R.H. SHEPPARD CO., INC. RETIREMENT SECURITY PLAN

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2010 AND 2009

NOTE A - DESCRIPTION OF PLAN

The following description of the R.H. Sheppard Co., Inc. Retirement Security Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of R.H. Sheppard Co., Inc. and subsidiary. An employee is eligible to make tax-deferred contributions and participate in the Plan after completion of 30 days of service. An employee is eligible to receive an allocation of employer contributions after completion of one year of eligible service and 1,000 hours. The Plan permits monthly enrollment on the first day of each month after meeting the eligibility requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The following are contributions that are permitted by the Plan:

1. Employer discretionary contributions may be made at the end of the monthly contribution period. For the six months ended June 30, 2010 and for the eight months ended February 28, 2009, the contribution was 3% of eligible compensation. This contribution was suspended effective March 1, 2009 and was reinstated January 1, 2010.
2. Employer matching contribution may be made as well. For the five months ended June 30, 2010 and for the eight months ended February 28, 2009, the employer's matching contribution was 10% of the participant's deferral up to 15% of eligible compensation. This contribution was suspended effective March 1, 2009 and was reinstated February 1, 2010.
3. A discretionary profit sharing match contribution may be made. This contribution is allocated based on a ratio of a participant's eligible compensation to total eligible compensation. There were no discretionary profit sharing contributions for the years ended June 30, 2010 and 2009.
4. Participants may defer up to 60% of compensation, subject to the maximum annual amount permitted by Federal law. Catch-up contributions are permitted for all eligible employees who have attained age 50 before the close of the Plan year. The plan allows automatic enrollment of participants at 3% deferral rate into a default investment fund unless the participant waives participation or changes the automatic deferral percentage. Unless an eligible employee elects otherwise, the deferral will increase 1% annually, not to exceed 6%.
5. Effective July 1, 2009, the plan was amended to allow Roth elective deferrals. These deferrals are subject to federal income taxes in the year of deferral but the deferrals are not subject to federal income taxes when distributed. Hardship or in-service withdrawals may not be taken out from this type of contribution.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2010 AND 2009

NOTE A - DESCRIPTION OF PLAN - continued

Participant Accounts

Each participant's account is credited with the participant's contribution and the participant's share of (a) the employer's matching contribution, (b) the employer's discretionary matching contribution, (c) the employer's discretionary profit sharing contributions, and (d) an allocation of plan earnings. Allocations are based on participant earnings or account balances, as defined by the Plan document. The accounts are also charged directly for any transaction based fees for which the participant takes advantage of. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment for their account.

Vesting

A participant is 100% vested at all times in the participant's salary deferral amounts and rollover contributions regardless of the number of years of service. Each participant is vested in the employer's matching contributions and the employer's discretionary contributions according to the following schedule based upon years of service.

<u>Years of Vesting Service</u>	
Less than 3 years	0%
3 years or more	100%

Per the plan document, forfeitures will be used to offset future employer contributions. For the year ended June 30, 2010, there were forfeitures of \$48,742 utilized to offset employer contributions. For the year ended June 30, 2009, there were no forfeitures utilized.

Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump sum amount, joint and survivor annuity form, life annuity, or life annuity with guaranteed number of payments of the vested portion of the account balance if the balance exceeds \$5,000. The lump sum payment is automatic if the vested benefit does not exceed \$5,000.

In the event of a mandatory distribution greater than \$1,000, the Plan Administrator will pay the distribution in a direct rollover to an individual retirement arrangement designated by the Plan Administrator if the participant does not elect a direct rollover or lump sum distribution.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2010 AND 2009

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investment Valuation and Income Recognition

The Plan's registered investment companies (mutual funds) are stated at fair value as determined by quoted market prices, a Level 1 input, as discussed later in this note. Unrealized gains and losses are recognized on these investments as the difference between the market value at the end of the year and the market value at the beginning of the year or cost if purchased during the year. Realized gains and losses are recognized on the sale of investments using the average cost method and are recorded on a trade-date basis. Such gains and losses are then adjusted for any unrealized gain or loss recognized in prior years. Interest income is recorded when earned whether or not received. Dividends are recorded on the ex-dividend date.

Fully Benefit Responsive Investments

As described in Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962 *Defined Benefit Pension Plans* (formerly FSP AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans*), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investments contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the FASB, the Statement of Net Assets Available for Benefits presents the fair value of the investments contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract basis.

Fair Value Measurements

FASB ASC 820 *Fair Value Measurements and Disclosures* (formerly FASB Statement No. 157, *Fair Value Measurements*), establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investment. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 and Level 2 inputs are not available.

