As permitted by 29 CFR 2520-103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the other auditors not to perform, and they did not perform any auditing procedures with respect to the information certified by Vanguard Fiduciary Trust Company, the trustee of the Plan. The other auditors' report, dated August 20, 2010, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Vanguard Fiduciary Trust Company, the trustee, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of July 15, 2010 and for the period ended July 15, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the 2010 financial statements that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2010 financial statements taken as a whole. The form and content of the information included in the 2010 financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

FOR CERTAIN WAGE HOUR EMPLOYEES
NOTES TO FINANCIAL STATEMENTS

AND FOR THE PERIOD ENDED JULY 15, 2010

1. DESCRIPTION OF PLAN

The following description of the Rock-Tenn Company 401(k) Retirement Savings Plan for Certain Wage Hour Employees (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

A. General

Rock-Tenn Company and participating subsidiaries (collectively the “Company”) or (“Plan Sponsor”) is the sponsor and administrator of the Plan. The Plan became effective on October 1, 1997. On April 1, 2009, the assets and liabilities of the Southern Container Corp. 401(k) Local 2326 UAW, Dayton NJ, the Southern Container Corp. 401(k) plan FBO local 2326 UAW, Deer Park NY and the Southern Container Corp. 401(k) FBO NOITU local Hauppauge NY merged into the Plan. The Plan is a defined contribution plan and is intended to provide retirement benefits for hourly employees that are included in a unit of employees covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective July 15, 2010, the Plan Sponsor merged the Plan with and into Rock-Tenn Company 401(k) Retirement Savings Plan. Assets totaling \$75,633,332 were transferred from the Plan to the Rock-Tenn Company 401(k) Retirement Savings Plan in connection with the merger and are included in assets transferred to qualified plans on the statement of changes in net assets available for benefits totaling \$75,701,710.

B. Administration

Plan assets are held under contract by Vanguard Fiduciary Trust Company (the “Trustee”), which maintains individual accounts reflecting each participant’s respective interest in the value of the Plan’s net assets. Certain administrative functions are performed by employees of the Company. These employees did not receive compensation from the Plan.

C. Eligibility

Employees are eligible to participate in the Plan after reaching age 18 and having completed a minimum service period of one year. Effective April 1, 2009, those employees covered by the merged Plans referred to above are eligible to participate in the Plan after reaching age 21 and having completed a minimum service period of three months.

1. DESCRIPTION OF PLAN (Continued)

D. Contributions

Participants may make contributions of eligible compensation, as defined in the Plan, to the Plan through salary deferrals, subject to certain maximum limitations under the Internal Revenue Code ("IRC"). Eligible employees can make a rollover contribution to the Plan before meeting the participation requirement of the Plan. For each pay period that a participant makes contributions to the Plan, the Company makes a matching contribution in accordance with the respective contract with each bargaining unit.

Employer matching contributions range from 25% to 50% of the participant's contribution, based on the participant's union affiliation, for each pay period up to a maximum of 6% of the respective participant's eligible compensation for that pay period, subject to IRC limitations. In addition, for certain employees, the Company makes a 3% contribution based on an eligible compensation to the Plan.

E. Participants' Accounts

Participants may designate the investment funds into which contributions can be deposited. Each participant's account is credited with (i) the participant's 401(k) contribution, (ii) the Company's contribution, and (iii) the participant's account earnings. Each participant's account is charged with (i) withdrawals, (ii) the participant's account losses, and (iii) an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

F. Vesting

Participants vest immediately in their voluntary contributions and earnings thereon. Vesting in the Company's contributions and earnings is based on years of service. Certain participants' accounts are fully vested after three years of credited service or other events, as defined by the Plan. For other certain participants, vesting is at a rate of 20% per annum commencing with the completion of the first year of service. These participants are fully vesting after five years of credited service or other events, as defined by the Plan.

1. DESCRIPTION OF PLAN (Continued)

G. Forfeitures

Forfeitures of non-vested benefits are used to pay general administrative expenses of the Plan, restore account balances for re-employed employees, and/or to offset employer matching contributions. Forfeitures of \$43,783 were used by the Plan for the period ended July 15, 2010. Forfeitures of \$40,624 and \$79,817 were available for future use at July 15, 2010 and December 31, 2009, respectively.

