Independent Auditor's Report

To The Board of Directors and Stockholders
of Dokken Engineering
Folsom, California

I was engaged to audit the statement of net assets available for benefits of the Dokken Engineering 401(k) Profit Sharing Plan as of May 31, 2010, and the statement of changes in net assets available for benefits for the year ended May 31, 2010 and the supplemental schedule of assets (held at end of fiscal year) as of May 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by The Hartford Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. I have been informed by the plan administrator that the trustee holds the Plan's investments and executes investment transactions. The plan administrator has obtained a certification from the trustee as of May 31, 2010, and for the year ended May 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that I did not audit I am unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the plan trustee, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

401(k) Profit Sharing Plan
Notes To Financial Statements
Year ended May 31, 2010

Note 1 - Description of Profit Sharing Plan

The following description of The 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provision.

General - The Plan is a defined contribution plan covering all employees of the Company who have attained the age of 21. Employees may begin making salary deferrals on the first of the month following 30 days after their date of hire. To be eligible for the employer matching contribution they must have been employed at Dokken Engineering for 12 months, and work at least 1,000 hours during that period. The plan is subject to the provision of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Participants may contribute between one and one hundred percent of their compensation each year but not to exceed the IRS allowable deduction for the year then ended.

The employer will make matching contributions each pay period once eligibility requirements have been met. The matching contribution will be 100% of the first 9% of the participant's base compensation that they elect to defer. The match is computed each pay period and is based on the contributions for that pay period only.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution, (b) Plan's earnings, and (c) forfeitures of terminated participants' non-vested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Distributions - Participants contributions plus their earnings are 100% vested at all times. The employer matching contributions are vested over a six-year graded schedule. In order to receive vesting credit, participants must work a minimum of 1,000 hours during the fiscal year.

Once funds have been deposited to the 401(k) plan, they cannot be withdrawn unless the participant has a severe financial hardship. Hardship includes college tuition, purchasing your primary residence, or medical expenses. If a hardship withdrawal is taken, the participant will be barred from participating in the 401(k) plan for 6 months.

Participant Loans Receivable - Participants may also borrow from their fund accounts with a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance at the U.S. Federal Prime Rate + 2%. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loan fund. All loans shall be repaid within (5) years from the date of the loan. Loans are secured by the balance in the participant's account and bear interest as determined by the Plan administration. Principal and interest shall be repaid at least quarterly, in a level amount, which will fully amortize the loan over its duration.

Note 1 - Description of Profit Sharing Plan - continued

Investment Choices - Participants contributions will be withheld from each paycheck and sent along with the employer matching contribution to an individual Hartford Life account for investment.

Payment of Benefits - Participants are entitled to the vested portion of their benefit upon retirement age 65, or termination, calculated on the valuation date coincident with or preceding retirement or termination date. At retirement, participants are automatically 100% vested in the employer matching contributions.

Forfeited Accounts - Forfeited accounts are allocated to the participants' account in proportional share of his or her account.

Note 2 - Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at the fiscal year-end, except for investments at guaranteed fixed rates, which are stated at contract value. Participant notes receivable are valued at cost which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

In the event of Plan termination, participants will become 100 percent vested in their employer accounts.

Note 5 - Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.