Stable Value Fund

The Plan's SEI Stable Value Fund, a Common Collective Trust (CCT), with Fidelity Management Trust Company is a fully benefit-responsive contract. The fund provides its participants with a medium for collective investment and reinvestment in one or more banks, insurance company or synthetic investment contracts. The fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at fair value as reported to the Plan by Fidelity. The average yield and crediting interest rates were approximately 0.69% and 2.36% for the years ended June 30, 2010 and 2009, respectively.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2010 AND 2009

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Stable Value Fund - continued

As described above, because the stable value fund is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contract. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The net asset value (NAV) of each CCT is based on the market value of its underlying investment. The NAV is not a publicly quoted price in an active market and therefore, is considered a Level 2 input.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including competing or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Participant Loans

Participant loans are reported at unpaid balances which approximate fair value. There is no existing exit market for these loans as all transactions are restricted to participants and the plan sponsor and therefore, are considered a Level 3 input. These loans can not be assumed or sold to outside parties. There is no credit risk involved with these loans as any participant defaults are then deemed taxable distributions to the participant.

Risks and Uncertainties

The Plan provides for various investment options in registered investment companies (mutual funds) and common collective trusts. Investment securities of the Plan are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

R.H. SHEPPARD CO., INC. RETIREMENT SECURITY PLAN**NOTES TO FINANCIAL STATEMENTS****JUNE 30, 2010 AND 2009****NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued**Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE C - INVESTMENTS

At June 30, 2010 and 2009, the Plan's investments were held by the trustee, Fidelity Management Trust Company. The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as of, and for the years ended, June 30, 2010 and 2009. Accordingly, the trustee has certified that the following investment data, except for the fair market value adjustment of the SEI Stable Value Fund, included in the accompanying financial statements as of, and for the years ended, June 30, 2010 and 2009, and the supplementary schedule of assets at June 30, 2010, are complete and accurate.

Adjustments have been made to some of these certified amounts using additional information obtained from the company and trustee of the Plan in order to present the financial statements on an accrual basis.

The following table represents the fair value of investments. Investments that represent 5% or more of the Plan's net assets each year are separately identified.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2010 AND 2009

NOTE C - INVESTMENTS - continued

For the years ended June 30, 2010 and 2009, the Plan's mutual fund investments (including realized and unrealized gains and losses) appreciated (depreciated) in value by \$1,740,155 and \$(4,375,479), respectively.

NOTE D - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE E - PLAN TAX STATUS

The Plan obtained its latest determination letter dated April 16, 2004, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended for various amendments since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE F - TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain plan investments are shares of mutual funds and a common collective trust managed by Fidelity Management Trust Company, trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Transactions resulting in plan assets being transferred to or used by a related party are prohibited under ERISA unless a specific exemption exists. Fidelity Management Trust Company is a party-in-interest as defined by ERISA as a result of investing plan assets in its funds and accounts and providing investment management services. However, these transactions are exempt under Section 408(b)(8) and are not prohibited by ERISA.

Expenses of administering the Plan are paid from plan assets or by the Company pursuant to provisions of the Plan document. Expenses of administering the Plan, mainly participant loan charges and related fees, were paid from plan assets for the years ended June 30, 2010 and 2009. The Company pays a portion of the plan's administrative expenses.

NOTE G - LOANS TO PLAN PARTICIPANTS

For the years ended June 30, 2010 and 2009, the Plan had loans with participants with book values equal to redemption values of \$907,226 and \$788,256, respectively. Employees may borrow a maximum of \$50,000 under the Plan's loan provisions; however, they may not exceed one-half of the employee's vested account balance. The terms of the loans are generally limited to 5 years. Interest charged will be reasonable and at the Plan Administrator's discretion. Loan payments are made through payroll deductions. These loans satisfy the statutory exemption from the prohibited transaction rules.

NOTE H - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

As described in Note B, ASC 962 requires fully benefit-responsive contracts to be reported at fair value on the plan's statement of assets available for benefits, with an adjustment to contract value. The statement of changes in net assets available for benefits is reported only on a contract basis for financial statement purposes. Prior to June 30, 2009, the Form 5500 reported these contracts at fair value and the adjustment was reported as a net gain or loss on the income and expense statement. For the plan year ended June 30, 2009 and subsequently, the contracts are reported on the Form 5500 at contract value.

