Independent Auditors' Report

To the Investment/ Retirement Committee
Paul, Hastings, Janofsky & Walker LLP
Defined Contribution Retirement Plan

We were engaged to audit the financial statements of Paul, Hastings, Janofsky & Walker LLP Defined Contribution Retirement Plan ("Plan") as of May 31, 2010 and 2009, and for the year ended May 31, 2010 and the supplemental schedules as of and for the year ended May 31, 2010 as listed in the accompanying index. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 10, which was certified by City National Bank, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended May 31, 2010 and 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

As discussed in Note 2, these financial statements and supplemental schedules were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Defined Contribution Retirement Plan

Notes to Financial Statements

1. Plan Description The following description of Paul, Hastings, Janofsky & Walker LLP Defined Contribution Retirement Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees and partners of Paul, Hastings, Janofsky & Walker, LLP("Company"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The maximum annual employee contribution to the Plan is $16,500 for the calendar year 2010, under the Internal Revenue code Section 402(g), subject to the limitations in the statutory anti-discrimination test contained in Code Section 401(k), statutory limitations with regard to annual deferrals and catch up deferrals, and any other limitations in the Plan or established by the Plan Administrator. Employees who are at least 50 years old on December 31, 2009 are able to make an additional contribution of $5,500.

Employees are eligible for an employer contribution if they have at least two years of service and are employed at the plan year-end. The employer contributes 8% of each eligible participant's salary plus 5.7% of the amount of the participant's salary, if any, which exceeds the Social security wage base of $106,800 for the plan year ended May 31, 2010. Contributions to the Plan for partners are specified by the Company and are withheld from the partners' compensation.

All non-attorney employees who have been participants for at least 5 years and all attorney-employees who are otherwise eligible for the Plan are required to make automatic contributions. Automatic Contributions begin on the first day of the December or June following completion of 5 years of participation for eligible non-attorneys or following commencement of employment for eligible attorney-employees. The automatic contributions rate for non-attorneys is 5% of compensation; the automatic contributions rate for attorneys is 8% of compensation.

Defined Contribution Retirement Plan

Notes to Financial Statements

1. Plan Description (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, Company's contributions, plus actual earnings thereon.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 5.25% to 10%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or to delay the distribution till the age of 65. In such case, at the age of 65 there would be an automatic distribution. Hardship withdrawals are also available. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Plan Administration

The Plan is administered by the Company. The Plan administrator controls and manages the operation and administration of the Plan. City National Bank is the trustee and the recordkeeper of the Plan.

1. Plan Description (Continued)

Eligibility

All U.S. employees or partners are eligible to participate in the Plan upon becoming employees or partners of the Company.

Investment Options

Upon enrollment in the Plan, a participant may direct the investment of the Plan accounts in any of twelve pool funds provided by the Company, or in a self-directed fund through the self-directed option. The twelve pool funds and the self-directed fund are as follows:

Stable Value Fund (Prudential Capital Preservation Fund) – Seeks high current income while seeking to maintain a consistent price per share.

Bond Fund (American Funds Bond Fund of America) – Seeks to provide as high a level of current income as is consistent with preservation of capital.

High Yield Bond Fund (WM High Yield Bond A) – Seeks to achieve a higher return by investing in the bonds of lesser known companies.

Income Fund (Oppenheimer Capital Income Fund A) – Seeks to provide high current income and capital appreciation in up markets and preserve capital in down markets by investing in dividend paying stocks, bonds, preferred stocks and convertible securities.

Stock Fund (John Hancock Classic Value Fund) – Seeks to provide current income and the opportunity for growth of principal consistent with sound common stock investing.

S&P 500 Index Fund (Scudder Institutional Equity 500 Index Fund) – Seeks to achieve the return of the Standard and Poor's 500 Large companies index by investing in those same companies.

Growth Fund (Columbia Funds Columbia Marsico 21st Century Fund A) – Seeks long term growth of capital and future income rather than current income.

1. Plan Description (Continued)

Europacific Fund (American Funds- Europacific Growth Fund) – Seeks to provide long term growth of capital by investing in companies based outside of the U.S.

Small Cap Value Fund (Franklin Balance Sheet Investment Fund) – Seeks high total return of which capital appreciation and income are components by investing in equities of companies with intrinsic values not being represented in their market place.

Small Cap Growth Fund (Columbia Acorn Fund Z) – Seeks growth of capital by investing in small but growing companies.

