Plan Year:	January 1st to December 31st

Delayed Retirement

A participant may continue in the employment of the Employer after his Normal Retirement Date. In such event he will receive at actual retirement a benefit calculated as of his delayed retirement date based on credited service to such date, but not less than the Actuarial Equivalent of the benefit that would have been payable had the participant retired on his Normal Retirement Date.

Annual Earnings

The total cash compensation paid to a participant by the Plan Sponsor during a calendar year, including amounts excluded from taxable income to IRC Section 125 or 402(g) and excluding amounts contributed to this plan or other deferred compensation programs, any benefits paid under this plan or any other employee benefit program or fringe benefit plan, cost of living or similar allowances, amounts paid under a performance unit plan or other long-term bonus plan, or other extraneous income, provided that in the first or last calendar year of employment, Annual Earnings shall be adjusted based on his rate of earnings as of the first or last day of such employment, as applicable, and the number of months before or after such day, as applicable, as provided in the plan. All optional methods of settlement are actuarially equivalent to the normal form of annuity. If a married participant does not elect the normal form of annuity or does not elect one of the optional methods of settlement described below, then the participant's retirement benefit shall automatically be paid under option [1] below. The options are:

- (1) An actuarial equivalent benefit to be paid during the participant's lifetime with 50%, 75%, or 100% continued to a designated beneficiary.
- (2) An actuarial equivalent benefit to be paid during the participant's lifetime with 120 or 60 installments guaranteed.
- (3) Social Security adjustment options with either the life annuity or one of the contingent annuity options.

Clearon Corporation Employees Pension Plan

EIN: 13-3852034 PN: 002

Schedule SB, Part V — Summary of Plan Provisions

If the present value of a participant's vested accrued benefit is \$5,000 or less, the present value of such benefit shall be paid to the participant in the form of a lump sum payment.

All optional methods of settlement (other than joint and survivor and lumps sums) are actuarially equivalent to the normal form of annuity based on the 1971 Group Annuity Mortality Table and 7.00% interest. For lump sums, the interest rate is a three segment rate specified by the Commissioner of Internal Revenue in effect for the third month preceding the first day of the Plan Year prior to distribution of the lump sum, and the applicable mortality table used for this purpose as required by regulations.

The benefit otherwise payable in the form of a single life annuity is reduced if it is paid as a joint and survivor annuity by multiplying the single life benefit by the applicable factor from the table in Exhibit A of the plan document.

Amendment or Termination of Plan

The Employer reserves the right to amend or terminate the Plan at any time. Generally, the Pension Benefit Guaranty Corporation reserves the right to terminate the Plan if the Employer fails to meet the minimum funding standards, or is unable to pay benefits when due.

If the Plan is terminated, the Plan assets will be distributed among the Plan participants based upon a priority allocation procedure and the Employer shall be liable for any unfunded vested benefits to the extent required by law.

Schedule SB, line 25 — Change in Method

The method used for the valuation of assets changed from the market value of assets to a method which recognizes asset gains and losses over a period of three years. That is, asset gains and losses are defined as the difference between the expected return on the market value of assets, using a return assumption not exceeding the third segment rate, and the actual return on the market value of assets. This gain or loss is recognized over a period of three years at 33% per year, beginning in the current year. The actuarial value of assets must be within 10% of the market value of assets. This change does not require IRS approval.

CLEARON CORP. EMPLOYEES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

1 - DESCRIPTION OF THE PLAN

The following description of the Clearon Corp. Employees Pension Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Clearon Corp. Employees Pension Plan is a defined benefit pension plan covering substantially all employees of Clearon Corp. (the Corporation) hired prior to December 1, 2005. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Pension Benefits

Employees with five or more years of service are entitled to annual pension benefits beginning at normal retirement age (65) equal to the greater of (a) 1.0% of the participant's average annual compensation multiplied by the years of service or (b) 1.5% of average annual compensation times the years of benefit service, minus the lesser of 1/70th of the participant's primary Social Security Benefit (SSB) multiplied by the years of benefit service up to a maximum of 35 years, or 50% SSB times actual years of service over total years at normal retirement date, computed using the highest salary levels for three out of the last ten plan years prior to the participant's retirement. If an employee continues employment after normal retirement age, the employee is entitled to benefits based on the formula above as of the later retirement date. Employees may elect to receive the value of their accumulated plan benefits as a single life annuity or as a joint and survivor annuity payable monthly from retirement.

Death and Disability

If an active vested employee dies, a benefit equal to the value of the employee's accumulated pension benefits is paid to the employee's beneficiary. A participant who has a nonforfeitable benefit and who becomes disabled shall be treated as if continuing in employment, with earnings equaling the sum of the participant's compensation actually paid during such calendar year (specifically excluding any lump sum cash out of vacation or sick pay attributable to the participant's last calendar year of active service or any lump sum severance or terminal pay), plus an amount which is determined by multiplying the participant's monthly base pay determined as of his last day of active service in the calendar year by the number of months remaining in the calendar year for which he is not being paid wages, salary, or severance. Such participant shall continue to accrue benefit service until normal retirement is elected.

Funding Policy

The Employer has agreed to voluntarily contribute such amounts as necessary to provide assets sufficient to meet the benefits to be paid to Plan members. Employees' benefits under the Plan vest after the completion of five years of service. The Employer has the right under the plan to discontinue such contributions at any time and terminate the Plan.

The Employer's present intention is to make contributions in amounts sufficient to fund the Plan's current service cost on a current basis. The Plan has met the ERISA minimum funding requirements.

1 - DESCRIPTION OF THE PLAN (Continued)Plan Termination

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. Government agency) up to the applicable limitations.
- All other vested benefits (that is, vested benefits not insured by the PBGC).
- All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or plan termination (whichever comes later).