The following is a reconciliation of changes in net assets available for benefits per the financial statements to the Form 5500:

	<u>Year ended June 30, 2009</u>
Changes in net assets available for benefits per financial statements for the year ended June 30, 2009	\$ (2,954,615)

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
R.H. Sheppard Co., Inc. Retirement Security Plan

We were engaged to audit the financial statements of the R.H. Sheppard Co., Inc. Retirement Security Plan as of June 30, 2010 and 2009, and for the years then ended, and the supplementary schedule as of, and for the year ended, June 30, 2010, as listed in the accompanying index. These financial statements and the supplementary schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Fidelity Management Trust Company, trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplementary schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of, and for the years ended, June 30, 2010 and 2009, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplementary schedule taken as a whole. The form and content of the information included in the financial statements and supplementary schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

R.H. SHEPPARD CO., INC. RETIREMENT SECURITY PLAN

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2010 AND 2009

NOTE A - DESCRIPTION OF PLAN

The following description of the R.H. Sheppard Co., Inc. Retirement Security Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of R.H. Sheppard Co., Inc. and subsidiary. An employee is eligible to make tax-deferred contributions and participate in the Plan after completion of 30 days of service. An employee is eligible to receive an allocation of employer contributions after completion of one year of eligible service and 1,000 hours. The Plan permits monthly enrollment on the first day of each month after meeting the eligibility requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The following are contributions that are permitted by the Plan:

1. Employer discretionary contributions may be made at the end of the monthly contribution period. For the six months ended June 30, 2010 and for the eight months ended February 28, 2009, the contribution was 3% of eligible compensation. This contribution was suspended effective March 1, 2009 and was reinstated January 1, 2010.
2. Employer matching contribution may be made as well. For the five months ended June 30, 2010 and for the eight months ended February 28, 2009, the employer's matching contribution was 10% of the participant's deferral up to 15% of eligible compensation. This contribution was suspended effective March 1, 2009 and was reinstated February 1, 2010.
3. A discretionary profit sharing match contribution may be made. This contribution is allocated based on a ratio of a participant's eligible compensation to total eligible compensation. There were no discretionary profit sharing contributions for the years ended June 30, 2010 and 2009.
4. Participants may defer up to 60% of compensation, subject to the maximum annual amount permitted by Federal law. Catch-up contributions are permitted for all eligible employees who have attained age 50 before the close of the Plan year. The plan allows automatic enrollment of participants at 3% deferral rate into a default investment fund unless the participant waives participation or changes the automatic deferral percentage. Unless an eligible employee elects otherwise, the deferral will increase 1% annually, not to exceed 6%.
5. Effective July 1, 2009, the plan was amended to allow Roth elective deferrals. These deferrals are subject to federal income taxes in the year of deferral but the deferrals are not subject to federal income taxes when distributed. Hardship or in-service withdrawals may not be taken out from this type of contribution.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2010 AND 2009

NOTE A - DESCRIPTION OF PLAN - continued

Participant Accounts

Each participant's account is credited with the participant's contribution and the participant's share of (a) the employer's matching contribution, (b) the employer's discretionary matching contribution, (c) the employer's discretionary profit sharing contributions, and (d) an allocation of plan earnings. Allocations are based on participant earnings or account balances, as defined by the Plan document. The accounts are also charged directly for any transaction based fees for which the participant takes advantage of. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment for their account.

Vesting

A participant is 100% vested at all times in the participant's salary deferral amounts and rollover contributions regardless of the number of years of service. Each participant is vested in the employer's matching contributions and the employer's discretionary contributions according to the following schedule based upon years of service.

<u>Years of Vesting Service</u>	
Less than 3 years	0%
3 years or more	100%

Per the plan document, forfeitures will be used to offset future employer contributions. For the year ended June 30, 2010, there were forfeitures of \$48,742 utilized to offset employer contributions. For the year ended June 30, 2009, there were no forfeitures utilized.

Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump sum amount, joint and survivor annuity form, life annuity, or life annuity with guaranteed number of payments of the vested portion of the account balance if the balance exceeds \$5,000. The lump sum payment is automatic if the vested benefit does not exceed \$5,000.

In the event of a mandatory distribution greater than \$1,000, the Plan Administrator will pay the distribution in a direct rollover to an individual retirement arrangement designated by the Plan Administrator if the participant does not elect a direct rollover or lump sum distribution.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investment Valuation and Income Recognition

The Plan's registered investment companies (mutual funds) are stated at fair value as determined by quoted market prices, a Level 1 input, as discussed later in this note. Unrealized gains and losses are recognized on these investments as the difference between the market value at the end of the year and the market value at the beginning of the year or cost if purchased during the year. Realized gains and losses are recognized on the sale of investments using the average cost method and are recorded on a trade-date basis. Such gains and losses are then adjusted for any unrealized gain or loss recognized in prior years. Interest income is recorded when earned whether or not received. Dividends are recorded on the ex-dividend date.

Fully Benefit Responsive Investments

As described in Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962 *Defined Benefit Pension Plans* (formerly FSP AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans*), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investments contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the FASB, the Statement of Net Assets Available for Benefits presents the fair value of the investments contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract basis.