Emerging Markets Fund (Oppenheimer Developing Markets Fund A) – Seeks long term capital appreciation investing in equity securities located in countries with emerging securities markets believed to have growth potential.

Real Estate Fund (AIM REIT Fund A) – Seeks to achieve maximum long-term return, with capital appreciation as a secondary objective by principally investing in real estate-related investments.

Self-Directed Fund – Funds are invested in investments directed by participants, including stocks, bonds, life insurance, and other financial assets.

Date of Management's Review

Subsequent events were evaluated through February 28, 2011, which is the date the financial statements were available to be issued.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. Summary of Significant Accounting Policies (Continued)

Basis of Accounting

These financial statements are prepared on the modified cash basis of accounting except for the investments which are adjusted to fair value (see Note 3) and the accrual of Plan contributions; consequently, certain revenue is recognized when received rather than when earned, and expenditures are recognized when paid rather than when the obligation is incurred. Accordingly, the financial statements are not intended to present financial position and results of operations in conformity with generally accepted accounting principles.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies (Continued)

Operating Expenses

Expenses of maintaining the Plan are paid by the Company (see Note 6).

Net Appreciation (Depreciation) in Fair Value of Investments

Net appreciation (depreciation) in fair value of investments is based on the fair value of the assets at the beginning of the Plan year, or at the time of purchase during the Plan year, and the related fair value on the day investment are sold with respect to realized appreciation (depreciation), or on the last day of the year with respect to unrealized appreciation (depreciation).

Realized and unrealized appreciation (depreciation) is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

Recent Accounting Pronouncements

In April 2009, the Financial Accounting Standards Board (FASB) issued guidance under ASC 820, formerly known as FSP FAS 157-4, Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly). ASC 820 reaffirms that fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions. The guidance also reaffirms the need to use judgment in determining if a formerly active market has become inactive and in determining fair values when the market has become inactive. This guidance was adopted by the Plan and did not have a material impact on the Plan's financial statements.

In June 2009, the FASB issued guidance under ASC 105, Generally Accepted Accounting Principles, which was formerly referred to as FASB Statement of Financial Accounting Standards No. 168, FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles – A Replacement of FASB Statement No. 162. This guidance establishes the FASB Accounting

Standards Codification (the Codification) as the source of authoritative U.S. generally accepted accounting principles (GAAP) for nongovernmental entities. The Codification supersedes all existing non-SEC accounting and reporting standards. Rules and interpretive releases of the SEC under authority of federal security laws remain authoritative GAAP for SEC registrants. This guidance and the Codification are effective for financial statements issued for annual periods ending after September 15, 2009. As the Codification did not change existing GAAP, the adoption did not have an impact on the Plan's financial statements.

During 2009, the Plan adopted FASB Statement No. 165, Subsequent Events, or ASC 855, which was issued in May 2009 and is effective for fiscal years and interim periods ending after June 15, 2009. ASC 855 requires evaluation of subsequent events through the date of financial statement issuance. The adoption of this guidance is reflected in these financial statements.

In September 2009, the FASB issued ASC Update 2009-12, Fair Value Measurements and Disclosures (Topic 820) — Investment in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent). This update provides guidance on estimating the fair value of a company's investments in investment companies when the investment does not have a readily determinable fair value. It permits the use of the investment's net asset value as a practical expedient to determine fair value. This guidance also required additional disclosure of the attributes of these investments such as: (i) the nature of any restrictions on the reporting entity's ability to redeem its investment; (ii) unfunded commitments; and (iii) investment strategies of the investees. This guidance is effective for periods ending after December 15, 2009. The adoption did not have a material impact on the Plan's financial condition or results of operations and all applicable disclosures are included in these financial statements.

In January 2010, the FASB issued ASC Update 2010-06, Fair Value Measurements and Disclosures (Topic 820) – Improving Disclosures about Fair Value Measurements. This guidance requires: (i) separate disclosure of significant transfers between Level 1 and Level 2 and reasons for the transfers; (ii) disclosure, on a gross basis, of purchases, sales, issuances, and net settlements within Level 3; (iii)

disclosures by class of assets and liabilities; and (iv) a description of the valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements. This guidance is effective for reporting periods beginning after December 15, 2009, except for the Level 3 disclosure requirements, which will be effective for fiscal years beginning after December 15, 2010 and interim periods within those fiscal years. The adoption of this guidance is reflected, where applicable, throughout these financial statements.

