Independent Auditors' Report

To the Administrative Committee
Unilock Retirement Plan and Trust

We were engaged to audit the accompanying statements and supplemental schedule of the Unilock Retirement Plan and Trust (Chicago) (the "Plan") as of December 31, 2009 and 2008, and for the year ended December 31, 2009, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information discussed in Note 5, which was certified by Principal Life Insurance Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule of assets held for investment purposes at year end. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of December 31, 2009 and 2008 and for the year ended December 31, 2009, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

1. Plan Description

The following description of the Unilock Retirement Plan and Trust (Chicago) (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Participation

The Plan is a defined contribution plan established in 1991 to enable eligible employees of Unilock Chicago, Inc. (the "Company") to defer receipt of a portion of their earnings for the principal purpose of providing benefits at the time of retirement, disability or death. All non-union employees who are employed by the Company for one year and are 18 years of age or older are eligible to participate in the Plan. Eligible employees are automatically enrolled in the Plan with a 2% deferral rate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

The Plan is funded by participant contributions through elective salary deferrals of up to $16,500, subject to certain limitations, as specified in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company, at its discretion, matches participant contributions 100% on the first $1,000 of elective deferrals, and 50% of participant contributions up to a maximum Company match of $4,000. Contributions over 10% of salary are not matched. In addition, the Company may also make, at its sole and unrestricted discretion, a profit sharing contribution to the Plan. Eligible participants must be employed by the Company on the last day of the Plan year in order to receive the profit sharing contribution.

Investment Funds

A participant may elect to invest contributions in funds maintained by Principal Life Insurance Company, the Trustee of the Plan.

Participant Accounts

Each participant's account is credited with the participant and company contributions and plan investment earnings.

Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The investment selection is determined by each participant. Participants have daily on-line access and also receive quarterly statements detailing the activity in their accounts.

Forfeited Accounts

Forfeited nonvested accounts are available to be used to offset the Plan's administrative expenses and to reduce future employer contributions. Unallocated forfeitures were not significant as of December 31, 2009 and 2008, respectively.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Company.

Vesting

Participants are 100% vested in their contributions and related earnings. Vesting in employer contributions, and related earnings is based on years of service with 30% vesting for each of the first and second years of service and increasing to 40% during the third year of service to reach 100% after three years of service.

Payment of Benefits

On termination of service, distributions are made immediately when the participant's account balance is less than $5,000. On termination of service due to disability or retirement, participants may elect to receive a lump-sum amount equal to the value of their accounts. On termination of service due to death, a participant's beneficiary will receive the total value of the participant's account balance.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of (a) $50,000 reduced by the highest outstanding loan balance in the participant's account during the prior 12-month period or (b) 50% of their vested participant contributed account balance. Loan terms range from one to five years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Interest rates range from 5.25% to 10.25%. Principal and interest are paid ratably through monthly payroll deductions.

Subsequent Events

The Program Administrator evaluated events subsequent to December 31, 2009 through October 7, 2010, the date the accompanying financial statements were available to be issued.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Accounting Standards Codification

Effective with the financial statements for the year ending December 31, 2009, the Plan adopted Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC" or "the Codification") 105-10, *"Generally Accepted Accounting Principles,"* which becomes the single official source of authoritative, nongovernmental United States generally accepted accounting principles and provides no changes under existing GAAP. The adoption of ASC 105-10 changed all references to authoritative accounting literature referenced in the Plan's notes to the financial statements.

Investment Valuation and Income Recognition

In September 2006, FASB issued ASC 820-10, *"Fair Value Measurements,"* which defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosures about fair value measurements. ASC 820-10 was effective for the Plan beginning on January 1, 2008.

The investments of the Plan are reported at fair value. The fair value of an instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

The value of the units held in pooled separate accounts are based on quoted market prices of the underlying investments and are based on the net asset value of the shares held by the Plan at year end. Stable Value products include guaranteed investment contracts (GICs) issued by insurance companies and other financial institutions, synthetic GICs with similar characteristics, and, at times, a stable value collective investment fund.

The Plan's collective trust consists of an interest in Principal Stable Value Fund which is stated at fair value and is determined by the Trustee, based upon the net asset value of the fund reflecting all underlying investments, including fully benefit-responsive contracts, at fair value.

The Plan follows ASC 962-325-35-5, *"Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans"* ("ASC 962-325-35-5"). Pursuant to ASC 962-325-35-5, fully benefit-responsive investment contracts included in the underlying investments of collective trust funds in which the Plan holds an interest are to be presented at fair value. In addition, any material difference between the fair value of these investments and their contract value is to be presented as a separate adjustment line in the statement of net assets available for Plan benefits, because contract value remains the

relevant measurement attribute for that portion of the net assets available for Plan benefits attributable to fully-benefit responsive contracts.

Management has determined that the estimated fair value of the Plan's indirect investments in fully benefit-responsive contracts as of December 31, 2009 and 2008 approximates contract value. Accordingly, the statements of net assets available for plan benefits reflect no adjustment for the difference between net assets with all investments at fair value and net assets available for plan benefits.

Participant loans are valued at cost, which approximates fair value. Purchases and sales of the investments within the Plan are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets from operations during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investment securities, it is at least reasonably possible that changes in the value of these investment securities in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Benefit Payments

Benefit payments are recorded when paid.

3. Fair Value Measurements

As of the beginning of the fiscal year ended December 31, 2008, the Plan adopted ASC No. 820, *"Fair Value Measurements."* ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 – Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 – Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables set forth, by level within the fair value hierarchy, the Plan investment assets at fair value as of December 31, 2009 and 2008. As required by ASC 820, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. See the table below for the description of the inputs for Plan assets.

	Investment Assets at Fair Value as of December 31, 2009

5. Information Certified by Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, the Plan's Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of December 31, 2009 and 2008, and for the year ended December 31, 2009:

a. Investments, as shown in the statements of net assets available for plan benefits.

b. Investment income, as shown in the statement of changes in net assets available for plan benefits.

c. The schedule of assets held for investment purposes at end of year as of December 31, 2009, as shown in the supplemental schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. Income Tax Status

The Plan is based on a Prototype Nonstandardized Volume Submitter Plan, which obtained its latest determination letter on September 4, 2001 in which the Internal Revenue Service stated that the Prototype Plan is in compliance with the applicable requirements of the Internal Revenue Code ("IRC"), including provisions to comply with recent legislation. The Plan has been amended since receiving the determination letter; however, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The related trust, therefore, is not subject to tax under present income tax law.

7. Termination Provisions

Although the Company intends to continue the Plan indefinitely, it can amend, modify or terminate the Plan at any time subject to the provisions of ERISA. If the Company should decide to terminate the Plan, participants will be entitled to a 100% vested value of their participant accounts as of the termination date.

8. Party-in-Interest Transactions

Certain plan investments represent funds managed by Principal Life Insurance Company, the Trustee. These transactions qualify as party-in-interest transactions.