H. Withdrawals

Participants can elect to receive payment of their vested account balance as soon as practicable after employment is terminated or upon becoming disabled. Participants may have their account paid directly to them or transferred in a direct rollover to another qualified plan or individual retirement account. The Plan also provides for withdrawals by a participant from his or her regular contribution account prior to retirement upon the attainment of age 59½, a hardship withdrawal, or upon termination of the Plan without establishment of a successor plan.

I. Participant Loans

The Plan does not allow loans to participants.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

In June 2009, the Financial Accounting Standard Board ("FASB") established the FASB Accounting Standards Codification ("ASC") as the single source of authoritative GAAP. The FASB ASC superseded all the existing non-SEC accounting and reporting standards. The issuances of this statement did not change GAAP, but has changed the applicable citations and naming conventions used when referencing GAAP within these financial statements.

AND FOR THE PERIOD ENDED JULY 15, 2010

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in mutual funds and common/collective trust are deducted from income earned on a daily basis and are not separately reflected. Consequently, these management fees and operating expenses are reflected as a reduction of investment return for such investments.

In accordance with GAAP, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan does invest in fully benefit-responsive investment contracts through the Vanguard Retirement Savings Trust. The investments are primarily contracts that are issued by insurance companies and commercial banks and in contracts that are backed by high-quality bonds, bond trusts and bond mutual funds. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals. As required by GAAP, the Statements of Net Assets Available for Benefits present the fair value of the investment in contracts, as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

NOTES TO FINANCIAL STATEMENTS
AS OF JULY 15, 2010 AND DECEMBER 31, 2009
AND FOR THE PERIOD ENDED JULY 15, 2010

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Administrative Expenses

Certain administrative expenses, particularly record keeping fees, are paid by the Plan, as allowed by the Plan document. All other expenses are paid by the Plan sponsor.

D. Risks and Uncertainties

The Plan's invested assets ultimately consist of mutual funds, common/collective trusts and other investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participant account balances and the amounts reported in the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits.

E. Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

F. Payment of Benefits

Benefit payments are recorded when distributed.

G. Subsequent Events

The Plan sponsor has evaluated subsequent events through January 31, 2011, the date which the financial statements were available to be issued.

3. INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets available for benefits:

	July 15, 2010	December 31, 2009
Vanguard 500 Index Fund Investor Shares	\$ -	\$ 17,500,088
Vanguard Target Retirement 2015 Fund	-	4,920,092
Vanguard Target Retirement 2025 Fund	-	4,077,925
Vanguard Total Bond Market Index Fund Investor Shares	-	4,034,472
Vanguard Total International Stock Index Fund	-	5,199,067
Vanguard Retirement Savings Trust (contract value)	-	21,578,099

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, the common/collective trust is included in the financial statements at contract value as reported to the Plan by Vanguard Fiduciary Trust Company. There are no reserves against the common/collective trust for credit risk of the contract issuer or otherwise. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Specific coverage provided by each contract may be different from each issuer and can be found in the contract of the common/collective trust. Examples of such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The average interest crediting rates, which are the blended contract yields of the Trust for the guaranteed investment, were 2.87% and 3.31% for July 15, 2010 and December 31, 2009, respectively.

4. FAIR VALUE MEASUREMENTS

The FASB has established a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds are public investment vehicles valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

Common/collective trusts are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is classified within level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

5. INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Vanguard Fiduciary Trust Company for the period ended July 15, 2010 and the year ended December 31, 2009, except for comparing such information certified by Vanguard Fiduciary Trust Company to information included in the Plan's financial statements:

6. INCOME TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service dated July 29, 2002, stating that the Plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Since receiving the determination letter, the Plan has undergone various amendments.

The plan administrator and Plan's tax counsel believe that the Plan was designed and operated in compliance with the applicable requirements of the IRC through July 15, 2010, the date the Plan was merged with and into the Rock-Tenn Company 401(k) Retirement Savings Plan, and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.