3. Fair Value Measurement

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

Cash equivalents primarily consist of money market mutual funds that are priced at par, based on publicly traded prices. The fair values of preferred stocks, publicly traded common stocks, mutual funds and publicly traded partnerships are based on quoted market prices.

Level 2 Fair Value Measurements

The fair value of savings and certificates of deposit is based on par value as well as the closing bid price for comparable asset classes.

Defined Contribution Retirement Plan

Notes to Financial Statements

3. Fair Value Measurement (Continued)

The fair values of U.S Government securities, corporate obligations, and miscellaneous notes are based on the bid price of similar instruments in the market, as determined by the asset class.

The fair value of the guaranteed investment contract is based on the market values of the underlying assets within the Prudential Core Conservative Bond Fund. Money markets are valued at par value while bonds, notes and mortgage backed securities are valued by an independent agent.

Assets that are held in brokerage accounts are valued based on the statements provided by the broker to the Plan.

Level 3 Fair Value Measurements

Closely held common stocks are valued based on separate statements provided by the Company or a third party vendor intent on determining a market value for these closely held stocks.

Notes, mortgages and contracts are valued at contract value of these investments, as these assets are not traded on active markets.

Partnerships are valued based on the financial statements provided by the Partnership to the Plan.

The following table provides further details of the Level 3 fair value measurements.

During the year ended May 31, 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $34,928,442.

5. Investment Contract with Insurance Company

In February 2005, the Plan invested in a guaranteed investment contract with Prudential Retirement Insurance and Annuity Company ("Prudential") who maintains the contributions in a the Plan's designated trust account. The assets of this account are invested in the Prudential Core Conservative Fund (Formerly the Prudential Enhanced Bonds Fund) ("Fund"), that is a part of the Prudential Trust Company Collective Trust.

The fund invests primarily in corporate bonds, commercial mortgage-backed securities, U.S government mortgage backed securities, U.S government treasury and agency obligations and money market funds. The account is credited with earnings on the underlying investments and charged for plan withdrawals and administrative expenses. The contract is fully benefit responsive and is included in the financial statements at contract value as reported to the Plan by Prudential. Contract value represents contributions made under the contract, plus earnings, less withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract was $59,986,402 and $55,974,463 at May 31, 2010 and 2009 respectively. The crediting rate is based on an agreed-upon

formula with the issuer, but cannot be less than 0.00%. Such rates are reset on a quarterly basis.

The existence of certain conditions can limit the Plan's ability to transact at contract value with Prudential. Examples of such conditions include, but are not limited to, partial or complete legal termination of the Plan, tax disqualification of the Plan and a change of the investment manager by the Plan without the prior approval of Prudential. The plan administrator does not believe that the occurrence of any such event which would limit the Plan's ability to transact at contract value with plan participants is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by City National Bank who is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $158,858 for the year ended May 31, 2010.

The Company provides certain accounting and administrative services to the Plan for which no fees are charged. These expenses constitute exempt party-in interest transactions under ERISA.

7. Plan Termination

Although the Company has not expressed any intent to terminate the Plan, it may do so at any time subject to the provisions of ERISA. In the event of such termination, participants will receive a distribution equal to the value of their individual accounts.

8. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated October 29, 2002, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan

8. Tax Status (Continued)

administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan is required to disclose significant concentrations of credit risk regardless of the degree of such risk. At May 31, 2010 and 2009, the financial instruments, which potentially subject the Plan to a concentration of credit risk, consisted principally of cash, investments and participant loans.

10. Trustee Certification

The investment balance and related investment information included in the financial statements, accompanying notes and supplemental schedules are derived from statements which have been certified by City National Bank as complete and accurate in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

11. Reconciliation of Financial Statements to Schedule H of Form 5500

The fair value of certain investments was updated after the year end. The Form 5500 was prepared based on the values that were available at year-end, while the financial statements were prepared based on the updated values.

12. Subsequent Events

Effective June 1, 2010 the Plan was amended and restated to confirm to a plan rule that was implemented on June 1, 2008 specifying the eligibility of certain new partners and their former employees to participate in the Plan and to receive employer contributions. The tax qualification of the new plan documents is pending IRS approval.

13. Non-exempt Transactions

In February 2010 the Company was not in compliance with the Department of Labor requirements to remit a participant loan payment for the amount of $21,305 to the Plan within 15 business days of the month following the month in which the loan payment was withheld or received by the employer. In May 2010 the Company paid the Plan $169 as lost earnings on the late deposit.
