INDEPENDENT AUDITORS' REPORT

To the Plan Administrative Committee
Cycle-Barn Employee Savings and Retirement Plan
Lynnwood, Washington

We have audited the accompanying statements of net assets in liquidation available for benefits of the Cycle-Barn Employee Savings and Retirement Plan ("the Plan") as of April 30, 2010 and December 31, 2009, and the statement of changes in net assets in liquidation available for benefits for the period from January 1, 2010 to April 30, 2010. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note 1 to the financial statements, the Board of Directors of Cycle-Barn, Inc., the Plan's sponsor, decided on December 10, 2009, to terminate the Plan effective January 29, 2010. In accordance with accounting principles generally accepted in the United States, the accompanying financial statements of the Plan have been prepared on the liquidation basis of accounting.

In our opinion, the financial statements referred to above present fairly, in all material respects, information regarding the Plan's net assets in liquidation as of April 30, 2010 and December 31, 2009, and the changes in its net assets in liquidation for the period from January 1, 2010 to April 30, 2010, in conformity with accounting principles generally accepted in the United States applied on the basis described in the preceding paragraph.

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the Cycle-Barn Employee Savings and Retirement Plan ("the Plan") provides general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established December 1, 1995, to provide benefits to eligible employees of Cycle-Barn, Inc. and Karbz, Inc. dba SSC Racing ("the Companies"). The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On December 10, 2009, the Board of Directors of Cycle-Barn, Inc. decided to terminate the Plan with an effective date of January 29, 2010. Additionally, effective December 10, 2009, the Plan was frozen and no further contributions were allowed. The assets of the Plan were subsequently disbursed to all participants through April 30, 2010, and unvested balances of all participants became 100% vested.

Contributions

Prior to the date the Plan was frozen, participants could contribute up to 15 percent of annual compensation (as defined in the Plan), subject to the maximum amount allowable under Internal Revenue Code ("IRC") Sections 401(k), 404, and 415. The Companies could also make discretionary contributions subject to certain limitations. All contributions to the Plan were participant-directed.

Participant Accounts

Each participant's account was credited with the participant's contribution and allocations of (a) the Companies' contribution and (b) Plan earnings and losses. Allocation of the Companies' contributions was based on participant compensation or contributions, as defined in the Plan document. Allocation of Plan earnings and losses was based on account balances. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Investment Valuation and Income Recognition

Investments in mutual funds are stated at fair value as determined by the custodian based on quoted market prices on the last business day of the year.

Investments in common collective trust funds are valued using the Net Asset Value ("NAV") provided by the administrators of the funds. The NAV is based on the fair value of the underlying assets, less any liabilities, then divided by the number of units outstanding. The underlying assets of the common collective trust are in various investment vehicles including synthetic guaranteed investment contracts ("synthetic GICs") and short-term securities. Synthetic GICs are portfolios of securities (debt securities or units of collective trusts) with wrap contracts associated with the portfolios. The fair value of the wrap contracts is based on the change in the present value of the contract's replacement cost. Short-term contracts are stated at amortized cost (which approximates fair value) if maturity is 60 days or less at the time of purchase, or at market value if maturity is greater than 60 days. Investments in units of collective trusts are valued at the respective net asset values as reported by such trusts. Debt securities are valued on the basis of valuations provided by an independent pricing service. If valuations are not available from such pricing services, valuations are obtained from dealers making a market for such securities.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Fair Value Measurements

Fair value is defined as an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. As such, fair value is a market-based measurement determined based on assumptions that market participants would use in pricing an asset or liability. There are three levels which prioritize the inputs used in measuring fair value as follows:

- Level 1: Observable market inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: Observable market inputs, other than quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3: Unobservable inputs where there is little or no market data, which require the reporting entity to develop its own assumptions.

An asset's or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following table presents information about the Plan's assets that have been measured at fair value on a recurring basis as of December 31, 2009, and indicates the classification by level of input within the fair value hierarchy described above:

	Investment Assets at Fair Value as of December 31, 2009			
	Level 1	Level 2	Level 3	Total
Mutual Funds:				
Blended funds	\$ 613,729	\$ -	\$ -	\$ 613,729

Total investments at fair value	<u>\$ 1,772,026</u>	<u>\$ 116,921</u>	<u>\$ -</u>	<u>\$ 1,888,947</u>

Payment of Benefits

Benefits are recorded when paid.

Contributions

Contributions from participants are recorded in the period in which they are withheld from the participant's compensation.

Subsequent Events

The Plan has evaluated subsequent events through the date these financial statements were available to be issued, which was on February 1, 2011.

Note 3. Investments

Investments consist of the following at December 31, 2009:

Investment in a common collective trust:	
INVESCO Stable Value Trust	\$ 116,921*
Investments in mutual funds:	
American Funds New Perspective Fund	459,571*
American Funds Investment Company of America Fund	346,078*

American Funds Target Date Return 2025 Fund	1,705
American Funds Target Date Return 2035 Fund	1,670
Total investments	<u>\$ 1,888,947</u>

* Investment represents 5% or more of the Plan's net assets in liquidation available for benefits.

Note 4. Investment Contract

The Plan entered into a benefit-responsive investment contract as part of its investment in the INVESCO Stable Value Trust ("the Trust"), a collective trust fund. The Trust invests primarily in investment contracts such as traditional guaranteed investment contracts (referred to as "GIC"s) and also enters into wrapper contracts (referred to as synthetic GICs). In a traditional GIC structure, the issuer takes a deposit from the Trust and purchases investments that are held in the issuer's general account. In a synthetic GIC structure, the underlying investments are owned by the Trust and held in trust for Plan participants.

The investment contract is included in the financial statements at fair value. Contract value represents principal amounts invested in the underlying investments, plus interest accrued at a crediting rate established under the contract, less any adjustments for withdrawals. The crediting interest was approximately 3.9% and the average yield rate was approximately 3.1% for the period from January 1, 2010 to April 30, 2010. The crediting interest rate is based on an agreed upon formula with the issuer and based on the characteristics of the underlying fixed income portfolio, but cannot be less than zero. Certain events, such as the premature termination of the contract by the Plan, the termination of the Plan, and a material adverse change to the provisions of the Plan, would limit the Plan's ability to transact at contract value with INVESCO. As the Plan terminated in 2010, no issues arose limiting the Plan's ability to transact at contract value with INVESCO.

Note 5. Party-in-Interest Transactions

The Plan's investments in mutual funds are sponsored by a company affiliated with Capital Bank and Trust Company ("Capital"). Capital is the custodian of Plan assets and, therefore, transactions with Capital qualify as party-in-interest transactions. These investments amounted to \$1,772,026 at December 31, 2009.

Note 6. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets in liquidation available for benefits per the financial statements to net assets per Schedule H of Form 5500 at December 31, 2009 (no reconciling items at April 30, 2010):

Net assets in liquidation available for benefits per the financial statements	\$ 1,888,947
Adjustment to contract value for common collective trust	<u>(2,295)</u>
Net assets per Schedule H of Form 5500	<u>\$ 1,886,652</u>

The following is a reconciliation of net decrease in net assets available for benefits per the financial statements to net loss per Schedule H of Form 5500 for the period from January 1, 2010 to April 30, 2010:

Net decrease in net assets available for benefits per the financial statements	\$ (1,888,947)
Net appreciation due to adjustment from fair value to contract value for common collective trust	<u>2,295</u>
Net loss per Schedule H of Form 5500	<u>\$ (1,886,652)</u>
