To the Management of
Hills Materials Company 401(k) Plan
Rapid City, South Dakota

We were engaged to audit the financial statements of Hills Materials Company 401(k) Plan as of June 29, 2010 and December 31, 2009, and for the period ended June 29, 2010, as listed in the accompanying table of contents. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 12, which was certified by TD AMERITRADE Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the period ended June 29, 2010 and as of and for the year ended December 31, 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Hills Materials Company 401(k) Plan

Notes to the Financial Statements

June 29, 2010 and December 31, 2009

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Hills Materials Company ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees who have one year of service, work 1,000 hours during the year, and have reached the age of twenty. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective June 29, 2010 the Company elected to merge the Plan into OldCastle, Inc. 401(k) Plan. As such the Plan was frozen on December 31, 2009 and no further contributions were made into the Plan other than participant loan payments and amounts required to satisfy funding obligations. See Note 4 for further discussion.

Contributions

For the year ended December 31, 2009, participants could contribute up to 40 percent of pretax annual compensation, as defined by the Plan. However, participant deferrals in any taxable year may not exceed a dollar limit, which is set by law. The limits for the years ended December 31, 2009 was \$16,500. The Company had a discretionary match of 25% of the first 5% of each eligible employee's contribution to the 401(k) Plan for the year ended December 31, 2009. For the year ended December 31, 2009 the Company contributed a profit sharing match equal to 4.91% of each employee's eligible compensation. As discussed above, due to the Plan merger on June 29, 2010, there were no contributions to the Plan for the period ended June 29, 2010.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings. Each participant's account is also charged with an allocation of administrative expenses. Allocations for the Company's contributions are based on the participant's contributions. Allocations for the Plan earnings and administrative expenses are based on account balances. Forfeited balances of terminated participants' nonvested accounts are "allocated" or divided among participants eligible to share for a plan year. However, the forfeited amounts may be used to reduce the Company contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Forfeited Accounts

At June 29, 2010 and December 31, 2009, forfeited nonvested accounts totaled \$6,606 and \$7,840, respectively. The Plan allocates participant forfeitures as if the forfeitures were additional nonelective contributions. If a participant forfeits from his regular matching contributions account, the Plan allocates the forfeited amount as a matching contribution.

Administrative Expenses

The Plan Sponsor partially absorbs the administrative expenses pertaining to the Plan, such as fees to the Investment Advisor. Administrative expenses paid by Hills Materials Company for the periods ended June 29, 2010 and December 31, 2009, were \$3,151 and \$6,103, respectively.

Notes to the Financial Statements

June 29, 2010 and December 31, 2009

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account, annual installments over a specified period of time, or a combination of both. Benefits are recorded when paid. As of June 29, 2010 and December 31, 2010, there were \$0 and \$182,332 amounts due to participants but not yet paid.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance, whichever is less. The participants may only have one loan outstanding at a time. The loans are secured by the balance in the participant's account or other security and bear interest at rates that are determined by the Advisory Committee based upon quotes obtained by a financial institution. Principal and interest is paid ratably through monthly payroll deductions.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in conformity with generally accepted accounting principles.

Effective December 31, 2009, the Plan adopted ASU 2009-12, Fair Value Measurements and Disclosures (ASU 820) – Investment in Certain Entities That Calculate Net Asset per Share (or its Equivalent). This amendment to ASC 820 allows entities to use the new asset value of certain investments when determining fair value, provided certain criteria are met. Adoption of the guidance had no impact on the Plan's financial statements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis. Fully benefit-responsive investment contracts are reported as Stable Fund within the notes to the financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Participant notes are valued at the principal balance of the note, which approximates fair value. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - TAX STATUS

The Plan has not obtained a determination letter, in which the Internal Revenue Service states that the Plan is in compliance with applicable requirements of the Internal Revenue Code. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 4 - PLAN MERGER

During the year ended December 31, 2009, the Company made the decision to merge the Plan into OldCastle Inc. 401(k) Plan effective June 29, 2010. As a result, the Plan was frozen on December 31, 2009. As of December 31, 2009 the Company made no further contributions into the Plan with exception to participant loan repayments and amounts necessary to satisfy funding obligations. On June 29, 2010 the Plan assets were transferred out of the Plan.

