Independent Auditors' Report

Benefits Advisory Committee Qualis Health Basic Retirement Plan and Trust Seattle, Washington

We were engaged to audit the accompanying statements of net assets available for benefits of Qualis Health Basic Retirement Plan and Trust (the Plan) as of June 30, 2010 and 2009, and the statement of changes in net assets available for benefits and supplemental schedule as of and for the year ended June 30, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Wilmington Trust, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. The Plan administrator has informed us that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian, as of June 30, 2010 and 2009, and for the year ended June 30, 2010, that the information, provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information in the Plan that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of Plan

The following description of the Qualis Health Basic Retirement Plan and Trust (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan that was established by Qualis Health (the Employer) effective July 1, 1974. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective January 1, 2006, the employer acquired several employees from an affiliated company. Accordingly, the Plan was amended to allow these employees as eligible participants in the Plan.

Eligibility - All regular full-time and part-time employees, as defined in the plan document, are eligible to participate in the Plan. Participants become eligible to participate on January 1 or July 1 following the completion of one year of service.

Contributions - For the plan year ended June 30, 2010, the Employer contributed 7% of eligible employees' gross pay each month. In addition, the Employer contributed 3% of the gross pay of the employees of the affiliated company discussed above. The Plan does not provide for participant deferral contributions. However, the Plan does permit eligible participants to rollover contributions from other qualified plans. Participants direct the investment of employer contributions into various investment options offered by the Plan. Effective January 16, 2004, the Plan was converted from a Money Purchase to a Profit Sharing Plan, thereby providing for a discretionary rather than a fixed amount of employer contributions. The Benefits Advisory Committee may periodically change the employer profit sharing contribution percentage at its discretion.

Allocation Provisions - Dividend income and net realized and unrealized investment gain or loss of each fund shall be allocated on a daily basis to the accounts of each participant based on the participant's proportionate share of the various investment funds held in their investment account.

Benefits Paid to Participants - Benefits paid to participants are made upon termination, death, disability or retirement and are recorded when paid.

Forfeitures - The Plan allows for a five-year break in service before a separated employee must forfeit any unvested amount. Any unvested portion remaining after the five-year break in service may first be applied to pay expenses under the Plan, which would otherwise be paid by the Employer. Forfeitures not used to pay expenses are used to reduce future Employer contributions. Forfeitures totaling \$77,662 were utilized in the current year to reduce Employer contributions.

Notes to Financial Statements

Note 1 - Continued

Vesting - Participants are immediately vested in their rollover contributions and earnings thereon. Vesting in Employer contributions plus earnings thereon is based on years of continuous service according to the following schedule:

- -

<u>Years of Service</u>	Vested Interest in <u>Employer's Contribution</u>
Less than two	0%
Two but less than three	20%
Three but less than four	40%
Four but less than five	60%
Five but less than six	80%
Six or more	100%

If any participant's account has not already become fully vested, it shall become fully vested in the Employer contributions upon the participant's attainment of 55 years of age, disability or death.

Note 2 - Summary of Accounting Policies

Basis of Accounting - The financial statements of the Plan have been prepared on the accrual basis of accounting.

The Plan's collective investment fund is recorded at contract value. However, investment contracts held by a defined-contribution plan are required to be reported at fair value. Reporting the collective investment fund at fair value would not have a material effect on the Plan's financial statements as interest rates are periodically adjusted to market. Accordingly, contract value, which represents net contributions plus interest at the contract rate, approximates fair value.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of mutual funds includes the Plan's gains and losses on mutual funds bought and sold as well as held during the year.

Administrative Expenses - Trustee and plan administration fees are charged to the Plan and totaled \$9,362 for the plan year ended June 30, 2010. The Employer also pays for certain plan expenses, including costs associated with sponsoring the Plan. Additionally, certain fees are charged to the funds and are offset against plan investment income and losses as presented on the statement of changes in net assets available for benefits. Participants should refer to the fund prospectuses for details on the various types and amounts of investment fees charged.

Notes to Financial Statements

Note 2 - Continued

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties - Investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Subsequent Events - The Employer has evaluated subsequent events through January 21, 2011, the date on which the financial statements were available to be issued.

Note 3 - Fair Value Measurements

Generally accepted accounting standards establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

- Level 1: Unadjusted quoted prices available in active markets for identical assets or liabilities;
- Level 2: Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; and

Level 3: Unobservable inputs that are significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2010 and 2009.

<u>Collective Investment Fund</u> - Valued using the NAV provided by the fund's trustee. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding at the valuation date. The fund is traded on a private market that is not active; however, the unit price is based primarily on observable market data of the fund's underlying assets.

Mutual Funds - Valued at quoted market prices in active markets, which represent the net asset value (NAV) of shares held by the Plan at year-end.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2010 and 2009 (Levels 1, 2 and 3 are defined above):

Note 4 - Unallocated Assets

The Plan holds certain unallocated assets at year-end, which consist of the non-vested portions of account balances of former participants who have yet to incur a break in service as defined in the Plan. These assets will be available to pay expenses of the Plan or reduce future employer contributions in the year in which a break in service occurs. At June 30, 2010, unallocated assets totaled \$0 (2009 - \$25,496).

Note 5 - Investments

Investments that represent 5% or more of the total plan assets as of June 30 are identified below:

	 2010	 2009
Mutual fund accounts: American Funds Investment Company of America American Funds Bond Fund of America American Funds Growth Fund of America American Funds EuroPacific Growth Fund American Funds American Balanced Fund American Funds Capital Income Builder Fund	\$ 884,501 788,572 764,696 540,057 437,408	\$ 816,986 668,560 656,915 477,107 380,109 331,446
Collective investment fund: Federated Capital Preservation Fund	1,398,776	1,505,036

* Does not represent 5% or more of the Plan's net assets at June 30.

Note 6 - Information Certified by the Plan's Custodian

The Plan has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Under this provision of ERISA, certain information certified by a financial institution need not be subjected to independent audit. The Plan's management has obtained certification from the custodian, Wilmington Trust, that the following information included in the Plan's financial statements and supplemental schedule is complete and accurate:

- Fair value of investments as of June 30, 2010 and 2009;
- Investment and other income earned for the year ended June 30, 2010; and
- Investment transactions for the year ended June 30, 2010.

Note 7 - Party-In-Interest Transactions

Wilmington Trust (Wilmington) serves as the custodian for the Plan. The Plan invests in mutual funds managed by Wilmington. Transactions with these investments and fees charged by Wilmington qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. For the year ended June 30, 2010, fees paid by the Plan to Wilmington were \$7,612.

Northwest Plan Services, Inc. (NWPS) serves as the recordkeeper of the Plan. Therefore, plan expenses paid to NWPS qualify as party-in-interest transactions which are exempt from prohibited transaction rules. For the year ended June 30, 2010, fees paid by the Plan to NWPS were \$1,750.

Notes to Financial Statements

Note 8 - Federal Income Taxes

The Plan obtained its latest determination letter on May 6, 2003, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 9 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.
