(g) Subsequent Events

In May 2009, the FASB issued Statement of Financial Accounting Standards No. 165, *Subsequent Events* ("SFAS 165"), [ASC 855-10-50]. SFAS 165 establishes general standards of accounting for and disclosure of events that occur after the balance sheet date but before financial statements are issued. The Company adopted the provisions of SFAS 165, effective May 2009. Subsequent events have been evaluated through the date of the independent auditors' report.

3. Investments

The fair value of investments that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2009 and 2008 are summarized as follows:

December 31,	2009	2008
Principal LifeTime 2020 Separate Account	$ **121,504**	$ 82,364
Principal LifeTime 2030 Separate Account	**76,248**	42,536
Principal LifeTime 2040 Separate Account	**52,868**	35,040
Principal Large Cap S&P 500 Index Separate Account	**54,324**	38,871
Fidelity International I Separate Account	**75,261**	55,012
Guaranteed Investment Contract, maturing on 12/31/2011	**92,375**	112,170
Guaranteed Investment Contract, maturing on 12/31/2012	**15,239***	37,031

* Amount represents less than 5% of the Plan's net assets available for benefits. Information is included for comparative purposes.

Guaranteed Investment Contracts

The Plan has entered into guaranteed investment contracts with Principal Life Insurance Company ("Principal"). Principal maintains the contributions in their general account. Participant accounts are credited with earnings on the underlying investment contracts and charged for participants' withdrawals and administrative expenses. The contracts promise contract value at maturity or for a benefit event, such as termination, death, disability or retirement. However, there is a possible market value adjustment when funds are withdrawn prior to their maturity. Thus, they are not considered fully benefit responsive and are therefore included in the financial statements at fair value as reported by Principal. Interest is credited to the accounts at the rate in effect on the day when each deposit is directed to the account. In order to simplify reporting to plan participants, all rates credited during the twelve-month deposit year are averaged into a single composite rate.

4. Fair Value Measurements

Financial Accounting Standards Board Statement No. 157, *Fair Value Measurements*, ("FASB Statement No. 157"), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

4. Fair Value Measurements (continued)

The three levels of the fair value hierarchy under FASB Statement No. 157 are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Pooled separate accounts: Valued at the NAV of shares held by the Plan at year-end. The NAV is based on the value of the underlying securities or similar securities in active or non-active markets.

Guaranteed investment contracts: Fair value is the amount the plan sponsor would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity.

Participant loans: Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

	Level 1	Level 2	Level 3	Total
Guaranteed Investment Contracts	$ -	$ -	$ 128,808	$ 128,808
Pooled Separate Accounts	-	570,718	10,900	581,618
Participant loans	-	-	69,597	69,597
Total assets at fair value	$ -	$ 570,718	$ 209,305	$ 780,023

The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2009.

	Investment Contracts	Pooled Separate Accounts	Participant Loans	Total
Beginning Balance	$ 149,201	$ 12,054	$ 45,884	$ 207,139
Realized gains or (losses)	-	(427)	-	(427)
Unrealized gains or (losses)	(766)	(4,202)		(4,968)
Interest credited	5,198	-	-	5,198
Purchases, sales, issuances and settlements, net	(24,825)	3,475	23,713	2,363
Ending Balance	$ 128,808	$ 10,900	$ 69,597	$ 209,305

5. Information Certified by the Custodian (Unaudited)

The Company has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, the following information included in the accompanying financial statements and supplemental schedule has been certified by Principal Life Insurance Company, the custodian, as being complete and accurate:

	2009	2008
Participant-directed investments, at fair value	**$ 780,023**	$ 588,061

	2009
Net appreciation in pooled separate accounts	**$ 110,821**
Interest, guaranteed investment contracts	**5,197**
Interest, participant loans	**2,556**

As permitted under such election, the Plan's independent auditors did not perform any auditing procedures with respect to this information certified by the custodian, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. Related-Party Transactions

Certain Plan investments are managed by Principal Life Insurance Company; therefore, these transactions qualify as party-in-interest transactions.

7. Plan Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA, upon written notice to the participants. In the event of plan termination, participants' account balances will become fully vested and non-forfeitable. Liquidation of investments in guaranteed investment contracts may cause a one-time adjustment to the contract value, resulting in a fair value different from the contract value.

8. Tax Status

The Plan uses a prototype plan document sponsored by Principal. Principal received a favorable determination letter dated March 31, 2008, from the Internal Revenue Service ("IRS") stating that the prototype document satisfies the applicable provisions of the Internal Revenue Code ("IRC"). The Plan itself has not received a determination letter from the IRS. However, Plan management believes the Plan, as adopted and amended, is operating within the guidelines of the IRC. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

9. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	2009	2008
Net assets available per the financial statements	**$ 789,847**	$ 585,292
Less: additional contribution receivable	**(233)**	(1,952)
Add: current year refund payable	**-**	7,733
Net assets available per the Form 5500	**$ 789,614**	$ 591,073

The following is a reconciliation of the net increase for the year ended December 31, 2009 per the financial statements to the Form 5500:

Year ended December 31,	**2009**
Net increase per the financial statements	**$ 204,555**
Less: prior year contribution receivable	**1,952**
Less: current year contribution receivable	**(233)**
Less: prior year refund payable	**(7,733)**
Net increase per the Form 5500	**$ 198,541**

10. Subsequent Event

Effective January 1, 2010, the Plan was amended by adopting the Automatic Data Processing Prototype 401(k) and Profit Sharing Plan agreement. State Street Bank and Trust Company will be the new trustee of the Plan in conjunction with the amended Plan.
