Independent Auditors' Report

To the Administrative Committee of
Antioch Auto Center 401(k) Plan and Trust
Sponsored by Tralee, Inc.

We have audited the accompanying statement of net assets available for benefits of Antioch Auto Center 401(k) Plan and Trust as of June 30, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended June 30, 2010, and the supplemental schedule of assets (held at end of year) as of June 30, 2010. These financial statements and schedule are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Antioch Auto Center 401(k) Plan and Trust as of June 30, 2010 and 2009, and the changes in its net assets available for benefits for the year ended June 30, 2010, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects to the basic financial statements taken as a whole.

NOTE A - DESCRIPTION OF PLAN

The following description of the Antioch Auto Center 401(k) Plan and Trust (the "Plan") sponsored by Tralee, Inc. (the "Sponsor") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who are age twenty-one or older and who have completed one year of service. The Plan does not cover union employees or employees who are non-resident aliens with no U.S. income. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute pretax annual compensation, as defined in the Plan, not to exceed $16,500 ($22,000 for participants over the age of 50) as adjusted for inflation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a common collective trust fund as investment options for participants.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of Plan earnings. Each participant's account is charged for any withdrawals or distributions to the participant, and for allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loan fund. Loan terms generally range up to five years. The loans are secured by the participant's vested balance and bear interest at rates commensurate with local prevailing rates. Principal and interest is paid ratably through payroll deductions.

NOTE A - DESCRIPTION OF PLAN (Continued)

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account, or, in lieu of a lump-sum distribution, a participant may elect to receive annual installments over the participant's, the participant's and designated beneficiary's, or the beneficiary's life expectancy, as permitted by the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management Review

Subsequent events were evaluated through January 5, 2011, which is the date the financial statements were available to be issued.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

The Plan's investments consist of mutual funds, a common collective trust fund and participant notes receivable. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Operating Expenses

All expenses of maintaining the Plan are paid from the Plan's assets. All expenses are generally allocated to the participants proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the plan. The method of allocating the expenses depends on the nature of the expense itself.

NOTE C – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of difference methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

		Fair Value Measurements Using:		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
June 30, 2010				
Mutual funds	$ 1,310,758	$ 1,310,758	$ -	$ -
Common collective trust	163,697	-	163,697	-
Participant loans	41,260	-	-	41,260
Total	$ 1,515,715	$ 1,310,758	$ 163,697	$ 41,260
June 30, 2009				
Mutual funds	$ 839,541	$ 839,541	$ -	$ -
Common collective trust	526,397	-	526,397	-
Participant loans	47,482	-	-	47,482
Total	$ 1,413,420	$ 839,541	$ 526,397	$ 47,482

NOTE C – FAIR VALUE MEASUREMENTS (Continued)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds are based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements

The pooled trust fund invests primarily in money market funds and guaranteed investment contracts (GICs). The fair value of funds invested in money market funds is net asset value. The fair value of investments in GICs is determined based on the present value of the contract's expected cash flows, discounted at current market interest rates for like quality and duration.

Level 3 Fair Value Measurements

Participant loans are not actively traded and significant other observable inputs are not available. Thus, the fair value of participant loans is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurements.

NOTE C – FAIR VALUE MEASUREMENTS (Continued)

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

NOTE G - TAX STATUS

The Internal Revenue Service has determined and informed the sponsor that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