For younger annuitants or for those who elect to receive their benefits in a form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward. Certain benefit improvements attributable to plan amendments may not be fully guaranteed even though total benefit entitlements fall below the aforementioned ceilings.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

1 - DESCRIPTION OF THE PLAN (Continued)Income Tax Status

The Internal Revenue Service has ruled that the Plan qualifies under Section 401(a) of the Internal Revenue Code (IRC) and is not subject to tax under present income tax law.

The Plan has been amended since receiving its last determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIESBasis of Accounting

The accounting records of the Plan are maintained on the accrual basis of accounting.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investment contracts with Metropolitan Life Insurance Company are stated at contract value, which approximates fair value.

The annual change in the difference between fair value and the cost of the Plan's investments and realized gains and losses on the sale of investments are reported in the statement of changes in net assets available for plan benefits as net appreciation (depreciation) in the aggregate fair value of such investments.

Subsequent Events

The date to which events occurring after December 31, 2009, have been evaluated for possible adjustment to or disclosure in the financial statements was October 12, 2010, which is the date that the financial statements were available to be issued.

3 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' highest average compensation during any three out of the last ten years of credited service. The accumulated plan benefits for active employees are based on their highest average compensation during any three out of the last ten years ending on the date of which the benefit information is presented (the valuation date). Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by the actuary, AON Consulting, and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The actuarial present value of accumulated Plan benefits as of January 1, 2009 and 2008, is as follows:

	<u>2009</u>	<u>2008</u>
Actuarial present value of accumulated plan benefits:		
Vested benefits:		
Active participants	\$ 3,770,120	\$ 4,129,526
Deferred vested terminations	508,196	391,126
Participants currently receiving payments	4,242,599	4,258,314
Non-vested benefits	<u>772,300</u>	<u>34,688</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 9,293,215</u>	<u>\$ 8,813,654</u>

The net increase in actuarial present value of accumulated Plan benefits is as follows:

Actuarial present value of accumulated Plan benefits, January 1, 2008	\$ 8,813,654
Increase (decrease) during the year attributable to:	
Interest	681,362
Benefits accumulated	403,093
Benefits paid	<u>(604,894)</u>
Actuarial present value of accumulated Plan benefits, January 1, 2009	<u>\$ 9,293,215</u>

CLEARON CORP. EMPLOYEES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

(Continued)

3 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS (Continued)

The significant assumptions underlying the actuarial computations at January 1, 2008 are as follows:

Rate of return on assets	8%
Discount rate	5.89%
Mortality basis	Based on the RP-2000 Combined Health Mortality Table for Males and Females projected to 2007
Termination	Graduated rates by age
Retirement rates	Age is 63 or the valuation date if later
Social Security taxable wage base increases	5.5% per year

These actuarial assumptions are based upon the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

4 - INVESTMENTS

The following table presents investments, which is based on information certified by MetLife Insurance Company, the trustee, at December 31, 2009 and 2008. Investments that represent 5% or more of the Plan's net assets are as follows:

	<u>2009</u>	<u>2008</u>
Investment contract with insurance company:		
Separate accounts:		
Templeton International Equity	\$ 1,933,386	\$ 1,455,304
Metropolitan Small Cap Managers	812,113	602,012
Metropolitan Index Fund	2,660,219	1,932,239
Blackrock Broad Market Bond Fund	1,701,309	1,461,177
Intermediate Duration Alliance Bond Fund	1,711,297	1,458,901
Real Estate Securities Fund I	<u>583,798</u>	<u>364,436</u>
	<u>\$ 9,402,122</u>	<u>\$ 7,274,069</u>

5 - CONTRACT WITH INSURANCE COMPANY

The Plan has an investment contract with the Metropolitan Life Insurance Company (MetLife). MetLife maintains the Plan's contributions in separate accounts and invests the assets in commingled investment vehicles. The contract is included in the financial statements at contract value, which approximates fair value, as reported to the Plan by MetLife. Contract value represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses.

At the direction of the Plan's administrator, a stipulated payment to purchase an annuity for a retiring employee is withdrawn by MetLife from the plan reserve account. Purchased annuities are contracts under which MetLife is obligated to pay benefits to named employees or their beneficiaries, therefore, these annuities are excluded from Plan assets. The stipulated payment rates for such annuities are adjustable after the first anniversary of the plan and any time thereafter.

6 - PARTY-IN-INTEREST TRANSACTIONS

The Employer pays certain administrative expenses on behalf of the Plan, including legal, actuarial, accounting, and insurance fees. Also, the Employer provides certain administrative services at no cost to the Plan.

Certain investments of the Plan are insurance contracts managed by MetLife Insurance Company, trustee of the Plan, and therefore qualify as party-in-interest transactions. Fees paid by the Plan for investment management services totaled \$56,448 and \$62,491 for the years ended December 31, 2009 and 2008, respectively.

7 - ASSETS MEASURED AT FAIR VALUE

Assets measured at fair value are valued using a hierarchy which assigns priorities to inputs of valuation techniques used to measure fair value, and includes the following three levels: Level 1 inputs are quoted prices for identical assets in active markets to which the reporting entity has access, and provide the most reliable evidence of fair value; Level 2 inputs are observable, either directly or indirectly, but are not quoted market prices for identical assets; and Level 3 inputs are unobservable and should be used to the extent that observable input are unavailable.

Assets measured at fair value on a recurring basis consisted of the following at December 31:

	Level 2: Observable Inputs	
	2009	2008
Investment contract with insurance company:		
Equities	\$ 5,405,718	\$ 3,989,555
Fixed income	3,412,606	2,920,078
Real estate	583,798	364,436
	<u>\$ 9,402,122</u>	<u>\$ 7,274,069</u>
