INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of the
Pacific Hydrotech Corporation
401(k) Profit Sharing Plan:

We have audited the accompanying statements of net assets available for benefits of Pacific Hydrotech Corporation 401(k) Profit Sharing Plan as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009 and the supplemental schedules, as listed in the accompanying table of contents. These financial statements and supplemental schedules are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above of Pacific Hydrotech Corporation 401(k) Profit Sharing Plan present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2009 and 2008, and the changes in net assets available for benefits for the year ended December 31, 2009 in conformity with accounting principles generally accepted in the United States of America.

Our audits were made for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedules are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements take as a whole.

PACIFIC HYDROTECH CORPORATION
401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2009

NOTE 1 – Description of the Plan

The following description of the Pacific Hydrotech Corporation (the Company) 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible full-time employees of the Company who have completed three months of service and have attained a minimum age of eighteen years. Upon satisfying these requirements, employees become eligible to participate in the Plan immediately at the date of satisfaction. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 90% of their compensation, up to the maximum amount allowed by IRS limitations. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers numerous mutual funds as investment options for participants. The Company contributes 50% of the first 6% of base compensation that a participant contributes to the Plan. The Company's matching contribution is invested in the various investment options offered by the Plan.

Participants may also receive prevailing wage contributions. These contributions are made pursuant to the Davis-Bacon Act and the Service Contract Act. Such contributions are allocated to participants according to the accrual earned under applicable contracts and are contributed by the employer. There is no age or service requirement for eligibility, and entry is immediate upon hire. Participants may also receive discretionary profing sharing contributions.

Contributions are subject to certain limitations.

NOTE 1 – Description of the Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and Plan earnings, and (b) charged with an allocation of administrative expenses. Allocations are based on participant earnings, contributions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and prevailing wage contributions, plus actual earnings thereon. Vesting in the Company's matching contribution and profit sharing contributions are based on years of continuous service. A year of earned service is defined as each Plan year in which the employee is credited with having worked at least 1,000 hours. A participant is 100% vested after three years of credited service.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at prime plus 1%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions. Loans outstanding at December 31, 2009 bear interest at rates ranging from 4.25% to 9.5% and mature through December 2014.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant will receive a lump-sum distribution in an amount equal to the value of the participant's vested interest in his or her account. Other withdrawals and loans from participant accounts may be made under certain circumstances, as defined in the Plan agreement, and are subject to restrictions in the Internal Revenue Code.

NOTE 1 - Description of the Plan (Continued)

Forfeited Accounts

At December 31, 2009 and 2008, forfeited nonvested accounts totaled $18,700 and $18,500, respectively. These accounts will be used to first reduce administrative expenses and then reduce future employer contributions. During 2009, employer contributions were reduced by $4,251 and administrative expenses were reduced by $1,080 from forfeited nonvested accounts.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 – Summary of Significant Accounting Policies (Continued)

Operating Expenses

Certain accounting and administrative fees incurred by the Plan are paid by the Company.

Subsequent Events

The Plan has evaluated subsequent events through March 29, 2011, the date the financial statements were available to be issued.

NOTE 3 – Investments

The following table presents the Plan's investments. Investments that represent 5% or more of the fair value of the Plan's assets are separately identified.

	December 31,	
	2009	**2008**
State Street Bank and Trust		
Mutual funds		
Capital Growth Fund A	$ 567,676	$ 366,288
Structured Small Cap Value Fund A		179,764
ILA Prime Obligations Fund A	1,726,252	1,326,405
Growth and Income Strategy Portf A	452,414	294,034
Other	1,585,129	960,519
Participant loans	353,559	319,959
	$ 4,685,030	$ 3,446,969

The Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $530,765 during the year ended December 31, 2009.

NOTE 4 - Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 – Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Participant loans: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

	Assets at Fair Value as of December 31, 2009			
	Level 1	Level 2	Level 3	Total

Total assets at fair value	$ 3,127,010	None	$ 319,959	$ 3,446,969

Level 3 Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2009:

	Participant Loans
Balance, beginning of year	$ 319,959
Issuances and settlements (net)	33,600
Balance, end of year	$ 353,559

NOTE 5 – Related-Party Transactions

Certain plan investments are shares of mutual funds managed by State Street Bank and Trust Company. State Street Bank and Trust Company is the custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the administrative services amounted to $9,684 for the year ended December 31, 2009.

NOTE 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time or to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 – Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	December 31,	
	2009	2008
Net assets available for benefits per the financial statements	$ 4,734,721	$ 3,494,751
Less contributions receivable	(49,691)	(47,782)
Net assets available for benefits per Form 5500	$ 4,685,030	$ 3,446,969

The following is a reconciliation of the contributions for the year ended December 31, 2009 per the financial statements to Form 5500:

Contributions per the financial statements	$ 964,320
Less current year contributions receivable	(49,691)
Add prior year contributions receivable	47,782
Contributions per Form 5500	$ 962,411

NOTE 8 – Tax Status

The Internal Revenue Service issued an opinion letter on the volume submitter plan document adopted by the Company, dated March 31, 2008, which stated that the plan was acceptable under Section 401(a) of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the opinion letter, the plan administrator and the Plan's Tax Counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