NOTE 5 - FAIR VALUE MEASUREMENT

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Hills Materials Company 401(k) Plan
Notes to the Financial Statements
June 29, 2010 and December 31, 2009

NOTE 5 - FAIR VALUE MEASUREMENT (CONTINUED)

Stable Fund: Valued on a daily basis, the value is based on the shares owned on that day and the net asset value (NAV) for that day. The NAV for the Stable Fund is based on contract value. The contract's fair market value equals the fluctuating value of the various assets in a separate account backing the contract. See Note 8.

Participant Loans: Valued at amortized cost, which approximates fair value.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial statements could result in a different fair value measurement at the reporting date.

There were no Plan assets as of June 29, 2010 (see Note 4).

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value.

Assets at Fair Value as of December 31, 2009:

NOTE 5 - FAIR VALUE MEASUREMENT (CONTINUED)

The effect of Level 3 inputs on net assets for the period ended June 29, 2010 and the year ended December 31, 2009 was as follows:

	Participant Notes
Beginning Balance, January 1, 2009	\$ 11,105
Purchases, Sales, Issuance, and Settlements (Net)	<u>9,616</u>
Ending Balance, December 31, 2009	20,721
Purchases, Sales, Issuance, and Settlements (Net)	<u>(20,721)</u>
Ending Balance, June 29, 2010	<u>\$ -</u>

NOTE 6 - EXCESS CONTRIBUTIONS PAYABLE

Excess contributions payable are amounts due to certain active participants. These amounts are required to be returned to participants to satisfy the relevant nondiscrimination provisions of the Plan. Excess contributions payable, as shown on the Statement of Net Assets Available for Benefits, as of the period ended June 29, 2010 and the year ended December 31, 2009 was \$0 and \$2,268, respectively. Excess contributions for the year ended December 31, 2009 were refunded in March of 2010.

NOTE 7 - ASSETS HELD FOR INVESTMENT PURPOSES

The following represents the Plan's investments held by the bank-administered trust fund. Investments that represent 5% or more of the Plan's net assets are separately identified.

	2010	2009
Growth Fund of America	\$ -	\$ 1,503,966
American Balanced Fund	-	1,174,385
Davis New York Venture Fund Inc.	-	1,141,562
MetLife Stable Value Fund (at contract value)	-	1,124,345
Franklin Income Fund	-	810,096

American Fundamental Investors Fund	-	749,361
Pioneer Mid-Cap Value Fund	-	667,458
JP Morgan Core Bond Fund	-	596,058

During the period ended June 29, 2010 and the year ended December 31, 2009, all appreciation in the fair value of investments, as reported in the Statement of Changes in Net Assets Available for Benefits, was related to the Plan's investment in mutual funds.

Hills Materials Company 401(k) Plan Notes to the Financial Statements June 29, 2010 and December 31, 2009

NOTE 8 - INVESTMENT WITH INSURANCE COMPANY

During the period ended June 29, 2010 and for the year ended December 31, 2009, the Plan had investments in a managed guaranteed interest contract (Met Managed GIC) which is provided under a group annuity contract issued by MetLife. Fringe Benefits Design, Inc. is the service agent for such contract. In a Met Managed GIC, the assets are invested in a MetLife separate account. The separate account selected to fund this contract is 75% invested in aggregate bond index fund and 25% invested in medium grade fund. MetLife will guarantee principal and accrued interest, based on credited interest rates, for participant-initiated withdrawals as long as the contract remains active. Interest is credited to the contract at interest rates that reflect the performance of the underlying portfolio. The rate resets quarterly and the minimum credited rate is 0 percent. MetLife will reset the rate by amortizing the difference between the market value of the portfolio and the guaranteed value over the weighted average duration of the Fund's investments. Participants will receive the principal and accrued earnings credited to their accounts on withdrawal for allowed events. These events include transfers to other Plan investment options, and payments because of retirement, termination of employment, disability, death, and in-service withdrawals as permitted by the Plan.

The contract is included in the financial statements at contract value as reported to the Plan by MetLife. As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by MetLife, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The average yields based on actual earnings for the period ended June 29, 2010 and the year ended December 31, 2009 were 9.20 and 3 percent, respectively. The average yields based on interest rate credited to participants for the period ended June 29, 2010 and the year ended December 31, 2009 were 3.17 and 3.45 percent, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Amounts reflected on the Form 5500 agree to amounts reflected in the financial statements; thus, reconciling items need not be reported. The distributions are reflected on the Form 5500 on an "as paid" basis so accounts correspond to amount reported on Form 1099.

NOTE 10 - RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by TD Ameritrade Company. TD Ameritrade Company is also the investment trustee, as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 11 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.
