To the Trustees of
Columbus Academy Tax Deferred
Annuity Plan

Independent Auditor's Report

We were engaged to audit the accompanying statement of net assets available for benefits of Columbus Academy Tax Deferred Annuity Plan (the Plan) as of June 30, 2010, and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management.

Because certain prior-year records were not available, we were unable to perform auditing procedures with respect to individual participant account balances accumulated from inception of the Plan or to satisfy ourselves as to the propriety of the distributions to participants who terminated and withdrew from the Plan during the year ended June 30, 2010.

In addition, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform any auditing procedures with respect to the information summarized in Note 4, which was certified by Teacher's Insurance and Annuity Association and College Retirement Equities Fund (TIAA-CREF), trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended June 30, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, the scope of our work was not sufficient to enable us to express, and we do not express, an opinion on the accompanying financial statements.

We have compiled the accompanying statement of net assets available for benefits of Columbus Academy Tax Deferred Annuity Plan as of June 30, 2009, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants.

A compilation is limited to presenting in the form of financial statements information that is the representation of the plan administrator. We have not audited or reviewed the accompanying statement of net assets available for benefits as of June 30, 2009 and, accordingly, do not express an opinion or any other form of assurance on it.

COLUMBUS ACADEMY TAX DEFERRED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS

June 30, 2010

Note 1 - DESCRIPTION OF PLAN:

The following description of Columbus Academy Tax Deferred Annuity Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of The Columbus Academy (the Academy). Participants are eligible to participate on their date of employment with the Academy. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to contribute a percentage of their total compensation, subject to certain limits as detailed in the plan agreement, to the Plan on a pre-tax basis through payroll deduction. The Academy does not make a matching contribution to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of plan earnings (net of administrative expenses). The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

All amounts credited to a participant’s accumulation account shall be fully vested and nonforfeitable at all times.

Forfeitures

Because participants are immediately vested in their accounts, the Plan has no forfeitures.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment. A participant may elect to receive the value of his or her account in either a lump sum payment or as an annuity.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits. Plan investments are not insured by FDIC or similar coverage.

Participant Loans

Participants may borrow from their accounts up to a maximum amount equal to the lesser of $50,000 or 45% of their account as of the last valuation date.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's mutual fund and variable annuity investments are valued at fair value using quoted market prices. The Plan's fixed annuity contract investments are valued at contract value, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Note 3 - FEDERAL INCOME TAX STATUS:

The Plan will apply, as soon as the Internal Revenue Service (IRS) begins acceptance of such applications, for a determination letter from the IRS which states that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Academy believes that the Plan, as currently operated, is in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 4 - INVESTMENTS CERTIFIED:

The Plan has an investment contract with Teacher's Insurance and Annuity Association and College Retirement Equities Fund (TIAA-CREF).

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

Note 7 - RELATED-PARTY TRANSACTIONS:

Certain plan investments are fixed and variable annuity contracts and shares of mutual funds managed by TIAA-CREF. TIAA-CREF is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $31,721.

Note 8 - ASSETS AND LIABILITIES – FAIR VALUE INFORMATION:

In accordance with the Fair Value Measurements and Disclosures Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC), all financial instruments that are being measured and reported on a fair value basis must be classified and disclosed in one of the following three categories:

Level 1: Quoted market prices in active markets for identical assets or liabilities.

Level 2: Observable market based inputs or unobservable inputs that are corroborated by market data.

Level 3: Unobservable inputs that are not corroborated by market data.

Following is a description of the valuation methodologies used for assets measured at fair value:

Fixed Annuity:

TIAA Traditional Annuity - The TIAA Traditional Annuity is a fixed annuity contract that is fully and unconditionally guaranteed by Teachers Insurance and Annuity Association of America (TIAA), a New York domiciled non-profit legal reserve life insurance company. During the accumulation phase, the TIAA Traditional Annuity provides a guarantee of principal, a guaranteed minimum rate of interest (generally 3%, but in some recent contracts between 1% and 3%), and the potential for additional interest if declared by TIAA. Additional interest, when declared, remains in effect for the "declaration year" which begins each March 1. Additional interest is not guaranteed in future years. When the accumulation in TIAA Traditional is converted to an annuity based on life expectancy, the present value of the stream of payments is equal to the accumulation.

The TIAA Traditional Annuity is reported at contract value which approximates fair value (see Note 9). The contract value of the TIAA Traditional Annuity equals the accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals.

Variable Annuities:

TIAA Real Estate Account (REA) – The TIAA Real Estate Account is an insurance company separate account of TIAA investing mainly in real estate and real estate-related investments. This is a variable annuity. Audited financial statements are available. The REA's value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The REA sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources.

CREF Accounts – College Retirement Equities Fund (CREF) is registered with the Securities and Exchange Commission under the Investment Company Act of 1940 as an open-end management investment company. It consists of eight investment portfolios: the Stock, Global Equities, Growth, Equity Index, Bond Market, Inflation-Linked Bond, Social Choice and Money Market Accounts (individually referred to as the "Account" or collectively referred to as the "Accounts"). These are variable annuities. Audited financial statements are available. The Accounts invest principally in equity securities, fixed-income instruments and short-term investments in accordance with each portfolio's investment objectives. Account investments are primarily valued using market quotations or prices obtained from independent pricing sources who may employ various pricing methods to value the investments including matrix pricing. CREF Money Market Account holdings are generally at amortized cost. Each Account determines its unit value each day.

Note 8 - ASSETS AND LIABILITIES – FAIR VALUE INFORMATION (continued):

Mutual Funds:

TIAA-CREF Funds – TIAA-CREF Funds is a Delaware statutory trust that was organized on April 15, 1999, and is registered with the Securities and Exchange Commission under the Investment Company Act of 1940 as an open-end management investment company. Current offerings include domestic and international equities, fixed income, real estate securities, asset allocation and money market funds. The funds invest principally in equity securities, fixed-income instruments, other mutual funds and short-term instruments in accordance with each fund's investment objectives. Fund holdings are generally valued using market quotations or prices obtained from independent pricing services. Each fund determines its share price or net asset value (NAV) each day calculated generally as of 4 p.m. (ET).
