Wild Flavors, Inc. Savings and Profit Sharing Plan

We were engaged to audit the financial statements and supplemental schedule of Wild Flavors, Inc. Savings and Profit Sharing Plan (the Plan) as of December 31, 2007 and 2006, and for the year ended December 31, 2007. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by MG Trust Company (formerly Matrix Capital Bank), the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2007 and 2006, and for the year ended December 31, 2007, and the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As discussed in Note G to the financial statements, certain errors resulting in an overstatement of previously reported net assets available for benefits as of December 31, 2007 and 2006 were discovered by the Plan's management in 2009. Accordingly, the 2007 and 2006 financial statements have been restated.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is qualified under Internal Revenue Code (the Code).

Contributions

Each year, participants may contribute up to 15 percent of compensation, as defined by the plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans. Participants may direct the investment of their account balances into various investment options offered by the Plan. Currently, the Plan offers one common collective trust, one bond fund and nine mutual funds as investment options for participants.

The Company matching contribution is equal to a percentage of salary deferred during the plan year. The match is equal to 100 percent of the participant's voluntary contribution calculated on the first 3 percent and 50 percent on the next 3 percent of the participant's voluntary compensation contributed. The Company matching contribution for the year ending December 31, 2007 was \$1,052,625. The Company may also make a discretionary profit sharing contribution that is allocated to all eligible participants in the ratio that the participant's compensation bears to the total eligible compensation. There were no profit sharing contributions in 2007.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Employees are also immediately vested in the Company's matching contribution portion of their accounts plus actual earnings in accordance with the provisions of their Safe Harbor Plan. Employer profit sharing contribution portion of their accounts is based on years of continuous service. Participants vest 20% each year following the completion of their second year of continuous service, and are fully vested after six years of service.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1-5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator, and currently range from 5.00% to 9.25%. Principal and interest is paid ratably through payroll deductions.

Benefit Payments

Participants become eligible for benefit payments upon retirement, termination of employment, disability or death. Participants receive a lump sum amount equal to the value of the vested interest in their account unless they elect a qualified joint and survivor annuity or equal quarterly installments not to exceed ten years. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan.

Forfeitures

Forfeitures resulting from the nonvested portion of participants' accounts who terminate prior to being fully vested are generally used first to pay the administrative expenses of the Plan, and any remaining amounts may be used to reduce future Company contributions. At December 31, 2007 and 2006 forfeitures totaled \$12 and \$11, respectively. For the Plan year ended 2007, available forfeitures were not used to reduce employer contributions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Expenses of the Plan

All expenses for the administration of the Plan are paid by the Company.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Common/Collective Trust

As described in Financial Accounting Standards Board Staff Position, *FSP AAG INV-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies subject to the AICPA Investment Company Audit Guide and Defined Contribution Health and Welfare and Pension Plans* (the "FSP"), investment contracts held by a defined contribution plan are required to be reported at fair value. This applies even when the contracts are not held directly by the Plan but are underlying assets in common collective trust (CCT) investments held by the Plan. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common collective trust. As required by the FSP, the Statement of Net Assets Available for Benefits presents the fair value of the investment in the CCT as well as the adjustment of the investment in the CCT from fair value to contract value relating to the investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of registered investment companies (mutual funds) are valued at the net asset value of shares held by the Plan at year end. Shares of the CCT are valued at their net unit value as determined by the trustee at year end except when holding fully benefit-responsive investment contracts. The fair value of such investment contracts held by the CCT is determined using the market price of the underlying securities and the value of the investment contract. Participant loans are valued at their outstanding balances, which approximate fair value. See Note D for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrued basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid. As of December 31, 2007 and 2006, there was no unpaid distribution request.

Reclassifications

Certain prior year amounts have been reclassified to conform with current year presentation.

NOTE E – TAX STATUS

The underlying non-standardized prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated January 17 2003, stating that the form of the plan is qualified under Section 401 of the Internal Revenue Code, and therefore, the related trust is tax exempt. In accordance with Revenue Procedure 2002-6 and Announcement 2001-77, the Plan sponsor has determined that it is eligible for and has chosen to rely on, the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification.

The Plan has been amended subsequent to the issuance of the determination letter. The Plan administrator believes the Plan, as amended, is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

NOTE F – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE G – RESTATEMENT OF PREVIOUSLY ISSUED FINANCIAL STATEMENTS

In 2009, Management determined that a restatement of the financial statements for the periods ended December 31, 2007 and 2006 were required.

The restatement adjustment relates to participant loans that were in default due to untimely repayment. These loan balances at the time of default should have been classified as distributions. All payments, both principal and interest, made after the date of the default, should have been reclassified as an "after tax" employee contribution.

As of December 31, 2007 (restated), the participant loan balance has been reduced by \$35,140 and employee contribution balance has increased by \$9,741. Net assets available for benefits decreased from \$21,821,679 (as originally stated) to \$21,802,560 (as restated).

As of December 31, 2006 (restated), the participant loan balance has been reduced by \$35,140 and employee contribution balance has increased by \$5,119. Net assets available for benefits decreased from \$17,675,750 (as originally stated) to \$17,646,890 (as restated).