Fair Value Measurements

FASB ASC 820 *Fair Value Measurements and Disclosures* (formerly FASB Statement No. 157, *Fair Value Measurements*), establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investment. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 and Level 2 inputs are not available.

Stable Value Fund

The Plan's SEI Stable Value Fund, a Common Collective Trust (CCT), with Fidelity Management Trust Company is a fully benefit-responsive contract. The fund provides its participants with a medium for collective investment and reinvestment in one or more banks, insurance company or synthetic investment contracts. The fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at fair value as reported to the Plan by Fidelity. The average yield and crediting interest rates were approximately 0.69% and 2.36% for the years ended June 30, 2010 and 2009, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Stable Value Fund - continued

As described above, because the stable value fund is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contract. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The net asset value (NAV) of each CCT is based on the market value of its underlying investment. The NAV is not a publicly quoted price in an active market and therefore, is considered a Level 2 input.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including competing or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Participant Loans

Participant loans are reported at unpaid balances which approximate fair value. There is no existing exit market for these loans as all transactions are restricted to participants and the plan sponsor and therefore, are considered a Level 3 input. These loans can not be assumed or sold to outside parties. There is no credit risk involved with these loans as any participant defaults are then deemed taxable distributions to the participant.

Risks and Uncertainties

The Plan provides for various investment options in registered investment companies (mutual funds) and common collective trusts. Investment securities of the Plan are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

R.H. SHEPPARD CO., INC. RETIREMENT SECURITY PLAN**NOTES TO FINANCIAL STATEMENTS****JUNE 30, 2010 AND 2009****NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued**Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE C - INVESTMENTS

At June 30, 2010 and 2009, the Plan's investments were held by the trustee, Fidelity Management Trust Company. The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as of, and for the years ended, June 30, 2010 and 2009. Accordingly, the trustee has certified that the following investment data, except for the fair market value adjustment of the SEI Stable Value Fund, included in the accompanying financial statements as of, and for the years ended, June 30, 2010 and 2009, and the supplementary schedule of assets at June 30, 2010, are complete and accurate.

Adjustments have been made to some of these certified amounts using additional information obtained from the company and trustee of the Plan in order to present the financial statements on an accrual basis.

The following table represents the fair value of investments. Investments that represent 5% or more of the Plan's net assets each year are separately identified.

JUNE 30, 2010 AND 2009

NOTE C - INVESTMENTS - continued

For the years ended June 30, 2010 and 2009, the Plan's mutual fund investments (including realized and unrealized gains and losses) appreciated (depreciated) in value by \$1,740,155 and \$(4,375,479), respectively.

NOTE D - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE E - PLAN TAX STATUS

The Plan obtained its latest determination letter dated April 16, 2004, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended for various amendments since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE F - TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain plan investments are shares of mutual funds and a common collective trust managed by Fidelity Management Trust Company, trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Transactions resulting in plan assets being transferred to or used by a related party are prohibited under ERISA unless a specific exemption exists. Fidelity Management Trust Company is a party-in-interest as defined by ERISA as a result of investing plan assets in its funds and accounts and providing investment management services. However, these transactions are exempt under Section 408(b)(8) and are not prohibited by ERISA.

Expenses of administering the Plan are paid from plan assets or by the Company pursuant to provisions of the Plan document. Expenses of administering the Plan, mainly participant loan charges and related fees, were paid from plan assets for the years ended June 30, 2010 and 2009. The Company pays a portion of the plan's administrative expenses.

NOTE G - LOANS TO PLAN PARTICIPANTS

For the years ended June 30, 2010 and 2009, the Plan had loans with participants with book values equal to redemption values of \$907,226 and \$788,256, respectively. Employees may borrow a maximum of \$50,000 under the Plan's loan provisions; however, they may not exceed one-half of the employee's vested account balance. The terms of the loans are generally limited to 5 years. Interest charged will be reasonable and at the Plan Administrator's discretion. Loan payments are made through payroll deductions. These loans satisfy the statutory exemption from the prohibited transaction rules.

NOTE H - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

As described in Note B, ASC 962 requires fully benefit-responsive contracts to be reported at fair value on the plan's statement of assets available for benefits, with an adjustment to contract value. The statement of changes in net assets available for benefits is reported only on a contract basis for financial statement purposes. Prior to June 30, 2009, the Form 5500 reported these contracts at fair value and the adjustment was reported as a net gain or loss on the income and expense statement. For the plan year ended June 30, 2009 and subsequently, the contracts are reported on the Form 5500 at contract value.

The following is a reconciliation of changes in net assets available for benefits per the financial statements to the Form 5500:

	Year ended <u>June 30, 2009</u>
Changes in net assets available for benefits per financial statements for the year ended June 30, 2009	\$ (2,954,615)
